DEPARTMENT OF INFORMATION TECHNOLOGY

## DEPARTMENT VISION

The department will be an excellent centre to impart futuristic and innovative technological education to facilitate the evolution of problem-solving skills along with knowledge application in the field of Information Technology, understanding industrial and global requirements and societal needs for the benefit of humanity.

## DEPARTMENT MISSION

- Produce competent and high-quality professional computing graduates in software development considering global requirements and societal needs thereby maximizing employability.
- Enhance evolution of professional skills and development of leadership traits among the students by providing favourable infrastructure and environment to grow into successful entrepreneurs.
- Offer students training in multidisciplinary skills needed by Industries and research establishments.
- Impart Human Values and Ethical Responsibilities in professional activities
