INDUSTRIAL VISIT- REQUISTION FORM

DATE: 01/12/2019

TO

GUIVI GEEK NETWORK PRIVATE LTD,
RTBI-IITM RESEARCH PARK,
KANAGAM ROAD, TARAMANI,
CHENNAI - 600113.

Dear Sir/Madam,

Sub: Permission for Industrial Visit – reg

JEPPIAAR INSTITUTE OF TECHNOLOGY is one of the most reputed Engineering institution in Tamil Nadu and known for its excellent record in academics and co-curricular activities. The college offers bachelor degree course in **Mech, ECE, CSE, IT and EEE**. The state of the art facilities and competent faculty, provides an excellent environment for the all-round development of the students.

As a part of the curriculum, the students are required to undertake Industrial visits to a few industries of repute. We feel it will be fruitful that the students with academic background and glimpse of the industry knowledge will have a better appreciation towards practical applications of theory.

With the above background, we would like to send a batch of about **55 students (II Year CSE) and 2 staff members from Computer Science and Engineering department** to visit your esteem industry preferably during **13-12-2019(Friday).** In case if the date is not suitable, kindly suggest the date/time convenient to you.

You may kindly accord the necessary permission for the above visit and arrange for guiding the students. We assure you that our students will observe the rules and regulations that are prescribed by your company for the visitors and will in no way disturb the functioning of the company during their visit.

We shall be grateful for a favorable response.

Thanking You

Industrial Visit Certificate

Sub: Industrial Visit to Indian Institute of Technology Research Center Phase 2 – GUVI Geek Network Private Ltd, Chennai

55 students from II Year Computer Science and Engineering students along with 2 faculty members of Jeppiaar Institute of Technology have visited the GUVI Geek Network Private Ltd, Indian Institute of Technology Research Center on 13.12.2019 at 10.30 AM. The students were taken to the industrial area visit and given practical exposure by Dr.Saranya Ramamoorthy and their team.

The technical head conducted very informative presentation and motivated the students. The students were very eagerly interacted with our expert team and are very enthusiastic in learning the current trends and most demanding technologies.

We wish them all the very best for the future endeavors!

INDUSTRIAL VISIT REPORT

Industry Visited : GUVI Geek Network Private Ltd., Chennai.
Indian Institute of Technology Research Center – Phase 2

Date of Visit : 13.12.2019

Students : 55 Students
II Year – IV Sem (37 Boys + 18 Girls)

Faculty Accompanied : 02 Faculties

1. Ms. S. Sudha Mercy, AP, Dept of CSE
2. Mr. Shine. H, AP, Dept of CSE

Industrial Visit on 13-12-2019

PRINCIPAL
JEPPIAAR INSTITUTE OF TECHNOLOGY
KUNNAM, SUNGUVARCHATRAM,
SRIPERUMBUDUR - 631604.

Purpose of the Industrial Visit

- To provide an exposure to students about practical working environment and to gain awareness about industrial practices.
- To understand the importance of internships, online courses, and other additional skills to be learnt while doing the course
- To gain knowledge about recent skills, industry standards and research domains,
- To provide more focus on pedagogical tools which is least focused by skilling industry and simplify skilling for every learner through GUVI platform, mentors and community.
- To enrich knowledge of the students about getting a job after undertaking an industrial visit.

Strength behind the Visit

- GUVI (named as an acronym of Grab Your Vernacular Imprint) is an online platform to learn computer programming techniques. GUVI's mission is "to make technical education available to all in their native languages".
- Get exposure to robotic process automation, to automate the business process, to gain the knowledge in IOT, Artificial Intelligence, Machine learning.

Students Feedback

Mr. K.G. Haarish Kannan
III CSE

First of all, on behalf of the CSE dept students, we would thank our Director for giving this great opportunity to visit IIT madras research center, they were provided to be in higher technical institutions and research in some branches of Engineering on the lines of the Massachusetts Institute of Technology - better known as MIT. Science and Arts for the advancement of learning and dissemination of knowledge in specific branches.

Ms. A. Vijitha
III CSE

They ensure to recognize the work of research scientists as an important component of the strength of the nation. Then they encourage Programmes for the training of scientific and technical personnel to fulfil the country's needs in science and education, agriculture and industry, and defense to encourage dissemination and discovery of knowledge in an atmosphere of scientific freedom.

Mr. B. Sharu Bency
III CSE

The Technology Policy Statement affirms interalia, that technology must relate to our people's aspirations and to our local needs technology covers both manufacturing and servicing sectors. After the completion of visit through IIT research center, we inspired a lot about science, technology, development etc. We will try to improve our technical and non-technical skills which are most helpful in future.

Dear Sir,

Sub: Permission for Industrial Visit – Reg.

As you may be aware that, **JEPPIAAR INSTITUTE OF TECHNOLOGY** is one of the most reputed Engineering institution in Tamil Nadu and known for its excellent record in academics and co-curricular activities. The college offers bachelor degree course in **MECH, ECE, CSE, IT and EEE.** The state of the art facilities and competent faculty, provides an excellent environment for the all-round development of the students.

As a part of the curriculum, the students are required to undertake Industrial visits to a few industries of repute. We feel it will be fruitful that the students with academic background and glimpse of the industry knowledge will have a better appreciation towards practical applications of theory.

With the above background, we would like to send a batch of about **101 students of II Year CSE and IT** branch accompanied by **4** staff members to visit your esteem industry preferably during **20-07-2018(56 CSE students), 27-07-2018(45 IT students).** In case if the date is not suitable, kindly suggest the date/time convenient to you.

You may kindly accord the necessary permission for the above visit and arrange for guiding the students.

We assure you that our students will observe the rules and regulations that are prescribed by your company for the visitors and will in no way disturb the functioning of the company during their visit.

We shall be grateful for a favorable response.

INDUSTRIAL VISIT REPORT

Industry Visited	**: Neyveli Lignite Corporation**
Date of Visit	**: 16-07-2018**
Students	**: 56 Students**
	II Year – 03 Sem (43 Boys + 13 Girls)Faculty
Accompanied	**: 02 Faculties**
	Ms. Gladiss Merlin N.R, AP, Dept of CSE
	Mr. M. Muralikrishnan, AP, Dept of CSE

Industrial Visit on 16-07-2018

PRINCIPAL
JEPPIAAR INSTITUTE OF TECHNOLOGY
KUNNAM, SUNGUVARCHATRAM,
SRIPERUMBUDUR - 631604.

Purpose of the Industrial Visit

- Industry visits help enhance interpersonal skills and communication techniques.
- Students become more aware of industry practices and regulations during industry visits.
- Industry visits broaden the outlook of students with exposure to different workforces from different industries.
- Industry visits bridge the gap between theoretical training and practical learning in a real-life environment.

Strength behind the Visit

Neyveli Lignite Corporation India Ltd. (NLCIL) is India's largest lignite mining company and is also one of the country's leading power generation companies. The company is as under Lignite Mining, Thermal Power Generation, Solar Energy Generation, Wind Power Generation, Coal Mining. Students gained knowledge through practical session on various technologies and advanced machines. Students gained more information about inspection and quality policies formulated in the company.

Students Feedback

RONNI BERT. M **II CSE** 	I like to thank our beloved Director sir, our principal, and all faculties of CSE Department for providing this great opportunity to visit Neyveli Lignite corporation. Industrial visit is a part of professional courses, during which we visit companies and get insight of on the internal working environment of the company. Industry visits makes all of us gain practical challenges that organizations face in the business world.
POOVARASAN. R **II CSE** 	First, I would like to thank our director sir Dr. Marie Wilson, our principal Dr. L. M. Merlin Livingston, and all faculties of CSE Department for providing this opportunity to visit Neyveli Lignite corporation. We were guided by the Team member Mr. A. Muthusamy, Manager of NLC, from starting to end of the day. We gained more knowledge about the internal working environment and outlet of the production.
THENMOZHI. R **II CSE** 	My Sincere thanks to our director sir Dr. Marie Wilson, our principal Dr. L. M. Merlin Livingston, and all faculties of CSE Department for providing this opportunity to visit Neyveli Lignite corporation. This visit was very help full in our future practical life and brings a positive thought in our thinking and practical behavior. PRINCIPAL JEPPIAAR INSTITUTE OF TECHNOLOGY KUNNAM, SUNGUVARCHATRAM, SRIPERUMBUDUR - 631604.

TO

HP VALVES INDIA PVT LTD
SP-133, 3RD STREET,
2ND AVENUE,
SIDCO INDUSTRIAL ESTATE,
AMBATTUR,
CHENNAI – 600058,

Dear Sir/Madam,

Sub: Permission for Industrial Visit – reg

JEPPIAAR INSTITUTE OF TECHNOLOGY is one of the most reputed Engineering institution in Tamil Nadu and known for its excellent record in academics and co-curricular activities. The college offers bachelor degree course in **Mech, ECE, CSE, IT and EEE**. The state of the art facilities and competent faculty, provides an excellent environment for the all-round development of the students.

As a part of the curriculum, the students are required to undertake Industrial visits to a few industries of repute. We feel it will be fruitful that the students with academic background and glimpse of the industry knowledge will have a better appreciation towards practical applications of theory.

With the above background, we would like to send a batch of about **56 students of II Year CSE** accompanied by **2** staff members to visit your esteem industry preferably during **20-07-2018.** In case if the date is not suitable, kindly suggest the date/time convenient to you.

You may kindly accord the necessary permission for the above visit and arrange for guiding the students.

We assure you that our students will observe the rules and regulations that are prescribed by your company for the visitors and will in no way disturb the functioning of the company during their visit.

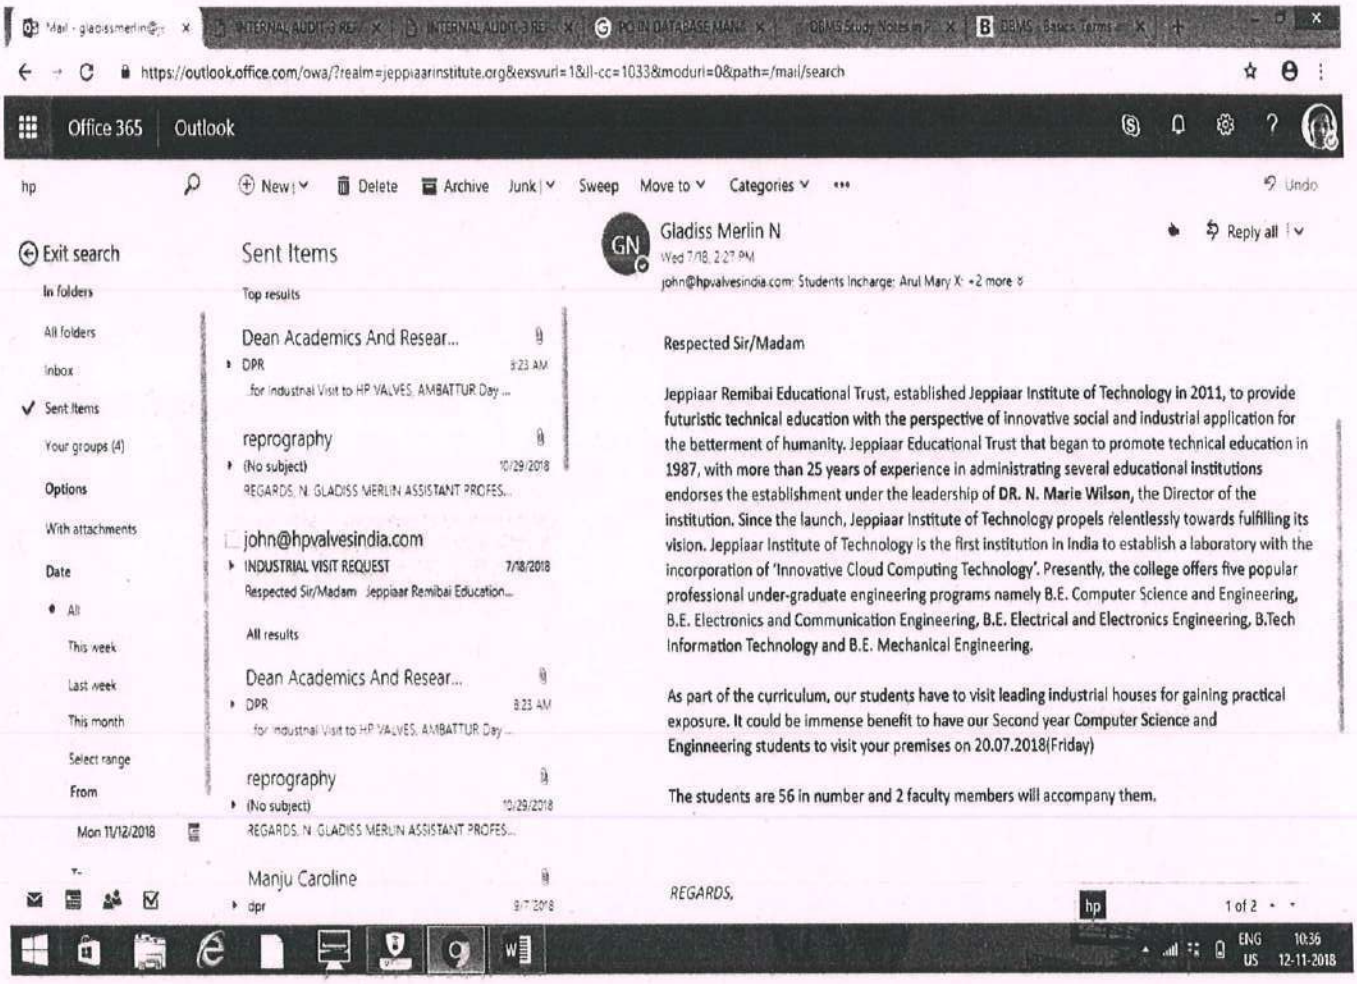

We shall be grateful for a favorable response.

Thanking You,

PRINCIPAL
JEPPIAAR INSTITUTE OF TECHNOLOGY
KUNNAM, SUNGUVARCHATRAM,
SRIPERUMBUDUR - 631604.

Respected Sir/Madam

Jeppiaar Remibai Educational Trust, established Jeppiaar Institute of Technology in 2011, to provide futuristic technical education with the perspective of innovative social and industrial application for the betterment of humanity. Jeppiaar Educational Trust that began to promote technical education in 1987, with more than 25 years of experience in administrating several educational institutions endorses the establishment under the leadership of **DR. N. Marie Wilson,** the Director of the institution. Since the launch, Jeppiaar Institute of Technology propels relentlessly towards fulfilling its vision. Jeppiaar Institute of Technology is the first institution in India to establish a laboratory with the incorporation of 'Innovative Cloud Computing Technology'. Presently, the college offers five popular professional under-graduate engineering programs namely B.E. Computer Science and Engineering, B.E. Electronics and Communication Engineering, B.E. Electrical and Electronics Engineering, B.Tech Information Technology and B.E. Mechanical Engineering.

As part of the curriculum, our students have to visit leading industrial houses for gaining practical exposure. It could be immense benefit to have our Second year Computer Science and Enginneering students to visit your premises on 20.07.2018(Friday)

The students are 56 in number and 2 faculty members will accompany them.

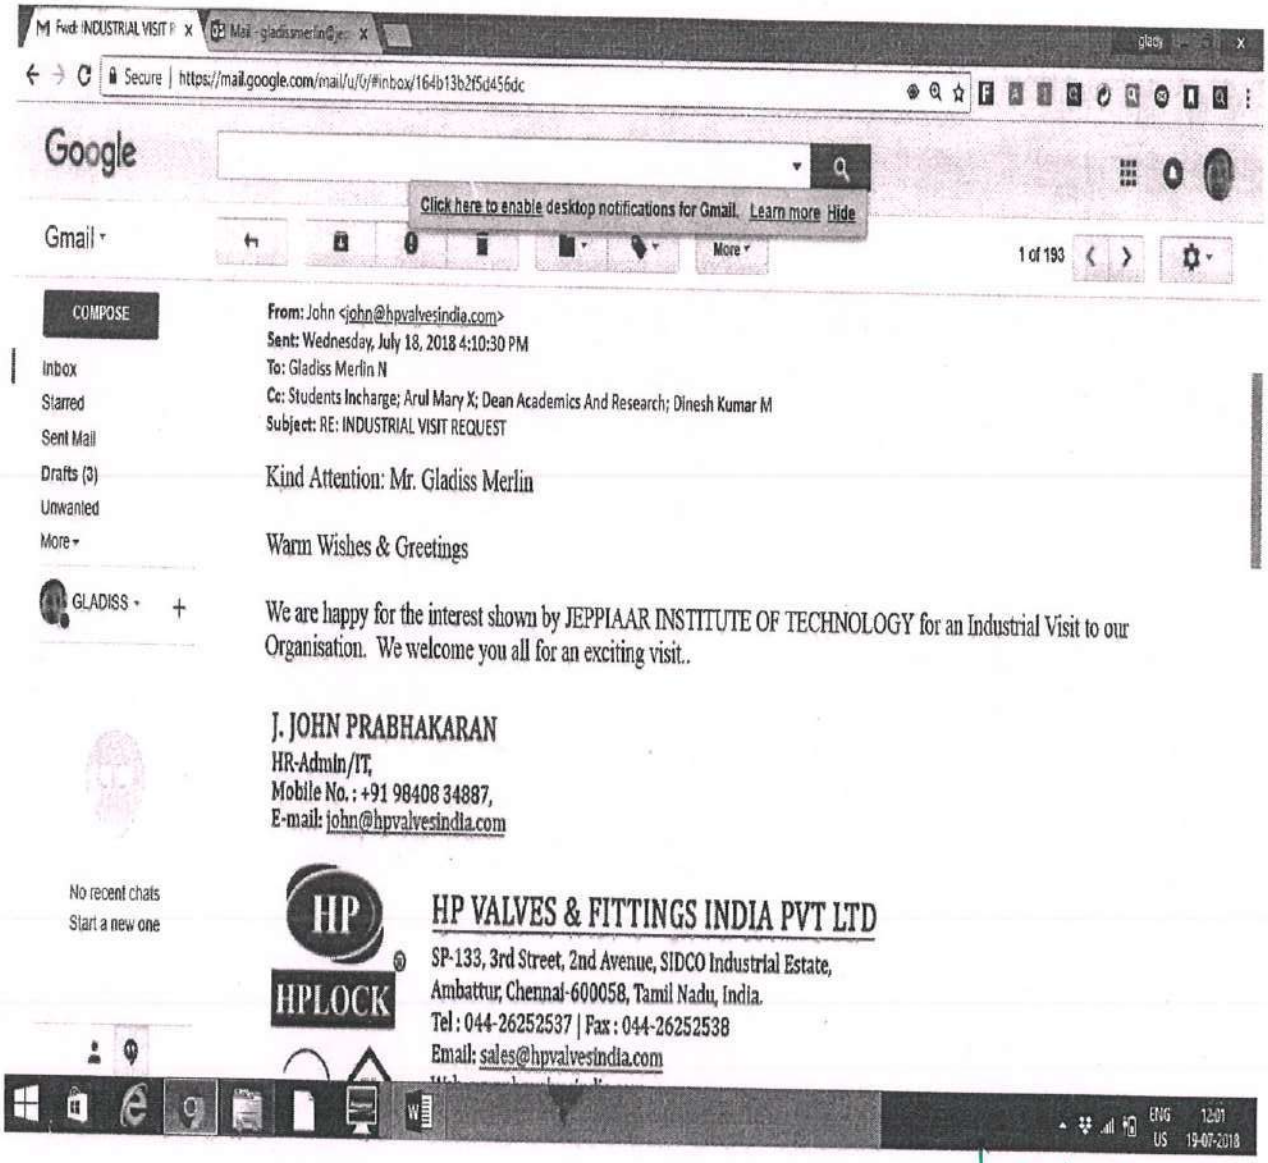

REGARDS,

hp 1 of 2

Industrial Visit on 20-07-2018

PRINCIPAL
JEPPIAAR INSTITUTE OF TECHNOLOGY
KUNNAM, SUNGUVARCHATRAM,
SRIPERUMBUDUR - 631604.

Purpose of the Industrial Visit

- To provide an exposure to students about practical working environment and to gain awareness about industrial practices.
- To gain knowledge about recent skills, industry standards and research domains.
- To interact the students with actual industry personals.
- To make them aware of the industrial procedures required to enter in any company
- To prepare the students for the selection of carrier path in different departments of industry

Strength behind the Visit

Honorable Provost from HP Valves India has approved the industrial visit and encouraged the faculty and management for organizing such activities for the benefit of students. The subject expertise has interacted with the students and encouraged students the importance of the visit to industries to experience the actual working environment and the processes. The production Head has also suggested the industrial visit for students will be helpful to face the interviews. All the faculty members of Computer Science and Engineering department supported this tour for the betterment of students.

Students Feedback

ASHIKA K **II CSE** 	We thank our director and faculties for this opportunity to visit HP Valves. we welcomed by Mr. John the Quality check supervisor. he gave a detailed explanation about the company process. It was quite interesting to learn how precise these simple parts are made, how the parts are manufactured, produced, inspected and shipped. And it was very useful to know about the details of the Hp valves. This industrial visit helped us to acquire knowledge about how this industrial work is going.
HEMANTH. P **II CSE** 	We thank our director and faculties for this opportunity to visit HP Valves. Good place to learn in a practical way. We learnt about real time projects. Thank you so much for giving us the opportunity to explore more, be more fearless, and adapt to change better in visiting the Company. This visit motivates us to continue and pursue my passion.
NITHESH. S **II CSE** 	We thank our director and faculties for this opportunity to visit HP Valves. We gained practical knowledge about the molding machines and the production of valves.

Subject: Request email on Industrial Visit -reg.

Dear Ms.Muthu,

Firstly would like to extend my heartfelt thanks in extending your support for our students visit to Dell Factory, Sriperumbudur.

As per our telephonic conversation, I write this e-mail to request you for an Industrial visit at your DELL factory according to your feasible date on July 27,2018(Friday).

Requesting you to kindly send us an confirmation email from your end.

Looking forward for many more mutual beneficial relationship.

Industrial Visit on 27-07-2018

PRINCIPAL
JEPPIAAR INSTITUTE OF TECHNOLOGY
KUNNAM, SUNGUVARCHATRAM,
SRIPERUMBUDUR - 631604.

Purpose of the Industrial Visit

- To provide an exposure to students about internship, working environment and to gain awareness about industrial training.
- To interact the students with actual industry personnel.
- To make them aware of the industrial procedures required to enter in multinational company
- To prepare the students for the selection of carrier path in different departments of industry.
- The knowledge and experience gained can facilitate innovative projects by students and teachers.
- A systematic approach of product design makes the students to bring aspects of engineering and technical features, commercial importance, safety features, etc into the real time and need of the hour product.

Strength behind the Visit

Ms. Muthu Kamatchi, Specialist business operation of production department interacted with students and explained about the production and storage place of equipment's. Dell Technologies helps organizations and individuals build a brighter digital tomorrow. The production Head suggested about the internship for students, networking opportunities and industry needs. They provide career development planning, soft skill, training developmental workshops. All the faculty members of Computer Science and Engineering department supported this tour for the betterment of students.

STUDENTS FEEDBACK

JERALDVINFRANK.J 	We like to thank our Director sir, Dr. Marie Wilson, our principal Dr. L.M Merlin Livingston and all faculty members of CSE department for this opportunity to visit DELL-Global supply chain operations. we were welcomed by company head engineer Ms. Muthu Kamatchi, explained about the production process. We interacted with Production team and gathered information about internship, industry needs which will be helpful for future career.
BALAKRISHNAN M 	We would like to thank our Director sir, Dr. Marie Wilson, our principal Dr. L.M Merlin Livingston and all faculty members of CSE department for giving this great opportunity to visit DELL-Global supply chain operations. We got more explanation about the chain process done by the production team of DELL. The day was very Useful as we got more about the internship, industry needs which will be helpful for future career.
YUVARANI K 	The technical head has guided us with the recent technologies Mobile Commerce, Mobile Application development and Web technology. She also guided us to select the areas like Web Development, Mobile Application Development and Software testing etc.., and its important in the current software market. Finally, it was an informative, interesting and a successful visit. As students of Computer Science and Engineering, we got information by live Software applications and importance of technology selection, etc. We express our thanks to the Technical Head and all team members of DELL-Global supply chain operations who spent their valuable time for us. We are also thankful to our respected Director, Principal and HOD who motivate us to arrange such an informative visit.

Dear Sir,

Sub: Permission for Industrial Visit – reg

As you may be aware that, **JEPPIAAR INSTITUTE OF TECHNOLOGY** is one of the most reputed Engineering institution in Tamil Nadu and known for its excellent record in academics and co-curricular activities. The college offers bachelor degree course in **Mech, ECE, CSE, IT and EEE.** The state of the art facilities and competent faculty, provides an excellent environment for the all-round development of the students.

As a part of the curriculum, the students are required to undertake Industrial visits to a few industries of repute. We feel it will be fruitful that the students with academic background and glimpse of the industry knowledge will have a better appreciation towards practical applications of theory.

With the above background, we would like to send a batch of about **106 students of II Year CSE and IT** branch accompanied by **4** staff members to visit your esteem industry preferably during **02-03-2018(53 students), 09-03-2018(53 students).** In case if the date is not suitable, kindly suggest the date/time convenient to you.

You may kindly accord the necessary permission for the above visit and arrange for guiding the students.

We assure you that our students will observe the rules and regulations that are prescribed by your company for the visitors and will in no way disturb the functioning of the company during their visit.

We shall be grateful for a favorable response.

Thanking You,

Industrial Visit on 02-03-2018

PRINCIPAL
JEPPIAAR INSTITUTE OF TECHNOLOGY
KUNNAM, SUNGUVARCHATRAM,
SRIPERUMBUDUR - 631604.

Purpose of the Industrial Visit

- Educational trip helps students enhance interpersonal and communication skills.
- Interacting with the experts and knowing how they become successful in the industry is valuable.
- Students become more aware of the industry's rules and regulations.
- Visiting industry broadens their outlook and they learn how a single work can be done with different effective approaches. They will learn about the current trends and the future scenario of the industry.

Strength behind the Visit

NLC India Limited (formerly Neyveli Lignite Corporation Limited) (NLC) is a company in the fossil fuel mining sector in India and thermal power generation. All the faculty members of Computer Science and Engineering department supported this visit for the betterment of students.

STUDENTS FEEDBACK

INDUSTRIAL VISIT- REQUISTION FORM

DATE: 20/08/2017

TO

THE MANAGER,

KKM SOFT PVT LTD,

GUINDY, CHENNAI.

Dear Sir,

Sub: Seeking Permission to Visit your esteemed Industry

Greetings from Jeppiaar Institute of Technology

Jeppiaar Remibai Educational Trust, established Jeppiaar Institute of Technology in 2011 which is approved by AICTE and affiliated to the Anna University, Chennai. At present, the college offers five courses in Mechanical Engineering, Electronics and Communication Engineering, Electrical and Electronics Engineering, Computer Science and Engineering and Information Technology.

As a part of our pedagogy, we arrange industrial visits for our students to enrich their knowledge. So in this regard, we kindly request you to grant permission for 29 **students (III Year) and 1 staff member from Computer Science and Engineering department** to visit your esteemed organization on **11-09-2017.**

Please reply to us at your earliest convenience.

Thanking You

Industrial Visit on 11-09-2017

PRINCIPAL
JEPPIAAR INSTITUTE OF TECHNOLOGY
KUNNAM, SUNGUVARCHATRAM,
SRIPERUMBUDUR - 631604.

Purpose of the Industrial Visit

- Industrial visit is to provide students insight regarding internal working of companies.
- Theoretical knowledge is not enough for making a good professional career, with an aim to go beyond academics, industrial visits provide students a practical perspective on the world of work.
- Industrial visits provide an excellent opportunity for the students to interact with industries and know more about industrial environment.

Strength behind the Visit

KKM Soft Pvt Ltd in Ekkaduthangal, Chennai has been offering professional training to students. It specialises and is well-known for training students as well as working professionals in accounting, web designing, programming languages, hardware and networking. It is run and managed by a seasoned professionals who leads a team of educators and trainers having relevant domain expertise. At this institution, one can get trained in the subject of their choice by opting from a wide range of courses. These easy-to-follow courses are primarily aimed at students, working professionals as well as IT professionals who want to enhance their knowledge and further their career prospects. Students got exposure in the recent trends and industrial needs and the importance of web designing tools, programming languages, hardware and networking.

***Industrial Visit on* 14.09.2017**

Purpose of the Industrial Visit

Industrial visits provide an excellent starting point to achieve practical knowledge.

Students will observe and learn on however theoretical ideas are placed to into action, thereby aiding their practical learning.

Students are exposed to real working atmosphere and shown however things are done in an organization.

Industrial visits generate excitement among students as they get an opportunity to learn something outside the boundary of their college walls. Thus, it adds to a source of amusement additionally.

Strength behind the Visit

A thermal power station works on the principle that heat is released by burning fuel which produces (working fluid) from water. The steam so produced runs the turbine coupled to generator which produces electrical energy. All the faculty members of Computer Science and Engineering department supported this tour for the betterment of students.

INDUSTRIAL VISIT- REQUISTION FORM

DATE: 25/12/2016

TO

THE MANAGER,

INFOSYS LTD, MAHINDRA CITY,

MARAIMALAI NAGAR.

Dear Sir,

Sub: Seeking Permission to Visit your esteemed Industry

Greetings from Jeppiaar Institute of Technology

Jeppiaar Remibai Educational Trust, established Jeppiaar Institute of Technology in 2011 which is approved by AICTE and affiliated to the Anna University, Chennai. At present, the college offers five courses in Mechanical Engineering, Electronics and Communication Engineering, Electrical and Electronics Engineering, Computer Science and Engineering and Information Technology.

As a part of our pedagogy, we arrange industrial visits for our students to enrich their knowledge. So in this regard, we kindly request you to grant permission for **52 students (IV Year) and 2 staff members from Computer Science and Engineering department** to visit your esteemed organization on **07-02-2017.**

Please reply to us at your earliest convenience.

Thanking You

Head of the Department

Subject: Industrial Visit on 7th Jan : Reg.

<<BCC Intentional : All Confirmed College SPoCs>>

Dear Professor,

As already informed we are organizing industrial visit on 7th Jan 2017. This program is organized by HR team of Infosys. And we have accepted your nominations. Request you to send the student details (not more than 50 students) **on or before tomorrow EoD** in following format.

S.No.	Reg. No.	Student Name	Gender	Dept	Year / Sem	Email-id	Mobile

Also share the faculty list in following format (1 faculty per 15 students):

S.No.	Faculty Name	Dept	Designation	Gender	Email-id	Mobile

These information mandatory for us to get security clearance in our campus.

PFB program information:

Program Date : 7th Jan 2017, Saturday
Program Duration : ½ Day
Reporting Time : 8.45 AM
Start Time : 9.00 AM
Closing Time : 12.30 PM

Program Agenda :
Address by Infosys Thought Leadership – 45 Mins.
Interaction with Infosys Thought Leadership – 60 Mins.
Campus Tour – 30 Mins.

Pl. Note : Infosys won't provide accommodation, breakfast and lunch. However, you can bring your breakfast and lunch. Or you may buy in our Food Courts. In case please let us know your plan so as to inform our facilities team accordingly.

In case of any query please reach us or please contact:
Sudheev Divakaran : 8220041653 : Sudheev_Divakaran@infosys.com

Thanks & Regards,
Roy Arnold

Industrial Visit on 07-01-2017

PRINCIPAL
JEPPIAAR INSTITUTE OF TECHNOLOGY
KUNNAM, SUNGUVARCHATRAM,
SRIPERUMBUDUR - 631604.

Purpose of the Industrial Visit

- To provide an exposure to students about working environment and to gain awareness about industrial practices.
- To interact the students with actual industry personals.
- To make them aware of the industrial procedures required to enter in any company
- To prepare the students for the selection of carrier path in different departments of industry to enrich knowledge of the students about getting a job after undertaking an industrial visit.

Strength behind the Visit

Infosys Ltd is a global technology services firm that defines designs and delivers information technology (IT)-enabled business solutions to their clients. The company provides end-to-end business solutions that leverage technology for their clients including technical consulting design development product engineering maintenance systems integration package-enabled consulting and implementation and infrastructure management services. The Company has presence in 220 locations across 46 countries as on 31 March 2020.The company also provides software products to the banking industry. They have developed Finacle a universal banking solution to large and medium size banks across India and overseas. Infosys BPO is a majority owned subsidiary. Through Infosys BPO the company provides business process management services such as offsite customer relationship management finance and accounting and administration and sales order processing

Students Feedback

R. KAVITHA. R **IV CSE** 	We thank our Director and faculties for providing this opportunity to visit Infosys Ltd. The day was very exciting. We gathered more knowledge about new technologies. How to attend the interview. The technical team head explained about their live projects.
BERIN. J **IV CSE** 	I like to thank our Director sir, principal mam, all CSE faculty for giving this opportunity to visit Infosys Ltd. Mr. Akshay given an introduction about the company and their employees overcome the difficulties while developing a project. He also shared his thoughts on how to start a company and how to overcome difficulties as a successful entrepreneur.
TRIVIN GANESH. S **IV CSE** 	We thank our Director and faculties for providing this opportunity to visit Infosys Ltd. Visit was very informative and gives good learning experience. It was the unique example of 'EDUTAINMENT' i.e., Education & Entertainment. Gained knowledge about how to improve the skill and as entrepreneur.

SHAR/PO&SM/visits/2017

Sir,

Sub: Permission for Visiting SDSC SHAR Facilities – Regarding.

This has reference to your email/letter dated 02.01.2017 on the above subject. In this regard, kindly note that you may visit the Centre as per the date and time given below:

* Date of Visit	: 07.02.2017 (Tuesday)
* Reporting time	: 09:00 hrs
* No. of persons permitted	: 125(including staff and Bus Crew)

Please note the following:

1. All the visitors permitted need to show Identity Proof.
2. Kindly confirm your programme by FAX (08623-225056). Also send one copy of the list of all the visiting members (including the bus crew), giving their names, father's name, age, contact address etc., either by e-mail or by FAX. <u>You are also requested to give the name and contact Cell number of the visit coordinator from your side, for communicating any message, if required.</u>
3. Due to security reasons, bags/baggage's/cell phones/cameras/any other electronic gadgets are not permitted. Hence, please do not bring them.
4. If you are planning to bring your food, we cannot permit the vessels inside the Range. While you go to see the Technical Facilities, kindly see that the food containers are unloaded at Library Complex and keep a person to take care of them.
5. We have very limited private catering services, and hence, you may book your lunch in advance with **Hostel Canteen (Phone No. G.Srikanth 09515964726 / K Ravikumar 09985170256)**. If they regret to book due to excess demand, you may depend on the hotels at Sullurupeta (nearest town), through which you reach this place.
6. If no confirmation is received (along with the visitor's list) from your side on or before 6.02.2017 we presume that you have dropped your programme.
7. Please go through the General Guidelines printed over-leaf.

Should you need any further information/help, please do not hesitate to write/contact us. Wishing you a happy visit.

Yours faithfully,

INDUSTRIAL VISIT REPORT

Industry Visited	: Sathish Dhawan Space Center SHAR Sriharikota.
Date of Visit	: 07.02.2017
Students	: 29 Students II Year – 04Sem (16 Boys + 13 Girls)
Faculty Accompanied	: 02 Faculties

1. Mr. S. Muthuvel, AP, Dept of CSE.
2. Mrs. N.R Gladiss Merlin, AP, Dept of CSE

Industrial Visit on 07-02-2017

PRINCIPAL
JEPPIAAR INSTITUTE OF TECHNOLOGY
KUNNAM, SUNGUVARCHATRAM,
SRIPERUMBUDUR - 631604.

Purpose of the Industrial Visit

- To provide one of the tactical methods of teaching.
- To provide an excellent opportunity to interact with industries and know more about industrial environment.
- To provide relationship with companies that helps to gain a good job in future after having an industrial visit.
- To gain a combined knowledge about both theory and practical.

Strength behind the Visit

Industrial experts from Sathish Dhawan Space Center have approved the industrial visit and encouraged the committee for organizing activities for the benefit of students. Satish Dhawan Space Centre SHAR (SDSC SHAR), Sriharikota, the Spaceport of India, is one of the lead centres of Indian Space Research Organisation (ISRO), Department of Space (DOS), Government of India. The Centre provides world class launch base infrastructure for national and international customers in accomplishing diverse launch vehicle/satellite missions for remote sensing, communication, navigation & scientific purposes and is one among the best known names of the Spaceports of the world today. The space centre, which was popularly known as SHAR (Sriharikota Range) was renamed as Satish Dhawan Space Centre SHAR on September 5, 2002, in fond memory of Prof. Satish Dhawan, former Chairman of ISRO.

Students Feedback

ELAMATHI KAMALI T 	I visited Sathish Dhawan space center which was a memorable day of my learning life. The day was spent with the new technologies like satellite communication, remote sensing satellite and other technologies used currently by NASA. My favorite part was learning about disaster management tools and applications where they displayed a ppt about the whole concept which created a impact on me. I Thank our director and my faculties for giving me this opportunity
ARUN VICTOR. V 	First, I like to thank our director and my faculties for this opportunity. I visited Sathish Dhawan space center for an industrial visit and learned a lot of stuffs related to satellite and other space machine. my favorite part of learning was remote sensing satellite which was quite interesting then other satellite. They showed a live model of remote sensing satellite which impressed me and made me found about learning.

Industrial Visit on 12-07-2016

PRINCIPAL
JEPPIAAR INSTITUTE OF TECHNOLOGY
KUNNAM, SUNGUVARCHATRAM,
SRIPERUMBUDUR - 631604.

Purpose of the Industrial Visit

- It gives students to exposure current work practices as opposed to possibly theoretical knowledge being taught at college
- To provide an exposure to students about working environment and to gain awareness about industrial practices.
- To interact the students with actual industry personals.
- To make them aware of the industrial procedures required to enter in any company
- To prepare the students for the selection of carrier path in different departments of industry Students get awareness about new technologies.

Strength behind the Visit

Ashok Leyland is an Indian multinational automotive manufacturer company, headquartered in Chennai, Tamil Nadu, India. Ashok Leyland is the second-largest manufacturer of commercial vehicles in India, the third-largest manufacturer of buses in the world, and the tenth-largest manufacturers of trucks. With the corporate office located in Chennai, its manufacturing facilities are spread across the country. Through this Industrial Visit, Students are aware about the projects that could be carried out in various departments of the company. Students got exposure in the placement opportunities of the company and the procedure to get placed in the company.

Students Review

Mr. PARTHIBAN. A
IV CSE

We thank our director and faculties for this opportunity to visit Ashok Leyland. We are welcomed by the Manager Mr. Sundarajan. D, UNIT -2 session and explained about the current position of the company and their product in the market. We had a useful industrial visit.

To

The Public Relation Officer,
Neyveli.

Dear Sir,

Sub: Permission for Industrial Visit – reg.

As you may be aware that, **JEPPIAAR INSTITUTE OF TECHNOLOGY** is one of the most reputed Engineering institution in Tamil Nadu and known for its excellent record in academics and co-curricular activities. The college offers bachelor degree course in **Mech, ECE, CSE, IT and EEE**. The state of the art facilities and competent faculty, provides an excellent environment for the all-round development of the students.

As a part of the curriculum, the students are required to undertake Industrial visits to a few industries of repute. We feel it will be fruitful that the students with academic background and glimpse of the industry knowledge will have a better appreciation towards practical applications of theory.

With the above background, we would like to send a batch of about 85 II Year students of **COMPUTER SCIENCE AND ENGINEERING & INFORMATION TECHNOLOGY** branch accompanied by 4 staff members to visit your esteem industry preferably during **Feb 2015 (27.02.2015).** In case if the date is not suitable, kindly suggest the date/time convenient to you.

You may kindly accord the necessary permission for the above visit and arrange for guiding the students.

We assure you that our students will observe the rules and regulations that are prescribed by your company for the visitors and will in no way disturb the functioning of the company during their visit.

We shall be grateful for a favorable response.

Thanking You,

INDUSTRIAL VISIT REPORT

Industry Visited	: Neyveli Lignite Corporation
Date of Visit	: 24.08.2015
Students	: 52 Students III Year – 05 Sem (26 Boys + 26 Girls)
Faculty Accompanied	: 02 Faculty 1. Mr. S. Muthuvel, AP, Dept of CSE 2. Ms. Anjeline, AP, Dept of CSE

Industrial Visit on 24-08-2015

PRINCIPAL
JEPPIAAR INSTITUTE OF TECHNOLOGY
KUNNAM, SUNGUVARCHATRAM,
SRIPERUMBUDUR - 631604.

Purpose of the Industrial Visit

- Educational trip helps students enhance interpersonal and communication skills.
- Interacting with the experts and knowing how they become successful in the industry is valuable.
- Students become more aware of the industry's rules and regulations.
- Visiting industry broadens their outlook and they learn how a single work can be done with different effective approaches. They will learn about the current trends and the future scenario of the industry.
- All the faculty members of Computer Science and Engineering department supported this visit for the betterment of students.

Strength behind the Visit

- NLC India Limited (formerly Neyveli Lignite Corporation Limited) (NLC) is a company in the fossil fuel mining sector in India and thermal power generation.
- The main activity of NLC India is Mining - Coal & Lignite and Power Generation - Thermal and Renewable Energy.
- NLC India at present has four open cast lignite mines namely Mine I, Mine II, Mine IA and Barsingsar Mine. The lignite mined out is used as fuel to the linked Pit head power stations. Also raw lignite is being sold to small scale industries to use it as fuel in their production activities. In this Industrial Visit Mine – 1 is visited and NLC resource person explained the process and workflow of how diversifying into coal based power generation and generation from renewable energy sources like Solar and Wind.

Students Feedback

JEYSRI.E III CSE 	We thank our Director and department faculties for this opportunity to visit Neyveli Lignite Corporation. We have visited the Mine – I Thermal plant and resource person explained about the process of power generation from renewable energy sources like solar and wind.
BHARATH. R III CSE 	Overall, the internship was a great experience. It gave me a chance to Resource person of thermal plant and get an understanding of how it works. We also got some hands-on experience. I gained knowledge I could never have learned in the classroom. I like to thank our Director and department faculties for this opportunity to visit Neyveli Lignite Corporation
SAKTHIVEL C.R III CSE 	I enjoyed the opportunity. I was surprised at how easily I was able to find something in my field of study and it developed my knowledge on the subject. I thank our Director Sir, Principal, department faculties for this opportunity to visit Neyveli Lignite Corporation

INDUSTRIAL VISIT REPORT

Industry Visited	: CDAC (Center for development of Advanced Computing) Bangalore
Date of Visit	: 10.07.2015
Students	: 52 Students III Year – 05Sem (26 Boys + 26 Girls)
Faculty Accompanied	: 02 Faculties 1. Mr. Muthukumaran. S, AP, Dept of CSE 2. Ms. Angelin AP, Dept of CSE

Industrial Visit on 10-07-2015

PRINCIPAL
JEPPIAAR INSTITUTE OF TECHNOLOGY
KUNNAM, SUNGUVARCHATRAM,
SRIPERUMBUDUR - 631604.

Purpose of the Industrial Visit

- Industrial visit is to provide students insight regarding internal working of companies.
- Theoretical knowledge is not enough for making a good professional career, with an aim to go beyond academics; industrial visits provide students a practical perspective on the world of work.
- Industrial visits provide an excellent opportunity for the students to interact with industries and know more about industrial environment.

Strength behind the Visit

C-DAC's Education and Training programmes are aimed at creating skilled manpower in the country by providing quality training programmes in the field of Electronics and ICT. This activity started almost two decades ago with a humble beginning of training about 20 students per year, but has today grown to an extent of training more than 5000 students per year. It also grew from just one training centre to about 50 training centres across India and has even made its presence in several countries abroad. In addition to conducting wide range of training programmes in the areas of Information, Communication and Electronics technologies, C-DAC also develops ICT tools and technologies for modern methods of imparting education and training to masses. The Education and Training activities of C-DAC are governed and steered by Academic Council (AC) and Academic Management Committee (AMC).

Awareness on C-DAC various training Programmes through its own training centers in Bengaluru, Chennai, Hyderabad, Kolkata, Mohali, Mumbai, Noida, Pune and Thiruvananthapuram, and its network of Authorized Training Centres (ATC).

Industrial visits offer a great source to gain practical knowledge. Students can observe and learn as to how theoretical concepts are put to into action, thereby aiding their practical learning. Students are exposed to real working environment and shown how things are done in an organization. From the details about the management to the targets they achieve, everything is covered in these visits. All the faculty members of Computer Science and Engineering department supported this tour for the betterment of students.

Students Feedback

NAVEEN KUMAR V **III CSE** 	Good place to learn in a practical way. We learnt about real time projects. Thank you so much for giving us the opportunity to explore more, be more fearless, and adapt to change better in visiting the CDAC Company. This visit motivates us to continue and pursue my passion.
KAVYASHREE.V **III CSE** 	CDAC provides a very good training, which will help us to get into industry. They have good faculty with real experience on projects. They also guided us about CDAC projects and training.
SAKTHIVEL C.R **III CSE** 	I like to thank our Director sir, principal mam, all CSE faculty for giving this opportunity to visit CDAC. We gained knowledge about how to improve the practical knowledge by doing the mini projects. How to Solve random aptitude-based tasks constantly & consistently.

Sir,

Sub: Permission to visit your esteemed Institution- Reg

Greetings from Jeppiaar Institute of Technology

Jeppiaar Remibai Educational Trust, established Jeppiaar Institute of Technology in 2011 which is approved by AICTE and affiliated to the Anna University, Chennai. At present, the college offers five courses in Mechanical Engineering, Electronics and communication Engineering, Electrical and Electronics Engineering, Computer Science and Engineering and Information Technology.

As a part of our pedagogy, we arrange industrial visits for our students to enrich their knowledge. So in this regard, we kindly request you to grant permission for **IInd Year 6 students and 1 staff members from Electrical and Electronics Engineering Department** to visit your esteemed organization between 10.03.2020 to 13.03.2020. in case, if the date of visit is not suitable, then indicate a date of convenience to **principal@jeppiaarinstitute.org**

Please reply to us at your earliest convenience.

Thanking you

INDUSTRIAL VISIT REPORT

Industry Visited	: Indian Institute of Information Technology Design & Manufacturing
Date of Visit	: 13.03.2020
Students	: 06 Students II Year – IV Sem (05 Boys + 1 Girl)
Faculty Accompanied	: 01 Faculty 1. Mr.A.Antony Charles, Assistant Professor, Dept of EEE

PRINCIPAL
JEPPIAAR INSTITUTE OF TECHNOLOGY
KUNNAM, SUNGUVARCHATRAM,
SRIPERUMBUDUR - 631604.

Objectives of the Industrial Visit

- Continually identifying needs, generating potent ideas, conceptualizing, and prototyping, and converting them to viable products.
- To design products that are easy to manufacture, efficient and become part of users themselves.
- The plethora of interdisciplinary courses promote flow of thought across different streams, assisting students in acquiring holistic knowledge.

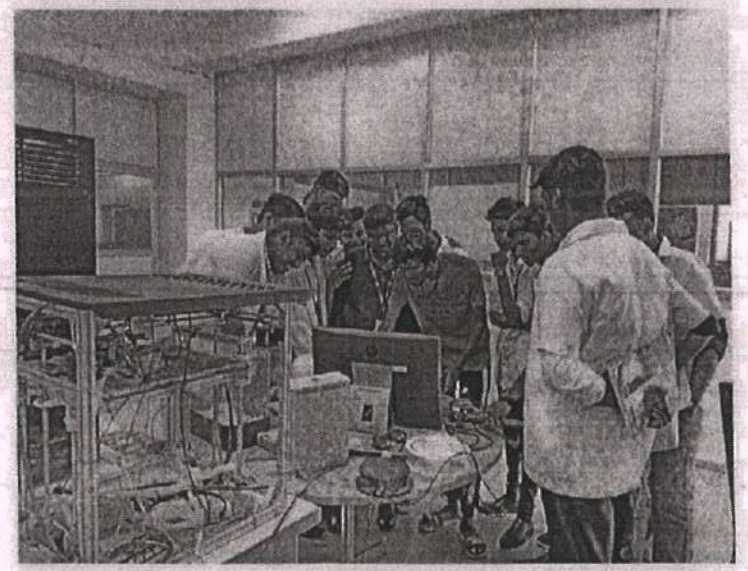

Strength behind the Visit

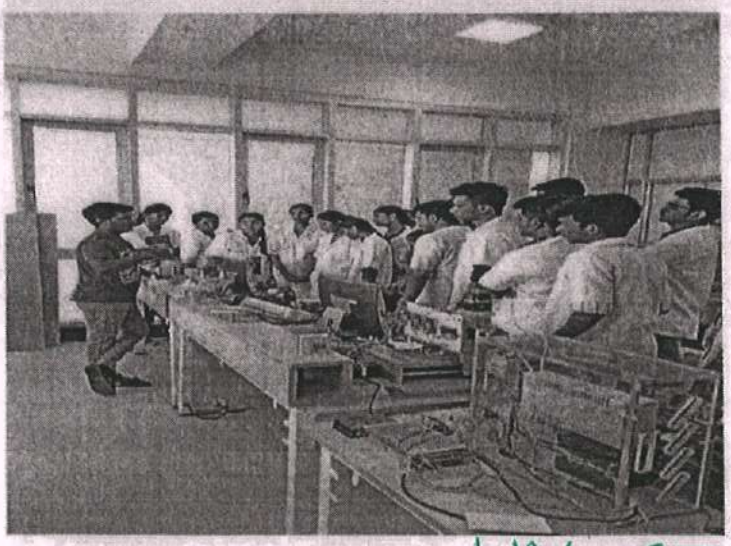

- To design and develop e-learning materials and common **Do-It-Yourself (DIY)** and **Build-Your-Own (BYO)** low-cost laboratory instruction modules for adoption and use in engineering universities, colleges, and polytechnics.
- The modules are mainly built using inexpensive **commercial off-the-shelf (COTS)** materials and components, open-source hardware, and free open-source software, making them extremely affordable.
- The knowledge and experience gained can facilitate innovative projects by students and teachers.
- Helped the students to understand the importance of interdisciplinary nature of present and futuristic product design.
- A systematic approach of product design makes the students to bring aspects of engineering and technical features, commercial importance, safety features, eco-friendliness, ergonomics, aesthetics etc into the real time and need of the hour product.
- Thrust Areas in Avionics, Bionics, Civionics, Mechatronics, Wearable Technology
- IIITDM assist the government school children's by Adopting scheme and assisting for women empowerment.

Students Review

Ms.Iyshwaria JK
II EEE

The visit to IIITDM changed into very beneficial. They taught us approximately 3-D printing, MATLAB software. It become very interesting to look how they make photographs 3-D printing. In MATLAB software program we learn about picture processing and stimulation. however, it was a very good IV experience.

Mr.Rajesh R
II EEE

They showed us 3d printing, MATLAB programming. It was fascinating to perceive how they make pictures by means of 3D printing. In MATLAB programming we found out about picture preparing and recreation.

Mr.Bharathi raja

INDUSTRIAL VISIT -REQUSITION FORM

Date:07.05.2019

To

The director General of Police,
Tamilnadu Generation & distribution Corporation Ltd,
Vigilance cell,
144, Anna Salai,
Chennai-2.

Sir,

Sub: Permission for industrial Visit- reg

As our students of JEPPIAAR INSTITUTE OF TECHNOLOGY, Sriperumbudur, Chennai are interested to visit Siruseri Substation as an industrial visit to improve their practical knowledge in their Engineering field. We need permission for 47 students and 2 staff members of EEE Department to visit the Siru seri substation as per your convenient schedule.

We will be happy if you allot a date from the following mentioned date 12.07.2019 and 15.07.2019 for the visit. We are expecting your favourable reply at the earliest.

Thanking you

Industrial Visit Report

Industry Visited	: SIRUCHERI SUBSTATION, KANCHEEPURAM DIST.,
Date of Visit	: 15.07.2019
Students	: 47 Students
	III Year /05th Sem (34 &13)
Faculty Accompanied	: 02 Faculties

1. Mr.A.Antony Charles, Assistant Professor, Dept of EEE
2. Ms.D.Thaniga, Assistant Professor, Dept of EEE

PRINCIPAL
JEPPIAAR INSTITUTE OF TECHNOLOGY
KUNNAM, SUNGUVARCHATRAM,
SRIPERUMBUDUR - 631604.

Purpose of the Industrial Visit

(List a minimum of 5 to 10 technical points that students have learned experimentally)

1. To study the working of the 230/110kV substation
2. All the practical concepts of the Power system generation, transmission and distribution of power.
3. Student to know things practically through interaction, working methods and employment practices.
4. Provides an exposure to students about practical working environment.
5. Electric power may flow through several substations between generating plant and consumer, and may be changed in voltage in several steps.
6. A substation that has a step-up transformer increases the voltage while decreasing the current, while a step-down transformer decreases the voltage while increasing the current for domestic and commercial distribution.

Strength behind the Visit

1. Main purpose for this visit is to be familiar with industrial environment and to get practical knowledge of electrical power transmission and distribution.
2. Students will also get familiar with Transformer maintenance, circuit breaker, Transformer isolator, bus bar, Protective relays, Lightening arresters, Load break switches, SCADA system, Current and voltage Transformer and Battery room.
3. In the curriculum for Electrical and Electronics Engineering, Subjects like Power system Analysis , Transmission and Distribution demands the topics which is related to the substation.

INDUSTRIAL VISIT- REQUISITION FORM

DATE: 18.12.2018

TO,

The Director General of police,

Tamilnadu Generation &Distribution Corporation Ltd.,

Vigilance cell, 144,Annasalai,

Chennai-600 002

Dear Sir,

Sub: Seeking Permission to Visit your esteemed Industry

Greetings from Jeppiaar Institute of Technology

Jeppiaar Remibai Educational Trust, established Jeppiaar Institute of Technology in 2011which is approved by AICTE and affiliated to the Anna University, Chennai. At present, the college offers five courses in Mechanical Engineering, Electronics and Communication Engineering, Electrical and Electronics Engineering, Computer Science and Engineering and Information Technology.

As a part of our pedagogy, we arrange industrial visits for our students to enrich their knowledge. So in this regard, we kindly request you to grant permission for **46 students and 2 staff members from Electrical and Electronics Engineering Department** to visit your esteemed organization on **10.01.2019.**

Please reply to us at your earliest convenience.

. Thanking You

Head of the department

INDUSTRIAL VISIT -REQUSITION FORM

Date:29.05.2018

To

The director General of Police,
Tamilnadu Generation & distribution Corporation Ltd,
Vigilance cell,
144, Anna Salai,
Chennai-2.

Sir,

Sub: Permission for industrial Visit- reg

As our students of JEPPIAAR INSTITUTE OF TECHNOLOGY, Sriperumbudur, Chennai are interested to visit Siruseri Substation as an industrial visit to improve their practical knowledge in their Engineering field. We need permission for 17 students and 1 staff member of EEE Department to visit the Siru seri substation as per your convenient schedule.

We will be happy if you allot a date from the following mentioned date 05.07.2018 for the visit. We are expecting your favourable reply at the earliest.

Thanking you

*****

We are in receipt of your letter (No dated: 11.06.2018). The group of visitors from your Institution are permitted to visit our **Mine-I &TPS-I Expn.** . On 20.07.2018 arrival, please advise them to contact the Public Relations Dept., (Near Nehru Square), Block-2, Neyveli Township – 607 801 at 10.00 a.m.

The visitors/students are requested to bring their Identity Cards along with TWO COPIES OF NAME LIST during their visit to Neyveli. Cell Phones with Cameras / Still Cameras / Video Cameras are strictly prohibited inside the Industrial Units.

We request you to arrange your own conveyance/accommodation during the visit.

Thanking you,

Yours faithfully,
for NLC India Ltd,

for ED/PR,TA,CSR&END

Industrial Visit Report

Industry Visited	: NLC INDIA LTD., MIBE 1& TPS 1NEYVELI
Date of Visit	: 20.07.2018
Students	: 46 Students III Year / 05th Sem (32 Boys + 14 Girls)
Faculty Accompanied	: 02 Faculties 1. Ms. Vinnarasi Ponnury, Assistant Professor, Dept of EEE 2. Mr. Antony Charles , Assistant Professor, Dept of EEE

PRINCIPAL
JEPPIAAR INSTITUTE OF TECHNOLOGY
KUNNAM, SUNGUVARCHATRAM,
SRIPERUMBUDUR - 631604.

Purpose of the Industrial Visit

(List a minimum of 5 to 10 technical points that students have learned experimentally)

1. To study the working of the Neyveli lignite corporation
2. All the practical concepts of the Power system generation, transmission and distribution of power.
3. Student to know things practically through interaction, working methods and employment practices.
4. Provides an exposure to students about practical working environment.
5. Electric power may flow through several substations between generating plant and consumer, and may be changed in voltage in several steps.
6. A substation that has a step-up transformer increases the voltage while decreasing the current, while a step-down transformer decreases the voltage while increasing the current for domestic and commercial distribution.

PRINCIPAL
JEPPIAAR INSTITUTE OF TECHNOLOGY
KUNNAM, RANGAPURAM, VALLAM
SRIPERUMBUDUR - 631604.

Strength behind the Visit

1. Main purpose for this visit is to be familiar with industrial environment and to get practical knowledge of electrical power transmission and distribution.
2. Students will also get familiar with Transformer maintenance, circuit breaker, Transformer isolator, bus bar, Protective relays, Lightening arresters, Load break switches, SCADA system, Current and voltage Transformer and Battery room.
3. In the curriculum for Electrical and Electronics Engineering, Subjects like Power system Analysis , Transmission and Distribution demands the topics which is related to the substation.

Students Review

Mr. Ahemmed Mohammed

III EEE

(Students review)

We have learned more about the different substation equipments and the visit was so satisfactory for the Studies of the curriculum subjects.

Ms. Vivedha V

III EEE

(Students review)

Learned electricity plays an important role in our life. We are made aware of how the transmission the transmission of electricity is done. We too came to know about the various parts of the substation system.

Mr.Arun pandian

III EEE

(Students review)

We are very grateful to NLC for giving permission for this visit. Students got an opportunity to know regarding practical aspects about what they are learning in theory.

INDUSTRIAL VISIT -REQUSITION FORM

Date:29.05.2018

To

The director General of Police,
Tamilnadu Generation & distribution Corporation Ltd,
Vigilance cell,
144, Anna Salai,
Chennai-2.

Sir,

Sub: Permission for industrial Visit- reg

As our students of JEPPIAAR INSTITUTE OF TECHNOLOGY, Sriperumbudur, Chennai are interested to visit Achrapakkam Substation as an industrial visit to improve their practical knowledge in their Engineering field. We need permission for 43 students and 2 staff members of EEE Department to visit the Achrapakkam substation as per your convenient schedule.

We will be happy if you allot a date from the following mentioned date 12.07.2018 for the visit. We are expecting your favourable reply at the earliest.

Thanking you

INDUSTRIAL VISIT- REQUISTION FORM

DATE: 13.07.2017

TO

The Manager,

KKM Soft Pvt Ltd,

Industrial Estate, Guindy.

Dear Sir,

Sub: Seeking Permission to Visit your esteemed Industry

Greetings from Jeppiaar Institute of Technology

JeppiaarRemibai Educational Trust, established Jeppiaar Institute of Technology in 2011which is approved by AICTE and affiliated to the Anna University, Chennai. At present, the college offers five courses in Mechanical Engineering, Electronics and Communication Engineering, Electrical and Electronics Engineering, Computer Science and Engineering and Information Technology.

As a part of our pedagogy, we arrange industrial visits for our students to enrich their knowledge. So in this regard, we kindly request you to grant permission for 60 **students and 3 staff members from Electrical and Electronics EngineeringDepartment** to visit your esteemed organization on **19.08.2017**.

Please reply to us at your earliest convenience.

Thanking You

Head of the department

Dr. C. RAJESH KUMAR

Industrial Visit on 19-08-2017

PRINCIPAL
JEPPIAAR INSTITUTE OF TECHNOLOGY
KUNNAM, SUNGUVARCHATRAM,
SRIPERUMBUDUR - 631604.

Purpose of the Industrial Visit

Industrial visit is to provide students insight regarding internal working of companies. Theoretical knowledge is not enough for making a good professional career, with an aim to go beyond academics, industrial visits provide students a practical perspective on the world of work.

Industrial visits provide an excellent opportunity for the students to interact with industries and know more about industrial environment.

Strength behind the Visit

Industrial visits offer a great source to gain practical knowledge. Students can observe and learn as to how theatrical concepts are put to into action, thereby aiding their practical learning. Students are exposed to real working environment and shown how things are done in an organization. From the details about the management to the targets they achieve, everything is covered in these visits. All the faculty members of Computer Science and Engineering department supported this tour for the betterment of students.

Students Feedback

Venuka P
III YEAR

Good place to learn in a practical way. We learnt about real time projects. Thank you so much for giving us the opportunity to explore more, be more fearless, and adapt to change better in visiting the KKM Soft Company. The Support you do for us allows to continue and pursue my passions.

INDUSTRIAL VISIT -REQUSITION FORM

Date:10.07.2017

To

The director General of Police,
Tamilnadu Generation & distribution Corporation Ltd,
Vigilance cell,
144, Anna Salai,
Chennai-2.

Sir,

Sub: Permission for industrial Visit- reg

As our students of JEPPIAAR INSTITUTE OF TECHNOLOGY, Sriperumbudur, Chennai are interested to visit North Chennai Thermal Power Station as an industrial visit to improve their practical knowledge in their Engineering field. We need permission for 45 students and 2 staff members of EEE Department to visit North Chennai Thermal Power Station as per your convenient schedule.

We will be happy if you allot a date from the following mentioned date 13.09.2017 & 14.09.2017 for the visit. We are expecting your favourable reply at the earliest.

Thanking you

INDUSTRIAL VISIT DETAILS

Industrial visit arranged for Department/Batch/Year/Section : EEE/2016-2020/II

Address of the company to be visited : North Chennai Thermal Power station- stage-1, Athipattu,chennai-600 120

Program Date, Day & Time : 13.09.2017 & 14.09.2017 (Wed & Thru) & 10.00 AM

Distance from the college (approximately) : 70 KM

Number of students (boys & girls) : 32 & 13

Total number of Hostel students (boys & girls) : 21 & 6

Name of the Teaching Faculties accompanying the students : Mr. K.Jayavelu & Ms.P. Vinnarasi Ponnury

Total number of food packets required : 50

Transport arrangement required as per the details given below

Onward Journey					Return Journey

INDUSTRIAL VISIT REPORT

Industry Visited : North Chennai Thermal Power Station

Date of Visit : 13.09.2017 &14.09.2017

Students : 45 Students

II Year – IVSem (32 Boys + 13 Girls)

Faculty Accompanied : 02 Faculties

1. Mr.K.Jayavelu Assistant Professor,Dept of EEE
2. Ms.Vinnarasi ponnury Assistant Professor,Dept of EEE

PRINCIPAL
JEPPIAAR INSTITUTE OF TECHNOLOGY
KUNNAM, SUNGUVARCHATRAM,
SRIPERUMBUDUR - 631604.

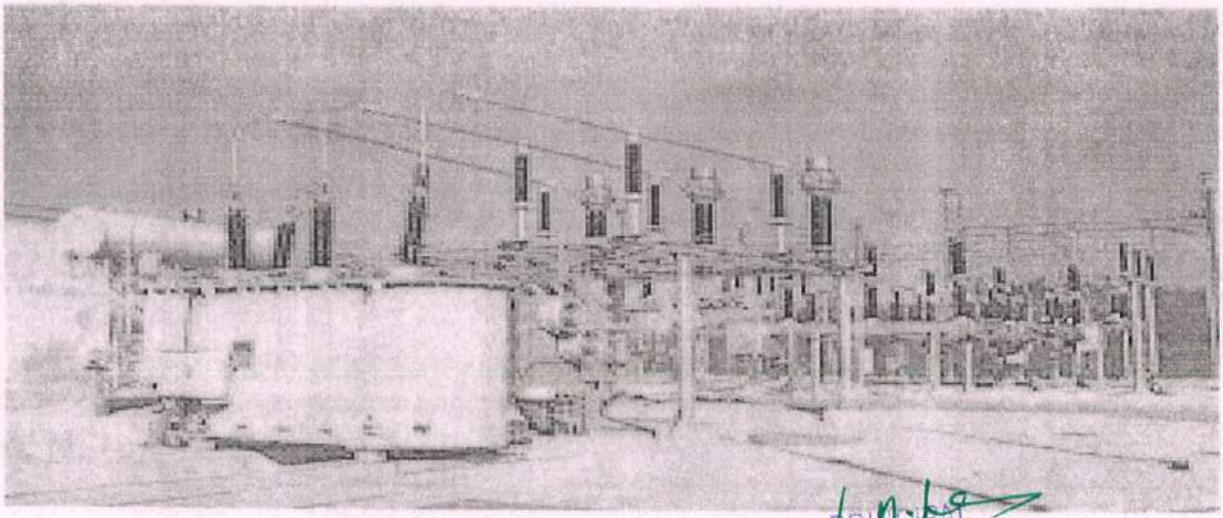

Objectives of the Industrial Visit

- To know about the transmission and distribution system from receiving station to other substations.
- To understand the various protective devices which is used in the substation.
- To know about the operation of Circuit Breakers
- To understand the substation layout.
- To know about the operation of CT and PTs

Strength behind the Visit

- Students were understood about the power transmission and distribution from substation to various locations.
- Students were understood the operation of Relays and Circuit Breakers.
- Students were understood about the panel operation and substation layout for the seruseri substation.
- The knowledge and experience gained can facilitate innovative projects by students and teachers.
- Helped the students to understand the importance of interdisciplinary nature of present and futuristic product design.
- A systematic approach of product design makes the students to bring aspects of engineering and technical features, commercial importance, safety features, eco-friendliness, ergonomics, aesthetics etc into the real time and need of the hour product.

Students Review

Mr.Arun
II EEE

- I CAME TO KNOWN ABOUT THE CITCUIT BREAKER OPEARION AND SEEN VARIOUS TYPES.
- I CAME TO KNOWN ABOUT THE DIFFERENCE BETWEEN FEEDERS AND BUSBARS
- SEEN THE OPERATION OF TAB CHANGING TRANSFORMER.

Mr.Yuvaraj K

II EEE

- I CAME TO OPERATION OF RELAYS AND CIRCUIT BREAKERS.
- I CAME TO KNOWN THE DIFFERENT TYPES OF CIRCUIT BREAKERS AND POWER RATING OF TRANSFORMER
- SEEN THE CONTROL PANEL OPERATION HOW ITS CONNECTED WITH THE SUBSTATION HARDWARE COMPONENTS.

Ms.Sowmiya

II EEE

- I CAME TO HOW THE POWER TRANMITTED FRO SUBSTATION TO VARIOUS LOCATIONS.
- I CAME TO KNOWN ABOUT PRACTICAL APPLICATIONS OF TOWER ,TRANSFORMER , CIRCUIT BREAKERS ,RELAYS,
- SEEN THE COMMUNICATION BETWEEN TO SUBSTATIONS THROUGH CAREER FREQUENCY.

INDUSTRIAL VISIT- REQUISTION FORM

DATE: 02.01.2017

TO

The Head, PO & SM ,

Satish Dhawan space Centre Shar,

Sriharikota- 524 124.

Dear Sir,

Sub: Seeking Permission to Visit your esteemed Industry

Greetings from Jeppiaar Institute of Technology

Jeppiaar Remibai Educational Trust, established Jeppiaar Institute of Technology in 2011 which is approved by AICTE and affiliated to the Anna University, Chennai. At present, the college offers five courses in Mechanical Engineering, Electronics and Communication Engineering, Electrical and Electronics Engineering, Computer Science and Engineering and Information Technology.

As a part of our pedagogy, we arrange industrial visits for our students to enrich their knowledge. So in this regard, we kindly request you to grant permission for **18 students and 2 staff members from Electrical and Electronics Engineering Department** to visit your esteemed organization on **07.02.2017**.

Please reply to us at your earliest convenience.

Thanking You

Head of the department

Dr. C. RAJESH KUMAR

SHAR/PO&SM/visits/2017

Sir,

Sub: Permission for Visiting SDSC SHAR Facilities - Regarding.

This has reference to your email/letter dated 02.01.2017 on the above subject. In this regard, kindly note that you may visit the Centre as per the date and time given below:

* Date of Visit	: 07.02.2017 (Tuesday)
* Reporting time	: 09:00 hrs
* No. of persons permitted	: 125(including staff and Bus Crew)

Please note the following:

1. All the visitors permitted need to show Identity Proof.
2. Kindly confirm your programme by FAX (08623-225056). Also send one copy of the list of all the visiting members (including the bus crew), giving their names, father's name, age, contact address etc., either by e-mail or by FAX. You are also requested to give the name and contact Cell number of the visit coordinator from your side, for communicating any message, if required.
3. Due to security reasons, bags/baggage's/cell phones/cameras/any other electronic gadgets are not permitted. Hence, please do not bring them.
4. If you are planning to bring your food, we cannot permit the vessels inside the Range. While you go to see the Technical Facilities, kindly see that the food containers are unloaded at Library Complex and keep a person to take care of them.
5. We have very limited private catering services, and hence, you may book your lunch in advance with Hostel Canteen (Phone No. G.Srikanth 09515964726 / K Ravikumar 09985170256). If they regret to book due to excess demand, you may depend on the hotels at Sullurupeta (nearest town), through which you reach this place.
6. If no confirmation is received (along with the visitor's list) from your side on or before 6.02.2017 we presume that you have dropped your programme.
7. Please go through the General Guidelines printed over-leaf.

Should you need any further information/help, please do not hesitate to write/contact us. Wishing you a happy visit.

Yours faithfully,

To

INDUSTRIAL VISIT REPORT

Industry Visited : NLC INDIA LIMITED

Date of Visit : 24.09.2016

Students : 64 Students

IV /II Year – VII /III Sem (42 Boys + 22 Girls)

Faculty Accompanied : 02 Faculties

1. Ms.P.Vinnarasi Ponnury, Assistant Professor,Dept of EEE
2. Mr.K.Jayavelu,Assistant Professor Dept of EEE

Objectives of the Industrial Visit

- To understand the Generating station operations.
- To understand Coal handling system
- To know the operation of substation components .
- To understand the operation of CTs and PTs
- To understand the concepts of substation.

PRINCIPAL
JEPPIAAR INSTITUTE OF TECHNOLOGY
KUNNAM, SUNGUVARCHATRAM,
SRIPERUMBUDUR - 631604.

Strength behind the Visit

- Students were understood about the power transmission and distribution from substation to various locations.
- Students were understood the operation of Relays and Circuit Breakers.
- Students were understood about the panel operation and substation layout for the seruseri substation.
- The knowledge and experience gained can facilitate innovative projects by students and teachers.
- Helped the students to understand the importance of interdisciplinary nature of present and futuristic product design.
- A systematic approach of product design makes the students to bring aspects of engineering and technical features, commercial importance, safety features, eco-friendliness, ergonomics, aesthetics etc into the real time and need of the hour product.

Students Review

Mr.Sowmiya
II EEE

- I CAME TO KNOWN ABOUT THE COAL HANDLING SYSTEM IN THE GENERATING STATION.
- I CAME TO KNOWN ABOUT THE DIFFERENCE BETWEEN FEEDERS AND BUSBARS
- SEEN THE OPERATION OF TAB CHANGING TRANSFORMER.

Mr. Yuvaraj K

II EEE

- I CAME TO KNOWN OPERATION OF RELAYS AND CIRCUIT BREAKERS.
- I CAME TO KNOWN THE DIFFERENT TYPES OF CIRCUIT BREAKERS AND POWER RATING OF TRANSFORMER
- SEEN THE CONTROL PANEL OPERATION HOW ITS CONNECTED WITH THE SUBSTATION HARDWARE COMPONENTS.

Mr.Arun B

IV EEE

- I CAME KNOWN TO HOW THE POWER TRANMITTED FRO SUBSTATION TO VARIOUS LOCATIONS.
- I CAME TO KNOWN ABOUT PRACTICAL APPLICATIONS OF TOWER ,TRANSFORMER , CIRCUIT BREAKERS ,RELAYS,
- SEEN THE COMMUNICATION BETWEEN TO SUBSTATIONS THROUGH CAREER FREQUENCY.

INDUSTRIAL VISIT- REQUISTION FORM

Date: 13.09.2019

TO

Dr.S. Rajasekara Pandian,

Dean (Planning)

Indian Institute of Information Technology and Manufacturing

IIITDM, Melakkattaiyur.

Chennai – 600127.

Dear Sir,

Sub: Seeking Permission to Visit your Esteemed Institution - Reg

Greetings from Jeppiaar Institute of Technology!

Jeppiaar Remibai Educational Trust, established Jeppiaar Institute of Technology in 2011which is approved by AICTE and affiliated to the Anna University, Chennai. At present, the college offers five courses in Mechanical Engineering, Electronics and Communication Engineering, Electrical and Electronics Engineering, Computer Science and Engineering and Information Technology.

As a part of our pedagogy, we arrange industrial visits for our students to enrich their knowledge. So in this regard, we kindly request you to grant permission for **III[rd] Year 86 students (Section – A 44, Section – B 42) and 4 staff members from Electronics and Communication Engineering Department** to visit your esteemed organization between 16.09.2019 and 21.09.2019 (any two days). In case, if the date of visit is not suitable, then indicate a date of convenience to **principal@jeppiaarinstitute.org.**

Please reply to us at your earliest convenience.

Thanking You.

Head of the department

INDUSTRIAL VISIT REPORT

Industry Visited : Indian Institute of Information Technology Design & Manufacturing

Date of Visit : 16.09.2019 & 17.09.2019

Students : 85 Students

III Year A – V Sem (24 Boys + 20 Girls) – 16.09.2019

III Year B – V Sem (25 Boys + 16 Girls) – 17.09.2019

Faculty Accompanied : 04 Faculties

16.09.2019
1. Mr.D.Joshua Jeyasekar, Assistant Professor, Dept of ECE
2. Ms.R.Rubela, Assistant Professor, Dept of ECE

17.09.2019
3. Mr.R.Thandaiah Prabu, Assistant Professor, Dept of ECE
4. Mr.Rubela, Assistant Professor, Dept of ECE

PRINCIPAL
JEPPIAAR INSTITUTE OF TECHNOLOGY
Jeppiaar Nagar, Kunnam
Sriperumbudur Taluk,
Kanchipuram District - 631 604.

Objectives of the Industrial Visit

- Continually identifying needs, generating potent ideas, conceptualizing, and prototyping, and converting them to viable products.
- To design products that are easy to manufacture, efficient and become part of users themselves.
- The plethora of interdisciplinary courses promote flow of thought across different streams, assisting students in acquiring holistic knowledge.

Strength behind the Visit

- To design and develop e-learning materials and common **Do-It-Yourself (DIY)** and **Build-Your-Own (BYO)** low-cost laboratory instruction modules for adoption and use in engineering universities, colleges, and polytechnics.
- The modules are mainly built using inexpensive **commercial off-the-shelf (COTS)** materials and components, open-source hardware, and free open-source software, making them extremely affordable.
- The knowledge and experience gained can facilitate innovative projects by students and teachers.
- Helped the students to understand the importance of interdisciplinary nature of present and futuristic product design.
- A systematic approach of product design makes the students to bring aspects of engineering and technical features, commercial importance, safety features, eco-friendliness, ergonomics, aesthetics etc into the real time and need of the hour product.
- Thrust Areas in Avionics, Bionics, Civionics, Mechatronics, Wearable Technology
- IIITDM assist the government school children's by Adopting scheme and assisting for women empowerment.

Students Review

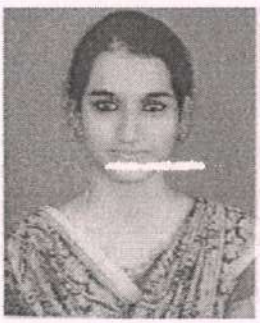

Ms.B.S.India
III ECE A

Good place to learn in a practical way, particularly good at design and manufacturing with the help of information technology and also have well experienced and trained facilities

Ms.G.Kalaiselvi
III ECE

It was an excellent experience with great infrastructure. We learn about 3D designs and a lot of project, PCB designs. First, they explain about their research by making a conference. It gives us a clear-cut information about many projects. They also honour their students for their projects. We enjoyed and learnt about a lot of projects there.

Ms.K.Reena Gladis
III ECE

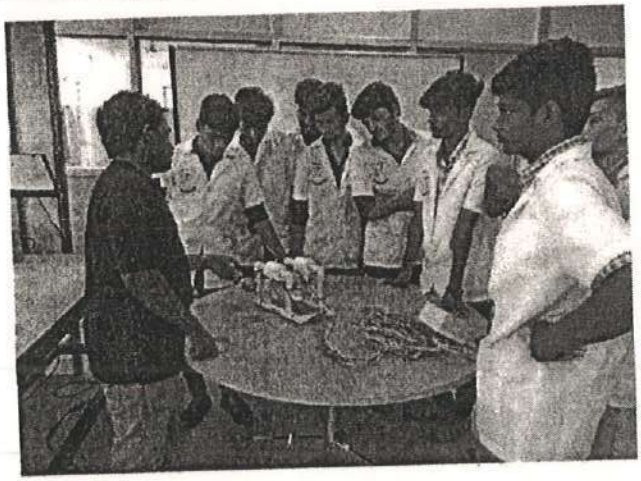

It was a very beautiful experience. This is unique the process of making 3D design is also interesting. And they explained very well about 3D printing and PCB fabrications

Dear sir,

You are welcome to visit on the day. Please coordinate with Mr Aravindan (+918122226937) for the visit.

with regards,

Senthilkumaran

DEPARTMENT OF

ELECTRONICS AND COMMUNICATION ENGINEERING

INDUSTRIAL VISIT REPORT

Industry Visited	: Indian Institute of Information Technology Design & Manufacturing
Date of Visit	: 13.03.2020
Students	: 36 Students II Year – IV Sem (23 Boys + 13 Girls)
Faculty Accompanied	: 02 Faculties 1. Ms.M.Benisha, Assistant Professor, Dept of ECE 2. Mr.S.Shiva, Assistant Professor, Dept of ECE

PRINCIPAL
JEPPIAAR INSTITUTE OF TECHNOLOGY
Jeppiaar Nagar, Kunnam
Sriperumbudur Taluk,
Kanchipuram District - 631 604.

Objectives of the Industrial Visit

- Continually identifying needs, generating potent ideas, conceptualizing, and prototyping, and converting them to viable products.
- To design products that are easy to manufacture, efficient and become part of users themselves.
- The plethora of interdisciplinary courses promote flow of thought across different streams, assisting students in acquiring holistic knowledge.

Strength behind the Visit

- To design and develop e-learning materials and common **Do-It-Yourself (DIY)** and **Build-Your-Own (BYO)** low-cost laboratory instruction modules for adoption and use in engineering universities, colleges, and polytechnics.
- The modules are mainly built using inexpensive **commercial off-the-shelf (COTS)** materials and components, open-source hardware, and free open-source software, making them extremely affordable.
- The knowledge and experience gained can facilitate innovative projects by students and teachers.
- Helped the students to understand the importance of interdisciplinary nature of present and futuristic product design.
- A systematic approach of product design makes the students to bring aspects of engineering and technical features, commercial importance, safety features, eco-friendliness, ergonomics, aesthetics etc into the real time and need of the hour product.
- Thrust Areas in Avionics, Bionics, Civionics, Mechatronics, Wearable Technology
- IIITDM assist the government school children's by Adopting scheme and assisting for women empowerment.

Students Review

Ms.K.J.Sherlin Mary
II ECE

The visit to IIITDM changed into very beneficial. They taught us approximately 3-D printing, MATLAB software and PCB layout. It become very interesting to look how they make photographs three-D printing. In MATLAB software program we learn about picture processing and stimulation. We also learnt the utility of PCB in industry. however, it was a very good IV experience

Mr.S.Mohammed Farhan
II ECE

They showed us 3d printing, MATLAB programming and PCB plan. It was fascinating to perceive how they make pictures by means of 3D printing. In MATLAB programming we found out about picture preparing and recreation. We likewise educated the use of pcb in enterprises.

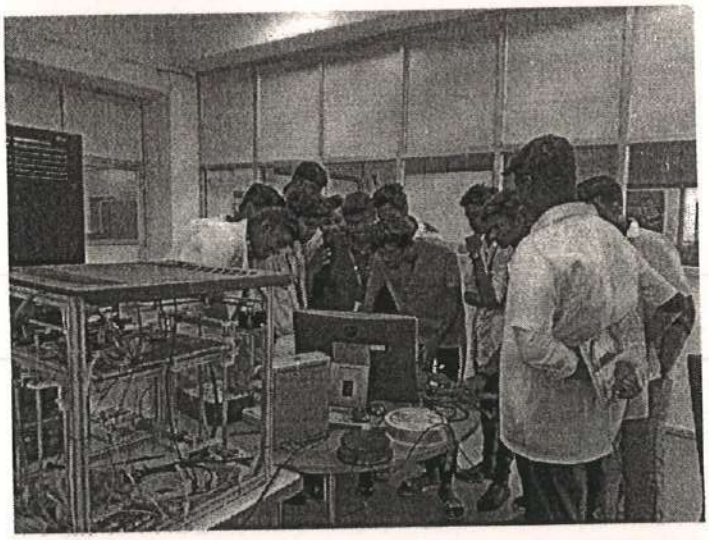

Ms.G.Bhavana Devi

Academic Year (Even Sem) 2019 - 2020

INDUSTRIAL VISIT DETAILS

Industrial visit arranged for Department/Batch/Year/Section : ECE / 2017 - 2021/ III / 05 / B

Address of the company to be visited : Indian Institute of Information Technology Design & Manufacturing, Melakottaiyur Village, Kandigai. Off Vandalur - Kelambakkam Road, Nellikuppam, Chennai - 600107.

Program Date, Day & Time : 16.09.2019 (Monday) 09.00 A.M

Distance from the college (approximately) : 60

Number of students (boys & girls) : 42 (BOYS - 27 & GIRLS - 15)

Total number of Hostel students (boys & girls) : 20 (BOYS - 11 & GIRLS - 9)

Name of the Teaching Faculties accompanying the students : Mr.JOUSHUA JEYASEKAR & Ms.RUBELLA

Total number of food packets required : 46

Transport arrangement required as per the details given below :

Onward Journey				Return Journey

INDUSTRIAL VISIT- REPORT

We have visited Indian Institute of Information Technology Design & Manufacturing,

Date	Year	Section	Total no of Students	Staff Members
16.09.2019	III	A	42	Mr.Joshua Jeyasekar and Ms.Rubella
17.09.2019	III	B	44	Mr.Thandaiah Prabu & Ms.Rubella

Dr.S.Rajasekara Pandian (Dean - Planning Department) addressed the following points during the inaugural session

1. Project Based Learning.
2. Thrust Areas in Avionics, Bionics, Civionics, Mechatronics, Wearable Technology
3. Advised to do project using two methods: DIY – Do It Yourself and BYO – Build your own
4. IIITDM Undergoing and completed projects are explained in the website tlc.iiitdm.ac.in
5. Advised to visit national Institute for the visually Handicapped to develop social relevant project
6. IIITDM assist the government school children's by Adopting scheme and assisting for women empowerment.

After the Inaugural session, students visited their lab Facilities.

Through Make in India scheme all the lab equipment's are manufactured by the institute peoples and students as a project or intern model.

Most of the project models are developed using Ardunio, Rasberry Pi, 3 D Printing and CNC.

They demonstrated many working models using Ardunio, Rasberry Pi, 3 D Printing and CNC.

They have commercialized their products to various colleges for example Low cost 3D printer for Rs.16000.

They are ready to provide the intern and project for the students at free of cost based on the institute request, for which we need to pay amount for food and accommodation (Maximum Rs.200).

Anticipating full dedication and involvement in the project work, but students need to reside in the hostel.

Teaching learning center in IIITDM will encourage the youngsters to innovate in india to meet our own requirement at low cost. It will be more benefit to the ECE, EEE and Mechanical Student.

Thanks to allow us to visit IIITDM to enrich our Knowledge sir.

"Self-Belief || Self Discipline || Self Respect"

DEPARTMENT OF

ELECTRONICS AND COMMUNICATION ENGINEERING

INDUSTRIAL VISIT REPORT

Industry Visited	:	REI Electronics, Mysore
Date of Visit	:	09.01.2020
Students	:	95 Students IV Year – VIII Sem (50 Boys + 45 Girls)
Faculty Accompanied	:	02 Faculties

1. Ms.M.Benisha, Assistant Professor, Department of ECE
2. Mr.S.Shiva, Assistant Professor, Department of ECE

PRINCIPAL
JEPPIAAR INSTITUTE OF TECHNOLOGY
Jeppiaar Nagar, Kunnam
Sriperumbudur Taluk,
Kanchipuram District - 631 604.

Objectives of the Industrial Visit

- To provide an exposure to students about electronic components manufacturing process.
- To learn about electronic automation process.
- To provide an excellent opportunity to interact with industries and know more about industrial environment.
- Students can gain a combined knowledge about both theory and practice.

Strength behind the Visit

- Students learn about LED Manufacturing process and Service
- Students gain knowledge about manufacturing process of Printed Circuit Board, LED, Dealers and much more
- To gain knowledge about energy saving solution proposed by the REI Electronics based on LED based products
- Students learnt about Automotive, Wiring Harness, Telecom, Consumer Electronics, Medical Electronics, Aviation, Defence, Power Electronics, HVAC industries, etc. with industry perspective
- Students leant about Customer Satisfaction process followed in the company with the quality & timely delivery of products with dedicated team work.

PRINCIPAL
JEPPIAAR INSTITUTE OF TECHNOLOGY
Jeppiaar Nagar, Kunnam
Sriperumbudur Taluk,
Kanchipuram District - 631 604.

Student Review:

ARULMOZHIVARAMAN C

We gained more knowledge about the electronic testing procedures.

BETTY VEFELIN RAJ B

We understood the team work effort of quality & timely delivery of products. Technical persons clearly explain the manufacturing process of LED.

PAVITHRA R

This visit helps to understand the manufacturing process of LED, PCB board and energy saving methods.

INDUSTRIAL VISIT REPORT

Industry Visited	: BHEL Electronics Division, Bangalore.
Date of Visit	: 10.01.2020
Students	: 95 Students IV Year – VIII Sem (50 Boys + 45 Girls)
Faculty Accompanied	: 02 Faculties 1. Ms.M.Benisha, Assistant Professor, Dept of ECE 2. Mr.S.Shiva, Assistant Professor, Dept of ECE

PRINCIPAL
JEPPIAAR INSTITUTE OF TECHNOLOGY
Jeppiaar Nagar, Kunnam
Sriperumbudur Taluk,
Kanchipuram District - 631 604.

Objectives of the Industrial Visit

- To gain insight on **Electronics System Division & Automation and Control System.**
- To provide an exposure to **students** about practical working environment. They also provide **students** a good opportunity to gain full awareness about **industrial** practices.
- Students can gain a combined knowledge about both theory and practice.

Strength behind the Visit

Solar Voltaic Cell Assembly

Operation of PV Cell requires 3 basic attributes.

- Absorption of Light
- Separation of Opposite Charge Carriers
- Separation extraction of carriers to an external circuit

Photovoltaic Manufacturing Flow Chart

Operator Training Simulator System

- Computer based training system that uses a dynamic simulation.
- Simulator is configured in a virtual environment with exact replica of the actual plant condition.

Elements of typical OTS

- Dynamic simulation Software
- Process Model
- Instructor Interface
- DCS emulator
- Replica of operator station

- Features of OTS.
- General Layout on SCADA Systems and its Working.

Students Review

 Ms.S.T.Hemapriya IV ECE	It was very useful the design and assembly of Photovoltaic Solar cell. This kindled our knowledge and we as final years are now in a keen position to advice the society regards the implementation and working process of the Solar Cell. In addition, we also got info regards to Operator training Simulation system a computer-based training system.
 Mr.V.Manoharan IV ECE	We as final years and at present we are in the project phase and helped us further a lot in the development of our project. The expert over there also guided us well in replying our queries instantly.
 Mr.R.Sriram IV ECE	Automation and Control systems these theoretical words were seen in practical for certain application developments and construction those equipment's were demonstrated.

Dear Sir,

Sub: Seeking Permission to Visit your Esteemed Industry

Greetings from Jeppiaar Institute of Technology

Jeppiaar Remibai Educational Trust, established Jeppiaar Institute of Technology in 2011which i approved by AICTE and affiliated to the Anna University, Chennai. At present, the college offers fiv courses in Mechanical Engineering, Electronics and Communication Engineering, Electrical an Electronics Engineering, Computer Science and Engineering and Information Technology.

As a part of our pedagogy, we interested to visit **Substation at Acharapakkam** as an industrial visit fc our students to enrich their knowledge. So in this regard, we kindly request you to grant permission fc **IInd Year 87 students (Section – A 44, Section – B 43) and 4 staff members from Electronics an Communication Engineering Department** to visit your esteemed organization between 18.02.2019 an 23.02.2019 (any two days). In case, if the date of visit is not suitable, then indicate a date of convenienc to **principal@jeppiaarinstitute.org.**

Please reply to us at your earliest convenience.

Thanking You.

Objectives of the Industrial Visit

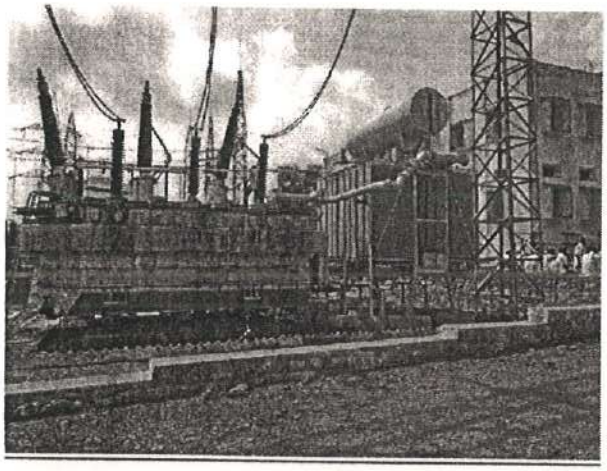

- To understand the operation and maintenance of the power station.
- To gain the knowledge about power calculation, power factors and distribution.
- To understand the safety of the work crews, frequent repairs on the mechanical and electrical equipment in power station.

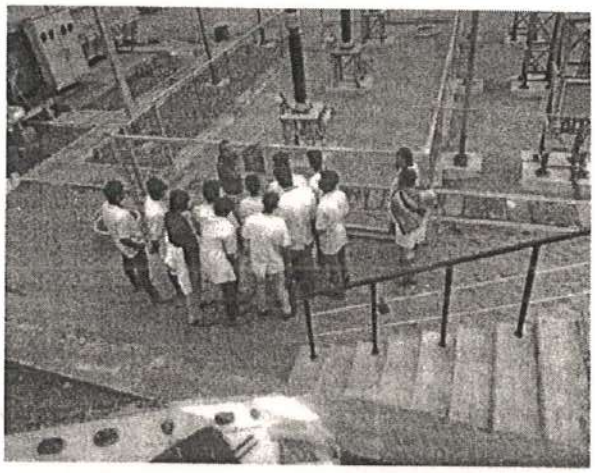

Strength behind the Visit

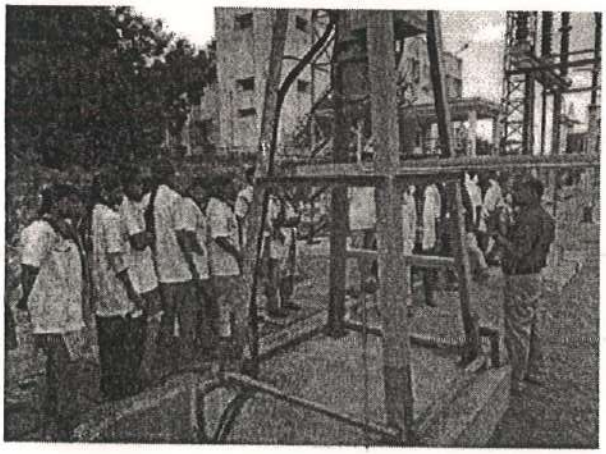

- Helped the students to understand the Electric Grid connection in the power station.
- Students gained the knowledge about Generator, Distributor, power divider, Overload condition etc.,
- Students learnt about the safety precautions need to follow in power station and operators working for the safety of work crews.
- Importance of Modern Equipment's, Backup Power and Return current were discussed.
- Students understand the heavy voltage lines distribution to the various power stations.
- Regular checking and monitoring of Oil level and cleanness of the the generator explained with the stand by generator.

Student Review:

S. BHAVANI SHRUTHI

We have seen generators, rotating machines, distributors etc practically. Engineer from this power station clarified all the doubts to students

.PURUSHOTHAMAN U

When we visited the power station, operators did the regular maintenance in standby generators. They explained the checking parameters, safety measurements, Temperature, Pressure, Over voltage level, voltage & current level measurements. It gives us more practical knowledge of the power station operations.

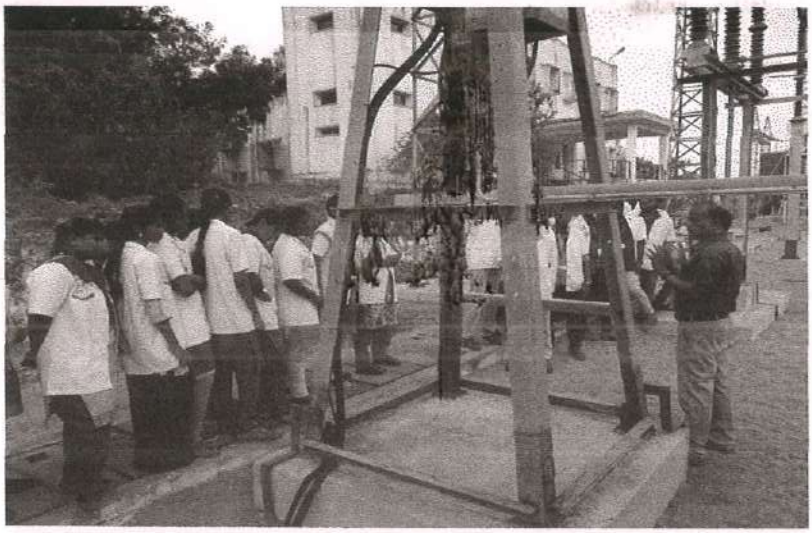

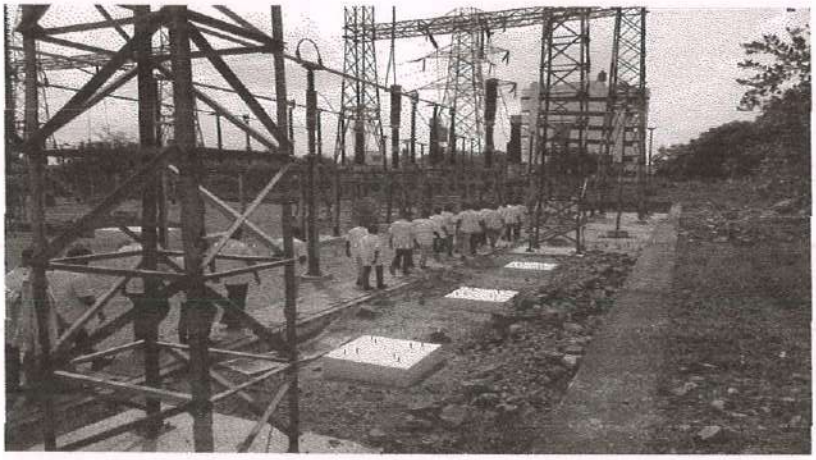

SUPRAJA T

From this visit we understood the troubleshooting, Safety measurements, emergency procedures and role of the employees in the power station.

Industrial visit feedback letter

TONIE RAALPH C <17ectonieraalphc@jeppiaarinstitute.org>

Tue 2/19/2019 8:01 PM

To: DIRECTOR <director@jeppiaarinstitute.org>
Cc: Porthamarai Ezhilan.K <kporthamaraiezhilan@jeppiaarinstitute.org>; principal <principal@jeppiaarinstitute.org>; Nancy W <nancyw@jeppiaarinstitute.org>; THANDAIAH PRABU R <thandaiahprabu@jeppiaarinstitute.org>

Respected director sir,

Myself Tonie Raalph .c from second year ECE - B . Today we went industrial visit to (Tamilnadu transmission corporation LTD) 230KV Sub station in Acharapakkam. It was an marvelous experience for us. We learnt how the power supply is transmitted from power station to other substation and what are all the main components involved in it. How the process works. In this substation power is obtained from two power station one is neyveli lignite corporation and the other one is kalpakkam atomic power station. They also clearly explained us what are the precautions to be taken while working in it. We learnt something new today. Thank you sir for providing us this industrial visit. It is really useful for us to gain knowledge. Thanks for providing all facilities such as food and transport. Thank you sir

Dear Sir,

Sub: Seeking Permission to Visit your esteemed Industry

Greetings from Jeppiaar Institute of Technology

Jeppiaar Remibai Educational Trust, established Jeppiaar Institute of Technology in 2011which is approved by AICTE and affiliated to the Anna University, Chennai. At present, the college offers five courses in Mechanical Engineering, Electronics and Communication Engineering, Electrical and Electronics Engineering, Computer Science and Engineering and Information Technology.

As a part of our pedagogy, we arrange industrial visits for our students to enrich their knowledge. So in this regard, we kindly request you to grant permission for **First Year 50 students and 2 staff members from Electronics and Communication & Electrical and Electronics Engineering Department** to visit your esteemed organization between 24.09.2018 and 28.09.2018.

Please reply to us at your earliest convenience.

Thanking You

INDUSTRIAL VISIT REPORT

Industry Visited : Mitsubishi Heavy Industries India Precision Tools Ltd.,

Date of Visit : 24.09.2018 & 25.09.2018

Students : 93 Students

III Year A – IV Sem (BOYS - 23 & GIRLS - 24) – 24.09.2018

IV Year – VII Sem (BOYS - 33 & GIRLS - 13) – 25.09.2018

Faculty Accompanied : 04 Faculties

24.09.2018
1. Mrs.G.M. Abisha Grace, Assistant Professor, Department of ECE
2. Mr.L.Sri Hari, Assistant Professor, Department of ECE

25.09.2018
3. Mrs.M.Benisha, Assistant Professor, Department of ECE
4. Mr.Thandaiah Prabu, Assistant Professor, Department of ECE

PRINCIPAL
JEPPIAAR INSTITUTE OF TECHNOLOGY
KUNNAM, SUNGUVARCHATRAM
SRIPERUMBUDUR - 631604

Objectives of the Industrial Visit

- To learn the manufacturing process of Gear Cutting Tools and Broaches in India with latest Technology.
- To design products that are easy to manufacture, efficient and become part of users themselves.
- To learn the Design Capabilities, Process Improvements, Productivity and Value of Engineering.

Strength behind the Visit

- Acquired knowledge about Gear Hobs, Gear Shapping Cutters, Gear Shaving Cutters, Master gears, Broaches Mitsubishi Heavy Industries India Precision Tools Limited
- Students Learnt about the Robotic Process Automation of latest Drycut technology in Gear Cutting Tool.
- Helped the students to understand the importance of interdisciplinary nature of present and futuristic product design.
- Got exposure in working process, Manufacturing Unit, supply chain, Marketing, distribution and operation of the multinational company.

Student Review:

 ARAVIND BABU S	We gain the practical and functional knowledge about each and every part of the machines which is exclusively used for gear cutting tools
 FRANCIS DIANA A	As a Final Year student, we studied theoretical approach of embedded system. This visit help us see the robotic automation process applied in Gear Cutting Tools and Broaches
 PRADEEP B T	We got exposure in Manufacturing process of interdisciplinary department. Useful to understand the importance of the Organization structure and quality process.

REPORT ON INDUSTRIAL VISIT

YEAR/SEM/BRANCH: I/01/ECE & EEE

We, I year ECE & EEE have been visited the **Mitsubishi Heavy Industries India Precision Tools Ltd.**, No 2, SIPCOT Industrial Complex, Ranipet on 25/09/2018 under the supervision of Ms. J. Arokia Mary. We have splited into two sets and visited with industrious.

About **Mitsubishi Heavy Industries India Precision Tools Ltd.:**

Mitsubishi Heavy Industries India Precision Tools Limited is one of the World's leading manufacturers of Gear Cutting Tools and Broaches in India with latest Technology. The pioneer in India to introduce the latest 'Drycut' technology in Gear Cutting Tool.

Learning:

There we came know the production of a Gear cutting tool named hob and Broaches. We learnt that a coolant oil is applied to hob to reduce its temperature, we also learnt that surface broke is the material (i.e) used to cut hob to various shapes. Thus, we learnt how to improve our studies with respect to this industrial visit and we thank Director Sir and management for given us this wonderful opportunity to explore ourselves to the modern technology of the world.

DEPARTMENT OF ELECTRONICS AND COMMUNICATION ENGINEERING

REPORT ON INDUSTRIAL VISIT

We the Department of Electronics and Communication Engineering of **III Year ECE 'A'** have been provided an opportunity for an Industrial Visit to Mitsubishi Heavy Industries India Precision Tools Limited ,Ranipet Vellore district on 24.09.2018.

ABOUT MITSUBISHI HEAVY INDUSTRIES:

- Mitsubishi Heavy Industries India Precision Tools Limited is one of the World's leading manufacturers of Gear Cutting Tools and Broaches in India with latest Technology.
- MHI-IPT expanded its plant capacity in 2007-08 by adding many CNC machines and conventional machines, to make more than double its production capacity to cater to the needs of its customers.
- The pioneer in India to introduce the latest 'Drycut' technology in Gear Cutting Tool.

LEARNINGS:

- Students were given brief explanation on Manufactering of Gear cutting tools.
- Learnt about various heavy tools manufactured by the industry.

Subject: Requisition for industrial visit - Reg

Dear Sir,

Greetings from Jeppiaar Institute of Technology !!

We Jeppiaar Remibai Educational Trust, established Jeppiaar Institute of Technology in 2011, to provide futuristic technical education with the perspective of innovative social and industrial application for the betterment of humanity. Jeppiaar Educational Trust that began to promote technical education in 1987, with more than 25 years of experience in administrating several educational institutions endorses the establishment under the leadership of **Dr. N. Marie Wilson,** the Director of the institution. Since the launch, Jeppiaar Institute of Technology propels relentlessly towards fulfilling its vision. Jeppiaar Institute of Technology is the first institution in India to establish a laboratory with the incorporation of 'Innovative Cloud Computing Technology'. Presently, the college offers five popular professional under-graduate engineering programs namely B.E. Computer Science and Engineering, B.E. Electronics and Communication Engineering, B.E. Electrical and Electronics Engineering, B.Tech Information Technology and B.E. Mechanical Engineering.

As part of the curriculum, our students have to visit leading industrial companies for gaining practical exposure. It could be an immense benefit to have our **Second year Electronics and Communication Engineering students strength of 87 (A- Sec - 44 students & B Sec - 43 students) in number accompanied by 4 Faculty members** to visit your premises on **between 06.09.2018 and 07.09.2018.** In case, if the date of visit is not suitable, then indicate a date of convenience.

Subject: RE: Requisition for industrial visit - Reg

Dear Mr Prabhu,

Referring to the trailing mail, your students are cordially invited to factory for industrial visit for tomorrow (06/09/2018 & 07/09/2018) in two batches. Please note the following:-

Students are advised to follow the safety norms inside the factory premises.

Timing of the visit :-
1:30 p.m. to 2:30 p.m.

No Lunch will be provided. Tea and snacks will be provided.

Day -1 (Factory visit address)
Schwing Stetter (India) Pvt Ltd
D-6 & D-15, SIPCOT Industrial Park
Irungatukotai, Sriperumbudur Taluk

Day-2 (Factory visit address)
Schwing Stetter (India) Pvt Ltd
F71 SIPCOT Industrial Park
Irungatukotai, Sriperumbudur Taluk

Regards,

Prem R.V

Subject: Requisition for industrial visit - Reg

Dear Sir,

Greetings from Jeppiaar Institute of Technology !!

We Jeppiaar Remibai Educational Trust, established Jeppiaar Institute of Technology in 2011, to provide futuristic technical education with the perspective of innovative social and industrial application for the betterment of humanity. Jeppiaar Educational Trust that began to promote technical education in 1987, with more than 25 years of experience in administrating several educational institutions endorses the establishment under the leadership of **Dr. N. Marie Wilson,** the Director of the institution. Since the launch, Jeppiaar Institute of Technology propels relentlessly towards fulfilling its vision. Jeppiaar Institute of Technology is the first institution in India to establish a laboratory with the incorporation of 'Innovative Cloud Computing Technology'. Presently, the college offers five popular professional under-graduate engineering programs namely B.E. Computer Science and Engineering, B.E. Electronics and Communication Engineering, B.E. Electrical and Electronics Engineering, B.Tech Information Technology and B.E. Mechanical Engineering.

As part of the curriculum, our students have to visit leading industrial companies for gaining practical exposure. It could be an immense benefit to have our **Second year Electronics and Communication Engineering students strength of 87 (A- Sec - 44 students** & B Sec - **43 students) in number accompanied by 4 Faculty members** to visit your premises on **between 06.09.2018 and 07.09.2018.** In case, if the date of visit is not suitable, then indicate a date of convenience.

I have attached the name list for your reference.

Kindly looking your positive reply.

With Regards,

R.Thandaiah Prabu M.E., (Ph.D.,)
Assistant Professor
Department of ECE
Jeppiaar Institute of Technology

Vision: Jeppiaar Institute of Technology Aspires to Promote Futuristic Technical Education with the Perspective of Innovative Industrial and Social Application for the Betterment of Humanity

DEPARTMENT OF ELECTRONICS AND COMMUNICATION ENGINEERING

REPORT ON INDUSTRIAL VISIT

We the Department of Electronics and Communication Engineering of **II-year ECE** were been provided an opportunity to have an Industrial Visit to **SCHWING STETTER INDIA PVT LTD**, Irungattukottai, Sriperumbudur, Chennai on **07.09.2018.**

ABOUT SCHWING STETTER, India

- German Based Company established in 12 Countries.
- Introduced path breaking products in the **Indian concrete pumping industry** such as SP8800 concrete pumps, CP 30 Batching plants and the 10 M3 Truck mixers which became synonymous within the RMC industry.

LEARNING'S

- Products Visited - Trailer Pumps, Boom Pumps & Line Pumps that supports in the field of construction.
- The above products were designed and manufactured within India.
- As Electronics & Communication Engineering Students we understood the Electronic Automation Process that helps in building a Concrete Pump done at **SCHWING STETTER.**

INDUSTRIAL VISIT REPORT

Industry Visited : SCHWING STETTER (INDIA) PVT LTD

Date of Visit : 06.09.2018 & 07.09.2018

Students : 85 Students

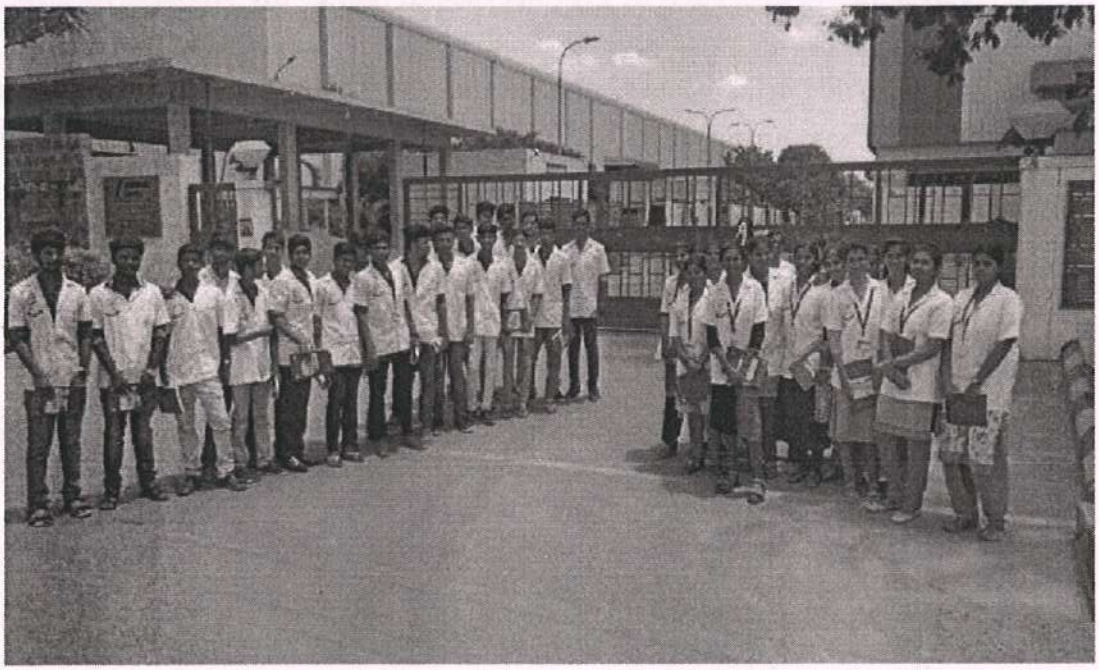

III Year B – V Sem (25 Boys + 16 Girls) – 06.09.2018

III Year A – V Sem (24 Boys + 20 Girls) – 07.09.2018

Faculty Accompanied : 04 Faculties

06.09.2018
1. Ms.S.Revathy, Assistant Professor, Department of ECE
2. Mr.V.Yokesh, Assistant Professor, Department of ECE

07.09.2018
3. Ms.M.Benisha, Assistant Professor, Department of ECE
4. Mr.Joushua Jayasekar, Assistant Professor, Department of ECE

PRINCIPAL
JEPPIAAR INSTITUTE OF TECHNOLOGY
KUNNAM, SUNGUVARCHATRAM,
SRIPERUMBUDUR - 631604

Objectives of the Industrial Visit

- To Learn Manufacturing process of Trailer Pumps, Boom Pumps & Line Pumps that supports in the field of construction.
- To design products that are easy to manufacture, efficient and become part of users themselves.
- To gain the interdisciplinary knowledge about Concrete Mixer step by step with the demonstration

Strength behind the Visit

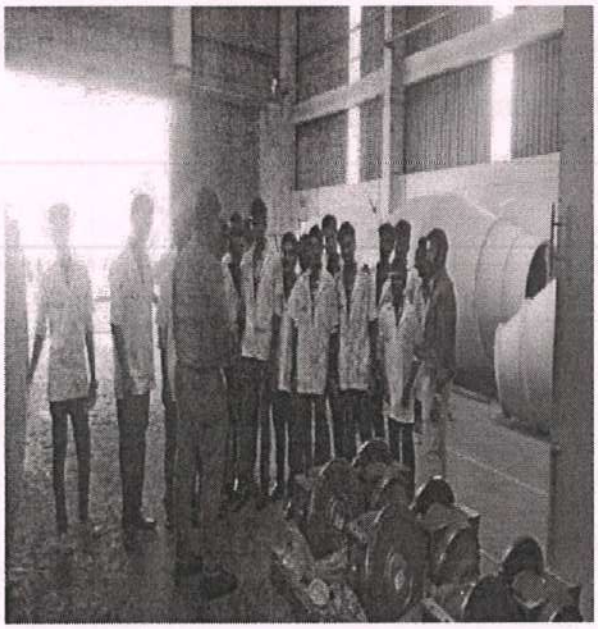

- As Electronics & Communication Engineering, Students learnt about the Electronic Automation Process. That helps in building a Concrete Pump done at SCHWING STETTER.
- Students learnt about German Based construction Technology in the Indian concrete pumping industry such as SP8800 concrete pumps, CP 30 Batching plants and the 10 M3 Truck mixers which became synonymous within the RMC industry.
- **Students gained the knowledge about Concrete Mixer process step by step with the demonstration.**
- **Helped the students to understand the importance of interdisciplinary nature of present and futuristic product design.**
- **A systematic approach of product design makes the students to bring aspects of engineering and technical features, commercial importance, safety features, eco-friendliness, ergonomics, aesthetics etc into the real time and need of the hour product.**

Student Review:

 BENIL RICHARD	We gained more knowledge about concrete mixer step by step with the demonstration. This help us to learn new technology
 GOWRI POOJA S	This visit helps to learn more about the electronic automation process. We got new idea to make projects using automation system
 JAGANDISAN S	Industrial person explained about, German Based construction Technology in the Indian concrete pumping industry. We learnt Automation and control system used in the real practical application.

Dear Sir,

Sub: Seeking Permission to Visit your esteemed Industry

Greetings from Jeppiaar Institute of Technology

Jeppiaar Remibai Educational Trust, established Jeppiaar Institute of Technology in 2011which is approved by AICTE and affiliated to the Anna University, Chennai. At present, the college offers five courses in Mechanical Engineering, Electronics and Communication Engineering, Electrical and Electronics Engineering, Computer Science and Engineering and Information Technology.

As a part of our pedagogy, we arrange industrial visits for our students to enrich their knowledge. So in this regard, we kindly request you to grant permission for **Second Year 87 students and 4 staff members from Electronics and Communication Engineering Department** to visit your esteemed organization between 10.09.2018 and 14.09.2018.

Please reply to us at your earliest convenience.

Thanking You

Jay Ushin Ltd

Jay Ushin Ltd., formerly known as Jay Yuhshin, promoted by Minda family in collaboration with U-Shin, Japan, is in the business of manufacturing automotive lock sets, combination switches, cluster switches, heater control lever, panel assembly and door latches.

The Company's geographical segments include Within India and Outside India. The Company offers products in categories, including security system, switches, body parts and others.

Its security system category includes key sets, immobilizer, locksets, keyless entry and remote locking. Its switches category includes panel switches, handle bar, hazard warning, power window, and defogger switches, and stop and back-up lamps. Its body parts category includes central locking, door handles and striker. Its others category includes heater controls panel and fuel units.

The Company has manufacturing units in Gurgaon, Manesar, Jharsa (Haryana), Bhiwadi (Rajasthan), **Sriperumbudur (Tamilnadu)**, Mehsana (Gujarat) and Bengaluru (Karnataka).

DEPARTMENT OF ELECTRONICS AND COMMUNICATION ENGINEERING

REPORT ON INDUSTRIAL VISIT

We the Department of Electronics and Communication Engineering of **II year ECE 'B'** have been provided an opportunity for an Industrial Visit to **JAY USHIN** PVT LTD, (A UNIT OF JPM GROUP), Industrial Sipcot, Mambakkam, Sriperumbudur, Chennai on **10.09.2018.** Divided into 2 groups where Day scholars had FN session and Hostelers had AN session.

ABOUT JAY USHIN PVT LTD

- Headquarter located in Gurgaon next to Maruti Suzuki mother plant.
- More than 25 plants developed throughout India especially two in South India.
- Manufacturers of Key set, Safety door locks, Heater and cooler control knobs by plastic moulding technology.
- Provide business solutions to OEM like Hyundai, Maruti Suzuki, Toyota, Mahindra, Ford, Renault Nissan, Honda, Hero Moto Corp, Suzuki etc.

LEARNINGS

- Products Visited - Key set, Door locks for front and back door, Heater and cooler set, Illuminating knobs.
- As Electronics & Communication Engineering Students we understood the Electronic Automation Process and techniques used for manufacturing complete key set and machines used in plastic moulding etc.

INDUSTRIAL VISIT REPORT

Industry Visited : **JAY USHIN LTD**

Date of Visit : 10.09.2018 & 11.09.2018

Students : 85 Students

III Year B – IV Sem (25 Boys + 16 Girls) – 10.09.2018

III Year A – IV Sem (24 Boys + 20 Girls) – 11.09.2018

Faculty Accompanied : 04 Faculties

10.09.2018
1. Ms.M.Benisha, Assistant Professor, Department of ECE
2. Mr.Joushua Jayasekar, Assistant Professor, Department of ECE

11.09.2018
3. Ms.S.Revathy, Assistant Professor, Department of ECE
4. Mr.V.Yokesh, Assistant Professor, Department of ECE

PRINCIPAL
JEPPIAAR INSTITUTE OF TECHNOLOGY
KUNNAM, SUNGUVARCHATRAM
SRIPERUMBUDUR - 631604

Objectives of the Industrial Visit

- To learn the Design Capabilities, Process Improvements, Productivity and Value of Engineering.
- To gain knowledge about test laboratories in various domain as per the desired standards under strict monitoring controls
- To learn the Electronic Automation Process particularly in Remote Keyless Entry Systems

Strength behind the Visit

- The knowledge and experience gained in the field of Key sets, Switches, Instrument Clusters, Ignition Switches, Relays, Remote Keyless entry systems, Body Parts, Batteries, Sponge Iron, Moulds, and Tools & Dies.
- Students learnt about quality tests as per Japanese & Indian standards before rolling out of the manufacturing plants.
- Helped the students to understand the importance of interdisciplinary nature of present and futuristic product design.
- Students leant about Customer Satisfaction process followed in the company with the quality & timely delivery of products with dedicated team work.

Student Review:

 SHACHINKGURU	This visit was more useful to learn about electronic automation process especially in remote keyless entry system. I would like do the projects in this area because of this visit.
 RAJASINDIYA S	We learnt how the peoples are working as team to complete the process on time and standards followed in the company.
 GOPIKA C A	From this visit we understood the manufacturing of different products in single unit and safety measures followed in the company.

DEPARTMENT OF ELECTRONICS AND COMMUNICATION ENGINEERING

REPORT ON INDUSTRIAL VISIT

We the Department of Electronics and Communication Engineering from **III rd. year** have been delivered the opportunity to visit the **BHARAT HEAVY ELECTRICALS LIMITED** on 11.08.2018 in Ranipet- 632406, Vellore district, Tamil Nadu under the supervision of **Dr RADHIKA**. We have splited into two sets and visited with industrious.

ABOUT BHARATH HEAVY ELECTRICAL LTD

- BHEL is engaged in the design, engineering, manufacturing, testing, servicing of a wide range of products systems and services of the core sectors of the economy.
- The company has established the capability to deliver 20,000 MW p.a. of power equipment to address the growing demand for power generation equipment.

LEARNINGS:

- There we came to know about the machineries they have using for drilling, testing, constructing, etc. The automation technologies were used efficiently as a ECE dept student we have learnt the design of machineries with the calculation of accurate measurements

REPORT ON INDUSTRIAL VISIT

We the students of **JEPPIAAR INSTITUTE OF TECHNOLOGY** studying III-year ECE-'B' went to "BHARAT HEAVY ELECTRICALS LIMITED" (BHEL) - Ranipet for our Industrial visit on 11/08/2018 (Saturday) . We reached the site by 12:00 p.m. We 46 students Split up into 3 batches. We left the industry by 3:30 pm.

ABOUT BHEL:

- BHEL headquarters is currently located in New Delhi,India established in 1964
- They are engaged in the design, engineering, manufacturing, construction, testing, commissioning and servicing of a wide range of products.
- It has a network of 17 manufacturing units, 2 repair units, 4 regional offices, 8 service centres, 8 overseas offices, 15 regional centres, 7 joint

ventures, and infrastructure allowing it to execute more than 150 projects at sites across India and abroad.

- The company has established the capability to deliver 20,000 MW to address the growing demand for power generation equipment.

OBSERVATION:

- They explained boiler manufacturing section and ISRO fuel tank manufacturing section by three senior engineers for 3 three batch of students.
- Development of special electrical machines, like brushless exciters and high frequency motors & generators, HTSC motor.
- Development of microprocessor based, numerical protection systems/relays, for T&D applications and conducts power system stability studies.

Dear Sir,

Sub: Seeking Permission to Visit your esteemed Industry

Greetings from Jeppiaar Institute of Technology

Jeppiaar Remibai Educational Trust, established Jeppiaar Institute of Technology in 2011which is approved by AICTE and affiliated to the Anna University, Chennai. At present, the college offers five courses in Mechanical Engineering, Electronics and Communication Engineering, Electrical and Electronics Engineering, Computer Science and Engineering and Information Technology.

As a part of our pedagogy, we arrange industrial visits for our students to enrich their knowledge. So in this regard, we kindly request you to grant permission for **Third Year 48 students and 2 staff members from Electronics and Communication Engineering Department** to visit your esteemed organization between 10.09.2018 and 14.09.2018.

Please reply to us at your earliest convenience.

Thanking You

Head of the department

Sir,

Sub: PRD – Visit to Industrial Units – Confirmation – Reg.

Ref: Lr. received dt.08.06.2018.

****

We are in receipt of your letter dated: 08.06.18. The group of visitors from your Institution are permitted to visit TPS-I Expn.. only on 12/09/2018. Please advise them to contact the Public Relations Dept.. (Near Nehru Square), Block-2, Neyveli Township – 607 801 at 9..30 A.M.

The visitors/students are requested to bring their **Identity Cards** along with TWO COPIES OF NAME LIST during their visit to Neyveli. In case of foreign students please attach two copy of passport and registration certificate /Residential Permit [RC/RP].From 'A' [Rule 6]issued by BUREAU OF IMMIGRATION M.H.A Govt. of India. Cell Phones with Cameras / Still Cameras / Video Cameras are strictly prohibited inside the Industrial Units.

Thanking you,

Yours faithfully,
for NLC India Ltd.

REPORT ON INDUSTRIAL VISIT

We the Department of Electronics and Communication Engineering of **III Year "ECE- B"** have been granted with an opportunity for an Industrial visit to **NEYVELI LIGNITE CORPORATION LIMITED** Virudhachalam, cuddalore district on 12.09.2018.

ABOUT NLC:

- Production of Electricity through COAL.
- The Total NLC region is split up into two sub-regions as Thermal power station 1 and 2.
- The Total power generated from both the the plants includes 2900MW.

PRINCIPAL
JEPPIAAR INSTITUTE OF TECHNOLOGY
KUNNAM, SUNGUVARCHATRAM
SRIPERUMBUDUR - 631604

S. T. Hema Priya

- NLC involves the use Boilers Imported from Russia.

LEARNINGS:

- Mining of coal resource for the region was explained.
- The water resource and the process of recycling it was explained visually.
- The availability of coal and power production .
- The machineries , steam production, used, water recycling, boilers, cooling towers were visted and the operations were explained.

INDUSTRIAL VISIT REPORT

Industry Visited : **Neyveli Lignite Corporation Thermal Power Station**

Date of Visit : 20.08.2018 & 12.09.2018

Students : 95 Students

III Year A – 05 Sem (23 Boys + 24 Girls) – 20.08.2018

III Year B – 05 Sem (26 Boys + 22 Girls) – 12.09.2018

Faculty Accompanied : 04 Faculties

20.08.2018
1. Mr.Siva, Assistant Professor, Department of ECE
2. Ms.W.Nancy, Assistant Professor, Department of ECE

12.09.2018
3. Ms.Monica, Assistant Professor, Department of ECE
4. Mr.Srihari, Lab Technician, Department of ECE

PRINCIPAL
JEPPIAAR INSTITUTE OF TECHNOLOGY
KUNNAM, SUNGUVARCHATRAM
SRIPERUMBUDUR - 631604

Objectives of the Industrial Visit

- To understand the concept of thermal power generation
- To gain the knowledge about operation and maintenance of the power station.
- To understand the safety of the work crews, frequent repairs on the mechanical and electrical equipment in power station.

Strength behind the Visit

- Helped the students to understand the Boilers, Cooling Towers, Reactors and Cooling Process
- Students gained the knowledge about Generator, power divider, Overload condition, Electric Grid connection in the power station.
- Students learnt about the safety precautions need to follow in power station and operators working for the safety of work crews.
- Importance of thermal expansion plant, power generation from the natural resources was discussed.
- Students understand the heavy voltage lines transmission to the various power stations.
- Apart from thermal power station students gained knowledge about Lignite Mining, Solar / Wind Energy Generation, Coal Mining, Organic/Bio Farming. And Herbal Plantations/Gardens available in NLC.

Student Review:

MONISHA. R

The Industrial Visit to NLC was an interesting experience which gave us lots of knowledge about the natural resources and power generation.

AGHILE.AM

We have seen cooling towers, chimney when entering that thermal power station expansion. Then we have guided by Mr. Krishan who is PRO there. He gave a complete procedure of generating energy. After that we have seen each block and it were explained by him. We have gained more knowledge on boilers and cooling towers also about mining process.

DHANALAKSHMI V

The entire session was handled by the guide Mr. Krishnan, who was untiringly energetic to deliver us, best of his knowledge. The cooling towers and reactors were mind blowing and the cooling process was explained more in detail.

INDUSTRIAL VISIT- REQUISTION FORM

DATE: 08.06.2018

TO

The Deputy General Manager/ PR,
Public Relation Department,
MENT, NLC India Ltd,
Block – 2, Neyveli – 607801.

Dear Sir,

Sub: Seeking Permission to Visit your esteemed Industry

Greetings from Jeppiaar Institute of Technology

Jeppiaar Remibai Educational Trust, established Jeppiaar Institute of Technology in 2011which is approved by AICTE and affiliated to the Anna University, Chennai. At present, the college offers five courses in Mechanical Engineering, Electronics and Communication Engineering, Electrical and Electronics Engineering, Computer Science and Engineering and Information Technology.

As a part of our pedagogy, we arrange industrial visits for our students to enrich their knowledge. So in this regard, we kindly request you to grant permission for **Third Year 47 students and 2 staff members from Electronics and Communication Engineering Department** to visit your esteemed organization between 20.08.2018 and 24.08.2018.

Please reply to us at your earliest convenience.

Thanking You

Head of the department

REPORT ON INDUSTRIAL VISI

We the Department of Electronics and Communication Engineering of **III year ECE'A'** have been provided an opportunity for an Industrial Visit to Neyveli Lignite Corporation Limited Virudhachalam,Cuddalore District on 20.08.2018.

ABOUT NEYVELI LIGNITE CORP LTD

- The plant is equipped with boilers imported from **Soviet Union.**
- NLC operates 2 distinct units Neyveli Thermal Power Station 1and 2.
- The total installed capacity of the corporation is 2990MW

LEARNINGS:

- Learnt the process of coal mining.
- Ash produced from mining is used for production of **Cement.**
- Process of recycling water was explained in detail.

INDUSTRIAL VISIT REPORT

Industry Visited : Bharath Heavy Electrical Ltd, BAP, Ranipet.

Date of Visit : 11.08.2018

Students : 48 Students

III Year B – 05 Sem (26 Boys + 22 Girls)

Faculty Accompanied : 02 Faculties

1. Dr.R.Radhika, Assistant Professor, Department of ECE
2. Mr.Sri Hari, Assistant Professor, Department of ECE

PRINCIPAL
JEPPIAAR INSTITUTE OF TECHNOLOGY
KUNNAM, SUNGUVARCHATRAM,
SRIPERUMBUDUR - 631604

Objectives of the Industrial Visit

- To Learn Manufacturing process of Boiler auxiliary's viz. Electrostatic Precipitators (ESP), Air Pre-Heaters (APH) and Fans.
- To gain the interdisciplinary knowledge about Boiler Auxiliaries Plant (BAP)
- To provide an exposure to students about practical working environment. They also provide students a good opportunity to gain full awareness about industrial practices.

Strength behind the Visit

- Students learnt about State-of-the-art Design facilities, Research and development capabilities, modernized manufacturing facilities with sophisticated Metrology laboratory and NDT facilities to meet the growing demand for Quality power.
- Students gained the knowledge about Steel Chimneys, Gates and Dampers, RO based Desalination (for Industrial and Potable application), Flue Gas Conditioning Systems (FGC), Flue Gas Desulphurization Systems (FGD), Wind Electric Generators (WEG) and Missile Launchers for Defence.
- Students can gain a combined knowledge about both theory and practice.
- Students understand the series of initiatives by BHEL focusing on sustaining growth and profit, asserting leadership in core business sectors, developing people, enhancing digital capabilities and building potentials in new and diversified businesses as well as technologies for sustained growth.
- Students also visited the rocket boosters manufacturing unit. For ISRO most of the booster, Propellant Chambers are manufactured by BHEL.
- Helped the students to understand the importance of interdisciplinary nature of present and futuristic product design.

Student Review:

 ASHIK ALI.L	Industrial person explained about the entire plant, operations, supply, Safety measurements etc., practically we have seen rocket chambers, boilers and so many equipment and manufacturing process.
 MEENAKSHI.M	This visit helps to learn more about Research and development capabilities to meet the growing demand for Quality power. We got interdisciplinary knowledge in one of the leading government organization.
 RAMANATHAN.A.R	We gained more knowledge about Boiler Auxiliaries Plant. BHEL supplies 57% of equipment's to thermal power stations. This gives us more general knowledge about BHEL

Report on IV

We the students of jeppiaar institute of technology studying ECE-B 3rd year had a chance to visit to NEYVELI LIGNITE CORPORATION (NLC), Tamilnadu, India on 13-09-2018. There we were guided by an employee Mr. Krishnan who is PRO there.

ABOUT:

- The Company was incorporated in the year 1956 with the inauguration by the former Prime Minister Pandit Jawaharlal Nehru.
- NLCIL operates four Opencast Lignite Mines of total capacity of 30.6 Million Tonnes Per Annum (MTPA) at Neyveli and Barsingsar, Rajasthan, Five lignite based pithead Thermal Power Stations
- NLCIL has big dreams to become a 20000+ MW company by 2025.

KEY LEARNINGS:

- In NLC we visited thermal power station expansion unit, there they production electricity to provide electricity to nearby states.
- We learnt many details on cooling towers that they using neyveli.
- Also we learnt about boilers ad crushing process of liginte.
- Also by interacting with a people there we came to know how to enter into NLC as an employee.

Dear Sir,

Sub: Seeking Permission to Visit your esteemed Industry

Greetings from Jeppiaar Institute of Technology

Jeppiaar Remibai Educational Trust, established Jeppiaar Institute of Technology in 2011which is approved by AICTE and affiliated to the Anna University, Chennai. At present, the college offers five courses in Mechanical Engineering, Electronics and Communication Engineering, Electrical and Electronics Engineering, Computer Science and Engineering and Information Technology.

As a part of our pedagogy, we arrange industrial visits for our students to enrich their knowledge. So in this regard, we kindly request you to grant permission for **95 students and 4 staff members from Electronics and Communication Engineering department** to visit your esteemed organization between 08.09.2017 and 15.09.2017.

Please reply to us at your earliest convenience.

Thanking You

Head of the department

Respected Sir,

Today (12.09.2017) II ECE students accompanied with four faculties went for industrial visit to "Essilor India Private Limited", Guindy.

Total Students : 95 (ECE A-47, ECE B-48)
Total Present : 90 (ECE A-45, ECE B-45)
Total Absent :(ECE A-2, ECE B-3)
Total Staff : 4

We started from the college campus at 9.00 a.m and reached the company by 10.30 a.m.
Essilor India Private Limited manufactures lenses for spectacles.
The complete process starting from slicing, power fixing, smoothing, advanced protection techniques till fitting in the frame was clearly explained by the technical experts of the company.

Industrial visit was over by 1.30 p.m and we had lunch for next 30 minutes.
By 2.00 p.m day scholars moved from Guindy and hostellers returned back to hostel and reached by 3.15 p.m.

Overall the IV was useful in regard with upgrading knowledge with practical application.

Herewith I have attached photos with this mail for your kind reference sir.

Thanking you sir,

Regards,
Merline.G

REPORT ON INDUSTRIAL VISIT TO ESSILOR INDIA PRIVATE LTD

A visit to the Essilor India Private Limited, Guindy was organized by the college management. All ECE department second year students were taken to it. Our class constituted a group of 45 members accompanied by two faculty members. It was arranged on 12.09.2017. We started from the college premises at 9.00 a.m. and reached the destination by 10.30 a.m.

Essilor India Private Limited manufactures lenses for spectacles.
The resource person was so patient enough to explain the company details and its operation. Essilor was formed in 1972 with the amalgamation of two French companies Essel and Silor. Essilor was created from Essel and Silor, two companies dating back respectively to 1849 and 1931, which dominated the French optical eyewear market in the mid-20th century.

Globally, Essilor operates in around 100 countries. Throughout the World, you'll find over 55,000 employees devoted to improving lives by improving sight.

Essilor is world famous for the Varilux lens, the world's first varifocal, which was invented in 1959. Essilor invests more than 150 million euros in research and development (R&D) every year and employs 550 researchers around the world.

The complete process staring from slicing, power fixing, smoothing, advanced protector techniques till fitting in the frame was clearly explained by the technical experts of the company.

Industrial visit was over by 1.30 p.m and we had lunch for next 30 minutes. Overall the IV was useful in regard with upgrading knowledge with practical application.

We are very thankful to our Management for organizing such an enjoyable and useful visit. We wish that we might have many such visits which help us to have practical exposure to real world

Thanking you.

INDUSTRIAL VISIT REPORT

Industry Visited	**: RETECH SOLUTION PVT LTD.**
Date of Visit	: 11.09.2017
Students	: 46 Students
	III ECE – 46 (26 Boys & 20 Girls)
Faculty Accompanied	: 01 Faculty
	1. Ms.G.M.Abisha Grace, Assistant Professor, Dept of ECE

PRINCIPAL
JEPPIAAR INSTITUTE OF TECHNOLOGY
Jeppiaar Nagar, Kunnam
Sriperumbudur Taluk,
Kanchipuram District - 631 604.

Objectives of the Industrial Visit

- Startup **Retech Projects** which provides service and supports for engineering students in their engineering projects and course internships.
- **Lasers** is created to manufacturing machinery which use laser technology in their core.
- BLDC motor design and development

Strength behind the Visit

- ***3D Printing***

  The creation of a 3D printed object is achieved using additive processes. In an additive process an object is created by laying down successive layers of material until the object is created. Each of these layers be a thinly sliced cross-section of the object.

- ***2D Plotter***

  The advancement of technology, demand for plotter machines in Educational Institutions such like as blind student educational institute, also used for the handicapped and temporary fractured people.

- ***BLDC Motor***

  Understanding the principle and application of high efficiency motors.

  A motor converts supplied electrical energy into mechanical energy. Various types of motors are in common use. Among these, brushless DC motors (BLDC) feature high efficiency and excellent controllability and are widely used in many applications. The BLDC motor has power-saving advantages relative to other motor types.

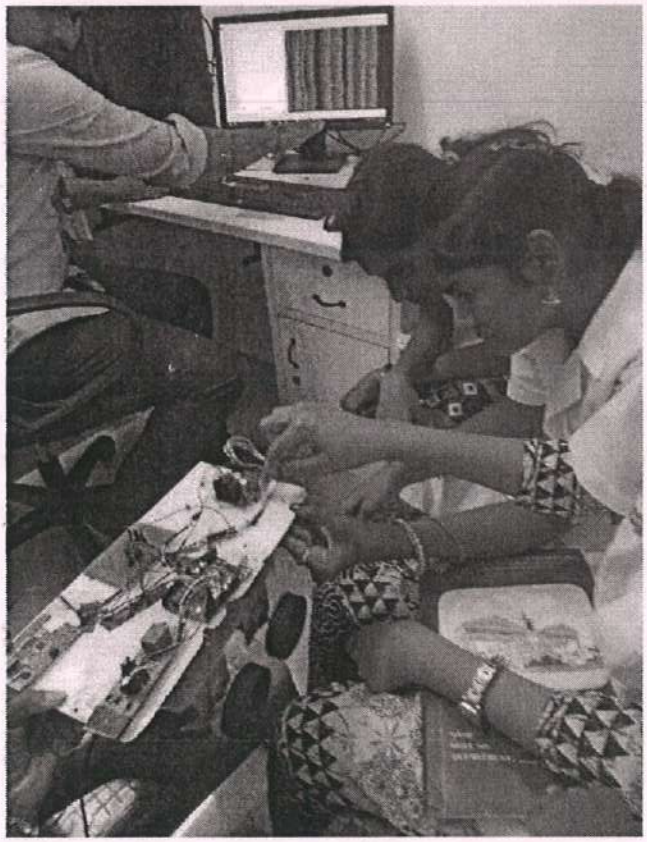

- ***LEAF Motion Sensor***

  Leap Motion Controller uses an infrared scanner and sensor to map and track the human hand. This information is used to create, in real time, a digital version of the hand that can manipulate digital objects.

Students Review

Mr.S.Aravind Babu
III ECE

The theoretical subject learnt way back got reflected in our minds seeing the practical working of a Brushless DC Motor and its real time applications. Hands on experience gained further insight of knowledge with respect to our core domains.

Ms.D.S.Karunnya
III ECE

We learnt some new technologies apart from our curriculum such 3D Printing using microcontroller, 2D plotter and LEAF Motion Sensor. We are really interested to do our upcoming projects in these respective domains as a wholesome product which is the need of the hour for the society.

Mr.V.Praveen Kumar
III ECE

The experts gave us good hands-on experience related to 3D printing, Brushless DC Motor, 2D Plotter and some of the software's that are involved in the industry to design and develop the products. On the whole the visit gives greater knowledge in terms of technical aspects.

INDUSTRIAL VISIT REPORT

Industry Visited : Essilor India Private Ltd

Date of Visit : 12.09.2017

Students : 95 Students

II Year A – 03 Sem (23 Boys + 24 Girls)

II Year B – 03 Sem (26 Boys + 22 Girls)

Faculty Accompanied : 04 Faculties

1. Mr.R.Thandaiah Prabu, Assistant Professor, Department of ECE
2. Ms.G.Merline, Assistant Professor, Department of ECE
3. Ms.S.Revathy, Assistant Professor, Department of ECE
4. Mr.Srihari, Lab Technician, Department of ECE

PRINCIPAL
JEPPIAAR INSTITUTE OF TECHNOLOGY
Jeppiaar Nagar, Kunnam
Sriperumbudur Taluk,
Kanchipuram District - 631 604.

Objectives of the Industrial Visit

- To gain the interdisciplinary knowledge about manufacturing process of Lens for spectacles.
- To learn the research and development process of multinational company particularly for the Varilux lens

Strength behind the Visit

- Students learnt about the electronic automation process to make Lens for spectacles.
- Students gained the knowledge about how to manufacture the lens using slicing, power fixing, smoothing and advanced protector techniques
- Helped the students to understand the importance of interdisciplinary nature of present and futuristic product design.
- A systematic approach of product design makes the students to bring aspects of engineering and technical features, commercial importance, safety features into the real time and need of the hour product.
- Apart from the technical aspects, students learn about the social activities of the company collaborated with Sankara Nethralaya to help the rural peoples.

Student Review:

PRISCILLA.X

The complete process staring from slicing, power fixing, smoothing, advanced protector techniques till fitting in the frame was clearly explained by the technical experts of the company.

KALAIYARASAN.K

This visit helps to learn more about the electronic automation process. We learnt the complete manufacturing process of Lens for spectacles.

LEENA S

We learnt Automation and control system used in the real practical application. Technicians in the company politely explained each process. We learn the team work to make lens for spectacles

REPORT ON INDUSTRIAL VISIT TO SATISH DHAWAN SPACE CENTER, SRIHARIKOTA

Totally 116 students of II year ECE/EEE/IT & CSE of Jeppiaar Institute of Technology visited the ISRO SATHISH DHAWAN SPACE CENTRE. The students were accompanied by eight faculty members from JIT. The facility houses rocket launch pads, museum and space control centers.

The students group started from JIT campus at 04.00 a.m. and reached the ISRO campus at 9.00 a.m. Principals Address: MR.M.BALASHANMUGAM ISRO Rtd., JE addressed the students in a digital conference hall and enlightened them with a welcome speech and explained about ISRO to the students. He shared his experience in ISRO.

Students visited the ISRO and learned about:

- LCC (Launching Control Centre).
- ISTRAC (ISRO Telemetry Tracking and Network centre)
- SLP (Second Launch Pad).
- FLP (First Launch Pad).

Forenoon session, we visited the SPACE MUSEIUM in the same campus. The visit came to an end at 4:30pm it was an informative, interesting and a successful visit. We learnt many new things about the satellite launch. In LCC, we learnt about the computer system used in LCC for launch control.

In ISTRAC, we learnt about the ground stations which located at Bangalore, Lucknow, Mauritius. This ground stations are transmit and receive the TTC (Telemetry, Tracking and Command) through antenna. In SLP and FLP we learnt about how launch pads are working, how the rocket is fixed in that, works of various parts in launching pad.

We feel proud to stand in that place. Many students said, "I want to work in ISRO" due to the inspiration. We express our thanks to the Director who permitted us to go on the visit, the faculty members who accompanied us and the officials who explained the various departments. Behalf the students I request you to arrange more industrial visit for students which can practically train the students.

Thanking you.

PRINCIPAL
JEPPIAAR INSTITUTE OF TECHNOLOGY
Jeppiaar Nagar, Kunnam
Sriperumbudur Taluk,
Kanchipuram District - 631 604.

Objectives of the Industrial Visit

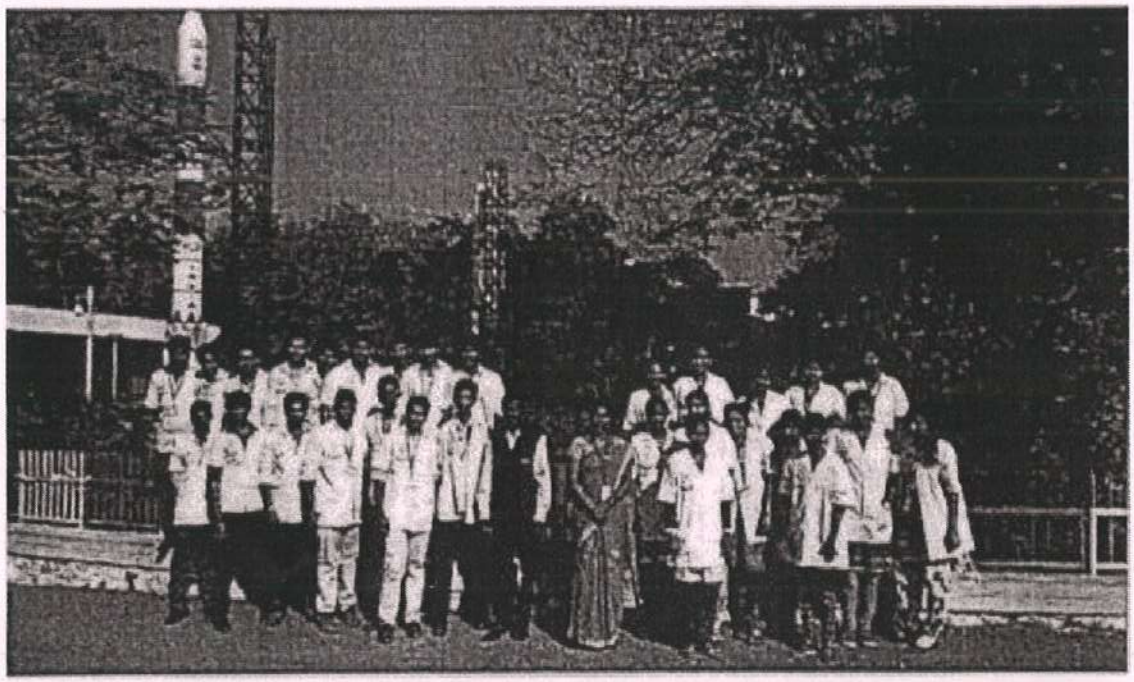

- To gain the interdisciplinary knowledge about Launching Control Center, Telemetry Tracking and Network center and Launch Pads
- To provide an excellent opportunity to interact with Junior Engineers and know more about the ISRO
- To gain more knowledge about space communication and launching pads

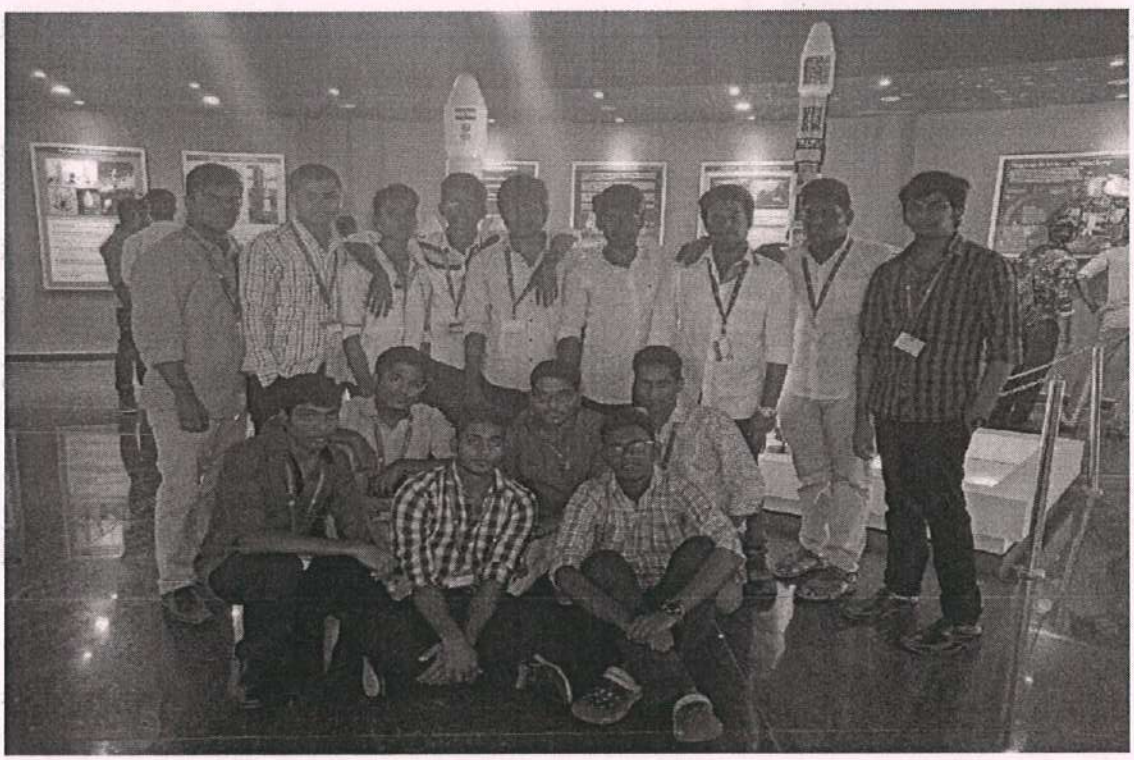

Strength behind the Visit

- Students gained the knowledge about electronic automation process in telemetry tracking and command.
- Students learnt about the different launch pad facilities available in the ISRO.
- Students visited the space museum and learnt about ground station and list of satellite launched by the ISRO.
- Students gained the knowledge about orbital parameters need to consider during the launching.
- Helped the students to understand the launching procedures and launching vehicle available in ISRO.
- Junior Engineer from ISRO explained about the various space segment and earth segments used for the satellite.

REPORT ON INDUSTRIAL VISIT TO CHENNAI PORT TRUST

On receiving the acceptance for visiting the Chennai port on 26.08.2016, all the 90 students on ECE department started our journey at JIT campus by 8.30 am. Our class, ECE- A, containing 45 members went to visit the port. On reaching the port around 10:30 am, a representative of the authority guided us in the entire tour.

This visit was arranged to give an exposure to us about the various operations and import & export procedures. The Chennai Port is an ISPS port i.e. International Ship and Port Facility Security. It has cargo movements from different countries to Chennai and vice versa. All are highly protected cargo. There is a border security force all the time.

The port has full surveillance system (24x7). The presence of bomb squad and other security forces are available at all times. The Port of Chennai has 3 docks:

1. Bharati Dock,
2. Ambedkar Dock and
3. Jawahar Dock.

There is an entrance channel prevalent in Bharati Dock. The dock has 3 types of loading and unloading facility, namely: OIL, jetty, Iron ore berth, Container terminal. There is a container freight station (CFS) where cargo is stuffed for export purposes.

The Ambedkar Dock contains a passenger terminal from Chennai to Andaman. This dock has cars being transferred from Chennai to other places. The ships can handle over 4500-5000 cars at a stretch which can be loaded for travel. And in Jawahar Dock all varieties of grains, fertilizers are transferred. The tug is used for ships that have heavy capacity. There is a pulling tug and a pushing tug. The port is operated 24x7. The ships are halted not by anchoring. The moring crew is responsible for moving the vessel and to berth it. The port is inspected monthly once by the customs officers and section superintendent.

On the whole, the trip was very useful for us. We also learnt about the everyday transaction of goods etc.

Thanking you,

INDUSTRIAL VISIT REPORT

Industry Visited : CHENNAI PORT TRUST

Date of Visit : 26.08.2016

Students : 90 Students

IV Year – 07 Sem (44 Boys + 46 Girls)

Faculty Accompanied : 02 Faculties

1. Ms.V. Amutha, Assistant Professor, Department of ECE
2. Mr.S.Selvin Pradeep Kumar, Assistant Professor, Department of ECE

PRINCIPAL
JEPPIAAR INSTITUTE OF TECHNOLOGY
Jeppiaar Nagar, Kunnam
Sriperumbudur Taluk,
Kanchipuram District - 631 604.

Objectives of the Industrial Visit

- To learn electronics application and source of communication using in seaways.
- To gain exposure in the various operations and import & export procedures.
- To gain the interdisciplinary knowledge about, how goods are being taken into the ships for import and taken out after export.

Strength behind the Visit

- The Port of Chennai has 3 docks: Bharati Dock, Ambedkar Dock and Jawahar Dock.
- Bharati Dock has 3 types of loading and unloading facility, namely: Oil, jetty, Iron ore berth, Container terminal. There is a container freight station (CFS) where cargo is stuffed for export purposes.
- The Ambedkar Dock contains a passenger terminal from Chennai to Andaman. This dock has cars being transferred from Chennai to other places. The ships can handle over 4500-5000 cars at a stretch which can be loaded for travel.
- Jawahar Dock can handle all varieties of grains, fertilizers.
- The tug is used for ships that have heavy capacity. There is a pulling tug and a pushing tug.
- As Electronics & Communication Engineering, Students learnt about the radar communication between the ship and ground station.
- Helped the students to understand the trading and the regular happenings of port.
- Students gained the knowledge about import & export procedures.

Student Review:

FAZLEEN A

The guide gave a brief introduction about the port, construction of the harbor. Later he explained about different docks, namely, Bharathi dock, container dock, Ambedkhar dock, etc. and about the activities happening in the harbor like, loading of crude oils, ores, etc.

MONIKA X

It was an informative, interesting and a successful visit. As a student of Electronics and Communication Engineering we learned a few electronics application and source of communication which are all using in the seaways.

NIHALUDHEEN N

The trip was very useful for us. We learnt about the everyday transaction of goods and operation of port.

Industrial visit arranged for Department/Batch/Year/Section : ECE / 2015 - 2019 / II / 03 Sem

Address of the company to be visited All India Radio, Chennai - 600004.

Program Date, Day & Time : 07.09.2016 (WEDNESDAY) 10 A.M

Distance from the college (approximately) 55 Km

Number of students (boys & girls) : 47 (BOYS - 25 & GIRLS - 22)

Total number of Hostel students (boys & girls) : 18 (BOYS - 7 & GIRLS - 11)

Name of the Teaching Faculties accompanying the students : Mr.K.Arun Kumar & Ms.W.Nancy

Total number of food packets required : 50

Transport arrangement required as per the details given below :

Onward Journey				Return Journey			
Boarding Point	**Departure time**	**Destination**	**Arrival Time**	**Boarding Point**	**Departure Time**	**Destination**	**Arrival Time**

INDUSTRIAL VISTIT REPORT

ALL INDIA RADIO CHENNAI

The department arranged an industrial visit to acquire more practical knowledge and industrial explore.

The second year, fourth semester students (47) and Staff members (6) had visited the All India Radio, Chennai on 07.09.2016.

All the students and staff members are actively participated and acquire technical knowledge through this Industrial Visit.

PRINCIPAL
JEPPIAAR INSTITUTE OF TECHNOLOGY
Jeppiaar Nagar, Kunnam
Sriperumbudur Taluk,
Kanchipuram District - 631 604.

About the All India Radio

As India's National Broadcaster and also the premier Public Service Broadcaster, All India Radio (AIR) has been serving to **inform, educate and entertain** the masses since its inception, truly living up to its motto – 'Bahujan Hitaya : Bahujan Sukhaya'. One of the largest broadcasting organisations in the world in terms of the number of languages of broadcast, the spectrum of socio-economic and cultural diversity it serves, AIR's home service comprises 403 stations today located across the country, reaching nearly 92% of the country's area and 99.19 % of the total population. AIR originates programming in 23 languages and 146 dialects.

About the Visit

The radio station had an enormous compound that was well maintained and well organized. The students were split into two groups and were guided by the professionals who gave us a tour around the station.

PRINCIPAL
JEPPIAAR INSTITUTE OF TECHNOLOGY
Jeppiaar Nagar, Kunnam
Sriperumbudur Taluk,
Kanchipuram District - 631 604.

Each of the recording rooms had a singular purpose and designed specifically for achieving that objective. The students went into the Live Air Room where the Live broadcasting was carried out and they were fortunate to witness the RJ on the anvil, hosting a music show and playing a song too! he most pleasantly told us how the technical handling of the equipment is done and also a bit about the voice modulation technique. Students also saw that the room was connected to the control room from where any alterations were possible. On seeing the demonstration right in front of our eyes, students could quickly relate to what was being said. Students were taken into the Live Music Recording room which had a huge central space with thick carpeting which would facilitate quality recording. There were some classical instruments also and standing and sitting mikes that would be required for capturing the music being played. The recording room was again connected to a separate announcer's room where the RJ would be hosting. The fact that the announcer's room faced right opposite the recording room helped them to co-ordinate better.

Students were also enlightened about the difference between AM and FM transmission. In the case of FM the waves could be trapped by towers that were not really tall so they travel short distance, therefore on reaching certain. Earlier, before the satellite radio was introduced in India, it was a challenging task to transmit waves from the AIR stations. There were innumerable setbacks in delivering the transmission back then but satellite radio revolutionized everything. Some of the recordings were converted from tape to CD so that the ancient recordings were preserved. A separate room was assigned for the purpose and some radio recordings were open for sale on demand. There was a master control room that was responsible for coordinating with all the recordings happening simultaneously and this room had Channel mixers. A room was reserved for editing and a few master computers with software's were kept for continuous editing. The transmission section had huge transistors that received recorded waves from various minor stations all around Chennai areas and also had the control to monitor all that was being broadcasted.

The trip was highly enriching and an opportunity to see all that students study happen in real life.

Subject: Industrial visit from Jeppiaar Institute- Reg
To: M Benisha <benisham@jeppiaarinstitute.org>

Sir,

With reference to your e-mail dated 19.08.2016, permission is hereby conveyed for 90 BE ECE students of your college to visit AIR Chennai on **07.09.2016 at 11.00 AM** under the following conditions:

1. All the persons including the vehicle will be subject to security check at the main gate.
2. The students will be allowed to enter the Studios only in batches.
3. The students must conduct themselves in a disciplined manner without disturbing the transmission and recording works.
4. The personal belongings shall be kept outside and will not be allowed to be carried inside the Studios and AIR will not take any responsibility for their safe custody.
5. On arrival at the gate, the Coordinator may produce this letter to the JRO/Security.

The fee for the visit is Rs.100/- plus service tax @ Rs.14% (Rs.114/-) per student. The payment is to be made through DD drawn in favour of **PRASAR BHARATI** payable at **NEW DELHI.** However, no fee is payable for the staff members accompanying the students. **The attached application form may be filled up and handed over alongwith the D/D on the visiting dates mentioned above.**

Encl : As above.

Yours faithfully,

(Dr.P. SELVA PETER)

INDUSTRIAL VISIT REPORT

Industry Visited : All India Radio, Chennai

Date of Visit : 07.09.2016

Students : 48 Students

II Year – 03 Sem (BOYS - 33 & GIRLS - 15)

Faculty Accompanied : 02 Faculties

1. Ms. Merline G, Assistant Professor, Department of ECE
2. Mr.S.Selvin Pradeep Kumar, Assistant Professor, Department of ECE

PRINCIPAL
JEPPIAAR INSTITUTE OF TECHNOLOGY
Jeppiaar Nagar, Kunnam
Sriperumbudur Taluk,
Kanchipuram District - 631 604.

Objectives of the Industrial Visit

- To acquire more practical knowledge about Air broadcasting services.
- To gain the knowledge about recording room, live air rooms, announcer room and transmission section.
- To understand the concept of AM and FM Broadcasting.

Strength behind the Visit

- As Electronics & Communication Engineering, Students learnt about the Air broadcasting service available in the All India Radio, Chennai. As India's National Broadcaster and also the premier Public Service Broadcaster, All India Radio (AIR) has been serving to inform, educate and entertain the masses since its inception, truly living up to its motto – 'Bahujan Hitaya : Bahujan Sukhaya'.
- Practical knowledge gained in one of the largest broadcasting organization in the world in terms of the number of languages of broadcast, the spectrum of socio-economic and cultural diversity it serves.
- Students gained the knowledge about recording room, live air rooms, announcer room.
- Helped the students to understand the practical knowledge about AM and FM transmission.
- Students understand the operation of master control room and frequency mixing concept practically.
- RJ in radio station demonstrated the Live recording and hosted music for the students

INDUSTRIAL VISIT- REQUISTION FORM

Date: 4.07.2015

TO

Sandeep Kumar Goyal
Director
WeP Solutions,
Banglore-560001

Dear Sir,

Sub: Seeking Permission to Visit your esteemed Industry

Greetings from Jeppiaar Institute of Technology

Jeppiaar Remibai Educational Trust, established Jeppiaar Institute of Technology in 2011which is approved by AICTE and affiliated to the Anna University, Chennai. At present, the college offers five courses in Mechanical Engineering, Electronics and Communication Engineering, Electrical and Electronics Engineering, Computer Science and Engineering and Information Technology.

As a part of our pedagogy, we arrange industrial visits for our students to enrich their knowledge. So in this regard, we kindly request you to grant permission for **Third Year 90 students 2 staff members from Electronics and Communication Engineering Department** to visit your esteemed organization on 9.07.2015.

Please reply to us at your earliest convenience.

Thanking You

Head of the department

INDUSTRIAL VISIT REPORT

Industry Visited : WeP Solutions, Bangalore

Date of Visit : 09.07.2015

Students : 90 Students

III Year – 05 Sem (44 Boys + 46 Girls)

Faculty Accompanied : 02 Faculties

1. Ms. Merline G, Assistant Professor, Department of ECE
2. Mr.S.Selvin Pradeep Kumar, Assistant Professor, Department of ECE

PRINCIPAL
JEPPIAAR INSTITUTE OF TECHNOLOGY
Jeppiaar Nagar, Kunnam
Sriperumbudur Taluk,
Kanchipuram District - 631 604.

Objectives of the Industrial Visit

- To Learn Manufacturing process of Dot Matrix printers, Bluetooth Printer and Billing Machines.
- To understand the Printing Services, Retail Printing Solutions, Digital Services and Solutions
- To gain the interdisciplinary knowledge about printing technology and solutions

Strength behind the Visit

- As Electronics & Communication Engineering, Students learnt about the manufacturing process of Bluetooth Printer and Electronic Billing Machine
- Students learnt about Reducing cost associated with printing and copying, Reducing staff time related to managing and supporting imaging devices, Improving the level of support to end users, Focusing on other business priorities, Contributing to environmental objectives
- Helped the students to understand the importance of interdisciplinary nature of present and futuristic product design.
- Students understood how Aadhar Authentication Agency from UIDAI and as a GST Suvidha provider (GSP) from GSTN worked in digital services and solutions.
- A systematic approach of product design makes the students to bring aspects of engineering and technical features, commercial importance, safety features, eco-friendliness, ergonomics, aesthetics etc into the real time and need of the hour product.

Student Review:

VIGNESH S

We gained more knowledge about Digital services handled by the company and manufacturing process of the printers

LEOBEL FREIDERZ R I

This visit helps to learn new technology. Technical teams explain the role of electronics engineers in their company. Its motivates us for the career development.

FAZLEEN A

Very much useful and more informative. We learn the manufacturing process of printers and billing machines. We have understood the role of software and hardware in the product design.

INDUSTRIAL VISIT REPORT

Industry Visited : BHEL Electronic Division, Bangalore

Date of Visit : 11.07.2015

Students : 90 Students

III Year – 05 Sem (44 Boys + 46 Girls)

Faculty Accompanied : 02 Faculties

1. Ms. Merline G, Assistant Professor, Department of ECE
2. Mr.S.Selvin Pradeep Kumar, Assistant Professor, Department of ECE

PRINCIPAL
JEPPIAAR INSTITUTE OF TECHNOLOGY
Jeppiaar Nagar, Kunnam
Sriperumbudur Taluk,
Kanchipuram District - 631 604.

Objectives of the Industrial Visit

- To gain knowledge about the designing, manufacturing and assembling of the equipment ranging from small bearing to the large turbines and thermal equipment.
- To understand the electronic automation process, semiconductors, Defense Electronics and software solutions.
- To gain the interdisciplinary knowledge about control system department.

Strength behind the Visit

- As Electronics & Communication Engineering, Students learnt about the manufacturing process of semiconductor devices.
- Helped the students to interact with industry persons for gaining practical knowledge.
- Students learnt about the following control system unit available in BHEL

AUTOMATION AND POWER ELECTRONIC SYSTEMS

- Unified Automation for Power Plants (Distributed Control Systems (DCS) for Steam Turbines, Steam Generators and Balance of Plant Systems)
- Gas Turbine Control Systems
- Hydro Power Plant Control Systems
- Excitation Systems
- Industrial Automation
- Sub-station Automation and Supervisory Control and
- Data Acquisition Systems (SCADA)
- DC Drive Systems
- AC Drive Systems
- Power Supplies
- Static Starters
- Traction Drive Systems for locos and Electrical Multiple
- Units (EMUs)
- High Voltage Direct Current (HVDC) Systems
- Flexible AC Transmission Systems (FACTS)
- Custom Power Controllers
- Static VAR Compensation (SVC) Systems
- Controlled Shunt Reactor (CSR)

SEMICONDUCTORS AND PHOTOVOLTAIC SYSTEMS

- Power Semiconductor Devices
- Solar Photovoltaic Cells
- Solar Photovoltaic Modules
- PV Systems:Grid interactive, Hybrid and Standalone PV Power Plants

PRINCIPAL
JEPPIAAR INSTITUTE OF TECHNOLOGY
Jeppiaar Nagar, Kunnam
Sriperumbudur Taluk,
Kanchipuram District - 631 604.

SPACE

- Space Grade Solar Panels
- Space Quality Batteries

DEFENCE ELECTRONICS

- Simfire Tactical Gunnery Simulator
- Infantry Weapon Effects Simulator for Tactical Gunnery training
- Small Arms Training Simulator for Marksmanship Training
- Integrated Platform Management Systems
- Machinery Control Room Simulator
- Training Simulators for vehicles, platforms, radars, weapons,missiles and CBT for all defence and para-military forces
- Weapon Fire Control Systems, Avionics, Radio Communication Products, Electronic Warfare Systems and Early Warning Systems
- Radars and associated Systems

SOFTWARE SYSTEM SOLUTIONS

- Performance Analysis, Diagnostics and Optimisation(PADO)
- Performance Calculation and Optimisation

SERVICES OFFERED

- Harmonic Measurement and Analysis
- System study for Reactive Power Compensation Erection and Commissioning by highly experienced team of Engineers
- In- house expertise for efficient Service- After-Sales
- Assured Supply of Spares
- A highly competent team to respond to Customers' emergency needs
- Total Solutions to Renovation and Modernisation requirements
- Concept to Commissioning solutions for large size
- Solar Power Plants

Student Review:

VIGNESH D

This visit provided a meticulous eagle-eye view and hands-on knowledge about the designing, manufacturing and assembling of the equipment ranging from small bearing to the large turbines and thermal equipment

MANJU KEERTHANA U

We gained practical knowledge and safety measurements followed in the BHEL. Engineers politely cleared our doubts about the manufacturing process

SHRUTHI P

We learnt Automation and control system used in the real practical application. Very big unit to learn control system engineering.

INDUSTRIAL VISIT- REQUISTION FORM

Date: 6.07.2015

TO

Ms. Neela Krishnamoorthy
No 323/C, Hebbal Industrial Area
REI Electronics
Mysore 570018.

Dear Sir,

Sub: Seeking Permission to Visit your esteemed Industry

Greetings from Jeppiaar Institute of Technology

Jeppiaar Remibai Educational Trust, established Jeppiaar Institute of Technology in 2011which is approved by AICTE and affiliated to the Anna University, Chennai. At present, the college offers five courses in Mechanical Engineering, Electronics and Communication Engineering, Electrical and Electronics Engineering, Computer Science and Engineering and Information Technology.

As a part of our pedagogy, we arrange industrial visits for our students to enrich their knowledge. So in this regard, we kindly request you to grant permission for **Third Year 90 students 2 staff members from Electronics and Communication Engineering Department** to visit your esteemed organization on 9.07.2015.

Please reply to us at your earliest convenience.

Thanking You

Head of the department

DEPARTMENT OF ELECTRONICS AND COMMUNICATION ENGINEERING

INDUSTRIAL VISIT REPORT

Industry Visited : REI Electronics & Chamundi Silks - Mysore

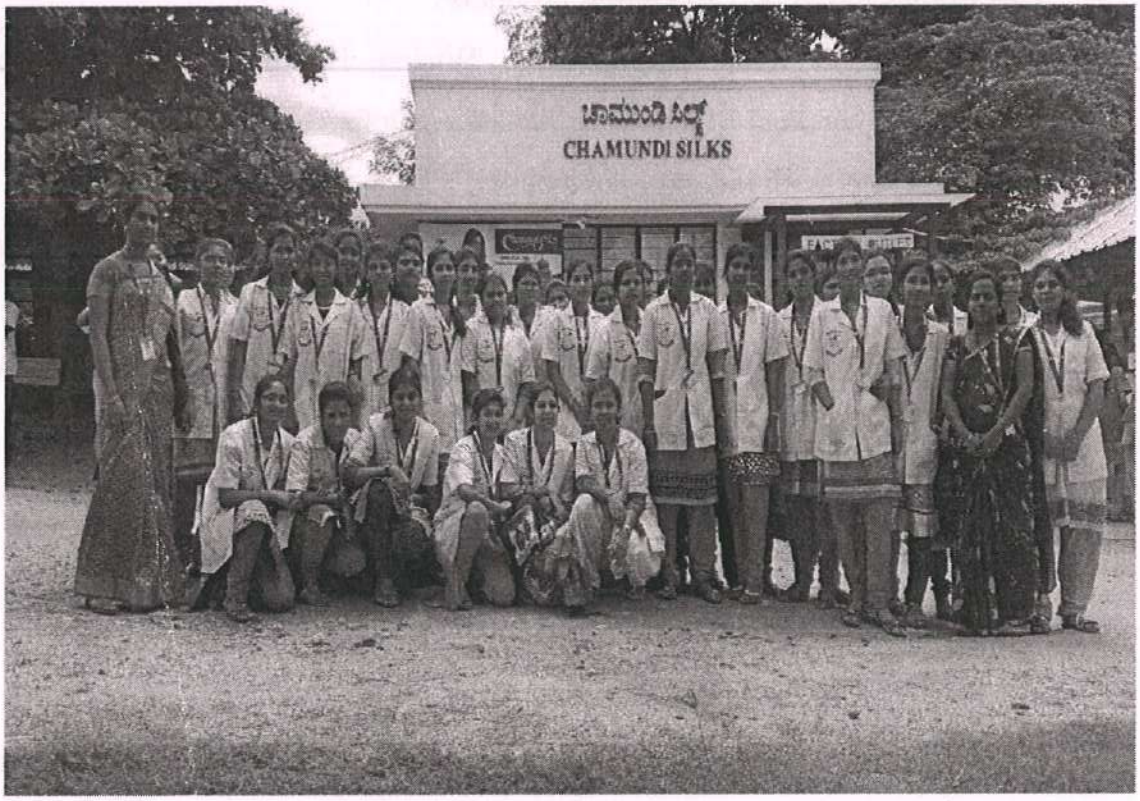

Date of Visit : 09.07.2015

Students : 90 Students

III Year – 05 Sem (44 Boys + 46 Girls)

Faculty Accompanied : 02 Faculties

1. Ms. Merline G, Assistant Professor, Department of ECE
2. Mr.S.Selvin Pradeep Kumar, Assistant Professor, Department of ECE

PRINCIPAL
JEPPIAAR INSTITUTE OF TECHNOLOGY
Jeppiaar Nagar, Kunnam
Sriperumbudur Taluk,
Kanchipuram District - 631 604.

Objectives of the Industrial Visit

- To provide an exposure to students about electronic components manufacturing process.
- To learn about electronic automation process in various industry.
- To provide an excellent opportunity to interact with industries and know more about industrial environment.
- Students can gain a combined knowledge about both theory and practice.

Strength behind the Visit

- Students learn about LED Manufacturing process and Service
- Students gain knowledge about manufacturing process of Printed Circuit Board, LED, Dealers and much more
- To gain knowledge about energy saving solution proposed by the REI Electronics based on LED based products
- Students learnt about Automotive, Wiring Harness, Telecom, Consumer Electronics, Medical Electronics, Aviation, Defence, Power Electronics, HVAC industries, etc. with industry perspective
- Students learnt about electronic automation process facility available in Chamundi silks.
- Students leant about Customer Satisfaction process followed in the company with the quality & timely delivery of products with dedicated team work.
- Helped the students to understand the importance of interdisciplinary nature of present and futuristic product design.

Student Review:

ANANTHI REETA R

This visit helps to understand the manufacturing process of LED, PCB board and energy saving methods.

SOWNDARYA R P

We gained more knowledge about the electronic automation process. We learnt Automation and control system used in the real practical application.

REHAMAD NISHA B

We leant about Customer Satisfaction process followed in the company. We understood the team work effort of quality & timely delivery of products.

INDUSTRIAL VISIT REPORT

Industry Visited	: Ashok Leyland limited Ennore
Date of Visit	: 25.01.2020
Students	: 45 Students III Year
Faculty Accompanied	: 02 Faculties 1. Mr.S. Gejendhiran, Assistant Professor, Dept of MECH 2. Mr. Saravanan, LAB Assistant, Dept of MECH

PRINCIPAL
JEPPIAAR INSTITUTE OF TECHNOLOGY
KUNNAM, SUNGUVARCHATRAM,
SRIPERUMBUDUR - 631604.

Objectives of the Industrial Visit

- *Main aim of Industrial is to provide an exposure to students about practical working environment.*
- *They also provide students a good opportunity to gain full awareness about industrial practices.*
- *Industrial visit give greater clarity about important management concepts, as students practically experience how these concept was related to subjects*

Strength behind the Visit

- We had a great time in the industry watching all the Operations going on. On our one day trip, we had a look at two sections in the industry .

They were:

1. Engine Assembly Section
2. Chassis Assembly Section

- The manufacturing of the engine cylinder block and cylinder head is done in the machine laboratory using CNC and then assembled in the assembly laboratory

Students Review

Mr. SHARAN B

III MECH

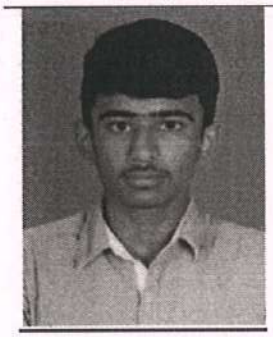

Interaction with Guides and other person from the industry is motivating. Know business skills in a global context encouraging cultural interaction to learn better coordination between various Departments

Mr. VIKASH C B

III MECH

After completing the industrial visit, we have upgraded our knowledge at a very great level.

Mr.SURYA PRAKASH S

III MECH

It was a good learning experience. In each & every department, we got new ideas and new thinking which was very necessary for our Personal development.

INDUSTRIAL VISIT REPORT

Industry Visited	: TVS training and services at Ambattur
Date of Visit	: 13.03.2020
Students	: 41 Students II Year
Faculty Accompanied	: 02 Faculties 1. Mr.N.Mukilarasan, Assistant Professor, Dept of MECH 2. Mr.M.Saravanan, LAB Assistant, Dept of MECH

PRINCIPAL
JEPPIAAR INSTITUTE OF TECHNOLOGY
KUNNAM, SUNGUVARCHATRAM,
SRIPERUMBUDUR - 631604.

Objectives of the Industrial Visit

- *Main aim of Industrial is to provide an exposure to students about practical working environment.*
- *They also provide students a good opportunity to gain full awareness about industrial practices.*
- *Industrial visit give greater clarity about important management concepts, as students practically experience how these concept was related to subjects*

Strength behind the Visit

TVS Training and Services Ltd is a TVS group company that provides training in a variety of domains from automotive and engineering to finance and retail. It sources, trains and ensures employment to its trainees through a wide network of long relationships with top industry partners

List of Domain

Metrology

Fitting Shop

Maintenance Shop

Welding Shop

Conventional Machine Shop

CNC Turning & Milling Chop

PLC, Advanced PLC & SCADA Lab

CAD/CAM Lab

Material Handling Workshop

Mechatronics

Pneumatics & Hydraulics

Additive Manufacturing

Embedded Systems

Automobile Workshop

Dear Sir,
Sub: Seeking Permission to Visit your esteemed Industry

Greetings from Jeppiaar Institute of Technology

Jeppiaar Rembai Educational Trust, established Jeppiaar Institute of Technology in 2011which is approved by AICTE and affiliated to the Anna University, Chennai. At present, the college offers five courses in Mechanical Engineering, Electronics and Communication Engineering, Electrical and Electronics Engineering, Computer Science and Engineering and Information Technology.

As a part of our pedagogy, we arrange industrial visits for our students to enrich their knowledge. So in this regard, we kindly request you to grant permission for **39 students and 3 staff member from Mechanical Engineering department** to visit your esteemed organization on **02.8.2017**.

Please reply to us at your earliest convenience.

Thanking You

MECHANICAL ENGINEERING

INDUSTRIAL VISIT REPORT

Industry Visited	: Central Institute of Plastic Engineering & Technology (CIPET), Guindy, Chennai,
Date of Visit	: 9.08.2017
Students	: 61 Students III Year
Faculty Accompanied	: 04 Faculties

1. Mr.S.Arun, Assistant Professor, Dept of MECH
2. Mr.R.Devanathan, Assistant Professor, Dept of MECH
3. Mr.N.Saravanan, Lab Assiatant, Dept of MECH
4. Mr.M.Saravanan Lab Assiatant, Dept of MECH

Objectives of the Industrial Visit

PRINCIPAL
JEPPIAAR INSTITUTE OF TECHNOLOGY
KUNNAM, SUNGUVARCHATRAM,
SRIPERUMBUDUR - 631604.

- *Main aim of Industrial is to provide an exposure to students about practical working environment.*
- *They also provide students a good opportunity to gain full awareness about industrial practices.*
- *Industrial visit give greater clarity about important management concepts, as students practically experience how these concept was related to subjects*

Strength behind the Visit

Students gained knowledge through practical session on various technologies and advanced machines such as Injection Molding, Semi-Automation Injection molding, Radial Drilling Machine, EDM Machine, Wire Cut EDM, CNC, automatic and semi-automatic milling machine, CNC Milling center etc. Also students were though about the properties, characteristics of various types of thermos plastics and thermos setting plastics and their applications. Finally they had shown us infrastructure of CIPET which includes the tool room and processing of plastics.

The students of III-Year, MECHANICAL DEPARTMENT and two staff members and two technical staff have enjoyed the technical endeavor at both the organizations a lot. The company persons also appreciated our students after the question answer sessions. Visit seems to be very informative and good learning experience

Students Review

Mr. ALEXANDER ANTONY RAJ S

III MECH

We have visited the entire process department. They are using new technologies that helps us to understand about the role of advanced technology in productivity of Manufacturing goods.

Mr. KUMARA SWAMY R

III MECH

They are strictly following quality & safety aspects. It is desirable to review various aspects & sum up the industrial visit.

Mr.G.MANIKANDAN

III MECH

It was a good learning experience. In each & every department, we got new ideas and new thinking which was very necessary for our Personal development.

INDUSTRIAL VISIT REPORT

Industry Visited	: Brakes India pvt.ltd.
Date of Visit	: 20.07.2018
Students	: 70 Students IV Year
Faculty Accompanied	: 01 Faculty 1. Mr.S.Arun, Assistant Professor, Dept of MECH

Objectives of the Industrial Visit

- *Main aim of Industrial is to provide an exposure to students about practical working environment.*
- *They also provide students a good opportunity to gain full awareness about industrial practices.*
- *Industrial visit give greater clarity about important management concepts, as students practically experience how these concept was related to subjects*

Strength behind the Visit

- *Supporting this large infrastructure is Brakes India Private Limited's world class foundry producing over 75,000 tons of iron castings in India and additionally another 36,000 tons in Oman created to support the expanding export requirement.*
- *Brakes India Private Limited, with over 7000 dedicated employees supplying systems and components to global OEM's such as Suzuki, Toyota, Honda, VW, Ford, Nissan Volvo, Daimler, MAN and Indian OEM;s such as TATA and Mahindra, is all set to make it's mark as a world class player in a very competitive market.*

INDUSTRIAL VISIT REPORT

Industry Visited : HP VALVES & FITTINGS INDIA PVT. LTD.,

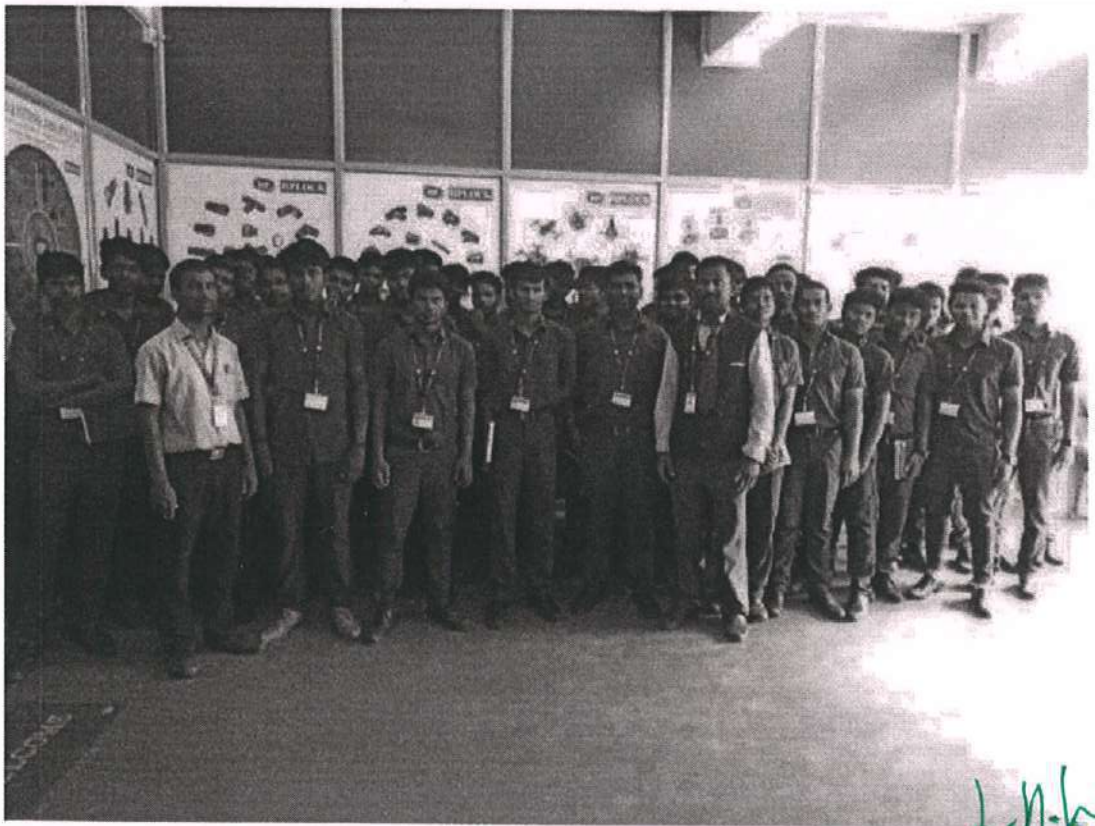

Date of Visit : 27.07.2018

Students : 57 Students

II Year B Section

Faculty Accompanied : 02 Faculties

1. Mr.D.Arunkumaar, Assistant Professor, Dept of MECH
2. Mr. A. B. Jaikrishnamoorthy, Assistant Professor, Dept of MECH

PRINCIPAL
JEPPIAAR INSTITUTE OF TECHNOLOGY
KUNNAM, SUNGUVARCHATRAM,
SRIPERUMBUDUR - 631604.

Objectives of the Industrial Visit

- *Main aim of Industrial is to provide an exposure to students about practical working environment.*
- *They also provide students a good opportunity to gain full awareness about industrial practices.*
- *Industrial visit give greater clarity about important management concepts, as students practically experience how these concept was related to subjects*

Strength behind the Visit

The students are benefited in terms of the technical details provided by the company on an important part of valves and fittings, Quality Policy by Company and Various Career Opportunities in MECHANICAL Industries.

They conducted around 2 to 3 hour seminar sessions which covered the following details:-

The presentation session was conducted by:

1. Mr. John, HR

2. Technical Executives and Employees of organizations

Students gained knowledge through practical session on various technologies and advanced machines such as CNC, automatic and semi-automatic milling machine, CNC Milling center etc. Also students were gained knowledge in the inspection and quality policies formulated in the company.

Dear Sir,

Sub: Seeking Permission to Visit your esteemed Industry

Greetings from Jeppiaar Institute of Technology

Jeppiaar Remibai Educational Trust, established Jeppiaar Institute of Technology in 2011which is approved by AICTE and affiliated to the Anna University, Chennai. At present, the college offers five courses in Mechanical Engineering, Electronics and Communication Engineering, Electrical and Electronics Engineering, Computer Science and Engineering and Information Technology.

As a part of our pedagogy, we arrange industrial visits for our students to enrich their knowledge. So in this regard, we kindly request you to grant permission for **82 students and 2 staff member from Mechanical Engineering department** to visit your esteemed organization on **02.8.2017**.

Please reply to us at your earliest convenience.

Thanking You

Head of the department

Students Review

Mr.K.R.Santhosh

II MECH

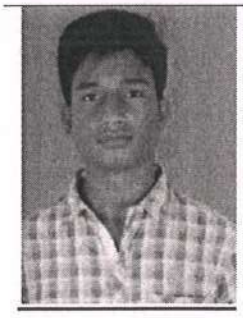

We have visited the entire process department. They are using new technologies that helps us to understand about the role of advanced technology in productivity of Manufacturing goods.

Mr.D.Vimal

II MECH

They are strictly following quality & safety aspects. It is desirable to review various aspects & sum up the industrial visit.

Mr.S.Venkatesh

II MECH

It was a good learning experience. In each & every department, we got new ideas and new thinking which was very necessary for our Personal development.

Objectives of the Industrial Visit

- *Main aim of Industrial is to provide an exposure to students about practical working environment.*
- *They also provide students a good opportunity to gain full awareness about industrial practices.*
- *Industrial visit give greater clarity about important management concepts, as students practically experience how these concept was related to subjects*

Strength behind the Visit

They conducted around 1 hour seminar sessions which covered the following details:-

The presentation session was conducted by:

1) Mr. John santhosh

2) Employees of organizations

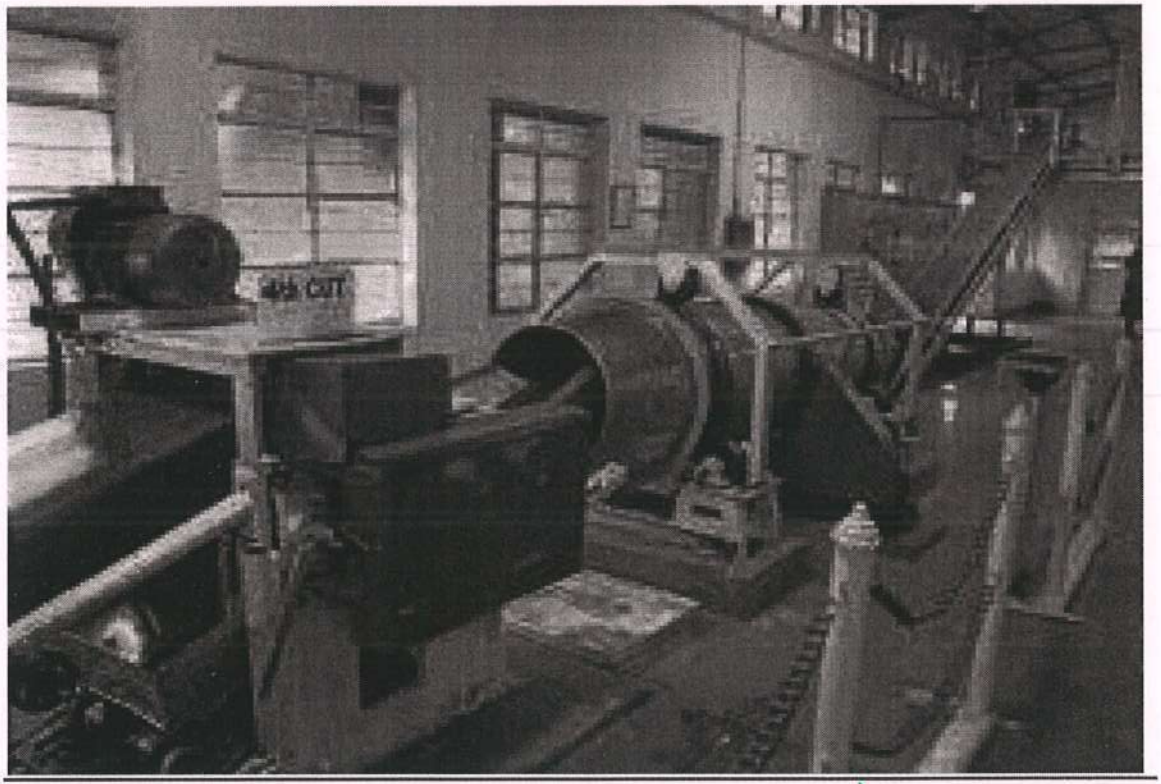

- Product Lifecycle [Product concept, Design, Engineering/Development , Agile Methodology, Maintains & support, Professional service]
- Technology
- Different areas for which Industries works.
- Finally they had shown us infrastructure of company and facility they provide to Company employees.

Students Review

MrAADITHAN.K

III MECH

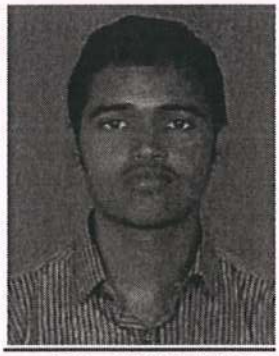

Industrial visit to Tea Factory was a good experience which provided us exposure to the industrial life linking theoretical knowledge and practical.

Mr. ANTO MATHAM S

III MECH

It was a wonderful experience which merged our theoretical learning with the practical skills. Also got idea regarding the instruments currently being used in industries

Mr ,GOWTHAM.N

III MECH

It was a very good experience for me as well as for all other students. A huge bulk of students for industrial visit is impossible but our department made it possible.

Dear Sir/Madam,

JEPPIAAR INSTITUTE OF TECHNOLOGY is one of the most reputed Engineering institution in Tamil Nadu and known for its excellent record in academics and co-curricular activities. The college offers bachelor degree course in **Mech, ECE, CSE, IT and EEE**. The state of the art facilities and competent faculty, provides an excellent environment for the all-round development of the students.

As a part of the curriculum, the students are required to undertake Industrial visits to a few industries of repute. We feel it will be fruitful that the students with academic background and glimpse of the industry knowledge will have a better appreciation towards practical applications of theory.

With the above background, we would like to send a batch of about **55 students of II Year CSE and 42 students of II Year IT** accompanied by **4** staff members to visit your esteem industry on **13.12.2019(Friday).**

Batch1: II year CSE Students(Total Strength:55)

Time:10:30 AM

Staff : Mr.S.Deepan, Ms.S.Sudha Mercy

Batch2:II year IT Students(Total Strength:42)

INDUSTRIAL VISIT- REQUISTION FORM

DATE: 02.03.2020

To

Manager,

Infosys,

Mahindra World City,

Thirutheri,

Tamil Nadu 603002.

Dear Sir,

Sub: Seeking Permission to Visit your esteemed company

Greetings from Jeppiaar Institute of Technology

Jeppiaar Remibai Educational Trust, established Jeppiaar Institute of Technology in 2011 which is approved by AICTE and affiliated to the Anna University, Chennai. At present, the college offers five courses in Mechanical Engineering, Electronics and Communication Engineering, Electrical and Electronics Engineering, Computer Science and Engineering and Technology. We also conduct the value added programs to enrich students knowledge apart from the curriculum.

As a part of our pedagogy, we arrange industrial visits for our students to explore their knowledge level to identify and work towards industrial needs. So, in this regard, we kindly request you to grant permission for **42 students and 2 Faculty members from Information Technology department** to visit your esteemed organization.

Please reply to us at your earliest convenience.

Thanking You

Head of the department
(Dr. P. Latha)

Principal

Dear Professor,

We are confirming I.V. for 45 students on 5th Mar. Please send me updated list, not more than 45. Remaining students, we can plan for some other slot in coming week.

PFA guidelines for I.V. Please read and inform the same to student participants.

Thanks & Regards,
Roy Arnold

Students are strictly informed to abide to all the rules and restrictions mentioned below.

- Students are expected to maintain highest level of professional behavior. This is a company premises and we will have employees (including people from other countries) so any non- professional behavior will cause a bad image to your College and the company
- Do not walk on the lawns.
- Do not use the cycles that are present in the campus. **They are only for Employee Use**.
- Do not take photographs when you are inside the campus. Please understand you are here to gain some knowledge and not to fill your memory cards.
- When you are in lunch or snacks break, ensure that you follow a queue and do not make the eating place messy.
- Everybody is expected to dispose the food plates in the respective bins placed.
- Always ensure that your College ID card is on display. You can be asked to show your ID card at any time by security personnel.
- You are in the premises of a corporate company and it is strictly not allowed to talk loud in foul language or pass on comments on employees or comment on students like you from other colleges.
- For any doubts or issues make sure that you contact your room in-charge or any Spark Volunteer or any security personnel
- When you are in Campus Tour you are expected to be in Line with the volunteers and not get deviated on your own routes as students found loitering around the campus without proper assistance will be answerable to the security and can cause security issues

Any violation from the above mentioned rules and if the security or employees of the company or the infoscions accompanying you feel that any student is behavior is not proper, the college will be immediately asked to leave the campus and your college surely gets a black mark within Infosys and it can even lead to a stage where the college will be black listed.

Do's:

1. **Please take lunch outside of Infosys and come to Infosys Gate # 1 by 2.00 PM.**
2. Security Process will take 30mins (max), Hence, plan your arrival accordingly. After that security people will guide you to the program venue.

You are here to gain knowledge on what exactly is corporate and professional life is. so shoot all your doubts to the infoscions whom you are meeting and get your doubts cleared.

- This one day is surely going to be a day of fun filled learning with some high levels of interaction, so make use of it.
- You have doubts on how and what a corporate life is and the challenges in IT industry; you will not get a better place to clear your doubts.
- This is surely not your daily college class room; we are not going to talk about subjects here. But this is something interesting and informative.
- Want to know about Infosys? Where else you will ask when you are not asking inside Infosys.

There will be certain rules and restrictions that you will be expected to follow when you are in Infosys premises, we request you to follow the same as that will help us in smooth execution of the one-day event and make sure that we create a SPARK in you when you return back to college.

INDUSTRIAL VISIT REPORT

Industry Visited	: Infosys Mahindra World City, Thirutheri, Tamil Nadu.
Date of Visit	: 05.03.2020
Students	: 42 Students II Year – IV Sem (29 Boys + 13 Girls)
Faculty Accompanied	: 02 Faculties 1. Ms. Daya Mary Mathew, AP, Dept of IT 2. Mr. N. Prabhakaran, AP, Dept of IT

Industrial Visit on 05-03-2020

Purpose of the Industrial Visit

PRINCIPAL
JEPPIAAR INSTITUTE OF TECHNOLOGY
KUNNAM, SUNGUVARCHATRAM,
SRIPERUMBUDUR - 631604.

To provide an exposure to students about practical working environment and to gain awareness about industrial practices.

To understand the importance of internships, online courses, and other additional skills to be learnt while doing the course

To gain knowledge about recent skills, industry standards and research domains,

To enrich knowledge of the students about getting a job after undertaking an industrial visit.

Strength behind the Visit

Infosys is one the leading Technological Giants in the IT Industry. The students were able to witness first-hand the work culture and environment in the company. Trainers from the company briefed the students on the life after campus, trainings provided at Infosys, the current trends and technologies used.

Students got exposure to robotic process automation and gain the knowledge in the area of Micro Processors, Artificial Intelligence, Machine learning etc.

Students Review

 Mr. EBINASER - III - IT	First of all, on behalf of the IT dept students, we would thank our Director for giving this great opportunity to visit Infosys Mahindra City. This visit served as an eye opener for many of us and will be very helpful for us when we decide to take decisions for placement next year.
 MADHUSREE- III IT	They provide very good training for selected individuals. Their training and infrastructure are known nationwide where we can mingle with people from all over the country. For me, the most important takeaway was to be ready to move out of my comfort zone and to grab opportunities.

Subject: Requesting Industrial Visit-Reg

Respected Sir,

Very Good Morning sir,

PRINCIPAL
JEPPIAAR INSTITUTE OF TECHNOLOGY
KUNNAM, SUNGUVARCHATRAM,
SRIPERUMBUDUR - 631604.

We Jeppiaar Remibai Educational Trust, established Jeppiaar Institute of Technology in 2011, to provide futuristic technical education with the perspective of innovative social and industrial application for the betterment of humanity. Jeppiaar Educational Trust that began to promote technical education in 1987, with more than 25 years of experience in administrating several educational institutions endorses the establishment under the leadership of **DR. N. Marie Wilson,** the Director of the institution. Since the launch, Jeppiaar Institute of Technology propels relentlessly towards fulfilling its vision. Jeppiaar Institute of Technology is the first institution in India to establish a laboratory with the incorporation of 'Innovative Cloud Computing Technology'. Presently, the college offers five popular professional under-graduate engineering programs namely B.E. Computer Science and Engineering, B.E. Electronics and Communication Engineering, B.E. Electrical and Electronics Engineering, B.Tech Information Technology and B.E. Mechanical Engineering.

As part of the curriculum, our students have to visit leading industrial houses for gaining practical exposure with reference to **Mr.Manikandan (Admin Department).** It could be an immense benefit to have our Second-year **Information Technology** students strength of 45 in number accompanied by 2 Faculty members to visit your premises on **13.07.2018(Friday).** Kindly looking your positive reply.

Regards,

S.Neelakandan M.E.,(Ph.D),MISTE.,
Assistant Professor,

INDUSTRIAL VISIT REPORT

Industry Visited	**: HP Valves India**
Date of Visit	**: 13-07-2018**
Students	**: 46 Students**
	II Year – 03 Sem (27 Boys + 19 Girls)Faculty
Accompanied	**: 02 Faculties**
	Mr. S. Neelakandan, AP, Dept. of IT
	Ms. C.J. Kavithapriya , AP, Dept. of IT

Industrial Visit on 13-07-2018

PRINCIPAL
JEPPIAAR INSTITUTE OF TECHNOLOGY
KUNNAM, SUNGUVARCHATRAM,
SRIPERUMBUDUR - 631604.

Purpose of the Industrial Visit

To provide an exposure to students about practical working environment and to gain awareness about industrial practices.

To gain knowledge about recent skills, industry standards and research domains.

To interact the students with actual industry personals.

To make them aware of the industrial procedures required to enter in any company

To prepare the students for the selection of carrier path in different departments of industry

Strength behind the Visit

Honorable Provost from HP Valves India has approved the industrial visit and encouraged the faculty and management for organizing such activities for the benefit of students. The subject expertise has interacted with the students and encouraged students the importance of the visit to industries to experience the actual working environment and the processes. The production Head has also suggested the industrial visit for students will be helpful to face theinterviews. All the faculty members of Information Technology department supported this tour for the betterment of students.

STUDENTS FEEDBACK

GNANA HARISH N

I would like to thank our beloved Director Sir, Dr. Marie Wilson, Our Principal Dr. L.M Merlin Livingston and all faculty members of IT department for given this opportunity to visit HP valves. It was quite interesting to learn how precise these simple parts are made, how the parts are manufactured, produced, inspected and shipped. And it was very useful to know about the details of the HP valves .This industrial visit was helped us to acquire knowledge about how this industrial working process and learned to implement how the business process is going on.

Dear Sir,

Sub: Seeking Permission to Visit your esteemed Industry

Greetings from Jeppiaar Institute of Technology

Jeppiaar Remibai Educational Trust, established Jeppiaar Institute of Technology in 2011 which is approved by AICTE and affiliated to the Anna University, Chennai. At present, the college offers five courses in Mechanical Engineering, Electronics and Communication Engineering, Electrical and Electronics Engineering, Computer Science and Engineering and Technology. We also conduct the value added programs to enrich students knowledge apart from the curriculum.

As a part of our pedagogy, we arrange industrial visits for our students to explore their knowledge level to identify and work towards industrial needs. So in this regard, we kindly request you to grant permission for **46 students and 2 Faculty members from Information Technology department** to visit your esteemed organization.

Please reply to us at your earliest convenience.

.Thanking You

Head of the department

Industrial Visit on 25-07-2018

PRINCIPAL
JEPPIAAR INSTITUTE OF TECHNOLOGY
KUNNAM, SUNGUVARCHATRAM,
SRIPERUMBUDUR - 631604.

Purpose of the Industrial Visit

Industry visits help enhance interpersonal skills and communication techniques.
Students become more aware of industry practices and regulations during industry visits.
Industry visits broaden the outlook of students with exposure to different workforces from different industries.
Industry visits bridge the gap between theoretical training and practical learning in a real-life environment.

Strength behind the Visit

NLC International is a multi-level marketing company that offers products and services in a variety of areas, including wireless, electricity, consumer products, health care insurance, and financial services. Students gained knowledge through practical session on various technologies and advanced machines. Students gained more information about inspection and quality policies formulated in the company.

Students Feedback

LEEKHA SREE.G

Here I would like to thank our beloved Director Sir, Our Principal and all faculties of IT Department for providing this great opportunity to visit Neyveli Lignite Corporation. Industrial visit is a part of professional courses, during which we visit companies and get insight of the internal working environment of the company. We learned about the network switching control of counter measures the values to find. Industry visits makes all of us gain practical challenges that organization face to protection.

INDUSTRIAL VISIT REPORT

Industry Visited : **DELL-GLOBAL SUPPLY CHAIN OPERATIONS**

Date of Visit : **24-08-2018**

Students : **52 Students**

III Year – 05 Sem (25 Boys + 27 Girls)

Faculty Accompanied : **02 Faculties**

1. **Mr. S.Neelakanda, AP, Dept. of IT**
2. **Ms J. Sangeetha , Dept. of IT**

Industrial Visit on 24-08-2018

PRINCIPAL
JEPPIAAR INSTITUTE OF TECHNOLOGY
KUNNAM, SUNGUVARCHATRAM,
SRIPERUMBUDUR - 631604.

Purpose of the Industrial Visit

To provide an exposure to students about internship, working environment and to gain awareness about industrial training.

To interact the students with actual industry personnel.

To make them aware of the industrial procedures required to enter in multinational company

To prepare the students for the selection of carrier path in different departments of industry.

The knowledge and experience gained can facilitate innovative projects by students and teachers.

A systematic approach of product design makes the students to bring aspects of engineering and technical features, commercial importance, safety features, etc into the real time and need of the hour product.

Strength behind the Visit

Ms. Muthu Kamatchi, Specialist business operation of production department interacted with students and explained about the production and storage place of equipment's. Dell Technologies helps organizations and individuals build a brighter digital tomorrow. The production Head suggested about the internship for students, networking opportunities and industry needs. They provide career development planning, soft skill, training developmental workshops. All the faculty members of Information Technology department supported this tour for the betterment of students.

STUDENTS FEEDBACK

FELIX JEROLDIN B

We would like to thank beloved our Director Sir, Dr. Marie Wilson, our principal Dr. L.M Merlin Livingston and all faculty members of IT department for this opportunity to visit DELL-Global supply chain operations. We were welcomed by company head engineer Ms. Muthu Kamatchi, explained about the production process. We interacted with Production team and gathered information about internship, industry needs which will be helpful for future career. We have learned about network installation and storage memory and disc drive.

Purpose of the Industrial Visit

Industrial visit is to provide students insight regarding internal working of companies.
Theoretical knowledge is not enough for making a good professional career, with an aim to go beyond academics, industrial visits provide students a practical perspective on the world of work.
Industrial visits provide an excellent opportunity for the students to interact with industries and know more about industrial environment.

Strength behind the Visit

KKM Soft Pvt Ltd in Ekkaduthangal, Chennai has been offering professional training to students. It specialises and is well-known for training students as well as working professionals in accounting, web designing, programming languages, hardware and networking. It is run and managed by a seasoned professionals who leads a team of educators and trainers having relevant domain expertise. At this institution, one can get trained in the subject of their choice by opting from a wide range of courses. These easy-to-follow courses are primarily aimed at students, working professionals as well as IT professionals who want to enhance their knowledge and further their career prospects. Students got exposure in the recent trends and industrial needs and the importance of web designing tools, programming languages, hardware and networking.

Students Feedback

MOHAN RAM KUMAR

Good place to learn in a practical way. We learnt about real time projects. Thank you so much for giving us the opportunity to explore more, be more fearless, and adapt to change better in visiting the KKM Soft Company. The Support you do for us allows to continue and pursue my passions.

INDUSTRIAL VISIT- REQUISTION FORM

DATE: 05.08.2017

To

The Public Relations Officer,

North Chennai Thermal Power Plant - Stage 1,

Athipatu, Chennai, Tamil Nadu – 600120

Dear Sir,

Sub: Seeking permission to visit your esteemed industry

Greetings from Jeppiaar Institute of Technology

Jeppiaar Remibai Educational Trust, established Jeppiaar Institute of Technology in 2011 which is approved by AICTE and affiliated to the Anna University, Chennai. At present, the college offers five courses in Mechanical Engineering, Electronics and Communication Engineering, Electrical and Electronics Engineering, Computer Science and Engineering and Information Technology.

As a part of our pedagogy, we arrange industrial visits for our students to enrich their knowledge. So in this regard, we kindly request you to grant permission for 54 **students and 2 staff members from Information Technology department** to visit your esteemed organization on **13.09.2017**.

Please reply to us at your earliest convenience.

.

Thanking You

INDUSTRIAL VISIT REPORT

Industry Visited	**: North Chennai Thermal Power Plant**
Date of Visit	**: 13.09.2017**
Students	**: 52 Students**
	II Year – 03 Sem (25 Boys + 27 Girls)Faculty
Accompanied	**: 02 Faculties**
	1. Ms. Kavithapriya . C.J, AP, Dept of S&H
	2. Ms. Grace Winsolin. T, AP, Dept of IT

Industrial Visit on **13.09.2017**

Purpose of the Industrial Visit

PRINCIPAL
JEPPIAAR INSTITUTE OF TECHNOLOGY
KUNNAM, SUNGUVARCHATRAM,
SRIPERUMBUDUR - 631604.

Industrial visits provide an excellent starting point to achieve practical knowledge.

Students will observe and learn on however theoretical ideas are placed to into action, thereby aiding their practical learning.

Students are exposed to real working atmosphere and shown however things are done in an organization.

Industrial visits generate excitement among students as they get an opportunity to learn something outside the boundary of their college walls. Thus, it adds to a source of amusement additionally.

Strength behind the Visit

A thermal power station works on the principle that heat is released by burning fuel which produces (working fluid) from water. The steam so produced runs the turbine coupled to generator which produces electrical energy. All the faculty members of Computer Science and Engineering department supported this tour for the betterment of students.

STUDENTS FEEDBACK

Here I woould like to thank our Director sir, principal mam, all IT faculty for giving this opportunity to visit Thermal power station. We gained knowledge about how electric energy is produced. They are using new technologies that helps us to understand about the role of advanced technology in productivity.

Industrial Visit on 09-03-2018

PRINCIPAL
JEPPIAAR INSTITUTE OF TECHNOLOGY
KUNNAM, SUNGUVARCHATRAM,
SRIPERUMBUDUR - 631604.

Purpose of the Industrial Visit

Educational trip helps students enhance interpersonal and communication skills.

Interacting with the experts and knowing how they become successful in the industry is valuable.

Students become more aware of the industry's rules and regulations.

Visiting industry broadens their outlook and they learn how a single work can be done with different effective approaches. They will learn about the current trends and the future scenario of the industry.

Strength behind the Visit

NLC India Limited (formerly Neyveli Lignite Corporation Limited) (NLC) is a company in the fossil fuel mining sector in India and thermal power generation. All the faculty members of IT department supported this visit for the betterment of students.

STUDENTS FEEDBACK

KAUSHIK
DAYABAR B

We thank our Director and faculties for this opportunity to visit Neyveli Lignite Corporation. We have visited the entire productivity department. How new technologies used that helps us to understand about the role of advanced productivity of manufacturing goods

To

General Manager,

CDAC,

Bangalore.

Dear Sir,

Sub: Seeking Permission to Visit your esteemed Industry

Greetings from Jeppiaar Institute of Technology

Jeppiaar Remibai Educational Trust, established Jeppiaar Institute of Technology in 2011 which is approved by AICTE and affiliated to the Anna University, Chennai. At present, the college offers five courses in Mechanical Engineering, Electronics and Communication Engineering, Electrical and Electronics Engineering, Computer Science and Engineering and Technology. We also conduct the value added programs to enrich student's knowledge apart from the curriculum.

As a part of our pedagogy, we arrange industrial visits for our students to explore their knowledge level to identify and work towards industrial needs. So in this regard, we kindly request you to grant permission for **33 students and 2 Faculty members from Information Technology department** to visit your esteemed organization.

Please reply to us at your earliest convenience.

Thanking You

INDUSTRIAL VISIT REPORT

Industry Visited	: CDAC (Center for development of Advanced Computing) Bangalore
Date of Visit	: **08**.07.2016 – 12.07.2016
Students	: 33 Students IV Year – 07Sem (12 Boys + 21 Girls)
Faculty Accompanied	: 01 Faculties 1. Mr.R.Annamalai, AP, Dept of IT

Industrial Visit on **08**.07.2016 – 12.07.2016

PRINCIPAL
JEPPIAAR INSTITUTE OF TECHNOLOGY
KUNNAM, SUNGUVARCHATRAM,
SRIPERUMBUDUR - 631604.

Purpose of the Industrial Visit

Industrial visit is to provide students insight regarding internal working of companies.
Theoretical knowledge is not enough for making a good professional career, with an aim to go beyond academics; industrial visits provide students a practical perspective on the world of work.
Industrial visits provide an excellent opportunity for the students to interact with industries and know more about industrial environment.

Strength behind the Visit

C-DAC's Education and Training programmes are aimed at creating skilled manpower in the country by providing quality training programmes in the field of Electronics and ICT. This activity started almost two decades ago with a humble beginning of training about 20 students per year, but has today grown to an extent of training more than 5000 students per year. It also grew from just one training centre to about 50 training centres across India and has even made its presence in several countries abroad. In addition to conducting wide range of training programmes in the areas of Information, Communication and Electronics technologies, C-DAC also develops ICT tools and technologies for modern methods of imparting education and training to masses. The Education and Training activities of C-DAC are governed and steered by Academic Council (AC) and Academic Management Committee (AMC).
Awareness on C-DAC various training programmes through its own training centres in Bengaluru, Chennai, Hyderabad, Kolkata, Mohali, Mumbai, Noida, Pune and Thiruvananthapuram, and its network of Authorised Training Centres (ATC).

Industrial visits offer a great source to gain practical knowledge. Students can observe and learn as to how theoretical concepts are put to into action, thereby aiding their practical learning. Students are exposed to real working environment and shown how things are done in an organization. From the details about the management to the targets they achieve, everything is covered in these visits. All the faculty members of Computer Science and Engineering department supported this tour for the betterment of students.

Industrial visits provide an excellent opportunity for the students to interact with industries and know more about industrial environment.

Strength behind the Visit

, Chennai has been offering professional training to students. It specialises and is well-known for training students as well as working professionals in accounting, web designing, programming languages, hardware and networking. It is run and managed by a seasoned professionals who leads a team of educators and trainers having relevant domain expertise. At this institution, one can get trained in the subject of their choice by opting from a wide range of courses. These easy-to-follow courses are primarily aimed at students, working professionals as well as IT professionals who want to enhance their knowledge and further their career prospects. Students got exposure in the recent trends and industrial needs and the importance of web designing tools, programming languages, hardware and networking.

Students Feedback

Good place to learn in a practical way. We learnt about real time projects. Thank you so much for giving us the opportunity to explore more, be more fearless, and adapt to change better in visiting the Infosys Software Company. The Support you do for us allows to continue and pursue my passions.

INDUSTRIAL VISIT REPORT

Industry Visited	: Lenovo (India) Pvt Ltd Puducherry.
Date of Visit	: 12.08.2016
Students	: 22 Students II Year – 04Sem (10 Boys + 12 Girls)
Faculty Accompanied	: 02 Faculty 1. Ms.S.Ancy , AP, Dept of IT 2. Mr. Veerangan V. , AP, Dept of IT

Industrial Visit on 12-08-2016

PRINCIPAL
JEPPIAAR INSTITUTE OF TECHNOLOGY
KUNNAM, SUNGUVARCHATRAM,
SRIPERUMBUDUR - 631604.

Purpose of the Industrial Visit

To provide an exposure to students about working environment and to gain awareness about industrial practices.

To interact the students with actual industry personals.

To make them aware of the industrial procedures required to enter in any company

To prepare the students for the selection of carrier path in different departments of industry

To enrich knowledge of the students about getting a job after undertaking an industrial visit.

Strength behind the Visit

Lenovo has been paving the path with innovative methodologies for teaching networking courses. It trains more than 10,000 students every year by way of internship training and workshops. They share hardware and software equipment. Gained information about certification courses.

Students Review

LOKESH KUMAR. R

Industrial visit was very helpful, we gained more information about certification courses and internship details.

INDUSTRIAL VISIT REPORT

Industry Visited	: Sathish Dhawan Space Center SHAR Sriharikota.
Date of Visit	: 07.02.2017
Students	: 22 Students II Year – 04Sem (10 Boys + 12 Girls)
Faculty Accompanied	: 01 Faculties 1. Ms.Grace Winsolin .T AP, Dept of IT.

Industrial Visit on 07-02-2017

PRINCIPAL
JEPPIAAR INSTITUTE OF TECHNOLOGY
KUNNAM, SUNGUVARCHATRAM,
SRIPERUMBUDUR - 631604.

Purpose of the Industrial Visit

To provide one of the tactical methods of teaching.

To provide an excellent opportunity to interact with industries and know more about industrial environment.

To provide relationship with companies that helps to gain a good job in future after having an industrial visit.

To gain a combined knowledge about both theory and practical.

Strength behind the Visit

Industrial experts from Sathish Dhawan Space Center have approved the industrial visit and encouraged the committee for organizing activities for the benefit of students. The company currently has a mining capacity of 24 million tone (85% tied with electricity boards, 15% given to various states) of lignite, which is used to fuel its 2,490 MW of power generating capacity. Gained information about technical replacement and reproduction process.

Students Review

We thank our director and faculties for this opportunity to visit Sathish Dhawan Space Center. The day was very useful. We learned about satellite communication, remote sensing satellite and disaster management tools.

Subject: Industrial Visit on 7th Jan : Reg.

<<BCC Intentional : All Confirmed College SPoCs>>

Dear Professor,

As already informed we are organizing industrial visit on 7th Jan 2017. This program is organized by HR team of Infosys. And we have accepted your nominations. Request you to send the student details (not more than 50 students) **on or before tomorrow EoD** in following format.

S.No.	Reg. No.	Student Name	Gender	Dept	Year / Sem	Email-id	Mobile

Also share the faculty list in following format (1 faculty per 15 students):

S.No.	Faculty Name	Dept	Designation	Gender	Email-id	Mobile

These information mandatory for us to get security clearance in our campus.

PFB program information:

Program Date : 7th Jan 2017, Saturday
Program Duration : ½ Day
Reporting Time : 8.45 AM
Start Time : 9.00 AM
Closing Time : 12.30 PM

Program Agenda :
Address by Infosys Thought Leadership – 45 Mins.
Interaction with Infosys Thought Leadership – 60 Mins.
Campus Tour – 30 Mins.

Pl. Note : Infosys won't provide accommodation, breakfast and lunch. However, you can bring your breakfast and lunch. Or you may buy in our Food Courts. In that case please let us know your plan so as to inform our facilities team accordingly.

In case of any query please reach us or please contact:
Sudheev Divakaran : 8220041653 : Sudheev_Divakaran@infosys.com

Thanks & Regards,
Roy Arnold

INDUSTRIAL VISIT REPORT

Industry Visited	: CDAC (Center for development of Advanced Computing) Bangalore
Date of Visit	: 10.07.2015
Students	: 33 Students III Year – 05Sem (12 Boys + 21 Girls)
Faculty Accompanied	: 01 Faculties 1. Mr.R.Annamalai, AP, Dept of IT

Industrial Visit on 10-07-2015

PRINCIPAL
JEPPIAAR INSTITUTE OF TECHNOLOGY
KUNNAM, SUNGUVARCHATRAM,
SRIPERUMBUDUR - 631604.

Purpose of the Industrial Visit

Industrial visit is to provide students insight regarding internal working of companies.

Theoretical knowledge is not enough for making a good professional career, with an aim to go beyond academics; industrial visits provide students a practical perspective on the world of work.

Industrial visits provide an excellent opportunity for the students to interact with industries and know more about industrial environment.

Strength behind the Visit

C-DAC's Education and Training programmes are aimed at creating skilled manpower in the country by providing quality training programmes in the field of Electronics and ICT. This activity started almost two decades ago with a humble beginning of training about 20 students per year, but has today grown to an extent of training more than 5000 students per year. It also grew from just one training centre to about 50 training centres across India and has even made its presence in several countries abroad. In addition to conducting wide range of training programmes in the areas of Information, Communication and Electronics technologies, C-DAC also develops ICT tools and technologies for modern methods of imparting education and training to masses. The Education and Training activities of C-DAC are governed and steered by Academic Council (AC) and Academic Management Committee (AMC).

Awareness on C-DAC various training programmes through its own training centres in Bengaluru, Chennai, Hyderabad, Kolkata, Mohali, Mumbai, Noida, Pune and Thiruvananthapuram, and its network of Authorised Training Centres (ATC).

Industrial visits offer a great source to gain practical knowledge. Students can observe and learn as to how theoretical concepts are put to into action, thereby aiding their practical learning. Students are exposed to real working environment and shown how things are done in an organization. From the details about the management to the targets they achieve, everything is covered in these visits. All the faculty members of Computer Science and Engineering department supported this tour for the betterment of students.

Academic Year 2015-2016 (ODD Semester)

INDUSTRIAL VISIT DETAILS

Industrial visit arranged for

Department/Batch/Year/Section : B.Tech Information Technology/2013-2017/III

Address of the company to be visited : Neyveli Lignite Corporation Limited
: Neyveli Township, Neyveli - 607801

Program Date, Day & Time :24/08/2015

Distance from the college (approximately) : 250kms

Number of students (boys & girls) :12+21=33

Total number of Hostel students (boys & girls) :4+5=9

Name of the Teaching Faculties accompanying the students : Mr. R. Annamalai, Ms. C.J. Kavithapriya

Total number of food packets required :35

Transport arrangement required as per the details given below : Yes

INDUSTRIAL VISIT REPORT

Industry Visited	: Neyveli Lignite Corporation
Date of Visit	: 24.08.2015
Students	: 33 Students III Year – 05 Sem (12 Boys + 21 Girls)
Faculty Accompanied	: 02 Faculty 1. Mr. R. Annamalai, AP, Dept of IT 2. Ms. C.J. Kavithapriya , AP, Dept of S&H

Industrial Visit on 24-08-2015

PRINCIPAL
JEPPIAAR INSTITUTE OF TECHNOLOGY
KUNNAM, SUNGUVARCHATRAM,
SRIPERUMBUDUR - 631604.

Purpose of the Industrial Visit

Educational trip helps students enhance interpersonal and communication skills.

Interacting with the experts and knowing how they become successful in the industry is valuable.

Students become more aware of the industry's rules and regulations.

Visiting industry broadens their outlook and they learn how a single work can be done with different effective approaches. They will learn about the current trends and the future scenario of the industry.

All the faculty members of Computer Science and Engineering department supported this visit for the betterment of students.

Strength behind the Visit

NLC India Limited (formerly Neyveli Lignite Corporation Limited) (NLC) is a company in the fossil fuel mining sector in India and thermal power generation.

The main activity of NLC India is Mining - Coal & Lignite and Power Generation - Thermal and Renewable Energy.

NLC India at present has four open cast lignite mines namely mine I, Mine II, Mine IA and Barsingsar Mine. The lignite mined out is used as fuel to the linked Pit head power stations. Also raw lignite is being sold to small scale industries to use it as fuel in their production activities. In this Industrial Visit Mine – 1 is visited and NLC resource person explained the process and workflow of how diversifying into coal based power generation and generation from renewable energy sources like Solar and Wind.

Students Review

SARVESH KUMAR. P

We thank our Director and department faculties for this opportunity to visit Neyveli Lignite Corporation. We have visited the Mine – I Thermal plant and resource person explain about the process of power generation from renewable energy sources like solar and wind.

TO

THE HR MANAGER,

Sigma Forging & Forming Pvt. Ltd.

Plot No.H10, Vallam Vadagal Sipcot Industrial Park ,

Sriperumpudur- 631604

Dear Sir,

Sub: Seeking Permission to Visit your esteemed Industry

Greetings from Jeppiaar Institute of Technology

Jeppiaar Remibai Educational Trust, established Jeppiaar Institute of Technology in 2011 which is approved by AICTE and affiliated to the Anna University, Chennai. At present, the college offers five courses in Mechanical Engineering, Electronics and Communication Engineering, Electrical and Electronics Engineering, Computer Science and Engineering and Information Technology.

As a part of our pedagogy, we arrange industrial visits for our students to enrich their knowledge. So in this regard, we kindly request you to grant permission for 42 **students and 2 staff members from Electrical and Electronics Engineering and Electronics and communication Engineering department** to visit your esteemed organization on **26.07.2019**.

Please reply to us at your earliest convenience.

.

Thanking You

Head of the department

Subject: RE: Requisition towards IV-Reg.

Dear Sir,

We are pleased to confirm the Industrial Visit on 26.07.19 from 9:30 AM to 2:00 PM.

1. The students and Faculty can contact our Main Gate Security and make one single visitor Pass after reaching our plant.
2. Mobile phones of Students are not allowed inside and Photography inside the plant is also strictly prohibited.
3. The students should be in formal dress with Shoes.
4. We will have an introduction and company presentation with a Question Answer session followed by tea.
5. The team will be divided into two or three groups and our HR representatives will guide them and take them for a plant tour.

Thanks & regards,
Srinivasan.C

INDUSTRIAL VISIT REPORT

Industry Visited : SIGMA FORGING & FORMING PVT. LTD., SRIPERUMBUDHUR

Date of Visit : 26.07.2019

Students : 89 Students

I Year – I Sem

ECE & EEE (BOYS - 54 & GIRLS - 35)

Faculty Accompanied : 01 Faculty

1. Ms.J.Arokiamary, Assistant Professor, Department of Mathematics

PRINCIPAL
JEPPIAAR INSTITUTE OF TECHNOLOGY
Jeppiaar Nagar, Kunnam
Sriperumbudur Taluk,
Kanchipuram District - 631 604.

Objectives of the Industrial Visit

- To learn the use of super header technology to achieve single-micron accuracy.
- Use of molding technology to achieve near net shape process capability.
- Development of functional products using various molding technology.
- To Design, simulate, visualize, and manage products. Autodesk solutions help at every stage of the product development process by streamlining workflows and collaboration between multidisciplinary teams
- To understand the concept of Environment friendly Technology

Strength behind the Visit

- It lets student to know things practically through interaction, working methods and employment practices
- Acquired knowledge about designing solutions that bring together technologies various fields of Engineering.
- Positive contribution and outcomes towards the society and surrounding.
- Got exposure in working process, Manufacturing Unit, supply chain

INDUSTRIAL VISIT REPORT

Industry Visited : TECHNO PARK MANAGEMENT SERVICES INDIA PVT. LTD., SRIPERUMBUDHUR

Date of Visit : 26.07.2019

Students : 45 Students

I Year – I Sem

MECHANICAL (BOYS - 43 & GIRLS - 02)

Faculty Accompanied : 02 Faculties

1. Dr. V.Kannan, Professor, Department of Physics
2. Mr.M.Ranjith kumar, Assistant Professor, Department of Mathematics

PRINCIPAL
JEPPIAAR INSTITUTE OF TECHNOLOGY
Jeppiaar Nagar, Kunnam
Sriperumbudur Taluk,
Kanchipuram District - 631 604.

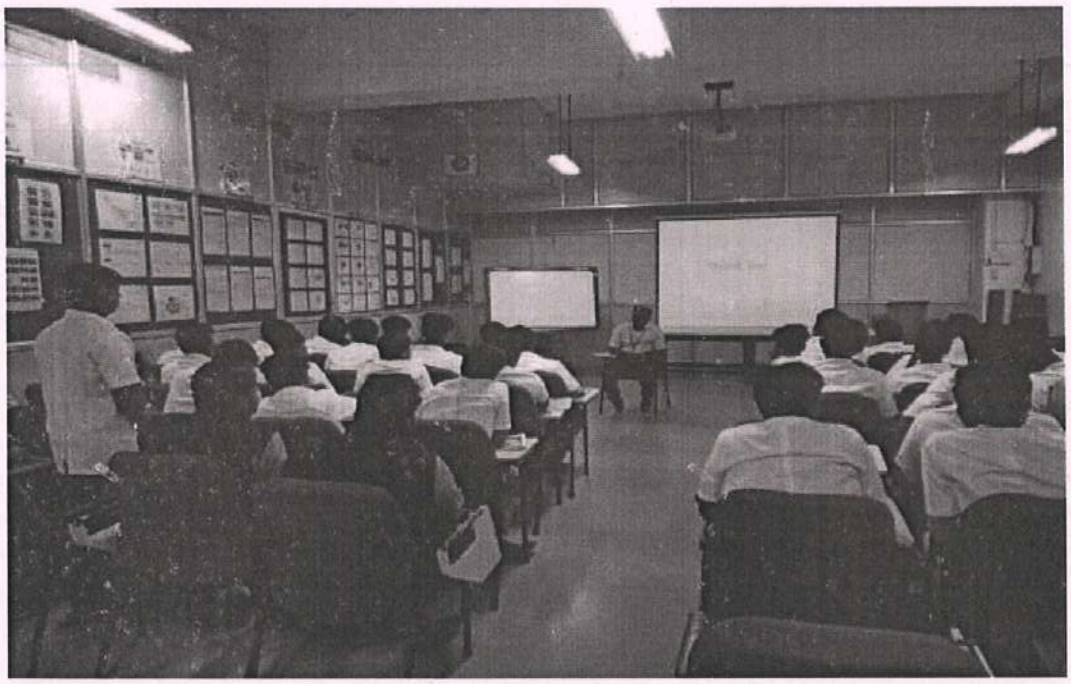

Objectives of the Industrial Visit

- To learn the manufacturing activities mainly for motorcycle manufacturers.
- To Design, simulate, visualize, and manage products. Autodesk solutions help at every stage of the product development process by streamlining workflows and collaboration between multidisciplinary teams
- To understand the concept of Environment friendly Technology

Strength behind the Visit

- To know things practically through interaction, working methods and employment practices
- Positive contribution and outcomes towards the society and surrounding.
- Got exposure in working process, Manufacturing Unit, supply chain

Kanchipuram District - 631 604.

Student Review:

BALAMURUGAN P

We Learned about Automotive markets and Toyota Tsusho's emphasis on devoting its energy to on-site initiatives.

TRANEO J S

This visit helps to understand the use of the Company's manufacturing specialties

TITIAN T

We learned that, Company how it provides hard elements (provision of land, factories, and infrastructure) that come packaged with a wide range of soft elements (administration and accounting support)

INDUSTRIAL VISIT- REQUISTION FORM

DATE: 10.09.2018

TO

The Vice President,
Mitsubishi Heavy Industries India Precision Tools Ltd,
NO:2, Sipcot Industrial Complex,
Ranipet – 632403.

Dear Sir,

Sub: Seeking Permission to Visit your esteemed Industry

Greetings from Jeppiaar Institute of Technology

Jeppiaar Remibai Educational Trust, established Jeppiaar Institute of Technology in 2011which is approved by AICTE and affiliated to the Anna University, Chennai. At present, the college offers five courses in Mechanical Engineering, Electronics and Communication Engineering, Electrical and Electronics Engineering, Computer Science and Engineering and Information Technology.

As a part of our pedagogy, we arrange industrial visits for our students to enrich their knowledge. So in this regard, we kindly request you to grant permission for **First Year 50 students and 2 staff members from Electronics and Communication & Electrical and Electronics Engineering Department** to visit your esteemed organization between 24.09.2018 and 28.09.2018.

Please reply to us at your earliest convenience.

Thanking You

Head of the department

Jeppiaar Nagar, Kunnam
Sriperumbudur Taluk,
Kanchipuram District - 631 604.

Objectives of the Industrial Visit

- To learn the manufacturing process of Gear Cutting Tools and Broaches in India with latest Technology.
- To design products that are easy to manufacture, efficient and become part of users themselves.
- To learn the Design Capabilities, Process Improvements, Productivity and Value of Engineering.

Strength behind the Visit

- Acquired knowledge about Gear Hobs, Gear Shapping Cutters, Gear Shaving Cutters, Master gears, Broaches Mitsubishi Heavy Industries India Precision Tools Limited
- Students Learnt about the Robotic Process Automation of latest Drycut technology in Gear Cutting Tool.
- Helped the students to understand the importance of interdisciplinary nature of present and futuristic product design.
- Got exposure in working process, Manufacturing Unit, supply chain, Marketing, distribution and operation of the multinational company.

INDUSTRIAL VISIT REPORT

Industry Visited : MOTHERSON AUTOMATIVE TECHNOLOGIES & ENGINEERING, KANCHEEPURAM

Date of Visit : 26.11.2018

Students : 51 Students

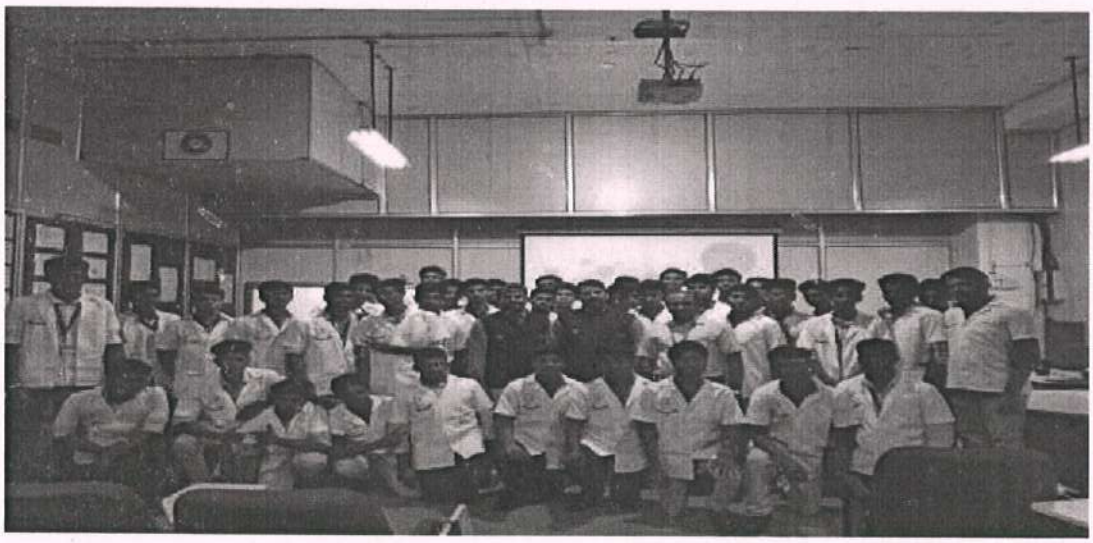

I Year – I Sem

Mechanical (BOYS - 51)

Faculty Accompanied : 02 Faculties

1.Mr.G.Mahendranath, Assistant Professor, Department of English

2.Mr.M.Ranjithkumar , Assistant Professor, Department of Mathematics

PRINCIPAL
JEPPIAAR INSTITUTE OF TECHNOLOGY
Jeppiaar Nagar, Kunnam
Sriperumbudur Taluk,
Kanchipuram District - 631 604.

Objectives of the Industrial Visit

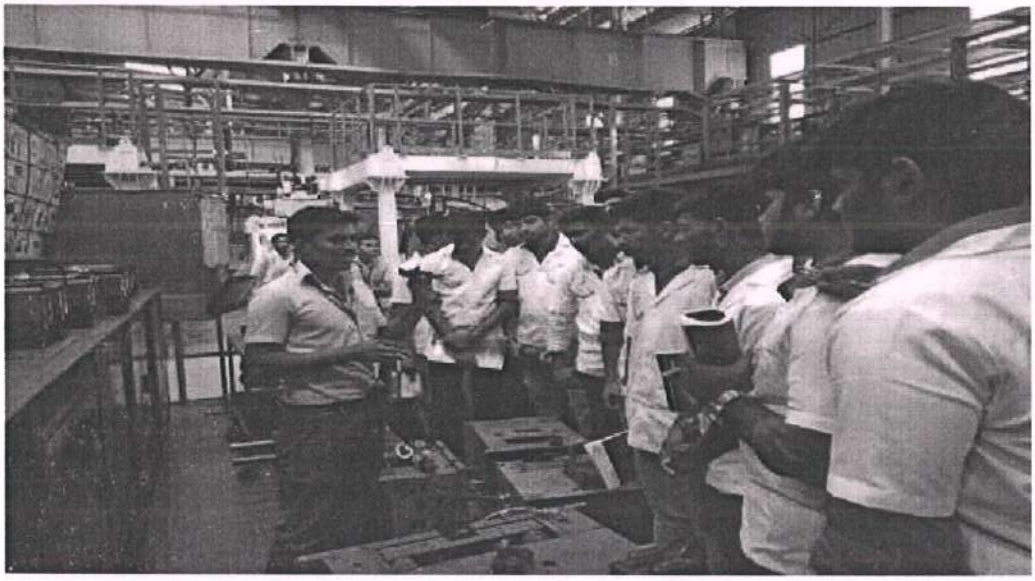

- To learn about the Equipment and Fabrications of the company
- To Design, simulate, visualize, and manage products. Autodesk solutions help at every stage of the product development process by streamlining workflows and collaboration between multidisciplinary teams
- To understand the large size injection molding, blow molding, compression molding and vacuum forming, which are supported by post molding operations

Strength behind the Visit

- It lets student to know things practically through interaction, working methods and employment practices
- Acquired knowledge about designing solutions that bring together technologies various fields of Engineering.
- It helps to learn the manufacturing and cutting process
- Got exposure in working process and supply chain

Student Review:

HARSHA G

This industrial visit helps to learn about Heating, Ventilation and Air Conditioning Ducts, Engine and Air Intake Ducts, Wind Shield Washer Bottles, Radiator Reservoir Tanks, Plastic Fuel Tanks (2-Wheelers), Resonator/Pipe Air Intake, Arm Rests, Bellows, Body styling Kit- Spoilers.

BHARATH M

We gained knowledge about Pollution prevention and waste minimization programs (developed, implemented, and maintained to eliminate) ,reduce, reuse, recycle, treat, or appropriately dispose waste

JEFRIN J

We learned about Interior/Exterior Trims and parts, Scuff Plates, Auto A.C. Components, Mirror housings, Under bonnet parts, Structured Plastic components, Inside Handles, Body colored painted parts

INDUSTRIAL VISIT- REQUISITION FORM

DATE: 27.03.2019

TO

THE HR MANAGER,

YAMAHA MOTOR INDIA PVT LTD

Plot No : VV1, SIPCOT Industrial Park,

Vallam Vadagal Village,

Sriperumbudur - 602105.

Dear Sir,

Sub: Seeking Permission to Visit your esteemed Industry

Greetings from Jeppiaar Institute of Technology

Jeppiaar Remibai Educational Trust, established Jeppiaar Institute of Technology in 2011 which is approved by AICTE and affiliated to the Anna University, Chennai. At present, the college offers five courses in Mechanical Engineering, Electronics and Communication Engineering, Electrical and Electronics Engineering, Computer Science and Engineering and Information Technology.

As a part of our pedagogy, we arrange industrial visits for our students to enrich their knowledge. So in this regard, we kindly request you to grant permission for 55 **students and 2 staff members from Computer Science and Engineering department** to visit your esteemed organization on **29.03.2019**.

Please reply to us at your earliest convenience.

Thanking You

Head of the department

Objectives of the Industrial Visit

- To learn the Simpler piping design, orthographic drawing production, piping isometric production
- To Design, simulate, visualize, and manage your products digitally. Autodesk solutions help at every stage of the product development process by streamlining workflows and collaboration between multidisciplinary teams
- To learn about the optical and Laser construction tools

Strength behind the Visit

- Acquired knowledge about designing solutions that bring together technologies cutting across various fields of Engineering, Science and IT.
- It helps to learn the sales process automation solution for a product manufacturer bringing the power of cloud, mobility and 3D configurations OR a Defense research facility trying to go beyond off the shelf solution to build better ships / tanks OR a government agency trying to deliver the best services like water, waste management, transportation etc. lasting decades OR an automotive manufacturer trying to squeeze the most out of a high performance hardware to bring their product to market faster OR a Metro Railway operator wanting to manage their rolling stock, implement predictive maintenance, asset optimization, infrastructure utilization and enable smooth operations
- Got exposure in working process, Manufacturing Unit, supply chain

Student Review:

PRADEEP.B.T

This industrial visit helps us to understand the real time applications of Engineering in the society.

MARY CATHERINE R

We gained knowledge about Company services like software based solutions, products and training to the manufacturing, engineering, construction, infrastructure, EPC, automotive and aerospace industry

LEKHA SREE G

We learned that, Automation process is the very important factor in day today life

INDUSTRIAL VISIT REPORT

Industry Visited : GRUNDFOS PUMPS INDIA PVT. LTD., CHENNAI

Date of Visit : 21.10.2017

Students : 57 Students

I Year – I Sem- MECH B (BOYS - 57)

Faculty Accompanied : 01 Faculty

1. Mr. M.Ranjithkumar, Assistant Professor, Department of Mathematics

PRINCIPAL
JEPPIAAR INSTITUTE OF TECHNOLOGY
Jeppiaar Nagar, Kunnam
Sriperumbudur Taluk,
Kanchipuram District - 631 604.

Objectives of the Industrial Visit

- To learn the pump solutions and services for all applications
- To understand the optimization services, Digital Services and Repair services of the company
- To learn the Design Capabilities, Process Improvements, Productivity and Value of Engineering.

Strength behind the Visit

- Acquired knowledge about manufacturing products of the company
- Helped the students to understand the various kinds of pumps productivity.
- Got exposure in working process, Manufacturing Unit, supply chain, distribution and operation of the company.

INDUSTRIAL VISIT- REQUISTION FORM

DATE: 14.11.2017

TO

THE MANAGER,

GLOBAL STRAW PVT LTD.,

IIIrd PALLA STREET, VYASARPADI,

CHENNAI.

Dear Sir,

Sub: Seeking Permission to Visit your esteemed Industry

Greetings from Jeppiaar Institute of Technology

Jeppiaar Remibai Educational Trust, established Jeppiaar Institute of Technology in 2011which is approved by AICTE and affiliated to the Anna University, Chennai. At present, the college offers five courses in Mechanical Engineering, Electronics and Communication Engineering, Electrical and Electronics Engineering, Computer Science and Engineering and Information Technology.

As a part of our pedagogy, we arrange industrial visits for our students to enrich their knowledge. So in this regard, we kindly request you to grant permission for 54 **students and 2 staff members from Mechanical Engineering department A-Section** to visit your esteemed organization on **21.11.2017**.

Please reply to us at your earliest convenience.

Thanking You

Dear Mr. Vijayan,

Greetings from INDIA YAMAHA MOTOR PVT. LTD., CHENNAI !!!

Based on our discussion, I am herewith attaching the basic Rules and regulations for the students visiting...
Kindly brief the same to the students...

Happy to meet you all on **13th April 2018 (Friday)** by **10:00 am** at our factory premises...

Contact Person for your visit : ***Mr. Bravin Kumar R (Mobile. No. +91 98414 08060)***

To know the background of the students, **kindly share the list of students with their Course & specialization.**
Also the participants list other than students would also be helpful.. The visit would be for 3.5 hours approximately. Request you to adhere to the timings.

Do connect with Self or Mr. Bravin for any support.

Note: (Adherence to the Rules & Regulations is applicable)

Warm Regards,

SURENDAR R

INDUSTRIAL VISIT REPORT

Industry Visited : JEPPIAAR STEEL & WATER PLANT, KUNNAM

Date of Visit : 12.10.2016 & 13.10.2016

Students : 328 Students

I Year – I Sem

EEE (BOYS - 31 & GIRLS - 13)
IT (BOYS - 26 & GIRLS - 29)
MECH A (BOYS – 40) & MECH B (BOYS - 41) -12.10.2016

CSE (BOYS - 28 & GIRLS - 25)
ECE-A (BOYS - 24 & GIRLS - 23)
ECE-B (BOYS - 26 & GIRLS - 22) -13.10.2016

Faculty Accompanied : 04 Faculties

12.10.2016
1. Mr.S.Suresh , Assistant Professor, Department of Mathematics
2. Mr.R.Vasanthan, Assistant Professor, Department of English

13.10.2016
3. Mrs.A.Jayanthi, Assistant Professor, Department of Physics
4. Ms. S.Vanitha, Assistant Professor, Department of Physics

PRINCIPAL
JEPPIAAR INSTITUTE OF TECHNOLOGY
Jeppiaar Nagar, Kunnam
Sriperumbudur Taluk,
Kanchipuram District - 631 604.

Objectives of the Industrial Visit

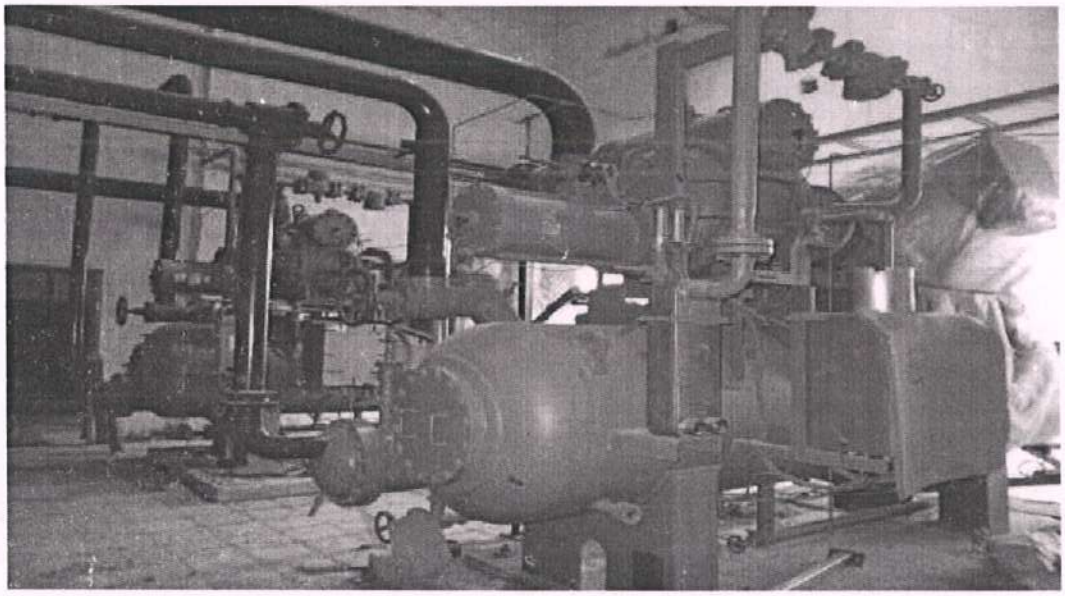

- To learn the manufacturing process of Steel in India with latest Technology.
- To design products that are easy to manufacture, efficient and become part of users themselves.
- To learn the Design Capabilities, Process Improvements, Productivity and Value of Engineering.

Strength behind the Visit

- Acquired knowledge about Steel and Water plant
- Helped the students to understand the various functions of water in plants include: maintaining cell turgidity for structure and growth; transporting nutrients and organic compounds throughout the plant; comprising much of the living protoplasm in the cells; serving as a raw material for various chemical processes, including photosynthesis; and, through transpiration, buffering the plant against wide temperature fluctuations.
- Got exposure in working process, Manufacturing Unit, supply chain, distribution and operation of the company.

Student Review:

JHONSON P

We gain the practical and functional knowledge about each and every part of the machines which is exclusively used for steel plant

ESAI KANI L

As a First Year student, we studied theoretical approach of the company. This visit help us to realize the system optimization of the entire process based on the integration of optimized unit procedures.

SUBASH S

We got exposure in Manufacturing process of interdisciplinary department. Useful to understand the importance of the Organization structure and quality process.

Dear Sir,

Sub: Seeking Permission to Visit your esteemed Industry

Greetings from Jeppiaar Institute of Technology

Jeppiaar Remibai Educational Trust, established Jeppiaar Institute of Technology in 2011which is approved by AICTE and affiliated to the Anna University, Chennai. At present, the college offers five courses in Mechanical Engineering, Electronics and Communication Engineering, Electrical and Electronics Engineering, Computer Science and Engineering and Information Technology.

As a part of our pedagogy, we arrange industrial visits for our students to enrich their knowledge. So in this regard, we kindly request you to grant permission for 44 **students and 2 staff members from Electrical and Electronics Engineering department** to visit your esteemed organization on **10.03.2017**.

Please reply to us at your earliest convenience.

Thanking You

INDUSTRIAL VISIT REPORT

Industry Visited : GRUNDFOS PUMPS INDIA PVT. LTD., CHENNAI

Date of Visit : 10.03.2017

Students : 41 Students

I Year – II Sem- MECH B (BOYS - 41)

Faculty Accompanied : 01 Faculty

1. Mr. M.Ranjithkumar, Assistant Professor, Department of Mathematics

PRINCIPAL
JEPPIAAR INSTITUTE OF TECHNOLOGY
Jeppiaar Nagar, Kunnam
Sriperumbudur Taluk,
Kanchipuram District - 631 604.

Objectives of the Industrial Visit

- To learn the pump solutions and services for all applications
- To understand the optimization services, Digital Services and Repair services of the company
- To learn the Design Capabilities, Process Improvements, Productivity and Value of Engineering.

Strength behind the Visit

- Acquired knowledge about manufacturing products of the company
- Helped the students to understand the various kinds of pumps productivity.
- Got exposure in working process, Manufacturing Unit, supply chain, distribution and operation of the company.

DEPARTMENT OF SCIENCE AND HUMANITIES

INDUSTRIAL VISIT REPORT

Industry Visited : K.K.M SOFT VIRTUAL REALITY, CHENNAI

Date of Visit : 10.03.2017, 13.03.2017, 14.03.2017 & 15.03.2017

Students : 247 Students

I Year – II Sem

EEE (BOYS - 31 & GIRLS - 13)	
IT (BOYS - 26 & GIRLS - 29)	-10.03.2017
CSE (BOYS - 28 & GIRLS - 25)	-13.03.2017
ECE-A (BOYS - 24 & GIRLS - 23)	-14.03.2017
ECE-B (BOYS - 26 & GIRLS - 22)	-15.03.2017

Faculty Accompanied : 04 Faculties

10.03.2017	1. Mr.S Suresh, Assistant Professor, Department of Mathematics
13.03.2017	2. Mr.R.Vasanthan, Associate Professor, Department of English
14.03.2017	3. Mrs.Vidhya, Assistant Professor, Department of English
15.03.2017	4. Mr. Mahendranath, Assistant Professor, Department of English

Objectives of the Industrial Visit

- To learn the Simpler piping design, orthographic drawing production, piping isometric production
- To Design, simulate, visualize, and manage your products digitally. Autodesk solutions help at every stage of the product development process by streamlining workflows and collaboration between multidisciplinary teams
- To learn about the optical and Laser construction tools

Strength behind the Visit

- Acquired knowledge about designing solutions that bring together technologies cutting across various fields of Engineering, Science and IT.
- It helps to learn the sales process automation solution for a product manufacturer bringing the power of cloud, mobility and 3D configurations OR a Defense research facility trying to go beyond off the shelf solution to build better ships / tanks OR a government agency trying to deliver the best services like water, waste management, transportation etc. lasting decades OR an automotive manufacturer trying to squeeze the most out of a high performance hardware to bring their product to market faster OR a Metro Railway operator wanting to manage their rolling stock, implement predictive maintenance, asset optimization, infrastructure utilization and enable smooth operations
- Got exposure in working process, Manufacturing Unit, supply chain

Student Review:

KAVIYA G

We learned about Company services like software based solutions, products and training to the manufacturing, engineering, construction, infrastructure, EPC, automotive and aerospace industry

PREMKUMAR T S

This visit helps us to realize the real time applications of Engineering in the society.

AKSAHYA G

We understood the importance of the automaton process.
