JEPPIAAR INSTITUTE OF TECHNOLOGY

"Self-Belief | Self Discipline | Self Respect

3.4.1 Number of linkages for faculty exchange, students exchange, internship, field trip, on-the-job, training, research, etc during the last five years.

HEI INPUT

ACADEMIC YEAR	2019-2020	2018-2019	2017-2018	2016-2017	2015-2016
COUNT	476	88	114	09	131

S.No	Description	Page Number
1	Index	1-6
2	Data Template	7-103

PRINCIPAL
JEPPIAAR INSTITUTE OF TECHNOLOGY
Jeppiaar Nagar, Kunnam
Sriperumbudur Taluk,
Kanchipuram District - 631 604.

ACADEMIC YEAR 2019-2020

S.No	Name of the partnering institution/ industry /research lab details	Page Number
1	Internshala MoU	104-106
	Internshala certificates	107-138
2	New Horizon MoU	139-143
	New Horizon Certificate	144
3	Guvi MoU	145-146
	Guvi Certificates	147- 256
4	Automation anywhere MoU	257 -264
	Automation anywhere certificates	265-306
5	Aspring mind (AMCAT) MoU	307-309
	Aspring mind (AMCAT) certificates	310-351
6	TECHGIG MoU	352-358
	TECHGIG Certificates	359-364
7	TroonDX MoU	365-370
	TroonDX certificate	371
8	Swayam NPTEL SPOC chapter	372-374
	SPOC NPTEL Certificates	375-445

PRINCIPAL
JEPPIAAR INSTITUTE OF TECHNOLOGY
Jeppiaar Nagar, Kunnam
Sriperumbudur Taluk,
Kanchipuram District - 631 604.

ACADEMIC YEAR 2018-2019

S.No	Name of the partnering institution/ industry /research lab details	Page Number
1	Indo Israel- ITCA Certificates	446-449

INTERNSHALA COLLEGE REGISTRATION AGREEMENT

This Agreement is executed on 24th May 2019 by and between:

Scholiverse Educare Private Limited, having its registered office at B-610, Unitech Business Zone, Nirvana Country, Sector-50, Haryana - 122018, acting through its authorized representative Mr. Samay Bhatnagar, Head, College Relations (hereinafter referred to as "Internshala");

AND

Jeppiaar Institute of Technology (hereinafter referred to as the "College" which expression shall, unless repugnant to the meaning or context thereof, be deemed to include its executors, representatives and permitted assigns) of the other Party; acting through its authorized representative Dr.N.Marie Wilson, Managing Director

Internshala and College may be referred to as 'Party' individually and as 'Parties' collectively, as the context may require.

Overview:
This agreement is regarding the college registration of 'Jeppiaar Institute of Technology' with 'Internshala'.

Responsibilities of Internshala:
- Create student accounts for all the students registered by the College.
- Provide weekly internship update to all the students registered by the College as per their filled in preferences
- Provide an online resume maker to all the students of the College registered with Internshala.
- Safeguard students' data as per Internshala privacy policy (https://internshala.com/privacy)
- Inform the college when students get selected for an internship.
- Provide an additional **10% discount** on all Internshala trainings to students of the college.
- Provide College with Internshala logo and brand name to be used in College's communications (internal or external) and on its website to recognize Internshala as the internship and training partner and any other purpose limited to the scope of the agreement.

Responsibilities of College:
- Recognize Internshala as the internship and training partner in all internal and external communications including on its website and in admission/media brochures.
- Send a communication to all the students and faculties regarding the association and direct/encourage students to verify their accounts.
- Provide the information of all the interested students of the College as required by Internshala for their registration. The information should contain the first name, last name, mobile number and the email address of all the students of the College.
- Regularly post a list of students selected for internships through Internshala every month on the college's notice board.
- Authorize Internshala to recognize college, using College logo and/or brand name, as a registered user in its communications (internal or external) and on Internshala platform only for the purpose limited to the scope of the agreement.

Commercials:
This is a non-commercial agreement whereas neither party is required to make any payment to other party for carrying out the responsibilities listed in this agreement.

Term and Termination:
This agreement will be operational and valid from 24 May 2019 and the initial tenure of the agreement is 1 (one) year. Upon completion of the tenure, the agreement can be renewed for another 1 year and so on with mutual consent of both parties.

Under normal circumstances, either party wanting to terminate the agreement can do so and it can be done on a mutually agreed upon date in a justified way with a notification given at least one month prior to termination date.

Indemnity

The college understands and agrees that all the information provided on Internshala related to internships and trainings is provided on *as is* basis. It further agrees that while Internshala makes efforts to ensure the accuracy of the information supplied, it does not guarantee it and the college will choose to disseminate this information to its students solely at its discretion. The college agrees to defend, indemnify and hold harmless Internshala, its subsidiaries, affiliates, licensors, employees, agents, third party information providers and independent contractors against any loss, claims, damages, costs, liabilities and expenses (including, but not limited to, reasonable attorneys' fees) arising out of or related to its use of content of Internshala platform feed that it posts, stores or otherwise transmits on or through its platform(s) or to its students or to general public at large.

The college understands and agrees that as a platform, Internshala acts as a bridge between the organizations who wish to hire interns and the students who wish to apply for the internships. We make best efforts to bring the best internships on the platform, educate students about the same and ensure that they can apply to these internships in a seamless manner. However, the eventual hiring decision, rightfully, resides with the organization which is hiring interns and is dependent on several factors such as the skills of the applicant, quality of her applications, competition, requirements and assessment process of the organization, student's availability at the required location and for the desired period of the internship etc. Since these factors are beyond Internshala's control, Internshala does not and can not guarantee an internship to an applicant.

The college further agrees to indemnify and hold harmless Internshala, its subsidiaries, affiliates, licensors, employees, agents, third party information providers and independent contractors, if any, who controls any thereof, against any loss, liability, claim, damage and expense whatsoever (including, but not limited to, any and all expenses whatsoever reasonably incurred in investigating, preparing or defending against any litigation commenced or threatened or any claim whatsoever) arising out of or based upon any false representation or warranty or breach or failure by the College to comply with any covenant or agreement made by the College herein or in any other document furnished by the College to any of the foregoing in connection with this agreement.

Trademarks:

Except to the limited extent expressly provided in this Agreement, neither Party grants, nor the other Party will not acquire any right, title or interest (including, without limitation, any implied license) in or to any property of the first Party. All rights not expressly granted herein are deemed withheld. All use by a Party of the other trade names, trademarks, service marks, logos, etc., and any goodwill associated therewith, will inure to the benefit of the grantor.

Confidentiality:

Internshala and the College will not disclose the details of this agreement and any private information that they come across when this agreement is in effect to any third-party.

If either Party (the "Receiving Party") under this Agreement gains access to confidential information of the other Party (the "Disclosing Party") concerning the Disclosing Party's prices, business, plans, technology, products, and other non-public information of the Disclosing Party (collectively, "CI" or "Confidential Information"), then the terms of this section will apply. CI includes all information in tangible or intangible form that is marked or designated as confidential by the Disclosing Party or that, under the circumstances of its disclosure, should be considered confidential. The Disclosing Party owns all right, title and interest, including all patent, copyright, trademark, trade secret rights and any other intellectual property or proprietary rights in any jurisdiction, including any and all applications, renewals, extensions and restorations thereof, in the Disclosing Party's CI. Each Party agrees that it will not use in any way, for its own benefit or the benefit of any third party, except as expressly permitted by, or as required to implement, this Agreement, nor disclose to any third party (except as required by law or to such Party's attorneys, accountants and other advisors as reasonably necessary), any of the Disclosing Party's CI. Each Party will take reasonable precautions to protect the confidentiality of the other Party's CI that are at least as stringent as it takes to protect its own CI.

Sriperumbudur Taluk,
Kanchipuram District - 631 604.

Force Majeure:

Except for any payment obligations, neither Party will be liable to the other for failure to fulfill obligations hereunder if such failure is due to causes beyond its control, including, without limitation, acts of God, earthquake, fire, flood, embargo, catastrophe, sabotage, utility or transmission failures, governmental prohibitions or regulations, national emergencies, insurrections, riots or wars, strikes, work stoppages or other labor difficulties ("Force Majeure Event"). The time for any performance required hereunder will be extended by the delay incurred as a result of such Force Majeure Event.
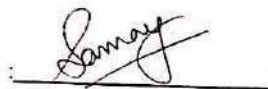

Disputes:

The Parties shall attempt in good faith to resolve any dispute arising out of or relating to this Agreement promptly by negotiation between executives.

Dear Anantya,

Welcome to Internshala Student Partner (ISP) 19!

We hope that you are excited to embark on a 70-day transformational journey with us. At Internshala, we consider the ISP team to be our biggest strength when it comes to educating college students across the world about the power of internships and online trainings. Thus, we take pride in hiring ONLY the best and the brightest! We are sure that you would play a vital role in helping us realize our vision of creating a world full of opportunities for the students.

Your appointment as an ISP will be governed by the terms and conditions presented in **Annexure A**

Congratulations!

Warm regards,

Samay Bhatnagar

Date - 09/01/2020

TO WHOM IT MAY CONCERN

This is to certify that Arul Renish, a student of Jeppiaar Institute Of Technology, was an active member of the Internshala's campus ambassador program - Internshala Student Partner (ISP) 15 during the period of September 2019 to November 2019.

At Internshala, we consider ISPs, our biggest strength when it comes to educating college students across the world about the power of internships and online trainings.

During this period, Arul promoted Internshala and its products successfully and showed genuine sincerity and willingness to learn while taking on new assignments and challenges.

We wish Arul good luck for all the future endeavors.

You may please contact the undersigned for any queries you may have regarding Internshala or the ISP program.

Kind regards,

Samay Bhatnagar
Head - ISP Program

MEMORANDUM OF UNDERSTANDING

Between

NEW HORIZON COLLEGE OF ENGINEERING
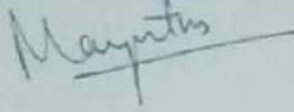

and

JEPPIAAR INSTITUTE OF TECHNOLOGY

PRINCIPAL
JEPPIAAR INSTITUTE OF TECHNOLOGY
Jeppiaar Nagar, Kunnam
Sriperumbudur Taluk,
Kanchipuram District - 631 604.

THIS MEMORANDUM OF UNDERSTANDING is made **BETWEEN:**

NEW HORIZON COLLEGE OF ENGINEERING Bellandur Main Rd, Kaverappa Layout, Near, Marathahalli, Bengaluru, Karnataka 560103, India

AND

JEPPIAAR INSTITUTE OF TECHNOLOGY at Kunnam, Sunguvarchatram, Sriperumbudur, Chennai – 631604, Tamil Nadu, India

RECITALS

A. NEW HORIZON COLLEGE OF ENGINEERING affiliated to Visweswaraiah Technological University and is approved by the All India Council for Technical Education (AICTE). NEW HORIZON COLLEGE OF ENGINEERING provides high quality academic ambience, have strong industry links and are committed to provide excellent education with research.

B. JEPPIAAR INSTITUTE OF TECHNOLOGY is affiliated to Anna University and is approved by the All India Council for Technical Education (AICTE). Jeppiaar Institute of Technology provides futuristic technical education with the perspective of innovative social and industrial application for the betterment of humanity.

C. The parties ("Parties") wish to enter into this MOU so that the NEW HORIZON COLLEGE OF ENGINEERING conducts a Mentorship activities to the JEPPIAAR INSTITUTE OF TECHNOLOGY under the AICTE Share and Mentor Institutions (Margadarshan) Program with participation by the JEPPIAAR INSTITUTE OF TECHNOLOGY.

NOW THE PARTIES AGREE AS FOLLOWS –

1. **Interpretation**

   1.1 In this MOU unless the context otherwise requires or the contrary intention appears, the following terms will have the meanings assigned to them –

   Date of Execution means the date on which this MOU is signed by the Parties, as noted on the execution page at the end of this MOU.

   Extended Term means the extended term as set out in clause 3.

   MOU means this document and all schedules to this document.

   Term means the term as set out in clause 33.

   1.2 In this MOU, the headings to the clauses have been inserted for convenience of reference only and are not intended to be part of, or to affect the meaning or interpretation of any of the terms and conditions of this MOU.

2. **Purpose of MOU**

   2.1 The purpose of this MOU is that NEW HORIZON COLLEGE OF ENGINEERING conducts a Mentorship Programs to the JEPPIAAR INSTITUTE OF TECHNOLOGY under the AICTE Share and Mentor Institutions (Margadarshan) Program with participation by the JEPPIAAR INSTITUTE OF TECHNOLOGY. NEW HORIZON COLLEGE OF ENGINEERING and JEPPIAAR INSTITUTE OF TECHNOLOGY agree that, within the fields that are mutually acceptable, they intend to pursue the following general forms of cooperation:
   2.2 As a part of the AICTE Share and Mentor Institutions (Margadarshan) Program,

PRINCIPAL
JEPPIAAR INSTITUTE OF TECHNOLOGY
Jeppiaar Nagar, Kunnam
Sriperumbudur Taluk,
Kanchipuram District - 631 604.

NEW HORIZON COLLEGE OF ENGINEERING will establish a Hub 'n Spoke system using the existing facility at the NEW HORIZON COLLEGE OF ENGINEERING. It will serve as the hub to guide and disperse knowledge to ten technical institutions to encourage best practices. (In the areas of Teaching and Learning process and research by sharing of resources to the entire system. This will be for a period of 3 years).

a) NEW HORIZON COLLEGE OF ENGINEERING, as the Mentor Institution will conduct programs for the technical up-liftment of the member Institutions in terms of teaching learning process.

b) NEW HORIZON COLLEGE OF ENGINEERING will conduct at least 6 Faculty Development Programme (FDP) each for all 10 institutions each of one week duration and minimum 30 participants from 10 Institutions. JEPPIAAR INSTITUTE OF TECHNOLOGY will nominate participants for the above FDP Program as per the number of seats allotted and before the last date of registration as will be informed well in advance.

c) NEW HORIZON COLLEGE OF ENGINEERING will organize for research interaction between the hub and spoke and ensuring not less than 25 Guest Lectures each for all 10 institutions for mutual benefits. JEPPIAAR INSTITUTE OF TECHNOLOGY will nominate participants for the above Guest Lecture Program as per the number of seats allotted and before the last date of registration as will be informed well in advance.

d) The expenditure for boarding & lodging of faculty members of the participating institutions will be incurred out of the grant which will be received from AICTE scheme. i.e. Margadarshan.

e) NEW HORIZON COLLEGE OF ENGINEERING, as the Mentoring institution will nominate a Chief Coordinator who will be a full time faculty member of the Mentor institute. The participating institutions are required to nominate full time faculty members (one from each participating institutions) as the co-coordinators of the project.

3   **Term and Extended Term**

   3.1   This MOU will commence on the Date of Execution, and continue for a term of three years unless terminated earlier in accordance with clause 8.

4   **Termination**

   4.1   Subject to existing contractual arrangements, this MOU may be terminated by either Party giving written notice to the other Party to this MOU. The minimum length of this notice period is six months unless either Party is prohibited under any law or regulation from continuing with this MOU, in which case the notice period may be immediate.

5   **Communication and Notices**

   5.1   All communication and notices between the Parties regarding this MOU may be made through the nominated representatives set out below, or such other persons they may nominate from time to time.

As per this MOU, GUVI is chosen as the official partner for training Java and Python Programming, Data Structure, DBMS and Java for current final year (2021 batch) engineering students from February 2020, at **Jeppiaar Institute of Technology** to strengthen their technical skills. This MOU will end once the training programme is completed successfully as per the given schedule, whereupon it shall be reviewed and may be extended based on the mutual written agreement between both the parties. This MOU may be revised through the mutual agreement of both parties.

Also, this includes subscription of GUVI platform for the students registered in www.guvi.in to access technical videos, Project Board & Code Katta. The students can attend all the interviews posted in GUVI platform. The technical training programs will be conducted based on the mutual agreeable terms for Python Programming & Data structure, DBMS and Java. The program has 10 days of classroom training given by GUVI mentors.

NOTE: Any utilization of the content/materials across the mentioned network is subject to prior written approvals. In witness to this agreement, the following individuals append their signatures on behalf of their parties.

GUVI Responsibilities

1. GUVI is responsible to conduct and complete the training programs in the agreed timeframe.
2. GUVI will provide login access to all the students annexed to the course in the platform for them to learn and practice.
3. GUVI will be part of college technology symposiums, workshops and conference.
4. GUVI will also invite students to take part in our hackathon events.
5. Placement assistance will be provided for the trained candidates of 2020-21 batch.

PRINCIPAL
JEPPIAAR INSTITUTE OF TECHNOLOGY
Jeppiaar Nagar, Kunnam
Sriperumbudur Taluk,
Kanchipuram District - 631 604.

College Responsibilities

1. Pre- Requisites for LAB
   OS Requirement meets the below spec:
   - o Windows Version 7 & above (or) Ubuntu Version 14.0 & above
   Browser Version meets the below Spec:
   - o Mozilla Version 50.0 & above (or) Chrome Version 50.0 & above
   Internet Speed is minimum 15 Mbps
   est URL for Video Loading:
   - o Kindly use the link below to check if this video loads in all systems with the proper specifications
   - o Test URL: https://www.guvi.in/course-detail?course=aws
   Audio Jack for Earphones are present and is working.
   Ensure that each student attending the session will require an individual system with these specifications; else it will be difficult to track individual students progress and to have an effective engagement.
   College shall provide computer lab access on all working days for students to access GUVI online courses and to practice in our platform.
2. College has to ensure all the above-mentioned are met.
3. Along with this we will be needing Single point of Contact from college side for all communications

AUTOMATION ANYWHERE
Go be great

Automation Anywhere Course Administration Agreement (University)

This University Course Administration Agreement ("Agreement"), dated as of 26ᵗʰ OCTOBER 2018 (the "Effective Date"), is entered into by and between Automation Anywhere, Inc., a California corporation with offices at 633 River Oaks Parkway, San Jose, CA 95134 U.S.A. (hereafter referred to as "AAI"), and "**JEPPIAAR INSTITUTE OF TECHNOLOGY**" located at KUNNAM, SUNGUVARCHATRAM , SRIPERUMBUDUR, CHENNAI ,TAMIL NADU, INDIA. (hereafter referred to as "University"). University and AAI are hereafter collectively referred to as the "parties".

WHEREAS, AAI is offering the "Automation Anywhere University Talent Development Program", in which enrolled students of certain universities ("Students") may attend a non-unit lab practicum course (the "Course"), taught by a faculty member directly trained and certified by AAI as an AAI trainer ("Faculty Trainer") in a classroom enabled with AAI software as an AAI Center of Excellence, after which those trained students may themselves seek accreditation as AAI trainers through testing with AAI (the "Program");

WHEREAS, University desires to participate in the Program.

THEREFORE, for good and valuable consideration as set forth below, the parties agree as follows:

1. **Definitions.**

"Center of Excellence" or "CoE" means the setup of the Software on University equipment by AAI and provision of Documentation to enable the Faculty Trainer to instruct the Students in the Course.

"Certification" means accreditation by AAI of any Student or Faculty Trainer in the Software as a result of passing an examination provided by AAI for this purpose.

"Documentation" means (a) the manuals, handbooks, and other written materials related to the Use of the Software, whether in hard copy or soft copy form, that are provided by AAI along with the Software, and (b) the training materials that the Faculty Trainer will use in instructing Students as part of the Course, as such Documentation may be updated by AAI from time to time.

"Software" means AAI's proprietary software in machine-readable, object code form only, related Documentation, and all modifications made thereto by AAI, and any updates or upgrades that AAI provides to University, in order for University to provide the Course under this Agreement.

"Use" means the installation, accessing, displaying, and operation of the AAI Software to automate business processes and tasks.

2. **Obligations.** The parties agree to each undertake and fully perform during the Term the following obligations for the success of the Program, and, except as explicitly stated in Section 2.2, such obligations will be undertaken at the respective party's sole cost and expense:

PRINCIPAL
JEPPIAAR INSTITUTE OF TECHNOLOGY
Jeppiaar Nagar, Kunnam
Sriperumbudur Taluk,
Kanchipuram District - 631 604.

2.1 AAI Obligations.

AAI Responsibilities:
- Provide AAI train-the-trainer courses for University's faculty (at either University's premises or remotely); and thereafter test such faculty and issue AAI trainer certification to those faculty who have successfully completed such training;
- Provide e-learning access to those Students enrolled in the Course;
- Provide the Software under the license terms in Section 3 of this Agreement;
- Work with the University to set up the CoE, including installing the Software and providing Documentation;
- Provide the University with the certification test materials needed to test Students on for Student's AAI certification;
- Issue the AAI certification to those students who have successfully completed the certification course.

2.2 University Obligations.

University's Responsibilities
- Have faculty members attend AAI train-the-trainer courses, and have those who have successfully completed such course be tested for AAI train-the-trainer certification;
- Train Students using only Faculty Trainers who at the time of the Student training are already AAI certified trainers;
- Provide Students with the opportunity to enrol in the Course, enrol Students in the Course, and conduct and oversee Student's participation in the Course;
- Advise in writing to all enrolled and prospective Students that neither the Student's completion of the Course nor the Student's Certification provides any assurance of any employment by any of the parties to this Agreement;
- Provide the physical space(s) needed for Students to take the Course and to engage in learning and training certification activities;
- As part of providing the physical space(s), obtain and maintain appropriate insurance coverages as mandated by applicable law;
- Provide and maintain the computers and all related equipment necessary for the successful implementation and running of the CoE;
- make the CoE available for Students to use for their Course-related learning activities, and have the use of the CoE be supervised by the Faculty Trainer;
- Support, encourage and drive Students to progress through the Course;
- Provide AAI with written feedback on Student progress, including any impediments to progress, and feedback on the Course itself ("Feedback");
- Take measures to ensure that neither the University, its personnel, its faculty, or other agents charge Students any fees to enrol in and complete the Course;
- For those Students who have completed the Course, offer and proctor a Certification test using AAI-provided Certification testing materials;
- Take measures to ensure that the results of each Student's Certification test are true and accurate, including but not limited to closely proctoring and monitoring student Certification testing so that cheating or other conditions affecting testing accuracy do not occur;
- Reimburse AAI for reasonable costs of travel, accommodations, and incidental expenses, as incurred by AAI representatives while setting up the CoE.

PRINCIPAL
JEPPIAAR INSTITUTE OF TECHNOLOGY
Jeppiaar Nagar, Kunnam
Sriperumbudur Taluk,
Kanchipuram District - 631 604.

3. Limited University License.

3.1 *License.* Subject to the terms and conditions of this Agreement, AAI grants University a limited, non-exclusive, non-transferable, non-production license to Use the Software during the Term only for University's Use for the express purpose of providing the Course to Students in connection with Program. For clarity, University may not Use the Software for its own internal use.

3.2 *Restrictions.* The Software is licensed, not sold. Title to the Software and all associated intellectual property rights are retained by AAI and/or its suppliers. All rights in the Software not expressly granted hereunder are reserved. University shall not modify, enhance, translate, supplement, create derivative works from, reverse engineer, reverse compile or otherwise reduce the Software to human readable form. University shall not remove any copyright or other proprietary notices contained in the Software. University shall not cause or permit: (a) competitive analysis, benchmarking, or the Use, evaluation or viewing of the Software or Documentation for the purpose of designing, modifying, or otherwise creating any software program, or any portion thereof, that performs functions similar to the functions performed by the Software; or (b) any of the following: (i) copying (except as set forth herein), (ii) sublicensing, or (iii) providing access or other dissemination of the Software, in whole or in part, to any third party. No right, title or interest in or to any AAI trademark, service mark, trade name, or logo of AAI or its licensors in granted under this Agreement.

3.3 *Warranty Disclaimer.* AAI DISCLAIMS ALL WARRANTIES AS TO ANY MATTER WHATSOEVER, EITHER EXPRESS OR IMPLIED, INCLUDING, WITHOUT LIMITATION, THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, OR NON-INFRINGEMENT, AND THE SOFTWARE IS PROVIDED "AS IS". TO THE EXTENT THE LAWS OF UNIVERSITY'S JURISDICTION DO NOT PERMIT SUCH DISCLAIMER WITH RESPECT TO THE SOFTWARE AS LICENSED HEREUNDER, AAI PROVIDES ONLY THE MINIMUM LAWFUL WARRANTY BEYOND THAT WARRANTY EXPRESSLY MADE ABOVE AND DISCLAIMS ALL WARRANTIES TO THE EXTENT PERMITTED BY APPLICABLE LAW.

4. Confidentiality

4.1 *Confidential Information.* "Confidential Information" means with respect to AAI information, the Documentation, Software, any results of any testing or analysis of the Software or Documentation by any party and any Feedback regarding the Course, and with respect to any party's information, all information that: (a) is marked as confidential or proprietary; (b) is disclosed verbally and identified as confidential or proprietary at the time of disclosure; or (c) by its nature is normally and reasonably considered confidential.

4.2 *Non-Disclosure and Restrictions on Use.* As a result of the relationship entered into by the parties under this Agreement, the parties acknowledge that they may from time to time require or gain access to Confidential Information of the other party. The receiving party: (a) shall hold all Confidential Information in confidence; (b) shall use the Confidential Information only for the purposes expressly permitted herein; (c) shall reproduce the Confidential Information only to the extent necessary for such purpose; (d) shall restrict disclosure of the Confidential Information to its employees, consultants, agents and representatives with a valid need to know in connection with this Agreement and who are bound to protect the confidentiality of such Confidential Information (and shall advise such employees, agents and representatives of the obligations assumed herein); and (e) shall not disclose or cause to be disclosed the Confidential Information to any third party without prior written approval of the disclosing party, except as allowed under (d) above.

PRINCIPAL
JEPPIAAR INSTITUTE OF TECHNOLOGY
Jeppiaar Nagar, Kunnam
Sriperumbudur Taluk,
Kanchipuram District - 631 604.

AUTOMATION ANYWHERE
Go be great.

4.3 *Confidentiality Exceptions.* The foregoing confidentiality restrictions shall not apply to Confidential Information that: (a) is or becomes a part of the public domain through no wrongful act or omission of the receiving party; (b) was in the receiving party's lawful possession prior to the disclosure and had not been obtained by the receiving party either directly or indirectly from the disclosing party; (c) is lawfully disclosed to the receiving party by a third party without restriction on disclosure; (d) is independently developed by the receiving party without reference to or reliance on the Confidential Information; or (e) that the disclosing party agrees in writing is free of such restrictions.

5. Indemnity.

5.1 *Indemnification Obligation.* Each party (the "Indemnifying Party") will defend the other party, and its employees, directors, agents, and representatives (collectively, the "Indemnified Party"), from any actual or threatened third party claim to the extent that it arises from: (a) the Indemnifying Party's breach of its confidentiality obligations in Section 4; (b) any alleged infringement by the Indemnifying Party of any third party intellectual property rights; (c) the negligent acts, omissions, negligence or willful misconduct of the Indemnifying Party in the performance of its obligations pursuant to this Agreement; (d) the failure of the Indemnifying Party to comply with, and any liabilities arising under, any applicable law (each, a "Claim").

5.2 *Indemnification Procedures.* The parties' respective indemnification obligations above are conditioned on: (a) the Indemnified Party giving the Indemnifying Party prompt written notice of any Claim; (b) the Indemnifying Party having full and complete control over the defense and settlement of the Claim; (c) the Indemnified Party providing assistance in connection with the defense and settlement of the Claim as the Indemnifying Party may reasonably request; and (d) the Indemnified Party complying with any settlement or court order made in connection with the Claim. The Indemnifying Party will indemnify the Indemnified Party against: (i) all damages, costs, and attorneys' fees finally awarded against any of them by a court of competent jurisdiction in any Claim under this Section 5; (ii) all out-of-pocket costs (including reasonable attorneys' fees) reasonably incurred by any of them in connection with the defense of the Claim (other than attorneys' fees and costs incurred without the Indemnifying Party's consent after it has accepted defense of such Claim); and (iii) if any Claim arising under this Section is settled by the Indemnifying Party or with its approval, then the Indemnifying Party will pay any amounts to any third party agreed to by the Indemnifying Party in settlement of any such Claims.

5.3 *Indemnification Limitations for Third Party Infringement Claims.* An Indemnifying Party will have no obligation under this Section 5 or otherwise solely to the extent the claim is based on: (i) any combination of the Indemnifying Party's technology, products, or services with technology, products or services not provided by the Indemnifying Party; (ii) use of Indemnifying Party's technology, products or services for a purpose or in a manner for which the technology, products or services were not designed; (iii) any modification to Indemnifying Party's technology, products or services made without Indemnifying Party's express written approval, (v) any modifications made to the technology, products or services by Indemnifying Party pursuant to the Indemnified Party's specific instructions, or (vii) any intellectual property right owned or licensed by the Indemnified Party.

Scanned by CamScanner

5.4 THIS SECTION 5 STATES AN INDEMNIFIED PARTY'S SOLE AND EXCLUSIVE REMEDY AND THE INDEMNIFYING PARTY'S ENTIRE LIABILITY FOR ALL THIRD-PARTY CLAIMS.

6. Limitation of Liability

6.1 NETHER PARTY SHALL BE LIABLE FOR: (A) ANY PUNITIVE, SPECIAL, INDIRECT, INCIDENTAL OR CONSEQUENTIAL DAMAGES (INCLUDING ANY COST OF PROCUREMENT OF SUBSTITUTE SOFTWARE, LOSS OF USE, DATA, BUSINESS, OR PROFITS), REGARDLESS OF THE THEORY OF LIABILITY OR WHETHER THE LIABLE PARTY HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES; OR (B) AGGREGATE DAMAGES IN EXCESS OF US$ 5000.

6.2 *Limitation of Liability Exclusions.* The limitations of liability set forth in Section 6.1 above do not apply to, and each party accepts liability to the other for: (a) damages related to claims that are the subject of indemnification under this Agreement, (b) claims based on either party's intentional breach of its obligations set forth in Section 4 (Confidentiality), and (c) either party's unauthorized use, distribution, or disclosure of the other party's intellectual property.

7. Term and Termination.

7.1 *Agreement Term.* This Agreement is effective as of the Effective Date for a three (3) year period thereafter ("Term"). For clarity, the license granted to University in Section 3 will terminate immediately upon termination or expiration of the Term. Prior to the expiration of the Term, the parties may amend this Agreement to extend its term.

7.2 *Termination.* Notwithstanding the foregoing, this Agreement may be terminated (a) by AAI for any reason upon sixty (60) days' notice to University, and (b) any party immediately upon written notice if another party materially breaches any of its obligations under this Agreement and fails to cure such breach within thirty (30) days following receipt of written notice.

7.3 *Effect of Termination.* Upon the effective date of termination of this Agreement: (a) University's license to the Software ceases, and University shall immediately remove all copies of the Software from all systems owned or controlled by University. Each party will securely destroy all copies of Confidential Information of the other party in its possession except as required to comply with any applicable legal or accounting record keeping requirement.

8. General.

8.1 *Export.* University agrees not to export, or allow the export or re-export of any Software, or of information regarding any Software in violation of any export laws, restrictions and regulations of the Department of Commerce or other United States or foreign agency or authority.

8.2 *Business Practices.* University will: (a) conduct its business (including, without limitation, performance of its obligations under this Agreement) in a manner that reflects favorably on the goodwill and reputation of AAI; and (b) avoid deceptive, misleading or unethical practices detrimental to AAI, it Software and services offerings, or the public, including, without limitation, by refraining from making any representations or warranties to any third party with respect to the features or capabilities of any AAI courses or training certifications, AAI products or services, that are inconsistent with the literature and documentation distributed by AAI.

PRINCIPAL
JEPPIAAR INSTITUTE OF TECHNOLOGY
Jeppiaar Nagar, Kunnam
Sriperumbudur Taluk,
Kanchipuram District - 631 604.

8.3 *Anti-Corruption.* The parties each represent and warrant that neither it, nor any of its subsidiaries, nor any of their respective directors, officers, employees or agents have taken any action, directly or indirectly, that would constitute a violation, or implicate AAI in a violation, of any law of any jurisdiction in which it performs business, or of the United States of America, including without limitation, the Foreign Corrupt Practices Act of 1977, as amended ("FCPA"), and where applicable, any anti-bribery/corruption legislation ("Anti-Bribery Act") enacted by countries in which it is incorporated as an entity, including, but not limited to, the country or countries in which it is to perform under this Agreement (collectively, "Anti-corruption Laws"). University, and, to its knowledge, its affiliates have conducted their businesses in compliance with such Anti-corruption Laws and have instituted and maintain policies and procedures designed to ensure, and which are reasonably expected to continue to ensure, continued compliance therewith.

8.4 *Third-Party Software.* The Software contains and is distributed with open source software that is covered by a different license, and AAI's obligations set forth in this Agreement do not extend to any such open source software. University agrees that all such open source software shall be and shall remain subject to the terms and conditions under which it is provided.

8.5 *Governing Law and Jurisdiction.* This Agreement and all matters relating to this Agreement shall be governed by, and construed in accordance with the following laws:

1. If University is located outside of the United States, then any dispute arising out or in connection with this Agreement, including any question regarding its existence, validity or termination, shall be referred to and finally resolved by arbitration under the LCIA Rules (the "Rules"), which Rules are deemed to be incorporated by reference into this clause. The number of arbitrators shall be three. The seat, or legal place, of arbitration shall be London. The language to be used in the arbitral proceedings shall be English.

2. If University is located within the United States, then the governing law of this Agreement shall be the substantive law of California. Jurisdiction shall be of the State of California (without giving effect to the choice of law principles thereof). Any action based on or arising out of this Agreement or the Services shall be brought and maintained exclusively in any state or federal court, in each case located in Santa Clara County.

The parties hereby expressly and irrevocably submits to the jurisdiction of the above-referenced courts for the purposes of any such action and expressly and irrevocably waives, to the fullest extent permitted by law, any objection which it may have or hereafter may have to the laying of venue of any such action brought in any such court and any claim that any such action has been brought in an inconvenient forum.

8.6 *Injunctive Relief.* The parties acknowledge that any breach of the confidentiality provisions or the unauthorized use of a party's intellectual property may result in serious and irreparable injury to the aggrieved party for which damages may not adequately compensate the aggrieved party. The parties agree, therefore, that, in addition to any other remedy that the aggrieved party may have, it shall be entitled to seek equitable injunctive relief without being required to post a bond or other surety or to prove either actual damages or that damages would be an inadequate remedy.

8.7 *Force Majeure.* A party is not liable under any Agreement for non-performance (other than failure to pay) caused by events or conditions beyond that party's reasonable control, if the party makes reasonable efforts to perform.

Page 6

8.8 *Parties' Relationship.* The parties agree that this Agreement is non-exclusive, and no party will be prevented from entering into similar arrangements with other third parties. The parties are independent contractors of each other in the performance of the obligations of this Agreement. Notwithstanding the identification of "Partner" in this Agreement, neither party will be considered the legal partner of the other party in any respect, and nothing in this Agreement or in the performance hereof will create or imply any joint venture, franchisee-franchisor relationship, or principal-agent relationship between the parties. No party will have any right, power or authority to create any obligation, express or implied, on behalf of the other party.

8.9 *Binding Nature; Assignment.* This Agreement shall be binding on the respective parties thereto and their respective permitted successors and assigns; provided, however, that University shall not assign, delegate, or otherwise transfer this Agreement or any of its rights or obligations to a third party without the prior written consent of AAI; any other attempted assignment shall be void.

8.10 *Notices.* Ordinary day-to-day operational communications may be conducted by email or telephone communications. Any other notice required by this Agreement shall be made in writing and given by (a) personal delivery, (b) prepaid, first class, certified mail, return receipt requested, (c) email (with a duplicate notice sent promptly by one of the other methods in this Section), or (d) courier service of recognized standing (with confirmation of receipt); in any case to the receiving party, "Attention: Legal" at its address set forth in the heading to this Agreement, or to a different address of which the addressee party has notified the other in accordance with this Section. Any notice given in conformance with this Section shall be effective upon actual delivery or refusal of delivery.

8.11 *Headings.* Section headings are included for convenience or reference only and are not intended to define or limit the scope of any provision of this Agreement and should not be used to construe or interpret this Agreement.

8.12 *Survival; Interpretation; Severability.* All provisions which are intended by their nature to survive, shall survive such performance, or the expiration or termination of this Agreement, including without limitation those relating to limitation of liability, and infringement indemnity. Each provision of this Agreement shall apply to the fullest extent of the law, whether in contract, statute, tort (such as *negligence*) or otherwise, notwithstanding the failure of the essential purpose of any remedy. If any provision of this Agreement shall for any reason be held illegal or unenforceable, such provision shall be deemed severable from the remaining provisions of this Agreement and shall in no way affect or impair the validity or enforceability of the remaining provisions of this Agreement, unless such omission would frustrate the intent of the parties, in which case this Agreement may be reformed to give effect to the other provisions hereof.

8.13 *Entire Agreement; Modification and Wavier.* This Agreement constitutes the entire understanding between the parties with respect to the subject matter hereof, and no other terms or conditions set forth in any other document provided by University shall be part of any this Agreement unless specifically accepted by AAI in writing. No modification of this Agreement will be binding unless in writing and signed by an authorized representative of each party. Any express waiver or failure to exercise promptly any right under this Agreement will not create a continuing waiver or any expectation of non-enforcement. There are no third-party beneficiaries to this Agreement.

Dear RAGUL KANNAN R,

Congratulations on completing the course **"Break the ICE: An introduction to creating your first bot".**

With this program, you have acquired the necessary skills to use Automation Anywhere's comprehensive enterprise-grade RPA and Digital Workforce Platform with built-in cognitive automation and analytics.

At Automation Anywhere, we believe that people who have more time to create, think and discover build great companies. We wish you continued success in all your endeavors.

Sincerely,

VP Digital Workforce & Transformation

MEMORANDUM OF ASSOCIATION (MoA)

This MoA is made on the 31ˢᵗ of JULY, 2019 for availing the pre-employment skill assessment program for students.

Between

M/s. Jeppiaar Institute of Technology, Kunnam Sunguvarchatram, Sriperumbudur, Tamil Nadu 631604. Herein after referred to as the "Institute" which expression shall mean and include its heirs, legal representatives, executors, successors-in-interest, administrators and assignees etc of the One Part.

And

M/s Aspiring Minds Assessment Pvt Ltd, Corporate & registered at # 323, Udyog Vihar, Phase – 2 Gurgaon, Haryana 122012 here in after referred to as "ASPIRINGMINDS" which expression shall mean and include its heirs, legal representatives, executors, successors-in-interest, administrators and assignees etc, of the Other Part.

WITH REFERENCE TO THE ABOVE, THE INSTITUTE IS PLEASED TO PLACE THIS MoA WITH ASPIRING MINDS FOR AVAILING THE PROFESSIONAL SERVICES AS DETAILED BELOW WITH FOLLOWING SCOPE OF WORK AND COMMERCIAL TERMS & CONDITIONS:

As proposed, ASPIRINGMINDS will conduct PRE-EMPLOYMENT SKILLS ASSESSMENT PROGRAM for all BE / B – Tech students / MCA from Final Year (Passing-Out Batch – 2020) for 2 Cycle Assessment (2 AMCAT + 2 AUTOMATA+2 AUTOMATA FIX + 2 WriteX+2 SVAR) pattern in the institute for the Academic Year 2019-2020.
SCOPE OF WORK:

The scope of this MoA is valid for all BE / B – Tech / MCA students from Final Year (Passing-Out Batch – 2020) for 2 Cycle Assessment (2 AMCAT + 2 AUTOMATA +2 AUTOMATA FIX + 2 WriteX+2 SVAR) pattern in the institute for the Academic Year 2019-2020 and will cover the following program conducted by ASPRINGMINDS:

PRE-EMPLOYMENT SKILL ASSESSMENT PROGRAM

1. The objectives of the PRE-EMPLOYMENT SKILL ASSESSMENT PROGRAM will be to:

- Determine Employment Potential of the candidate related to HR & Generic skill area
- Benchmark the candidate in terms of Industry specific recruitment standards
- Provide Psychometric-based behavioral attributes profiling and mapping
- Expose the candidate to a real life complete recruitment process used by companies in terms of fresher or campus recruitment.

PRINCIPAL
JEPPIAAR INSTITUTE OF TECHNOLOGY
Jeppiaar Nagar, Kunnam
Sriperumbudur Taluk,
Kanchipuram District - 631 604.

2. Analytics:

Students will get:

- **Feedback & Diagnostic Report:** - Every assessed student will get a feedback report reflecting his/her performance in AMCAT. The report will highlight their strengths and employability across various sectors.
- **AMPI Report:** - Aspiring Minds Personality Inventory is based on FFM: Five Factor Model. FFM is the widely accepted model for personality assessment.
- **SVAR Report:** - SVAR is a telephone-based test used to assess a candidate's speech. It is completely automated and can currently grade a person's speech on the following traits: Pronunciation, fluency, spoken English understanding, Vocabulary, Grammar and Active listening.

Management will get:

- **Campus Performance Report:** - Aspiring Minds has prepared a unique report for Management that gives an in-depth analysis of the college performance based on the test. The report is highly useful for the management as a tool to further improve the educational system through the results shared in the report.
- **Co-Branded Logo** - The co-branded logo would allow visibility to your college as an AMCAT assessed campus. Post AMCAT, a co-branded logo would be hosted on the home page of your college website. The logo is an indicative of the "Certificate of our Association". Co-branding has its host of benefits. Foremost is the fact that AMCAT-assessed campuses are preferred by Corporate's for their hiring objectives because it indicates that the campus takes initiative in improving employability of students and providing them feedback. This in turn elevates the status of the campus from an employability perspective among top corporations in India, who recognize AMCAT as the most credible employability test

PLACEMENT (CAMPUS) SUPPORT INITIATIVE

3. ASPIRINGMINDS works towards bridging the gap between India Inc. and fresh Indian talent by providing a **NEUTRAL & PROFESSIONAL PLATFORM** to both the corporate & the institutes (fresh candidates).

4. Apart from the PRE-EMPLOYMENT SKILL ASSESSMENT PROGRAM, as **a special value added support**, ASPIRINGMINDS will also undertake PLACEMENT (CAMPUS) SUPPORT INITIATIVE for the final year students for the next one year.

5. **The PLACEMENT (CAMPUS) SUPPORT INITIATIVE** will be a joint initiative of ASPIRINGMINDS & the INSTITUTE with the final objective / aim at bridging the gap between potential employer's intake requirements (across India & abroad) and the fresh talent pool passing out of the institute.

6. Aspiring Minds will be sharing the database of AMCAT assessed students with its client list. Students shortlisted by the clients for internships/final recruitment may be interviewed through multiple modes like joint campus drives, telephonic interviews, and interviews at central locations, company office or any other means decided by the company.

7. We agree to the fact that the PLACEMENT (CAMPUS) SUPPORT INITIATIVE will only be applicable for all the students who will be attending & completing the pre-employment skill assessment program during their final year.

FINANCIALS

8. This MoA pertains to BE / B – Tech students / MCA from Final Year (Passing-Out Batch – 2020) for 2 Cycle Assessment pattern (2 AMCAT + 2 AUTOMATA +2 AUTOMATA FIX + 2 WriteX+ 2 SVAR) considered during the Academic Year 2019-2020.

9. The Institute will agree to pay **Rs.700 (Rs.700/-All Inclusive) per student for a Minimum of 300 Final Year Students** and hence the Minimum value of this MoA will be **Rs. 210,000/- Only (INR Two Lakhs Ten Thousand only).**

10. Any additional students taking the pre-employment skill assessment program over and above the agreed number of Students from respective years will be charged at **Rs.700/- (All Inclusive)** per student.

11. The Institute shall pay 50% of the total value on the day this MoA is placed. The Institute shall make the balance payment in post invoice generation to avail the benefits of the pre-employment skill assessment program.

12. All students will be provided with **2 Assessments** during their Academic Tenure pertaining to Academic year 2019-2020 (Passing-Out Batch – 2020). As agreed upon, we will provide 2 AUTOMATA programs + 2 AUTOMATA FIX + 2 WriteX + 2 SVAR along with the AMCAT assessment. The Re-Assessment can be conducted only after minimum of **50 days** from the date of Previous Assessment.

13. The institute shall not be charged any other fee apart from the pre-employment skill assessment program fee agreed upon. Hence all transportation cost for Aspiring Minds Testing Team, Event Management cost or any other operational cost will not be levied to the Institute.

14. The Assessment Program as per the calendar mentioned below shall be conducted in an organized way to enhance the effectiveness of the whole program.

Batch	Modules	1st Test	Modules	2nd Test
2020	AMCAT: Aptitude (ELQ), AMPI (Personality Test), Technical Skill (Domain Module) AUTOMATA (Coding Test) + AUTOMATA FIX (Debugging Test) + WriteX+ SVAR	AUG-2019	AMCAT: Aptitude (ELQ), AMPI (Personality Test), Technical Skill (Domain Module) AUTOMATA (Coding Test)+ AUTOMATA FIX (Debugging Test) + WriteX + SVAR	SEP - 19

You must be having a lot of questions about your skills, personality and employability. **AMCAT Employability Report** will not only help answer these questions, but will become your guide for deciding next steps on your career path. It will tell you what to study, what interviews to prepare for and how to prepare. Refer to the following tips to understand how to make this report a means to get closer to your dream job.

» Start by referring to the *'YOUR AMCAT SCORE SUMMARY'* chapter of your report. This chapter has all the key highlights for you. You will get to know where you stand nationally in different AMCAT modules, a snapshot of your personality and your employability in different job profiles and sectors. The summary chapter is the key. You should understand everything in it to know where you stand in the job market. For each section in the summary chapter, we mention the chapter having additional information about the section. Wherever you are unable to understand or want more information, refer to the respective chapter.

» The chapter *'Your Profile and Industry Fit'* is very important. The following tips will help you use it to make an action plan for next few months:

     a. For profiles where your employability is high, you should start refreshing your knowledge for an interview for them. You may soon get interview calls for these.

     b. You might find certain profiles where you have high employability, but are not the ones that interest you or you know much about. We will seriously recommend that you explore more about these profiles, find information about them and re-evaluate your interest. These can provide you an interesting career path which you may not have considered till now.

     c. For those profiles where your employability is medium/low but interest you, understand your skill gap and start studying to improve on these areas. You may get an interview call for some of these, but you will have to work really hard to clear the interview. To increase your chances to get interview calls in such profiles, you should improve on your skills and re-take AMCAT after three months. The modules you should concentrate on for a profile is mentioned in the **chapter V**. A better AMCAT score can improve your interview chance in these profiles.

» Finally, this report can guide you on how to improve your weak areas. Refer to *Chapter III* to know within each module, which sub-modules you need to particularly improve. Work on these. Refer to *Chapter VI* to not only get helpful references to improve your weak areas, but also get a time schedule you can use.

In case of any query, feedback or suggestions please visit www.myamcat.com

Your Action Plan

		INTEREST	
		HIGH	**MEDIUM/LOW**
Employability	**HIGH**	Prepare for interviews for these profiles. Check out references from Chapter VI.	Gather more information about profiles and re-evaluate your interest. If you find that they may interest you, start preparing for their interviews.
	MEDIUM/LOW	Start working to improve on AMCAT modules required for the profile. Re-take AMCAT after three months to improve your chances of interview opportunity.	Low priority at this point.

We hope you will immediately start working on this action plan to succeed in interviews and position yourself to get interview calls for your profiles of interest. Best of luck!

PRINCIPAL
JEPPIAAR INSTITUTE OF TECHNOLOGY
Jeppiaar Nagar, Kunnam
Sriperumbudur Taluk,
Kanchipuram District - 631 604.
Your AMCAT Score

- AMCAT an intelligent adaptive test. Your AMCAT score is not equal to the number of questions answered correctly. The score is calculated by an advanced

  statistical engine, which takes into consideration questions difficulty,

  discrimination, guess probability andseveral other factors.

- The bar is a representation of your performance in the module. The tick in each bar represents the 50 percentile score of all candidates of your category.

- Score of one module should not be

  compared with the score of another, but should be compared against the 50 percentile point of that module.

- Your score is on a scale of 100 to 900 with 100 being the minimum and 900 maximum

Your Personality Scores

- **Extraversion (E)** An extroverted, talkative, socially confidentperson

- **Conscientiousness (C)** An organized, responsible,hardworking & achievement oriented person

- **Emotional Stability (ES)** A calm, happy, undisturbed &confident person

- **Openness To experience (O)** A broad-minded, unconventional, imaginative person with rich artisticsensitivity

- **Agreeableness (A)** A kind, sympathetic, cooperative &warm person

- **Polychronicity (P)**A multitasker
Your Job Fit

Job Suitability (y-axis): HIGH, MEDIUM, LOW

Job Sectors (x-axis): Software Engineer- IT Services, Software Engineer- IT Product, Associate- ITES/BPO, Associate- ITES Operations (Hardware and Networking), Analyst, Creative Content Developer
Chapter III.   MODULE FEEDBACK

This Chapter provides a detailed feedback about your performance in each AMCAT module. It shall provide your AMCAT score and more importantly your AMCAT percentile, which shall tell you where you stand in the modules across all job-seekers across the Nation with similar education.

Furthermore, the chapter goes into details of which sub-module within a module did you perform well in and where you lacked. It will suggest where to put more effort and also provide tips on what kind of effort you should put in.

SECTION I: YOUR AMCAT REPORT CARD

Module	Score	Grade	National Percentile
English Comprehension	395	C	25%
Quantitative Ability (Advanced)	405	C	22%
Logical Ability	525	A	79%
Computer Programming	420	B	57%
Computer Science	380	B	44%
Automata	0 out of 100	Programming Ability Score: 0 out of 5 Programming Practices Score: 0 out of 4	
Automata Fix	0 out of 100		

● Overall percentile is your percentile amongst all the candidates (belonging to the same degree as yours) tested by usnationally till now. If your overall percentile for a module is NA, it means we do not calculate percentile for that module

● If your reported score is -1, it means you have attempted less than the minimum number of questions required in thatsection. In such a case no score is reported. A score of -2 means you did not attempt the module. NA: Not Available

● Grade Information: grade tells you where you stand amongst all the people who have taken AMCAT till now.A: First 33%
              B: Second 33%   C: Last 34%

SECTION II: YOUR PERFORMANCE CHAKRA

Our Performance Chakra provides you with a bird's-eye view of your performance in different sections of modules you have attempted. The three levels indicate your performance as poor, average or good.
Performance Chakra: You have done really well in sub-modules marked in green, average in those in yellow and poorly in those in pink. If a section is without a

SECTION III: YOUR PERSONALIZED FEEDBACK

This section provides you a personalized feedback automatically generated by our artificial intelligence engine. Based on your strong and weak areas in a module, it provides you with suggestions and tips to improve yourself.

English Comprehension

25%

Low — National Mean — High
Your performance in English Comprehension is not upto the mark. According to our analysis, you severely lack in English skills. Good English language skills go a long way in uplifting one's career. The best way to learn English is to rigorously practice speaking, reading and writing in English. You should read English articles, magazines, newspapers, books and communicate in English in order to excel in this language. You need to overcome the starting trouble. Next time you decide to chat with your friends, make sure it is in English. Also, going through a basic book on English grammar and vocabulary would help you a lot. It is entirely possible to master this language. You just need to have faith and work hard!

Tips / Suggestions for You

- Try to relate new words to words you already know.

- Observe what common errors are made in English and try to avoid them.

- Scribble the key points in the paragraph while you are reading it. This will help you find answers to questions easily.

Quantitative Ability (Advanced)

22%

Low — National Mean — High
You need to put a lot of effort to improve your Quantitative Ability (Advanced) skills. According to our analysis, you are capable of solving problems in advanced areas such as permutation-combination and probability. But your ability of solving basic mathematics problems (in areas of HCF, LCM, divisibility) and algebra is not satisfactory. You are also unable to apply these concepts to word problems in order to get a solution. Start from the basics and move on to solve complex problems. In word problems, you are given a real time situations; you need to form equations to represent the situation and solve them to get the answer. Go through solved examples of word problems, understand them and practice them. Then, solve multiple choice questions under time constraint. Make it a habit to solve at least five questions daily. You can do it! Work hard!

Tips / Suggestions for You

- Use your tenth standard mathematics books to understand and refresh your basic concepts.

- Read the questions carefully before attempting and do not spend too much time on a particular question.

- For permutation-combination, make sure you understand the situation mentioned in the question well before application of any formula.

Logical Ability

79%

Low — National Mean — High
Your performance in Logical Ability is very good. You are an expert in drawing inferences, spotting patterns and solving puzzles. We are sure you know that the only way to sustain and improve this ability is to regularly practice more and more difficult questions. All the best!

In case of any query, feedback or suggestions please visit www.myamcat.com

©Aspiring Minds Assessment Pvt. Ltd.
"Getting closer to your dream job"

PRINCIPAL
JEPPIAAR INSTITUTE OF TECHNOLOGY
Jeppiaar Nagar, Kunnam
Sriperumbudur Taluk,
Kanchipuram District - 631 604.

Computer Programming

57%

Your performance in Computer Programming is average. You have fared well in all the 3 sections namely- Basic Programming, Data Structures, OOP and Complexity Theory. You can further sharpen your skills by designing programs for complex problems. Try rewriting existing programs in multiple ways. Also concentrate on theoretical concepts in Computer Science. With practice, we are sure you will achieve mastery in this section. Good luck!

Tips / Suggestions for You

● You should begin with concentrating on basic programming. Choose a high-level language like C/C++/Java and try to implement many different programs (pattern/series generation, arithmetic operations, decision-making, use of functions, etc.) on it.

● For object oriented programming, you may choose to study the concepts through the medium of C++. We recommend the book "Object Oriented Programming in C++" by Robert Lafore.

Automata Fix

0%
Your performance in Automata Fix is not satisfactory. You need to put substantial effort into learning to read source codes and error messages and understanding what a set of coding instructions is trying to achieve. The next step is to become familiar with a programming language and its compiler. You canthen start writing source codes for simple problems in the chosen language. Being able to understand and diagnose source code issues is an important part of the daily routine of a software engineer. You can learn this skill by solving simple programming problems through writing codes for them and by trying to understand the meaning of error messages that can occur when a code is compiled.

Computer Science

44%
Your performance in Computer Science is satisfactory. You need to study well for DBMS since your performance in this section is not satisfactory. However, you have done a pretty good job in Operating System & Computer Architecture. While you knowthe basic concepts in process synchronization, you should stretch yourself to understand the implementation of differentprocess synchronization techniques. Acquaint yourself with different job scheduling algorithms. Learn concepts like pipelining and memory interfacing to strengthen your concepts in computer architecture. To fare well in DBMS, you need to be well acquainted with different types of databases like relational, hierarchical etc as well various types of keys. This would form a foundation for understanding the Query languages like SQL. Your knowledge of basic concepts of Computer Networks is quite good. Challenge yourself to learn different routing algorithms and networking addressing. Since you have ground knowledge of basic reference networking models, try and push yourself to understand various network protocols like HTTP, UDP etc. Youjust need to work hard on understanding these concepts and their practicability.

SECTION IV: YOUR AUTOMATA FEEDBACK

This chapter provides you the detail of your performance in Automata modules.

This score measures the ability to write correct	This score measures the use of best practices in programming, program's robustness, readability, security etc.

Problem 1 Results

Scores

Programming Ability Score	N.A.
Programming Practices Score	N.A.

Code Execution Summary

Language	:	C
Code Compilation	:	Compilation Error
Compiler Warnings Generated	:	N.A.
Test Cases Passed	:	N.A.

Test Case Execution Results(Cases Passed/ Total Cases)

Basic Cases   N.A.

They demonstrate the primary logic of the problem. They encompass situations which would be seen on an average and do not reveal situations which need extra checks/handles to be placed on the logic.

Advanced Cases   N.A.

They contain pathological input conditions which would attempt to break codes which have incorrect/ semi- correct implementations of the correct logic or incorrect/semi-correct formulation of the logic.

Boundary Cases   N.A.

They specifically confirm whether the code runs successfully on the extreme ends of the domain of inputs.

Total (Cases Passed/ Total Cases)   **N.A.**

Structural Vulnerabilities and Errors

N.A.

Average-Case Time Complexity Detected

The complexity information cannot be generated.

The submitted source code is incorrect and failed to execute.

This problem can be ideally solved in O(1) time

Total (Cases Passed/ Total Cases)   N.A.

Average-Case Time Complexity Detected

The complexity information cannot be generated.

The submitted source code is incorrect and failed to execute.

This problem can be ideally solved in O(N) time

* N represents the number of elements in the input array

* Average Case Time Complexity is the order of performance of the algorithm given a random set of inputs. This complexity is measured here using the Big-O asymptotic notation.

SECTION IV: YOUR AUTOMATA FIX FEEDBACK

This chapter provides you the detail of your performance in Automata modules.

Automata Fix Scores	0out of 100

Syntatical Error	0out of 100	Logical Error Correction	0out of 100
The candidate is expected to fix syntactical/compilation error(s) in the provided code.		The candidate is expected to fix logical inconsistencies in the providedcode.	

Code Reuse	0out of 100
The candidate is expected to make use of existing functions to implement/ complete an incomplete functionality .	

Problem 1	Status: **Wrong**	Question Type: Logical Error

Default Source Code	Candidate Source Code

```
10      else if (list2==null)
11          return(list1);
12
13      if (list1.value <= list2.value)
14      {
15          result = list1;
16          result = mergeLists(list1.next, list2);
```

```
10      else if (list2==null)
11          return(list1);
12
13      if (list1.value < list2.value)
14      {
15          result = list1;
16          result = mergeLists(list1.next, list2);

Chapter IV.   YOUR PERSONALITY

The purpose of this Chapter is to provide you an analysis of your personality and give you an insight in your behavioral aspects. The analysis done is on the basis of your responses to AMPI (Aspiring Minds Personality Inventory). AMPI is a reliable and valid personality test based on global standards.

Different sub-sections of this chapter are especially designed to provide a broad view on numerous aspects related to your personality. This Chapter contains the following main sections:

- Your Personality Score
- Description of your personality
- Your Personality type.

A word of caution: Trait scores of HIGH or LOW may not be equated to being GOOD or BAD. There are no good or bad personalities. Secondly, this test or Chapter does not measure or indicate any psychological disorder or otherwise. Every individual has a unique personality and this report provides an indication of the same. Candidates with different personality combinations do well in handling different kind of situations and perform well in different jobs. There is no absolute metric personality. Lastly, this Chapter is best interpreted by a trained psychologist.

SECTION I: YOUR PERSONALITY SCORES

Your personality assessment shall be provided on the following traits:
These traits are based on the Big Five Model of personality, now globally accepted as the most scientific and validated model of personality.

The table and figure below shows your Z-score and percentile in each trait. Each bar represents your Z-score in a personality trait.

Trait	Region	Percentile	Z-score
Extraversion	High	71%	0.56
Conscientiousness	Medium	56%	0.15
Emotional Stability	Low	32%	-0.48
Openness to Experience	Medium	34%	-0.41
Agreeableness	High	75%	0.66
Polychronicity	High	96%	1.67

Your Personality Map
Scores and Their Interpretation:

a. For each trait, you have been classified as being LOW, MEDIUM or HIGH. It should be noted that this classification is not an absolute one, but a relative one. These classifications are based on our national norms on a sample of entry-level job aspirants. For instance, a person, who is high on Extraversion, is as extraverted as the top 33% people in our norm group. He/she may not still be extraverted enough for a given role or a standard set by another individual.
b. A low percentile does not mean bad performance and high percentile does not mean good performance, as there is no concept of performance in personality.
c. For each trait, a Z-score is provided. The Z-score measures the number of standard deviations the score is away from mean of norm. A Z-score more than +0.44 means the candidate is in the top 33%, whereas a Z-score of less than -0.44 represents the candidate is in the lowest 33%.
d. This report is best interpreted by a psychologist. The candidate is strongly advised not to take any action on the basis of this report without referring to a well-qualified psychologist.

SECTION II: DESCRIPTION OF YOUR PERSONALITY

This section provides you a detailed description of your personality traits.

Extraversion

| 10 | 20 | 30 | 40 | 50 | 60 | 70 | 80 | 90 | 100 |
Your score indicates you are **High** on Extraversion.

Extraversion is defined as one's inclination towards the outer world. Individuals with high extraversion can be characterized as social, talkative and assertive. They like the company of people and enjoy social gatherings. They need external stimulation and get energized while interacting with people. They have lots of friends and thrive for making new social contacts. They like to work in groups and prefer to lead others.

You like to engage with the external world, be among people and interact with them. You are assertive of your view and prefer to lead rather than follow. You seek lot of excitement and like to engage in high energy and thrilling activities. You enjoy social gatherings and feel more comfortable being surrounded by people.

Conscientiousness

| 10 | 20 | 30 | 40 | 50 | 60 | 70 | 80 | 90 | 100 |

Your score indicates you are **Medium** on Conscientiousness.

Conscientiousness has been called by some psychologists as the Will to Achieve. It is generally seen to have two components, one of striving for achievement and the other of dependability. The latter is characterized by being thorough, organized and responsible. The former is related to volitional variables such as hardwork,

perseverance and orientation towards achievement.

You are moderately well-organized and dependable. You would generally follow processes and be disciplined towards your goal, but may become carefree of your work and schedules at times.

Emotional Stability

| 10 | 20 | 30 | **40** | 50 | 60 | 70 | 80 | 90 | 100 |
Your score indicates you are **Low** on Emotional Stability.

Emotional stability refers to being in a state of psychological steadiness. Emotionally stable people are even tempered and relaxed and they tend to have higher emotional intelligence. On the other hand, people low on emotional stability are likely to experience negative emotions like anxiety, depression, embarrassment and insecurity on small stimuli from the environment. These people have a tendency to exaggerate minor mutations.

You are generally anxious, emotional and prone to worry. You could get angry and frustrated with others and are generally sensitive. You get easily stressed out and are prone to give in to your impulses and feel self-conscious. You have frequent mood swings and often feel depressed and sad.

Openness to Experience

| 10 | 20 | 30 | **40** | 50 | 60 | 70 | 80 | 90 | 100 |
Your score indicates you are **Medium** on Openness to Experience.

Openness to Experience is associated with being broad-minded, unconventional, having a rich artistic sensitivity and being curious and imaginative. This has been a trait hard to identify and has been called as intellect, culture or openness to experience by various psychometricians. Open individuals are creative, willing to challenge authority and entertain new ideas. They have intuitive thinking and can adapt to change easily. They are progressive and prefer to explore new ways and ideas of doing things.

You would be moderately interested in the aesthetics and your intensity of emotions and feelings is comparable to most people. You seek a balance between the conventional path and experimentation with new ways. You are generally open to new things. But if something crosses its limit, you'll never favor it. You are suspicious of anything too much out of the way.

Agreeableness

| 10 | 20 | 30 | 40 | 50 | 60 | 70 | **80** | 90 | 100 |
Your score indicates you are **High** on Agreeableness.

Agreeableness refers to social conformity, friendliness, compliance and altruism. Agreeable people are sympathetic to others, help others and trust others to help them too in return. They are popular amongst their colleagues and do not believe in manipulating people. Agreeable people are good for customer relationship profiles and work well in teams.

You come across as warm and compassionate. You care for others, are generous, helpful and modest. You make sure you do not hurt anyone and are trusting of others. You are straightforward, understanding and humble. You see other people as honest and trustworthy and believe in what they say.

Polychronicity

| 10 | 20 | 30 | 40 | 50 | 60 | 70 | 80 | 90 | **100** |
Your score indicates you are **High** on Polychronicity.

PRINCIPAL
JEPPIAAR INSTITUTE OF TECHNOLOGY
Jeppiaar Nagar, Kunnam
Sriperumbudur Taluk,
Kanchipuram District - 631 604.

The Multi-tasking trait is defined as the extent to which the person prefers to engage in more than one tasks simultaneously and believes that this is a productive work style. Individuals high on this trait shall like to engage in multiple activities at a given time, whereas those low shall prefer to just do one thing at a time. This trait measures the personality disposition of a person to multi-task and does not measure the ability to do so.

You have a high score on the multi-tasking scale. This shows that you prefer to do multiple tasks simultaneously, switching in between as per need basis. Rather than doing a single task or project, you shall like to do several of them together. Your working approach shall be to make some progress on multiple tasks than completing one task to the fullest and then moving to the next task. You will like to work in an environment which involves multi-tasking and shall not be put off by that. You believe this is an efficient way of doing things.

SECTION III: YOUR PERSONALITY TYPE
Based on your personality traits, your personality type is determined as below.

> You are a **"Caregiver"**

You are warm, sympathetic, helpful, cooperative and down-to-earth. You love people and take pleasure in other people's happiness. You are generous and have genuine interest in the well-being of others. You value relationships, supporting and nurturing others. You do your best to make sure that personal relationships are running smoothly.

You enjoy and joyfully observe traditions and are liberal in giving, especially where custom prescribes. You express your emotions freely and openly, for all to see. You are sensitive to criticism and have a need to be appreciated for the good you do to help others.

You like to have control over things, situations and other people. An atmosphere of uncertainty, generally, makes you feel insecure. You believe that everything should be done within law and order. You like organized and planned activities and prefer to do things in the established ways.

Chapter V. YOUR INDUSTRY AND JOB FIT

This chapter explains your job fit in various profiles in different industry sectors.

AMCAT is today used by leading corporations across the country to look for the right talent. Based our learning's from working with these corporates, we have developed statistical models of what scores make a candidate succeed in a given job profile. Based on your AMCAT scores and our statistical model, we can predict which job profiles you best fit in. We can also find out the profiles for which you aren't currently ready and what subjects you need to study to become employable in them.

This section shall provide you information about your employability in different job profiles and what all you need to improve to become more job fit. It will also provide a glimpse in the score cut-offs for different profiles.

Section I: YOUR JOB FIT

Job Profile	Your chance of selection for these job profiles.	Job profile criteria and areas to work on for improving your chances
Engineering/IT Jobs		
Software Engineer-IT Services	Low	These companies are basically looking for good English and Logical skills with average Quantitative ability. You have to work hard in English Comprehension.
Software Engineer-IT Product	Low	These companies are basically looking for good English, Programming and Logical skills with average Quantitative ability. You have to work hard in English Comprehension and Automata Fix.
Technical Operations		
Associate- ITES/BPO	High	These companies look for candidates proficient in English with average Logical and Quantitative abilities.
Associate- ITES Operations (Hardware and Networking)	High	These companies are basically looking for candidates with good English and average Logical abilities.
Non-technical Jobs		
Analyst	Low	These companies look for candidates having proficiency in English with good Quantitative and Reasoning abilities. You have to work hard in English Comprehension.
Creative Content Developer	Low	These companies look for candidate with proficiency in English with good reasoning abilities. You have to work hard in English Comprehension.

Section II: SELECTION COMPARATOR

The graphs below show the minimum cut-off in each module every job profile (marked with solid blue lines). It also shows your AMCAT score, which is represented by a dot and connected through dotted lines. You can compare different job profiles cutoffs with your score to get an idea about how well or poorly you do with respect to each module for a given profile.
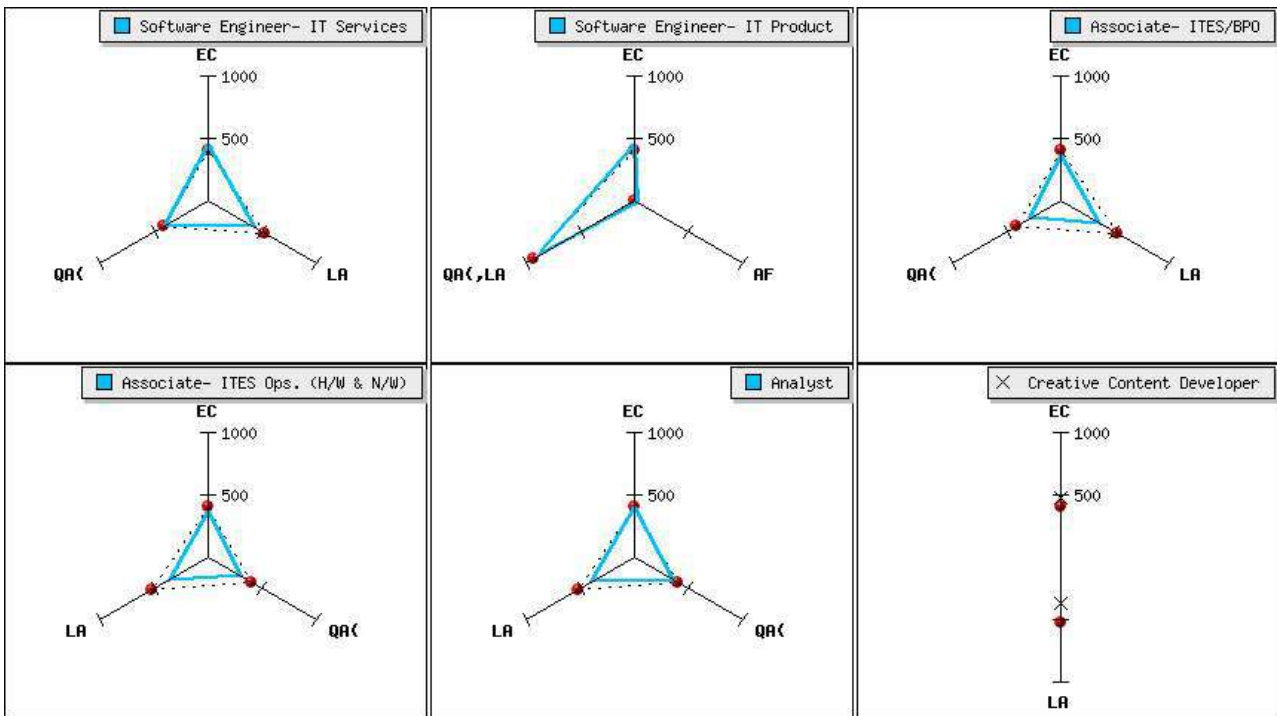

* For some profiles personality scores have also been considered.

We hope you have read this Chapter seriously and plan to take next steps based on your interest and employability for different job profiles. We recommend the following action plan:
INTEREST		
	HIGH	**MEDIUM/LOW**
Employability **HIGH**	Prepare for interviews for these profiles. Check out references from Chapter VI.	Gather more information about profiles and re-evaluate your interest. If you find that they may interest you, start preparing for their interviews.
MEDIUM/LOW	Start working to improve on AMCAT modules required for the profile. Re-take AMCAT after three months to improve your chances of interview opportunity.	Low priority at this point.

Work hard and you will soon be able to crack a job in a profile of your interest. The next chapterwill provide some tips to you to improve yourself in different modules.

To be able to improve your employability you need to concentrate on improving your weak areas while maintaining your strengths. This chapter shall guide you to resources and a plan to do this. Based on your weakareas as enumerated in Chapter III and improvement areas for specific job profiles(discussed in Chapter V), you should take next steps to improve your employability. To do this effectively you need to pick the right books/resources/training for each area and spend a balanced amount of time on across subjects.

Our intelligent feedback system, based on your weaknesses and strengths has picked material to refer to and created a study time schedule. Both when used effectively can help you improve your employability substantially.

SECTION I: REFERENCES

Based on your AMCAT report, we have picked authoritative resources to help you improve. The references are custom generated for you according to your performance in AMCAT. These resources are free to access over the internet and should come handy in your endeavor to improve your employability.

SECTION II: SUGGESTED TIME SCHEDULE
Based on your performance, we have come up with a time schedule. By following this time schedule, you can ensure that you will continue to maintain your strong modules, while improve substantially in those that are lacking.

The pie chart below, tells you about how much time you should ideally be spending on different modules. Always remember, it is required to spend a fixed amount of time on all modules even though you might be strong in them. Perfection is said to come from continuous practice.

And for the modules in which you might be lagging a bit, there is always time for improvement. So just put your chin down and start working on them from today. It has to start somewhere, it has to start sometime. What better place than here, what better time than now?

We also provide you a time split for each section in the module. Based on your performance, we automatically adjust times so that you spend more time on weak sub-sections in a module and less in others. This is contrary to what students generally do! They keep doing questions which they are able to solve and do not attempt those which they find tough. To improve your weak areas, you just need to do the opposite. Spend more time preparing for weak areas, even if it takes more time to learn and
We hope that your performance analysis has helped you understand your strengths and weaknesses. Let us now understand what your next steps should be.

Your AMCAT experience is still not over!

Assessment is a continuous process which does not end with just an evaluation. In fact this is just the beginning. You need to work hard to succeed in tests and interviews of companies and finally do wonders at the job.

During the next three weeks, you will be automatically enrolled in the AMCAT Job-Readiness Capsule to help you get closer to your dream company interview. We will interact with you on a regular basis via emails to guide you through the capsule and check your progress. We will send you SMSes with helpful tips, guidance and employability updates for the next 3 months. Make sure you not only read these SMSes, but also do the things they recommend. We will also guide you in making your resume and help you perform best at an interview. Make sure you regularly log into your myamcat.com account to make maximum use of these resources and tips.

Also, to make sure you receive the best job opportunities matching your profile, you need to keep your profile at myamcat.com upto date with your most recent information and contact details. Do not compromise here, lest you miss a desired interview opportunity!

We need your feedback

Throughout this report, we have provided you with feedback. We also look for your feedback!

It is our endeavor to continuously improve ourselves so that the user has a great test experience. Please contact us in case you have any feedback about the test or the test experience in general. Your valuable comments will help us in fixing the glitches, if any, in our system.

In case of any query, feedback or suggestion please log in to your myAMCAT account and fill up the form at www.myamcat.com/need-help.

Words for life

A young man asked Socrates the secret to success. Socrates told the young man to meet him near the river the next morning. They met. Socrates asked the young man to walk with him toward the river. When the water got up to their neck, Socrates took the young man by surprise and ducked him into the water. The boy struggled to get out but Socrates was strong and kept him there until the boy started turning blue. Socrates pulled his head out of the water and the first thing the young man did was to gasp and take a deep breath of air. Socrates asked, 'What did you want the most when you were there?" The boy replied, "Air." Socrates said, "That is the secret to success. When you want success as badly as you wanted the air, then you will get it." There is no other secret.

A burning desire is the starting point of all accomplishment.

Just like a small fire cannot give much heat, a weak desire cannot produce great results...

This agreement / MOU is made on **2/1/2020** by and between;

Jeppiaar Institute of Technology

And

www.techgig.com, a wholly owned website of **Times Internet Limited** having its registered office at Express Building Bahadur Shah Zafar Marg, New Delhi - 110002 and company office at Times Centre, Ground Floor, FC-6, Sector -16A, Noida, 201 301 (Hereinafter called "TechGig or TIL")

COLLEGE/INSTITUTE and **TechGig** or TIL hereinafter individually referred to as "Party" and collectively referred to as "Parties".

Purpose of this MOU

Sharing Institute/College Techgig Assessment Platform ("CODE LEARN") with Institute/College for offering and operationalize short term and login term courses related to coding contest and coding skill.

Institute/College will use Institute/College Techgig Assessment Platform exclusively for operationalising their coding courses.

1. DEFINITIONS & INTERPRETATION
Definitions

The following terms and expressions shall have the meanings assigned to them herein, unless repugnant or contrary to the context hereof or unless defined in the text of this Agreement and its Annexures:

a) **"Affiliate"** in relation to a Party means any Person which, directly or indirectly, controls such Party or is controlled by such Party or is under common control with such Party; For the purposes of this Agreement, "Control" means power and ability to direct the management and policies of the controlled company through ownership of or control of more than 50 (fifty) percent of the voting shares of the controlled company, either by contract or otherwise;

b) **"Techgig Assessment Platform"** - TechGig's proprietary assessment platform that lets other party setup assessments using MCQs (Multiple Choice Questions), coding questions, CTF (Capture the flag) and many more type of questions which are auto evaluated once submitted by the test taker.

c) **"Agreement"** means the terms and conditions as set out in this MOU together with all annexures and schedules, and further includes any amendments, additions, modifications as mutually agreed between Institute/College/

d) **"Applicable Laws"** means any law, statute, ordinance, rule, regulation, guideline, policy or other pronouncement having the effect of law of any Governmental Authority, as interpreted and administered including any modifications or amendments thereto;

e) **"Business Day"** means all weekdays excluding any public holidays in the Territory;

f) **"Calendar Day"** means a day constituting twenty-four (24) hours as appearing in the calendar.

g) **"Confidential Information"** means all information, data, know-how, whether it is technical in nature or not, which is disclosed by a Party, to the other Party, and which is related to

research, technology, design, etc., and business activities or strategies of such Party, which is either marked or stated to be confidential, or is by its nature and/ or its name reasonably intended to be confidential;

h) **"Data"** means all information, brochures, documents, publicity material, proprietary data and databases, User related data, marketing and sales support material of any kind and nature whatsoever that is in tangible or other electronic form or medium, all system and process specific information;

i) **"Intellectual Property Rights"** shall mean (without limitation) present and future patents, trademarks, registered designs (including any applications for the foregoing), copyrights, design rights, database rights (including rights of extraction) and all similar enforceable property rights including those subsisting (in any part of the world) in inventions, designs, drawings, performances, computer programs, semi-conductor topographies, confidential information, business names, goodwill and the style and presentation of goods or services and in applications for protection of any of the above rights;

j) **"Third Party"** means any individual, sole proprietorship, unincorporated association, unincorporated organization, body corporate, corporation, company, partnership, unlimited or limited liability company, joint venture, Governmental Authority or trust or any other entity or organization except the Parties hereto.

k) **"Taxes"** means any and all taxes, including but not limited to withholdings, tariffs, levies, duties, cess and imposts, or any similar tax-related charges or levies of whatsoever nature imposed, levied or assessed by any Governmental Authority within the Territory in accordance with present or future Applicable Laws in the Territory;

l) **"Territory"** means the Republic of India;

2. OBLIGATIONS OF THE INSTITUTE/COLLEGE

A. The Institute/College shall perform its obligations during the Term, in accordance with the terms and conditions of this Agreement.

B. The Institute/College shall be responsible for arranging material and non-material resources as required for the successful implementation of the Services by the Institute/College.

C. The Institute/College agrees not to engage itself or its employees/agents etc. directly or indirectly in any business or activities of TIL within the Territory.

D. In its provision of the Services the Institute/College shall comply and ensure compliance by its personnel, sub-contractors with all Applicable Law relating health, safety and the environment.

E. **Institute/College agrees to provide non-transferable and non-exclusive right to use the Institute/College's Techgig Assesment Platform and associated processes in accordance with clauses of this MOU.**

F. **The clauses and provisions are valid during the event / and for a period of 12 months and same shall be extended further with mutual consent of parties.**

G. The Institute/College agrees not to use Techgig Assessment Platform for any kind of commercial use or for any other company or for selling any part of this directly or indirectly. Breach of this clause shall attract liability as mentioned in clause -

3. REPRESENTATION AND WARRANTIES

a) Each of the Parties hereby represents and warrant to the other Party as follows:
  i. it is duly organized and validly existing under the laws of India and has all requisite power and authority to carry on its business as it is now being conducted.
  ii. This MOU constitutes its valid, legally binding and enforceable obligation.

iii. It shall take such further acts and generally do all such other things as may be reasonably necessary to accomplish the actions contemplated in this Agreement.

iv. It has taken all necessary action, corporate or otherwise, as applicable to them to authorize or permit the execution, delivery and performance of this Agreement.

v. The execution, delivery or performance of this Agreement by it will not: (i) conflict with or constitute a default under or breach of performance of any of its obligation; or (ii) result in a violation of any law, regulation, administrative order or judicial order applicable to it or its business or assets.

b) In addition, the INSTITUTE/COLLEGE represents and warrants to INSTITUTE/COLLEGE as follows:

i. It has all requisite knowledge, skill, expertise, experience, technical know-how, resources, and intellectual property rights to perform the Service in accordance with the terms of this Agreement.

ii. It shall not incur any liability on behalf of Institute/College or make any contract binding upon TIL.

iii. It shall ensure that it shall not initiate, undertake or indulge into any action which is prejudicial to the interests of INSTITUTE/COLLEGE.

iv. Without the prior written approval of Institute/College, the INSTITUTE/COLLEGE shall not publish or use any advertising, sales promotion or publicity matter relating to services and reports furnished by the Institute/College wherein the names of Institute/College and their subsidiaries, affiliates are mentioned or their identity implied.

4. AUDITS

a) During the Term of this MOU, and for a period of 12 months thereafter, Techgig, at its sole expense reserves the right to audit, inspect, and make copies or extracts of relevant systems and processes and records ("**Documents**") associated with Institute/College's performance under this Agreement.

b) Techgig or any Auditor appointed by Techgig, shall have unrestricted access to all Documents whether maintained electronically or otherwise including but not limited to the right to call for Documents and explanations from the employees of the Institute/College associated with Institute/College's performance under this Agreement, as it may think necessary for performance of its duties as an Auditor.

c) The Institute/College shall always cooperate and assist with TIL and its Auditor and provide all Documents and other relevant data and information associated with Institute/College's performance under this Agreement, as and when required, for conducting audit including not limited to investigate any allegations/ instances of fraud.

5. INTELLECTUAL PROPERTY RIGHTS

a) Each Party owns, and will continue to own all rights, title and interests in and to any inventions, know how, works in any media, software, Information, trade secrets, materials, property or proprietary interest that it owned prior to this Agreement.

b) Intellectual Property Right Infringement

c) The Institute/College shall indemnify TIL in respect of all losses, damages, costs, and expenses and other liabilities (including, without limitation, reasonable legal and other professional fees) incurred by or awarded against TIL resulting from any claim or action against TIL by any Third Party that the receipt and use by TIL of IVR system or any Services (or any part of them) infringes the Intellectual Property Rights of that Third Party ("IPR

Claim") within the time specified in that demand and shall take all steps necessary to defend the IPR Claim.

d) Techgig agrees that:

(i) it shall notify the Institute/College in writing as soon as reasonably practicable of any IPR Claim of which TIL has notice;

(ii) TIL shall, at the Institute/College's request, cost and expense, give the Institute/College all reasonable assistance in connection with the conduct of the IPR Claim; and

e) If any IPR Claim is made, or in the Institute/College's reasonable opinion is likely to be made, against TIL, the Institute/College shall promptly and at its cost and expense obtain for TIL the right to continue receiving and using the Services in the manner permitted under, or as a result of, this Agreement.

6. DATA

a) The Institute/College acknowledges that any Data generated due to Services shall be the property of the TIL. All Intellectual Property Rights in or to the Data shall vest in TIL unconditionally and immediately upon their creation.

b) The Institute/College shall only store, copy or use the Data to the extent necessary to perform its obligations under this Agreement and shall not disclose it to any Third Party without the prior consent of the TIL except if required to do so by Applicable Law. Without limiting the previous sentence, the Institute/College shall not use the Data to solicit any business for any of the Institute/College's products or services and shall not disclose it to any of Third Party.

c) The Institute/College shall store the Data in a secure manner.

7. SECURITY REQUIREMENTS

a) The Institute/College shall not carry out any act or make any omission, in accordance with Good Industry Practice, which has or could reasonably be expected to have an adverse impact on the security of any of the Services.

b) In its provision of the Services, the Institute/College shall (and shall ensure that any of its Subcontractors shall) at all times have in place, and regularly and thoroughly test, security arrangements, each in accordance with Good Industry Practice, to:

(i) without prejudice to the Institute/College's obligations under Clause 10, protect the integrity and security of the Confidential Information of TIL and the Data which are disclosed to, or processed or otherwise handled by, the Institute/College in the course of the performance of the Institute/College's obligations under this Agreement; and

(ii) without prejudice to the Institute/College's obligations under this MOU ensure that such information as set out is not lost, destroyed, accessed, transferred, transmitted or (without appropriate authorization) disclosed while it is in the possession or under the control of the Institute/College or any Subcontractor.

8. INDEMNIFICATIONS

The Institute/College agrees that it shall defend, at its own expense, indemnify and hold TIL, its affiliates, or any of their officers, agents, directors, employees or third party harmless from and against all claims, demands, suits, proceedings, damages, costs, expenses,

liabilities (including, without limitation, reasonable legal fees) or causes of action brought against or incurred by TIL, its affiliate, or any of their officers, agents, directors, employees or third party for:

    a. Using Techgig Assesment Platform other than purpose of conducting courses as offered and conducted by INSTITUTE/COLLEGE.

    b. loss or damage to real and tangible property, caused by (or relating to the strict liability of) the Institute/College, or its officers, employees, representatives or agents;

    c. violation of Applicable Laws by the Institute/College or its officers, employees, representatives or agents;

    d. breach of any representation or warranty by the Institute/College or any of its officers, employees, representatives or agents; or

    e. any other liability or loss that shall:

        (i) have resulted from any fraud, wilful misconduct, negligent act or from the default of the Institute/College or its or their respective officers, employees, representatives or agents in the performance of their obligations under this Agreement; or

        (ii) shall be a liability or loss for which the Institute/College is legally liable.

Limitation of Liability

a) Notwithstanding any other provision in this Agreement, no Party shall be liable to the other Party or their respective Affiliates, subcontractors, employees, officers, and directors, for any liability that is indirect, remote or consequential.

b) Except for liability arising out of breach of Clause 2 and Clause 6,7, the maximum liability of INSTITUTE/COLLEGE under this agreement shall be limited to 2 crore in INR.

GENERAL TERMS

a) **Force Majeure;** Each Party's failure to perform its obligations hereunder, will be excused to the extent such performance is prevented by acts of God, explosion, casualty of war, labor dispute, failure of utilities, violence, governmental interference, or any other act or condition beyond the reasonable control of such Party. In such case, the Party so affected will give prompt, written notice to the other Party, and will resume performance promptly once the interfering condition has abated. Either party, upon written notification, may immediately terminate this agreement if the interfering condition is not abated within ninety- (90) days

b) **Assignment;** Neither party may assign its rights in this Agreement without the prior written consent of the other party, except that either party may assign this Agreement, upon written notice, to a third party that acquires a controlling interest in the assignor's voting stock, or to an entity controlled by the same party that controls the assignor. Any attempt to assign this Agreement in violation of the foregoing will be void. This Agreement will inure to the benefit of and be binding upon successors and permitted assigns Content service(s) of the parties.

c) **Amendment:** The Parties shall mutually agree to any amendments to this Agreement and any such modifications, amendment, shall be only through a document in writing signed by the authorized representatives of the Service Provider and TIL.

d) **Notices;** Any notice given under this Agreement must be deemed properly given when delivered in writing, if delivered in person, or sent via facsimile (with confirmation of

receipt), overnight courier, electronic mail (with confirmation of receipt), or certified or registered mail (postage prepaid) to the party at the address mentioned below. Each party must notify the other party of any changes to its address in accordance with this section.

e) **Dispute Resolution:** All disputes or differences arising out of or in connection with the execution, interpretation and performance of this Agreement, unless settled amicably by the parties hereto, shall be referred to and exclusively settled by Arbitration in accordance with Indian Arbitration & Conciliation Act, 1996. The Arbitration panel shall comprise of sole arbitrator, appointed by the Parties. The venue of the arbitration shall be Delhi, India. The language of arbitration shall be English. The decision of the arbitrators shall be final and binding upon both the parties. The costs of arbitration including the fees and expenses of arbitration shall be borne equally by the parties hereto, provided, however, that each party shall bear the cost of preparing and presenting its own claims and/or defenses.

f) **Governing Law:** This Agreement shall be governed and construed by the laws of the Republic of India, The parties irrevocably consent to the jurisdiction and venue of courts of State of Delhi, India without regard to or application of choice of law rules.

g) **Waiver:** All waivers hereunder must be in writing, and no failure by either party to enforce any rights hereunder will constitute a waiver of such right then or in the future.

h) **Severability and Headings:** If for any reason any provision of this Agreement is unenforceable, that provision of the Agreement will be enforced to the maximum extent permissible so as to affect the economic intent of the parties, and the remainder of this Agreement will continue in full force and effect. Headings used in this Agreement are provided for convenience only and will not in any way affect its meaning. The parties acknowledge that they have played equal parts in negotiating this Agreement and that its terms will be interpreted without any bias against one party as drafter. Words or phrases importing the singular shall be interpreted to include the plural and vice versa,

i) **Counterparts:** This Agreement may be executed in counterparts, each of which will be considered an original, but all of which taken together will constitute one and the same instrument.

j) **Independent Contractors:** The relationship of Service Provider and TIL established by this Agreement is that of independent contractors and nothing in this Agreement will be construed to constitute the parties as joint venture or partnership.

In witnesses whereof, the parties herein have signed on this document, on the date, month and year mentioned above.

MEMORANDUM OF UNDERSTANDING

This Memorandum of Understanding (MoU) is entered and made effective on this 8th of October 2019 (Effective Date) by and between:

JEPPIAAR INSTITUTE OF TECHNOLOGY a college established by Jeppiaar Remibai Educational Trust, is non-profitable and Christian-minority institution, represented by its **Managing Director Dr.N.Marie Wilson**, functioning at Jeppiaar Nagar. Kunnam,Sunguvarchatram,Sriperumbudur,Chennai-631604 (hereinafter referred to as 'JIT' which expression shall unless repugnant to the context or the meaning thereof, include its Trustees. administrators , authorized signatories and representatives) of the ONE PART:-

And
TROONDX, a company incorporated under the Companies Act 2013, represented by its **Co-Founder Mr.Aditya Santhanam**, having its registered office at No: 3,Stringers Road. Vepery. Park Town, Chennai, Tamilnadu 600003 (hereinafter referred to as 'TROONDX' which expression shall unless repugnant to the context or the meaning thereof, include its representatives, successors and permitted assigns) of the OTHER PART;

Both JIT and TROONDX shall be hereinafter jointly referred to as "Parties" and individually as "Party" under this MoU.

Profile and infrastructure

WHEREAS Jeppiaar Institute of Technology(*A Christian Minority Institution*), established in the year 2011 with the primary objective of rendering futuristic technical education with the perspective of innovative, industrial and social application for the betterment of humanity.

WHEREAS TROONDX is a Low Code SAAS enabled all in one Blockchain,AI and Data Engineering Platform that enables Independent Software Vendors, Enterprises or Government entities to rapidly implement their business models on Blockchain using it's Flexible and intuitive framework.TROONDX Platform comprises of 3 innovative products which is first of kind in the whole world that enables Trustable, Intelligent and Scalable Block Chain Backbone a)TroonDx SineID, b) TroonDx Data Vault, c) TroonDx Insights

PRINCIPAL
JEPPIAAR INSTITUTE OF TECHNOLOGY
Jeppiaar Nagar, Kunnam
Sriperumbudur Taluk,
Kanchipuram District - 631 604.

TroonDx
Engineering Trust at Scale
Now therefore the parties to this document unanimously agree as follows:

1. OBJECTIVES OF THE MoU

The objective of this Memorandum of Understanding is:

a. To promote interaction between JIT and TROONDX, in mutually beneficial areas.

b. To provide a formal basis for initiating Industry Institutional Collaboration between JIT and TROONDX

c. To execute Centre of Excellence in Blockchain Technology in accordance to the TROONDX at JIT Campus.

d. To execute Centre of Excellence in Data Science in accordance to the TROONDX at JIT Campus.

e. To execute Centre of Excellence in Big Data Analytics in accordance to the TROONDX at JIT Campus.

f. To execute Centre of Excellence in MEAN/MERN STACK DEVELOPER in accordance to the TROONDX at JIT Campus.

g. To execute Centre of Excellence in Android and iPhone App Development in accordance to the TROONDX at JIT Campus.

Both the Parties hereby mutually agree and affirm that they shall jointly collaborate to achieve the above objectives as stated in this MoU. The Parties agree to sign necessary SOW or agreements as and when required to achieve the above objectives.

2. PROPOSED MODES OF COLLABORATION

JIT and TROONDX propose to collaborate through

a. Master Training Program for JIT Faculties and certification for the same at TROONDX campus.

b. Conducting "Blockchaining", "Data Science Course ", "Big Data Analytics" credit course as a part of Value Added Program for the B.E./B.Tech Students at JIT.

c. Providing the required amenities for conducting the course by JIT faculties

PRINCIPAL
JEPPIAAR INSTITUTE OF TECHNOLOGY
Jeppiaar Nagar, Kunnam
Sriperumbudur Taluk,
Kanchipuram District - 631 604.

d. Certifying the qualified students attending the course at JIT. The eligibility criteria for qualification will be as per the norms of TROONDX.

e. Mentoring the enrolled students during the course period from TROONDX.

f. Interning competent certified students ideating High Impact Projects at TROONDX.

g. Any other appropriate mode of interaction mutually agreed upon between JIT and TROONDX.

h. Mutually agreed marketing& branding activities which will ensure visibility of TROONDX& JIT to the society

Each of the above modes of interaction will be carried out upon this MoU between the two parties at agreed cost where applicable on case to case basis.

3. AREAS OF COLLABORATION

The principal areas of collaboration between JIT and TROONDX will be as set out in

a. Industrial Visit

b. Mentorship

c. Guest Lectures

d. Workshops

e. Conclave/Conference

f. Projects (Technical & Social Impacts)

g. Internships

4. AGREEMENTS FOR RESEARCH COLLABORATION

Each research collaboration jointly undertaken by the parties hereunder shall be initiated by the signing of a separate research agreement between the parties, which will describe in detail:

a. The nature, scope and schedule of the research collaboration.

b. The form of the research collaboration.

c. The estimated cost of the research collaboration together with the amount of funding, if any, to be received from third parties.

d. The treatment of intellectual property and data rights, including patents, industrial design registration, copyrights and all other proprietary information (including innovations not patented, designs not registered etc. which result from the research collaboration or which belong to a party and are used in research collaboration.

PRINCIPAL
JEPPIAAR INSTITUTE OF TECHNOLOGY
Jeppiaar Nagar, Kunnam
Sriperumbudur Taluk,
Kanchipuram District - 631 604.

e. Other provisions as may be mutually agreed upon. including provisions covering the consequencesof default or termination by a participant. term. arbitration of disputes and applicable law.

f. **The Parties agree that this MoU shall survive during the term of this agreement unless or otherwise terminated, irrespective of any clauses that are agreed in contrary in the subsequent agreements to be entered between the parties.**

5. CONFIDENTIALITY

a. During the term of this MoU and for a period of 3 years from the date of disclosure. each party agrees to consider as confidential all information disclosed by the other party in written or tangible form or. if orally disclosed confirmed in writing within thirty days of disclosure and identified as confidential by the disclosing party.

b. The obligations above shall not extend to any confidential information for which the receiving party can prove that this information:

- is in the public domain at the time of disclosure or comes within the public domain without fault of the receiving party.

- is already known or become known to the receiving party

- is received from a third party having no obligations of confidentiality to the disclosing party.

- is independently developed by the receiving party; or

- is required to be disclosed by law or court order.

6. NON-EXCLUSIVITY

The relationship of the parties under this MoU shall be non-exclusive and both parties. including their affiliates, subsidiaries and divisions, are free to pursue other agreements or collaborations of any kind. However, when entering into a research agreement. the participants may agree to limit each party's right to collaborate with others on that subject

PRINCIPAL

Sriperumbudur Taluk,
Kanchipuram District - 631 604.
7. OBLIGATION OF JIT

a. JIT agrees that all the Intellectual Property rights in all the training materials belong to TROONDX and JIT shall not use and / or share the training materials provided by TROONDX to any third party without the prior written cônsent of TROONDX.

b. JIT agrees and undertakes that it shall explain the confidentiality obligations to its trainers and shall make its trainers to execute a Non-Disclosure Agreement, before sharing the training materials to them. Failing to do so, is a breach on part of JIT and TROONDX shall have the right to terminate this MoU immediately and claim for damages.

8. TERM AND TERMINATION
This MoU, unless extended by mutual written agreement of the parties, shall expire 3 years after the effective date. This MoU may be terminated earlier by mutual written agreement of the parties at any time. Either party shall have the right to unilaterally terminate this MoU upon 60 days prior written notice to the other party. However, no such early termination of this MoU, whether mutual or unilateral, shall affect the obligations of the participants under any research agreement, confidentiality clause as referenced above, or any other agreement entered pursuant to this MoU, which obligations shall survive any such termination.

9. RELATIONSHIP

Nothing in this MoU shall be construed to make either party a partner, an agent or legal representative of the other for any purpose.

10. LIABILITY

In no event shall either party be liable for any indirect damages including incidental, consequential, special, punitive or exemplary damages (including loss of profit, loss of business etc.) suffered by either party arising from breach of this MoU, negligence or any other legal cause of action, regardless of the form of action whether in contract, tort (including negligence) or otherwise arising out of or related to this agreement.

11. AMENDMENT

The terms and conditions of this MoU may not be amended or modified without the prior written consent of the Parties

12. GOVERNING LAW

The courts of Chennai shall have jurisdiction over any and all disputes arising out of this MoU.

13. INDEPENDENT CONTRACTORS

Nothing contained herein shall be construed as creating a partnership, joint venture or agency or employment relationship between either party. In performing all services required hereunder, each party shall act as an independent contractor to the other. Neither party shall have any authority or power to contract or in any manner incur liability, retrospectively or prospectively, of any kind or nature for or in the name of the other party or for which the other party could or might be held liable to others.

14. SIGNED IN DUPLICATE

This MoU is executed in duplicate with each copy being an official version of the agreement and having equal legal validity.

BY SIGNING BELOW, the parties, acting by their duly authorized officers, have caused this Memorandum of Understanding to be executed, effective as of the day and year first above written.

Date 25-11-2019

Mr S. Neelakandan

TO WHOM IT MAY CONCERN

This is to Certify that Ms. S. Sudha Mercy has done her internship in TroonDx, Chennai from 12-09-2019 to 23-11-2019.

He has worked on a project title "Blockchain based Academic Certificate Authentication System ". This project was aimed to launch a Blockchain based QR system for academic certification. As part of the project, they designed and developed various security models for Identity access and digital certification.

During this project implementation they involved with good technical skills, self-motivated attitude to generate QR based academic certification using Blockchain. Their Performance exceeded expectations and was able to complete the project successfully on time.

MEMORANDUM OF UNDERSTANDING BETWEEN
INDIAN TECHNOLOGY CONGRESS ASSOCIATION (ITCA), BANGALORE
AND
JEPPIAAR INSTITUTE OF TECHNOLOGY (JIT), SRIPERUMBUDUR, TAMIL NADU

This Memorandum of Understanding signed on this the 12th day of **October 2018** at Bangalore between **INDIAN TECHNOLOGY CONGRESS ASSOCIATION (ITCA)**,having its Registered Office at ITCA Secretariat, 4th Floor, #3, First Main, BDA Layout, Kodihalli, HAL 2nd Stage, Bengaluru-560 008 and **Jeppiaar Institute of Technology (JIT),** having its Registered Office/Operations at **Kunnam Sunguvarchatram, Sriperumbudur, Tamil Nadu 631604.**

Objective

ITCA, a platform for technology adherents working to stimulate multi-disciplinary capabilities in tomorrow's workforce, is actively partnering with Academic Institutions, Industry, and Research labs to conceptualize, develop and launch a distinctive programme of **"India 75 Student Satellites Mission"** through accomplished Institutions in the consortium mode.

JIT has evinced Expression of Interest (EoI) to ITCA to participate in the envisioned mission to develop Student-Centric-Satellites in co-operation with international space exploration agencies based on the "open collaboration philosophy" paradigm.

This MoU represents an understanding of the Roles and Responsibilities of both the Organizations to progress the proposed Student Satellite Mission and provides an umbrella understanding by both the Organizations to work together to meet the objectives of all aspects of the Student Satellite Mission including training and assessment, mission identification, programme funding, structuring of institution project teams, development of subsystems, satellite assembly integration and test, coordination for regulatory approvals, satellite launch and deployment.

The activities that are envisaged to be progressed under this MoU would include, but are not limited to:

1. ITCA agrees to support Education/Training/Multidisciplinary Research & Developmental Projects and Initiatives focused on Student Satellite Development through its members; and Research Personnel/Subject Matter Experts identified by them for the Projects.

2. ITCA will lead the activity to identify and enlist Indian and global technology partners, funding agencies in India and abroad, and structure the overall Satellite Development Mission with comprehensive programme management and project management teams for successful mission completion including the launching of the satellite. ITCA will facilitate induction of technology and domain experts from Institutions, Industry and Entrepreneurs to ensure mentoring Institution teams over the duration of the mission.

3. ITCA will assist the Institution to raise the capital required for funding this programme either within the country or abroad, as per the terms and conditions mutually discussed and documented in follow-on specific Agreements with stakeholders.

Kanchipuram District - 631 604.

MANAGING DIRECTOR
JEPPIAAR INSTITUTE OF TECHNOLOGY
Jeppiaar Nagar, Kunnam,
Sriperumbudur Taluk,
Kanchipuram District - 631 604.

4. Both the agencies, ITCA and JIT agree through this MoU, to meet periodically to Review and Monitor the progress of the Student Satellite Project and Initiatives.

5. Both the Organizations, ITCA and JIT agree to identify responsible persons as Points of Contact, to network and communicate with all the personnel concerned, for effective progressing of the Projects and Initiatives.

6. Both the Organizations, ITCA and JIT proactively will provide inputs to strengthen the academic curriculum to meet the needs of the space industry. Students successful in the courses structured as part of the Student Satellite Mission will receive a joint certification from ITCA and the Technology Partner(s) delivering the courses.

7. ITCA will facilitate International collaborations as per the requirements of the Mission. Also facilitates CanSat/Rocketry Workshops/Seminars/Competitions in India/Abroad.

8. ITCA will assist JIT and provide access to Sponsored Research Projects, Consultancy Projects and Travel Grants etc through their network and consortium with in India and Abroad.

9. ITCA will assist JIT in setting up vibrant Patent Facilitation Centre at JIT and provide Assistance to Patent Filling, Ideas, Innovation and Productization using their expertise.

10. Both the Agencies, ITCA and JIT agree to support each other in organising national and international conferences, symposia, seminars, workshops, training programs, competitions and other such events.

Validity of the MoU

The validity of this MoU will be for Five Years from the date of signing this MoU. This MoU may be terminated by a prior notice of not less than three months by either party.

In witness whereof both parties above mentioned have set their hands to this MOU on the day and year herein above mentioned.

MEMORANDUM OF UNDERSTANDING

This **MEMORANDUM OF UNDERSTANDING** made on ____ 10th day of May 2017 **BETWEEN** the **CENTRAL INSTITUTE OF PLASTICS ENGINEERING & TECHNOLOGY (CIPET)** (hereinafter referred to as **CHENNAI-CIPET**) having its office at T.V.K INDUSTRIAL ESTATE, GUINDY, CHENNAI-32 represented by **THE DIRECTOR & HEAD** on the **ONE PART** and **JEPPIAAR INSTITUTE OF TECHNOLOGY** having its administrative office at Kunnam, Sunguvarchatram, Sriperumbudur, Chennai – 631604 represented by **THE DIRECTOR** on the **OTHER PART.**

WHEREAS Central Institute of Plastics Engineering & Technology (**CIPET**), a premier National Institution under the Department of Chemicals and Petrochemicals, Ministry of Chemicals and Fertilizers, Government of India with a clear focus of "Skill Development, Technology Support Services, Academic and Research (STAR)". CIPET-Chennai offers Doctoral/ Post Graduate/ Graduate/ Diploma/ Post-Diploma/ Post Graduate Diploma and various Short Term programmes in the field of Plastic and allied Industries. CIPET-CHENNAI also offers wide range of short-term skill-cum technology up-gradation programmes to meet the human resource requirements of Polymer/Allied industries in the country as well as across the globe. CIPET-Chennai envisions providing technical services such as Design, CAD/CAM/CAE, Tooling, Testing and Developmental projects to various industries.

तमिलनाडु TAMIL NADU

WHEREAS JEPPIAAR INSTITUTE OF TECHNOLOGY is a Centre of Excellence in 'higher learning' which is unique and different not only for the guiding philosophy and values, but also for the innovative learning practices. This Institute offers Under graduate courses in B.E & B.Tech under **Anna University** and approved by AICTE .

This MOU is both beneficent to CIPET-Chennai and Department of Mechanical Engineering, **JEPPIAAR INSTITUTE OF TECHNOLOGY** through conducting, participating of short term training programmes, Technical consultancy, Research and Development work, Industrial problem analysis and solving etc.

In accordance with this mutual agreement,

1. CIPET-Chennai will offer various CAD/CAM/CAE courses to the students of JEPPIAAR INSTITUTE OF TECHNOLOGY. The course details are listed in Annexure – I.

2. JEPPIAAR INSTITUTE OF TECHNOLOGY will collect the course fees towards conduct of the training programme. Proceeds will go to CIPET-Chennai and JEPPIAAR INSTITUTE OF TECHNOLOGY in the ratio of 90:10.

3. The Batch with 10-Students or More will avail 40% Concession for any particular course which is chosen by students

PRINCIPAL
JEPPIAAR INSTITUTE OF TECHNOLOGY
Jeppiaar Nagar, Kunnam
Sriperumbudur Taluk,
Kanchipuram District - 631 604.

4. The total fees collected from each participant will be remitted to CIPET-Chennai. Thereafter 10% (excluding service tax) should be given back to JEPPIAAR INSTITUTE OF TECHNOLOGY by CIPET-Chennai before the commencement of course.

5. The course will be conducted at JEPPIAAR INSTITUTE OF TECHNOLOGY Campus during week days/ Week end according to student's preference.

6. All the students of JEPPIAAR INSTITUTE OF TECHNOLOGY under the Department of Mechanical Engineering are eligible to attend the short term training programme conducted by CIPET-Chennai.

7. JEPPIAAR INSTITUTE OF TECHNOLOGY will be required to arrange the necessary lab facilities and all other support required for the smooth conduct of the short term programme.

8. The students from JEPPIAAR INSTITUTE OF TECHNOLOGY can do their Inplant training, Internship, Project Works, Research work at a subsidized fees fixed by CIPET-Chennai.

9. After successful completion of the short term training programme as prescribed in the curriculum, CIPET will issue a certificate to enhance the career opportunities of the students.

10. Student shall have to remit the fees prescribed by the authorities (CIPET-Chennai). Revision in fee structure will be done upon mutual consent. For registration / pre-registration to selective courses application in prescribed format in advance should be submitted.

11. The MOU shall be effective from the date of execution hereof and shall remain in force for a period of five years. The MOU shall be renewable upon mutual agreement.

12. The Course Coordinator, Technical Officer (D), CAD/CAM/CAE Centre , CIPET and The Professor & Head, Department of Mechanical Engineering, JEPPIAAR INSTITUTE OF TECHNOLOGY are the link officers for this programme.

13. CIPET-Chennai will make all efforts to give best training to JEPPIAAR INSTITUTE OF TECHNOLOGY students so that these skills are helpful to their employment and future career.

In witness whereof, each party has caused it's duly authorized representative to execute this MOU on _10th_ of _MAY_ 2017.

Automation Anywhere Course Administration Agreement (University)

This University Course Administration Agreement ("Agreement"), dated as of 26ᵗʰ OCTOBER 2018 (the "Effective Date"), is entered into by and between Automation Anywhere, Inc., a California corporation with offices at 633 River Oaks Parkway, San Jose, CA 95134 U.S.A. (hereafter referred to as "AAI"), and "**JEPPIAAR INSTITUTE OF TECHNOLOGY**" located at KUNNAM, SUNGUVARCHATRAM , SRIPERUMBUDUR, CHENNAI ,TAMIL NADU, INDIA, (hereafter referred to as "University"). University and AAI are hereafter collectively referred to as the "parties".

WHEREAS, AAI is offering the "Automation Anywhere University Talent Development Program", in which enrolled students of certain universities ("Students") may attend a non-unit lab practicum course (the "Course"), taught by a faculty member directly trained and certified by AAI as an AAI trainer ("Faculty Trainer") in a classroom enabled with AAI software as an AAI Center of Excellence, after which those trained students may themselves seek accreditation as AAI trainers through testing with AAI (the "Program");

WHEREAS, University desires to participate in the Program.

THEREFORE, for good and valuable consideration as set forth below, the parties agree as follows:

1.   **Definitions.**

"Center of Excellence" or "CoE" means the setup of the Software on University equipment by AAI and provision of Documentation to enable the Faculty Trainer to instruct the Students in the Course.

"Certification" means accreditation by AAI of any Student or Faculty Trainer in the Software as a result of passing an examination provided by AAI for this purpose.

"Documentation" means (a) the manuals, handbooks, and other written materials related to the Use of the Software, whether in hard copy or soft copy form, that are provided by AAI along with the Software, and (b) the training materials that the Faculty Trainer will use in instructing Students as part of the Course, as such Documentation may be updated by AAI from time to time.

"Software" means AAI's proprietary software in machine-readable, object code form only, related Documentation, and all modifications made thereto by AAI, and any updates or upgrades that AAI provides to University, in order for University to provide the Course under this Agreement.

"Use" means the installation, accessing, displaying, and operation of the AAI Software to automate business processes and tasks.

2.   **Obligations.** The parties agree to each undertake and fully perform during the Term the following obligations for the success of the Program, and, except as explicitly stated in Section 2.2, such obligations will be undertaken at the respective party's sole cost and expense:

PRINCIPAL
JEPPIAAR INSTITUTE OF TECHNOLOGY
Jeppiaar Nagar, Kunnam
Sriperumbudur Taluk,
Kanchipuram District - 631 604.

AUTOMATION ANYWHERE
Go be great.

2.1 **AAI Obligations.**

AAI Responsibilities:

-Provide AAI train-the-trainer courses for University's faculty (at either University's premises or remotely); and thereafter test such faculty and issue AAI trainer certification to those faculty who have successfully completed such training;

-Provide e-learning access to those Students enrolled in the Course;

-Provide the Software under the license terms in Section 3 of this Agreement;

-Work with the University to set up the CoE, including installing the Software and providing Documentation;

-Provide the University with the certification test materials needed to test Students on for Student's AAI certification;

-Issue the AAI certification to those students who have successfully completed the certification course.

2.2 *University Obligations.*

University's Responsibilities

-Have faculty members attend AAI train-the-trainer courses, and have those who have successfully completed such course be tested for AAI train-the-trainer certification;

-Train Students using only Faculty Trainers who at the time of the Student training are already AAI certified trainers;

-Provide Students with the opportunity to enrol in the Course, enrol Students in the Course, and conduct and oversee Student's participation in the Course;

-Advise in writing to all enrolled and prospective Students that neither the Student's completion of the Course nor the Student's Certification provides any assurance of any employment by any of the parties to this Agreement;

-Provide the physical space(s) needed for Students to take the Course and to engage in learning and training certification activities;

-As part of providing the physical space(s), obtain and maintain appropriate insurance coverages as mandated by applicable law;

-Provide and maintain the computers and all related equipment necessary for the successful implementation and running of the CoE;

-make the CoE available for Students to use for their Course-related learning activities, and have the use of the CoE be supervised by the Faculty Trainer;

-Support, encourage and drive Students to progress through the Course;

-Provide AAI with written feedback on Student progress, including any impediments to progress, and feedback on the Course itself ("Feedback");

-Take measures to ensure that neither the University, its personnel, its faculty, or other agents charge Students any fees to enrol in and complete the Course;

-For those Students who have completed the Course, offer and proctor a Certification test using AAI-provided Certification testing materials;

-Take measures to ensure that the results of each Student's Certification test are true and accurate, including but not limited to closely proctoring and monitoring student Certification testing so that cheating or other conditions affecting testing accuracy do not occur;

-Reimburse AAI for reasonable costs of travel, accommodations, and incidental expenses, as incurred by AAI representatives while setting up the CoE.

3. Limited University License.

3.1 *License.* Subject to the terms and conditions of this Agreement, AAI grants University a limited, non-exclusive, non-transferable, non-production license to Use the Software during the Term only for University's Use for the express purpose of providing the Course to Students in connection with Program. For clarity, University may not Use the Software for its own internal use.

3.2 *Restrictions.* The Software is licensed, not sold. Title to the Software and all associated intellectual property rights are retained by AAI and/or its suppliers. All rights in the Software not expressly granted hereunder are reserved. University shall not modify, enhance, translate, supplement, create derivative works from, reverse engineer, reverse compile or otherwise reduce the Software to human readable form. University shall not remove any copyright or other proprietary notices contained in the Software. University shall not cause or permit: (a) competitive analysis, benchmarking, or the Use, evaluation or viewing of the Software or Documentation for the purpose of designing, modifying, or otherwise creating any software program, or any portion thereof, that performs functions similar to the functions performed by the Software; or (b) any of the following: (i) copying (except as set forth herein), (ii) sublicensing, or (iii) providing access or other dissemination of the Software, in whole or in part, to any third party. No right, title or interest in or to any AAI trademark, service mark, trade name, or logo of AAI or its licensors in granted under this Agreement.

3.3 *Warranty Disclaimer.* AAI DISCLAIMS ALL WARRANTIES AS TO ANY MATTER WHATSOEVER, EITHER EXPRESS OR IMPLIED, INCLUDING, WITHOUT LIMITATION, THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, OR NON-INFRINGEMENT, AND THE SOFTWARE IS PROVIDED "AS IS". TO THE EXTENT THE LAWS OF UNIVERSITY'S JURISDICTION DO NOT PERMIT SUCH DISCLAIMER WITH RESPECT TO THE SOFTWARE AS LICENSED HEREUNDER, AAI PROVIDES ONLY THE MINIMUM LAWFUL WARRANTY BEYOND THAT WARRANTY EXPRESSLY MADE ABOVE AND DISCLAIMS ALL WARRANTIES TO THE EXTENT PERMITTED BY APPLICABLE LAW.

4. Confidentiality

4.1 *Confidential Information.* "Confidential Information" means with respect to AAI information, the Documentation, Software, any results of any testing or analysis of the Software or Documentation by any party and any Feedback regarding the Course, and with respect to any party's information, all information that: (a) is marked as confidential or proprietary; (b) is disclosed verbally and identified as confidential or proprietary at the time of disclosure; or (c) by its nature is normally and reasonably considered confidential.

4.2 *Non-Disclosure and Restrictions on Use.* As a result of the relationship entered into by the parties under this Agreement, the parties acknowledge that they may from time to time require or gain access to Confidential Information of the other party. The receiving party: (a) shall hold all Confidential Information in confidence; (b) shall use the Confidential Information only for the purposes expressly permitted herein; (c) shall reproduce the Confidential Information only to the extent necessary for such purpose; (d) shall restrict disclosure of the Confidential Information to its employees, consultants, agents and representatives with a valid need to know in connection with this Agreement and who are bound to protect the confidentiality of such Confidential Information (and shall advise such employees, agents and representatives of the obligations assumed herein); and (e) shall not disclose or cause to be disclosed the Confidential Information to any third party without prior written approval of the disclosing party, except as allowed under (d) above.

4.3 *Confidentiality Exceptions.* The foregoing confidentiality restrictions shall not apply to Confidential Information that: (a) is or becomes a part of the public domain through no wrongful act or omission of the receiving party; (b) was in the receiving party's lawful possession prior to the disclosure and had not been obtained by the receiving party either directly or indirectly from the disclosing party; (c) is lawfully disclosed to the receiving party by a third party without restriction on disclosure; (d) is independently developed by the receiving party without reference to or reliance on the Confidential Information; or (e) that the disclosing party agrees in writing is free of such restrictions.

5. **Indemnity.**

5.1 *Indemnification Obligation.* Each party (the "Indemnifying Party") will defend the other party, and its employees, directors, agents, and representatives (collectively, the "Indemnified Party"), from any actual or threatened third party claim to the extent that it arises from: (a) the Indemnifying Party's breach of its confidentiality obligations in Section 4; (b) any alleged infringement by the Indemnifying Party of any third party intellectual property rights; (c) the negligent acts, omissions, negligence or willful misconduct of the Indemnifying Party in the performance of its obligations pursuant to this Agreement; (d) the failure of the Indemnifying Party to comply with, and any liabilities arising under, any applicable law (each, a "Claim").

5.2 *Indemnification Procedures.* The parties' respective indemnification obligations above are conditioned on: (a) the Indemnified Party giving the Indemnifying Party prompt written notice of any Claim; (b) the Indemnifying Party having full and complete control over the defense and settlement of the Claim; (c) the Indemnified Party providing assistance in connection with the defense and settlement of the Claim as the Indemnifying Party may reasonably request; and (d) the Indemnified Party complying with any settlement or court order made in connection with the Claim. The Indemnifying Party will indemnify the Indemnified Party against: (i) all damages, costs, and attorneys' fees finally awarded against any of them by a court of competent jurisdiction in any Claim under this Section 5; (ii) all out-of-pocket costs (including reasonable attorneys' fees) reasonably incurred by any of them in connection with the defense of the Claim (other than attorneys' fees and costs incurred without the Indemnifying Party's consent after it has accepted defense of such Claim); and (iii) if any Claim arising under this Section is settled by the Indemnifying Party or with its approval, then the Indemnifying Party will pay any amounts to any third party agreed to by the Indemnifying Party in settlement of any such Claims.

5.3 *Indemnification Limitations for Third Party Infringement Claims.* An Indemnifying Party will have no obligation under this Section 5 or otherwise solely to the extent the claim is based on: (i) any combination of the Indemnifying Party's technology, products, or services with technology, products or services not provided by the Indemnifying Party; (ii) use of Indemnifying Party's technology, products or services for a purpose or in a manner for which the technology, products or services were not designed; (iii) any modification to Indemnifying Party's technology, products or services made without Indemnifying Party's express written approval, (v) any modifications made to the technology, products or services by Indemnifying Party pursuant to the Indemnified Party's specific instructions, or (vii) any intellectual property right owned or licensed by the Indemnified Party.

Go be great.

5.4 THIS SECTION 5 STATES AN INDEMNIFIED PARTY'S SOLE AND EXCLUSIVE REMEDY AND THE INDEMNIFYING PARTY'S ENTIRE LIABILITY FOR ALL THIRD-PARTY CLAIMS.

6. Limitation of Liability

6.1 NETHER PARTY SHALL BE LIABLE FOR: (A) ANY PUNITIVE, SPECIAL, INDIRECT, INCIDENTAL OR CONSEQUENTIAL DAMAGES (INCLUDING ANY COST OF PROCUREMENT OF SUBSTITUTE SOFTWARE, LOSS OF USE, DATA, BUSINESS, OR PROFITS), REGARDLESS OF THE THEORY OF LIABILITY OR WHETHER THE LIABLE PARTY HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES; OR (B) AGGREGATE DAMAGES IN EXCESS OF US$ 5000.

6.2 *Limitation of Liability Exclusions.* The limitations of liability set forth in Section 6.1 above do not apply to, and each party accepts liability to the other for: (a) damages related to claims that are the subject of indemnification under this Agreement, (b) claims based on either party's intentional breach of its obligations set forth in Section 4 (Confidentiality), and (c) either party's unauthorized use, distribution, or disclosure of the other party's intellectual property.

7. Term and Termination.

7.1 *Agreement Term.* This Agreement is effective as of the Effective Date for a three (3) year period thereafter ("Term"). For clarity, the license granted to University in Section 3 will terminate immediately upon termination or expiration of the Term. Prior to the expiration of the Term, the parties may amend this Agreement to extend its term.

7.2 *Termination.* Notwithstanding the foregoing, this Agreement may be terminated (a) by AAI for any reason upon sixty (60) days' notice to University, and (b) any party immediately upon written notice if another party materially breaches any of its obligations under this Agreement and fails to cure such breach within thirty (30) days following receipt of written notice.

7.3 *Effect of Termination.* Upon the effective date of termination of this Agreement: (a) University's license to the Software ceases, and University shall immediately remove all copies of the Software from all systems owned or controlled by University. Each party will securely destroy all copies of Confidential Information of the other party in its possession except as required to comply with any applicable legal or accounting record keeping requirement.

8. General.

8.1 *Export.* University agrees not to export, or allow the export or re-export of any Software, or of information regarding any Software in violation of any export laws, restrictions and regulations of the Department of Commerce or other United States or foreign agency or authority.

8.2 *Business Practices.* University will: (a) conduct its business (including, without limitation, performance of its obligations under this Agreement) in a manner that reflects favorably on the goodwill and reputation of AAI; and (b) avoid deceptive, misleading or unethical practices detrimental to AAI, it Software and services offerings, or the public, including, without limitation, by refraining from making any representations or warranties to any third party with respect to the features or capabilities of any AAI courses or training certifications, AAI products or services, that are inconsistent with the literature and documentation distributed by AAI.

AUTOMATION ANYWHERE

8.3   *Anti-Corruption.* The parties each represent and warrant that neither it, nor any of its subsidiaries, nor any of their respective directors, officers, employees or agents have taken any action, directly or indirectly, that would constitute a violation, or implicate AAI in a violation, of any law of any jurisdiction in which it performs business, or of the United States of America, including without limitation, the Foreign Corrupt Practices Act of 1977, as amended ("FCPA"), and where applicable, any anti-bribery/corruption legislation ("Anti-Bribery Act") enacted by countries in which it is incorporated as an entity, including, but not limited to, the country or countries in which it is to perform under this Agreement (collectively, "Anti-corruption Laws"). University, and, to its knowledge, its affiliates have conducted their businesses in compliance with such Anti-corruption Laws and have instituted and maintain policies and procedures designed to ensure, and which are reasonably expected to continue to ensure, continued compliance therewith.

8.4   *Third-Party Software.* The Software contains and is distributed with open source software that is covered by a different license, and AAI's obligations set forth in this Agreement do not extend to any such open source software. University agrees that all such open source software shall be and shall remain subject to the terms and conditions under which it is provided.

8.5   *Governing Law and Jurisdiction.* This Agreement and all matters relating to this Agreement shall be governed by, and construed in accordance with the following laws:

1.   If University is located outside of the United States, then any dispute arising out or in connection with this Agreement, including any question regarding its existence, validity or termination, shall be referred to and finally resolved by arbitration under the LCIA Rules (the "Rules"), which Rules are deemed to be incorporated by reference into this clause. The number of arbitrators shall be three. The seat, or legal place, of arbitration shall be London. The language to be used in the arbitral proceedings shall be English.

2.   If University is located within the United States, then the governing law of this Agreement shall be the substantive law of California. Jurisdiction shall be of the State of California (without giving effect to the choice of law principles thereof). Any action based on or arising out of this Agreement or the Services shall be brought and maintained exclusively in any state or federal court, in each case located in Santa Clara County.

The parties hereby expressly and irrevocably submits to the jurisdiction of the above-referenced courts for the purposes of any such action and expressly and irrevocably waives, to the fullest extent permitted by law, any objection which it may have or hereafter may have to the laying of venue of any such action brought in any such court and any claim that any such action has been brought in an inconvenient forum.

8.6   *Injunctive Relief.* The parties acknowledge that any breach of the confidentiality provisions or the unauthorized use of a party's intellectual property may result in serious and irreparable injury to the aggrieved party for which damages may not adequately compensate the aggrieved party. The parties agree, therefore, that, in addition to any other remedy that the aggrieved party may have, it shall be entitled to seek equitable injunctive relief without being required to post a bond or other surety or to prove either actual damages or that damages would be an inadequate remedy.

8.7   *Force Majeure.* A party is not liable under any Agreement for non-performance (other than failure to pay) caused by events or conditions beyond that party's reasonable control, if the party makes reasonable efforts to perform.

8.8 *Parties' Relationship.* The parties agree that this Agreement is non-exclusive, and no party will be prevented from entering into similar arrangements with other third parties. The parties are independent contractors of each other in the performance of the obligations of this Agreement. Notwithstanding the identification of "Partner" in this Agreement, neither party will be considered the legal partner of the other party in any respect, and nothing in this Agreement or in the performance hereof will create or imply any joint venture, franchisee-franchisor relationship, or principal-agent relationship between the parties. No party will have any right, power or authority to create any obligation, express or implied, on behalf of the other party.

8.9 *Binding Nature; Assignment.* This Agreement shall be binding on the respective parties thereto and their respective permitted successors and assigns; provided, however, that University shall not assign, delegate, or otherwise transfer this Agreement or any of its rights or obligations to a third party without the prior written consent of AAI; any other attempted assignment shall be void.

8.10 *Notices.* Ordinary day-to-day operational communications may be conducted by email or telephone communications. Any other notice required by this Agreement shall be made in writing and given by (a) personal delivery, (b) prepaid, first class, certified mail, return receipt requested, (c) email (with a duplicate notice sent promptly by one of the other methods in this Section), or (d) courier service of recognized standing (with confirmation of receipt); in any case to the receiving party, "Attention: Legal" at its address set forth in the heading to this Agreement, or to a different address of which the addressee party has notified the other in accordance with this Section. Any notice given in conformance with this Section shall be effective upon actual delivery or refusal of delivery.

8.11 *Headings.* Section headings are included for convenience or reference only and are not intended to define or limit the scope of any provision of this Agreement and should not be used to construe or interpret this Agreement.

8.12 *Survival; Interpretation; Severability.* All provisions which are intended by their nature to survive, shall survive such performance, or the expiration or termination of this Agreement, including without limitation those relating to limitation of liability, and infringement indemnity. Each provision of this Agreement shall apply to the fullest extent of the law, whether in contract, statute, tort (such as *negligence*) or otherwise, notwithstanding the failure of the essential purpose of any remedy. If any provision of this Agreement shall for any reason be held illegal or unenforceable, such provision shall be deemed severable from the remaining provisions of this Agreement and shall in no way affect or impair the validity or enforceability of the remaining provisions of this Agreement, unless such omission would frustrate the intent of the parties, in which case this Agreement may be reformed to give effect to the other provisions hereof.

8.13 *Entire Agreement; Modification and Wavier.* This Agreement constitutes the entire understanding between the parties with respect to the subject matter hereof, and no other terms or conditions set forth in any other document provided by University shall be part of any this Agreement unless specifically accepted by AAI in writing. No modification of this Agreement will be binding unless in writing and signed by an authorized representative of each party. Any express waiver or failure to exercise promptly any right under this Agreement will not create a continuing waiver or any expectation of non-enforcement. There are no third-party beneficiaries to this Agreement.

INDUSTRIAL VISIT- REQUISITION FORM

DATE: 20-07-2017

To

      General Manager,
      Central Institute Of Plastic Engineering & Technology (Cipet),
      Guindy, Chennai

Dear Sir,

Sub: Seeking Permission to Visit your esteemed Industry

Greetings from Jeppiaar Institute of Technology

Jeppiaar Remibai EducationalTrust, established Jeppiaar Institute of Technology in 2011which is approved by AICTE and affiliated to the Anna University, Chennai. At present, the college offers five courses in Mechanical Engineering, Electronics and Communication Engineering, Electrical and Electronics Engineering, Computer Science and Engineering and Information Technology.

As a part of our pedagogy, we arrange industrial visits for our students to enrich their knowledge. So in this regard, we kindly request you to grant permission for **39 students and 3 staff member from Mechanical Engineering department** to visit your esteemed organization on **02.8.2017**.

Please reply to us at your earliest convenience.

DEPARTMENT OF

MECHANICAL ENGINEERING

INDUSTRIAL VISIT REPORT

Industry Visited   : **C**entral Institute Of Plastic Engineering & Technology (Cipet), Guindy, Chennai

Date of Visit   : 02.08.2017

Students   : 39 Students

II Year A section

Faculty Accompanied   : 03 Faculties

1. Mr.P.Vijayasarathi, Assistant Professor, Dept of MECH
2. Mr.N.Balaji, Assistant Professor, Dept of MECH
3. Mr.M.Devanathan, Assistant Professor, Dept of MECH

PRINCIPAL
JEPPIAAR INSTITUTE OF TECHNOLOGY
Jeppiaar Nagar, Kunnam
Sriperumbudur Taluk,
Kanchipuram District - 631 604.

Objectives of the Industrial Visit

➢ *Main aim of Industrial is to provide an exposure to students about practical working environment.*

➢ *They also provide students a good opportunity to gain full awareness about industrial practices.*

➢ *Industrial visit give greater clarity about important management concepts, as students practically experience how these concept was related to subjects*

Strength behind the Visit

The presentation session was conducted by:

1) Mr. Periyaswamy. D.M.E

2) Employees of organizations
   ➢ Injection Molding, Semi-Automation Injection molding, Radial Drilling Machine, EDM Machine [Product concept, Methodology, Maintains & support, Professional service]

   ➢ Technology

   ➢ Different areas for which Industries works.

   ➢ finally they had shown us infrastructure of company and facility they provide to Company employees.

Photographs

Students Review

Mr.B.Kumar **II MECH**	*It was a good learning experience. In each & every department, we got new ideas and new thinking which was very necessary for our Personal development.*
Mr. MOHAMED **IBRAHIM T** **II MECH**	*Exposure to better industrial and business practices in progressive economies. Interaction with Guides and other person from the industry● is motivating.*
Mr.r.pALANI **II MECH**	*During industrial. visit, we feel very much satisfied by acquiring information of various department & knowing many new things.*

DEPARTMENT OF

MECHANICAL ENGINEERING
INDUSTRIAL VISIT REPORT

Industry Visited   : Central Institute of Plastic Engineering & Technology (CIPET), Guindy, Chennai,

Date of Visit   : 9.08.2017

Students   : 61 Students III Year

Faculty Accompanied   : 04 Faculties

1. Mr.S.Arun, Assistant Professor, Dept of MECH
2. Mr.R.Devanathan, Assistant Professor, Dept of MECH
3. Mr.N.Saravanan, Lab Assiatant, Dept of MECH
4. Mr.M.Saravanan Lab Assiatant, Dept of MECH

Objectives of the Industrial Visit

> ➢ *Main aim of Industrial is to provide an exposure to students about practical working environment.*
>
> ➢ *They also provide students a good opportunity to gain full awareness about industrial practices.*
>
> ➢ *Industrial visit give greater clarity about important management concepts, as students practically experience how these concept was related to subjects*

Strength behind the Visit

Students gained knowledge through practical session on various technologies and advanced machines such as Injection Molding, Semi-Automation Injection molding, Radial Drilling Machine, EDM Machine, Wire Cut EDM, CNC, automatic and semi-automatic milling machine, CNC Milling center etc. Also students were though about the properties, characteristics of various types of thermos plastics and thermos setting plastics and their applications. Finally they had shown us infrastructure of CIPET which includes the tool room and processing of plastics.

The students of III-Year, MECHANICAL DEPARTMENT and two staff members and two technical staff have enjoyed the technical endeavor at both the organizations a lot. The company persons also appreciated our students after the question answer sessions. Visit seems to be very informative and good learning experience

Photographs

Students Review

  Mr. ALEXANDER ANTONY RAJ S **III MECH**	*We have visited the entire process department. They are using new technologies that helps us to understand about the role of advanced technology in productivity of Manufacturing goods.*
  Mr. KUMARA SWAMY R **III MECH**	*They are strictly following quality & safety aspects. It is desirable to review various aspects & sum up the industrial visit.*
  Mr.G.MANIKANDAN **III MECH**	*It was a good learning experience. In each & every department, we got new ideas and new thinking which was very necessary for our Personal development.*

This **MEMORANDUM OF UNDERSTANDING** made on _____ 10th _____ day of May 2017 **BETWEEN** the **CENTRAL INSTITUTE OF PLASTICS ENGINEERING &TECHNOLOGY (CIPET)** (hereinafter referred to as **CHENNAI-CIPET** having its office at T.V.K INDUSTRIAL ESTATE,GUINDY,CHENNAI-32 represented by **THE DIRECTOR & HEAD** on the **ONE PART** and **JEPPIAAR INSTITUTE OF TECHNOLOGY** having its administrative office at Kunnam, Sunguvarchatram, Sriperumbudur, Chennai – 631604 represented by **THE DIRECTOR** on the **OTHER PART.**

WHEREAS, Central Institute of Plastics Engineering & Technology (**CIPET**), a premier National Institution under the Department of Chemicals and Petrochemicals, Ministry of Chemicals and Fertilizers, Government of India with a clear focus of "Skill Development, Technology Support Services, Academic and Research (STAR)". CIPET-Chennai offers Doctoral/ Post Graduate/ Graduate/ Diploma/ Post-Diploma/ Post Graduate Diploma and various Short Term programmes in the field of Plastic and allied Industries. CIPET-CHENNAI also offers wide range of short-term skill-cum technology up-gradation programmes to meet the human resource requirements of Polymer/Allied industries in the country as well as across the globe. CIPET-Chennai envisions providing technical services such as Design, CAD/CAM/CAE, Tooling, Testing and Developmental projects to various industries.

तमिलनाडु TAMIL NADU

P.N. VENKATESWARLU
STAMP VENDOR
S.V.MADURAI, S.V.CHATRAM
L No: 7938-81-90.

WHEREAS **JEPPIAAR INSTITUTE OF TECHNOLOGY** is a Centre of Excellence in 'higher learning' which is unique and different not only for the guiding philosophy values, but also for the innovative learning practices. This Institute offers Under graduate courses in B.E & B.Tech under **Anna University** and approved by AICTE .

This MOU is both beneficent to CIPET-Chennai and Department of Mechanical Engineering, **JEPPIAAR INSTITUTE OF TECHNOLOGY** through conducting, participating of short term training programmes, Technical consultancy, Research and Development work, Industrial problem analysis and solving etc.

In accordance with this mutual agreement,

1. CIPET-Chennai will offer various CAD/CAM/CAE courses to the students of JEPPIAAR INSTITUTE OF TECHNOLOGY. The course details are listed in Annexure – I.

2. JEPPIAAR INSTITUTE OF TECHNOLOGY will collect the course fees towards conduct of the training programme. Proceeds will go to CIPET-Chennai and JEPPIAAR INSTITUTE OF TECHNOLOGY in the ratio of 90:10.

3. The Batch with 10-Students or More will avail 40% Concession for any particular course which is chosen by students

Jeppiaar Institute of Technology
Jeppiaar Nagar,
Kunnam,
Sriperumbudur Taluk.
Chennai-631 604

4. The total fees collected from each participant will be remitted to CIPET-Chennai. Thereafter 10% (excluding service tax) should be given back to JEPPIAAR INSTITUTE OF TECHNOLOGY by CIPET-Chennai before the commencement of course.

5. The course will be conducted at JEPPIAAR INSTITUTE OF TECHNOLOGY Campus during week days/ Week end according to student's preference.

6. All the students of JEPPIAAR INSTITUTE OF TECHNOLOGY under the Department of Mechanical Engineering are eligible to attend the short term training programme conducted by CIPET-Chennai.

7. JEPPIAAR INSTITUTE OF TECHNOLOGY will be required to arrange the necessary lab facilities and all other support required for the smooth conduct of the short term programme.

8. The students from JEPPIAAR INSTITUTE OF TECHNOLOGY can do their Inplant training, Internship, Project Works, Research work at a subsidized fees fixed by CIPET-Chennai.

9. After successful completion of the short term training programme as prescribed in the curriculum, CIPET will issue a certificate to enhance the career opportunities of the students.

10. Student shall have to remit the fees prescribed by the authorities (CIPET-Chennai). Revision in fee structure will be done upon mutual consent. For registration / pre-registration to selective courses application in prescribed format in advance should be submitted.

11. The MOU shall be effective from the date of execution hereof and shall remain in force for a period of five years. The MOU shall be renewable upon mutual agreement.

12. The Course Coordinator, Technical Officer (D), CAD/CAM/CAE Centre , CIPET and The Professor & Head, Department of Mechanical Engineering, JEPPIAAR INSTITUTE OF TECHNOLOGY are the link officers for this programme.

13. CIPET-Chennai will make all efforts to give best training to JEPPIAAR INSTITUTE OF TECHNOLOGY students so that these skills are helpful to their employment and future career.

In witness whereof, each party has caused it's duly authorized representative to execute this MOU on __10th__ of _MAY_ 2017.

Memorandum of Understanding

This Memorandum of Understanding ("MOU") is between Infosys Ltd, a company incorporated under the laws of India with its registered office at Electronics City, Hosur Road, Bangalore – 560 100, India (hereafter referred to as "Infosys"); and **Jeppiaar Institute Of Technology** an university / engineering college committed to educational excellence having its office **(A CHRISTIAN MINORITY INSTITUTION) JEPPIAAR REMIBAI EDUCATIONAL TRUST,KUNNAM,SRIPERUMBUDUR,CHENNAI-631604** (Hereafter referred to as "Partner").

RECITALS:

A. WHEREAS Partner has been established for the purpose of enriching the technical education process and to jointly work for enhancing the quality of education imparted to students of all the engineering disciplines in the field of Information Technology (IT).

B. AND WHEREAS Infosys wishes to collaborate with the Partner for the purpose of enriching the technical education in new subject areas, learning-teaching process and to jointly work for enhancing the quality of education imparted to students of all the Information Technology ("IT") disciplines.

C. AND WHEREAS Partner with assistance from Infosys has goals for enhancing the quality of the technical education for students thereby enabling them to meet the industry needs and to be recognized globally.

NOW THEREFORE THE PARTIES HEREBY ACKNOWLEDGE AND AGREE AS FOLLOWS:

1. This MOU is for collaboration between both parties, for mutual benefit, to enhance the quality of the educational experience of students of the Partner and for the specific purposes detailed in Annexure I of this MOU

2. Infosys shall be responsible for providing the requisite course material, publicity material such as handouts, information brochures and posters and conducting faculty enablement programmes as agreed between the parties.

3. The Partner shall be responsible for providing the requisite infrastructure, network and internet access and any other facility required for the education and training.

4. It is agreed that the terms and conditions of any agreed cooperative project (s) as outlined in Annexure 1 of this MOU shall be the subject matter of separate definitive agreements to be negotiated and agreed upon by the Parties and/or any third parties, wherever applicable, provided always the decision whether to initiate and/or implement any proposed cooperative projects shall be subject to the availability of funds and human resources on the part of each Party.

5. The parties, their representatives, and/or assignees, following the execution of this MOU, desire to maintain close contacts with each other to achieve the goals and objectives of, and to develop the ideas acknowledged in this MOU.

6. Both parties hereby agree to designate a representative from its side who will be the primary point of contact on behalf of that party.

7. Any expenses incurred by the parties for the purpose of this MOU shall be agreed upon and shall be borne as per the mutual agreement.

8. Notwithstanding any other provision of this MOU, neither party shall have any right to use any trademarks or trade name of the other party, nor to refer to this MOU or the obligations performed hereunder directly or indirectly, in connection with any product, promotion, or publication without the prior written approval of the other party

9. All information which has been disclosed to or obtained by either party at any time during the implementation of this MOU, is confidential information. For this purpose the parties agree to sign the binding non-disclosure agreement in Annexure II.

10. The terms and conditions mentioned herein shall commence on the execution of this MOU and shall continue for a period of two (2) years from the date thereof or for such period as may be determined or extended by the parties from time to time by written notice, unless terminated by either party in accordance with this MOU. Either party may terminate this MOU at any time by providingthree (3) months written notice to the other party.

11. Any notice required to be given hereunder shall be in writing and shall be deemed to be sufficiently served on the party if sent by hand or by registered post to the addresses of the party as stated in this MOU. Notices shall be deemed received:-

(i)   If sent by registered mail, three (3) days after posting;
(ii)   If by hand, on the day of delivery; and
(iii)   If sent by telex or facsimile to the correct number or designated address within seventy-two (72) working hours.

12. Both parties agree to take all reasonable steps to ensure the successful completion of the collaboration, and co-operate with each other in duly carrying out the obligation agreed upon.

13. The expiration and termination of this MOU will not affect the terms of those activities, which are in progress at the time of notification of expiry or termination of the MOU.

14. On the termination or expiry of this MOU or when requested by Infosys, the Partner undertakes to return all materials to Infosys without any delay.

15. Each party shall ensure that they do not actively solicit the faculty of the other party who is involved in the implementation of this MOU during the period of such faculty's involvement with the program and for six (6) months thereafter.

16. Both the parties agree that Infosys is not obliged on account of this MOU to recruit any fixed number of students from the Partner.

17. This MOU is an indication of good faith and intent on the part of both parties and does not create any legal obligations between them. In the event of any differences or disputes arising from the implementation of the provisions of this MOU, the parties shall as far as possible settle such differences or disputes in good faith by consultation or negotiation between the parties.

18. Save and except for Clause 6, Clause 7 and Clause 8, this MOU is not a legally binding contract and under no circumstances does this MOU subject either of the parties to liability for breach, whether material or minor, of contract or any other liability under international law or the laws of the country of the respective parties or any other applicable law.

PRINCIPAL
JEPPIAAR INSTITUTE OF TECHNOLOGY

ANNEXURE I

PURPOSE / SCOPE OF THE COLLABORATION:

Infosys shall facilitate and share inputs with University / College for imparting technical and soft skills training to the students. The content of the training programs and the Faculty Enablement will be done by Infosys. The details shown in Annexure I are only indicative guidelines, and Infosys may change the following at short notice at its discretion.

There will not be any cash incentive for the faculty members involved in the training programs (Technical / Soft Skills) at the institution. However, value-added offerings will be there to motivate the faculty members.

Student / Education
1. Create a project bank for final year students
2. Publish Infosys courseware On the Web and provide access
3. Conducting special lectures for students at campuses
4. Participate in Conferences at the national/international level in the college / Seminars/ Contests
5. Increase employability by providing technical and soft skills training
6. Encouraging the students to visit Infosys Campuses

Faculty
1. Sharing Industry oriented-courseware and Technology
2. Faculty Enablement Program
3. Sabbaticals at Infosys
4. Interaction with subject matter experts

University / College
1. Share best-in-class standards (a) College-college (b) Industry-college
2. Books / CDs / DVDs etcfor the library
3. Strengthen relationship with Universities / Colleges
4. Work with education bodies / universities to align the industry requirements into the college curriculum

ANNEXURE II

MUTUAL NON-DISCLOSURE AND CONFIDENTIALITY AGREEMENT

This is an **agreement** ("Agreement" hereafter) between:

- INFOSYS LIMITED, with its registered office at Electronics City, Hosur Road, Bangalore 560 100 ("Infosys") including its successors; and **Jeppiaar Institute Of Technology** operating out, **(A CHRISTIAN MINORITY INSTITUTION)JEPPIAAR REMIBAI EDUCATIONAL TRUSTKUNNAM,SRIPERUMBUDUR,CHENNAI-631604** ("Partner") including the Partner's employees, affiliates and successors at the time of the entering the agreement and during the tenure of the engagement, that is effective 18 - JAN - 2018

The parties possesses competitively valuable Confidential Information (as hereinafter defined) regarding their past, current and future services and products, research and development, customers, business plans, software, listings, holdings, alliances, investments, transactions, intellectual property and rights associated thereto and general business operations. The parties wish to enter into a mutually beneficial relationship, and as such, wish to share their Confidential Information with the other party, including its authorized employees and agents. For the purposes of this Agreement, the party that discloses Confidential Information to the other party shall be referred to as the "Disclosing Party", and the party that receives such Confidential Information from the other party shall be referred to as the "Recipient".

The Recipient may be given access to the Disclosing Party's Confidential Information or to create new Confidential Information for the Disclosing Party.

In view of the above, the parties agree as follows:

1. Confidential Information

"*Confidential Information*" includes any information:

- specifically indicated by the Disclosing Party, either verbally or in writing, as confidential;
- under the circumstances of the disclosure, that are to be treated as confidential; or
- the Recipient creates or produces while performing its obligations under this Agreement,

regardless of the media that contains the information.

Confidential Information does not include information, which:

- is generally available to the public at the time of its disclosure to the Recipient;

PRINCIPAL
JEPPIAAR INSTITUTE OF TECHNOLOGY
Jeppiaar Nagar, Kunnam
Sriperumbudur Taluk,
Kanchipuram District - 631 604.

- becomes known to the public through no fault/action of the Recipient in violation of the terms herein;

- is legally known to the Recipient at the time of disclosure by the Disclosing Party;

- is furnished by the Disclosing Party to third parties without restriction; or

- is furnished to the Recipient by a third party who to the Recipient's knowledge legally obtained said information and the right to its disclosure.

- is developed independently by Recipient without use of or reference to the Disclosing Party's information.

2. Restrictions on Use

(a) The Recipient will not disclose any Confidential Information to third parties for any purpose without the prior written consent of the Disclosing Party. However, where the Recipient is required to disclose Confidential Information in accordance with judicial or other governmental action, the Recipient will give the Disclosing Party reasonable prior notice unless such notice is prohibited by applicable law.

(b) The Recipient will not use any Confidential Information for any purposes except those expressly contemplated or authorized by the Disclosing Party.

(c) The Recipient will take the same reasonable security precautions as it takes to safeguard its own confidential information, but in no case less than reasonable care.

(d) The Recipient undertakes to impose the confidentially obligations on all directors, officers and employees or other persons who work for the Recipient or under its direction and control, and who will have access to the Confidential Information.

(e) The Recipient will return all originals, copies, reproductions and summaries of Confidential Information in its control, or confirm its destruction as requested by the Disclosing Party.

3. Action on Breach

(a) The Recipient will notify the Disclosing Party immediately upon discovery of any breach of this Agreement by the Recipient, and will cooperate in every reasonable way to help the Disclosing Party regain possession of the Confidential Information and prevent further breach.

(b) The Disclosing Party will be entitled, without waiving any other rights or remedies, to seek such injunctive or equitable relief as may be deemed proper by a court of competent jurisdiction.

PRINCIPAL
JEPPIAAR INSTITUTE OF TECHNOLOGY
Jeppiaar Nagar, Kunnam
Sriperumbudur Taluk,

4. Ownership and Warranties

(a) All Confidential Information, including the inherent intellectual properties, remains the sole and exclusive property of the Disclosing Party and the Recipient shall no right, title or interest in the same. Similarly, the Disclosing Party does not own any of the intellectual property of the Recipient, including any proprietary methodologies, tools or practices, unless otherwise agreed.

(b) The Disclosing Party, unless expressly confirmed, makes no warranty regarding the accuracy or reliability of Confidential Information.

5. Applicability of Provisions

(a) The provisions of this Agreement are jointly and severally applicable and will not be considered waived by any act or acquiescence, except by a specific prior written confirmation. Accordingly, both parties will expressly agree in writing to any changes in the Agreement.

(b) If any provision of this Agreement is held illegal, invalid or unenforceable by law, the remaining provisions will remain in effect. Moreover, should any of the obligations of this Agreement be found illegal or unenforceable for any reasons, such obligations will be deemed to be reduced to the maximum duration, scope or subject matter allowed by law.

(c) If any action at law or in equity is necessary to enforce or interpret the rights arising out of or relating to this Agreement, the prevailing party shall be entitled to recover reasonable attorney's fees, costs and necessary disbursements in addition to any other relief to which it may be entitled.

6. Jurisdiction

This Agreement will be governed by the laws of India on all substantive aspects, and both parties consent to the jurisdiction of the courts in Bangalore.

7. Tenure and Survival

All obligations created by this Agreement shall survive change or termination of the parties' business relationship for a period of two years from the date of the disclosure of the Confidential Information or the change in/termination of the business relationship of the parties whichever is later.

Jeppiaar Institute of Technology

(MEMBER PARTNER)

Principals' Meet FY18

23rd March 2018

(9.00 AM to 5.00 PM)

Infosys® | Campus Connect

What is Campus Connect?

Engineering and management institutions are the natural bedrock for Information Technology (IT) talent in the knowledge economy. As India moves towards becoming a true global leader in IT, these institutions and the IT industry have realized the need to scale up industry-ready quality students to meet the growing demands of the industry.

However, there are impediments which cause disconnect between the demands of the IT industry and the skills of fresh engineering and management graduates. Infosys understands that institutions require active collaboration and support from the IT industry to realize common goals.

As a primary stakeholder in creating a vibrant talent pool of future engineering graduates, Infosys launched Campus Connect (CC), in May 2004, a first of its kind Industry-Academia interaction program. CC aims to be a forum where some of the best practices at Infosys can be shared with institutions. CC also looks at aligning the needs of institutions, its faculty and students, with those of the IT industry.

The main objective of CC is to evolve a model through which Infosys and academia

- Can partner for competitiveness
- Can enhance the pool of highly capable talent for growth requirements in the IT space
- Can enhance the quality of IT education

Know more about Campus Connect...

CC equips students not only in computer science and software engineering, but also helps them apply their learning to practical situations, with special emphasis on teamwork, project management, cross functional networking and effective communication.

Several components are weaved together for effective, fast-paced learning: Conclaves, Road Shows at Institution Campuses, Faculty Enablement Programs, Industrial Visits for Students and Faculty, Foundation Program Roll-out, Seminars and Workshops on Campuses, Programming Contests for Students, Sabbaticals, Technical Events and Research Paper Sponsorships, Soft skills for students and faculty.

As on February 2018, about 452,564 students and 15,143 Faculty members have been benefited by CC. We are working with over 100 autonomous engineering institutions across the country to co-create and co-teach industry electives in the areas of foundational Computer Science, advanced topics like, Business Intelligence, Big Data, Business Enterprise Applications, Mobile Application Development, Agile Methodologies, Cloud Computing, Software Testing, Internet of Things and Soft Skills.

Jeppiaar Institute of Technology
Performance Summary

Notes:

1. **Chennai DC (Development Center)** has **73 colleges (42 CC + 31 AU-CUIC)** under its purview
2. For the recruitment analysis, we have included only those colleges from where we have recruited for the following Recruitment Cycles: 2017-18 (Till Dec'17).
3. For the Campus Connect Foundation Program summary and Industry Elective, we have included the Batches that were completed in the year 2017.
4. 'NA' in the Recruitment data indicates that no Recruitment has been done for respective college in the recruitment cycle: 2017-18(Till Dec'17)
5. 'NIL' in Foundation Program Summary, Event Participation and Contest Participation indicates that college has not rolled out batches or participated in any of the CC offerings for the year 2017.

A. Before joining Infosys

A.1 Recruitment Data

No.	Offers to tested ratio	Contribution Score	Remarks
1.	NA	NA	The corresponding scores for the Top Performers in the region are **21%** and **12%** respectively.

A.2 Foundation Program Summary

No. of Batches	No. of Students trained	% Certified	Remarks
1	70	86%	The corresponding scores for the Top Performers in the region is **100%**

A.3 Event Participation

No. FEP / TTT Events (Technical) organized	# Faculty participated (FEP/TTT)	No. of Roadshows organized	No. of Industrial Visits organized	No. of Technical Seminars Organized
5	0	0	0	0

A.4 Inspire Partnership Level

# Faculty certified for Bronze Partnership	# Faculty certified for Silver Partnership	# Faculty certified for Gold Partnership

MEMORANDUM OF UNDERSTANDING

BETWEEN

JEPPIAAR INSTITUTE OF TECHNOLOGY

AND

CHASE TECHNOLOGIES

[13.10.2016]

MANAGING DIRECTOR
JEPPIAAR INSTITUTE OF TECHNOLOGY
KUNNAM, SUNGUVARCHATRAM,
SRIPERUMBUDUR - 631604

Dr. SHANKER

PRINCIPAL
JEPPIAAR INSTITUTE OF TECHNOLOGY
Jeppiaar Nagar, Kunnam
Sriperumbudur Taluk,
Kanchipuram District - 631 604.

MEMORANDUM OF UNDERSTANDING

This Memorandum of Understanding (MoU) is entered and made effective on this 13th of October 2016 (13.10.2016) by and between;

JEPPIAAR INSTITUTE OF TECHNOLOGY, a college established by Jeppiaar Remibai Educational Trust, is non-profitable and Christian minority institution, represented by its **Managing Director Dr.N.MarieWilson**, functioning at **Jeppiaar Nagar, Kunnam, Sunguvarchatram, Sriperumbudur, Chennai - 631604** (hereinafter referred to as '**JIT**')

AND

CHASE TECHNOLOGIES, a company dealing with IP products having an address at **17 A,plot No:13 Vasupuja Appartments,Block 'C',2nd Main Road,J.B.Estate,Avadi,Chennai-600054** (hereinafter referred to as '**CHASE**')

JIT and **CHASE** shall hereafter be collectively referred to as "both Parties" and reference to "Party" shall mean **JIT** or **CHASE**, as the case may be.

WHEREAS both Parties enter this MOU to collaborate efforts to establish and develop academic exchange and co-operation in teaching, training, research, and development in areas as follows:

A.   To visit and participate in teaching and research programs.

B.   To promote exchange of information and materials of mutual interest.

C.   To promote and facilitate the exchange of research among faculty and students.

D.   Other forms of co-operation which is to be arranged jointly by both Parties.

BOTH PARTIES mutually agree to the following:

1.   IMPLEMENTATION

1.1   Both Parties shall establish and develop efforts for purposes of exchange in research, and program development activities whenever the opportunity arises.

MANAGING DIRECTOR
JEPPIAAR INSTITUTE OF TECHNOLOGY
KUNNAM, SUNGUVARCHATRAM,
SRIPERUMBUDUR - 631604.

1

Dr. N.R.SHONKER

PRINCIPAL
JEPPIAAR INSTITUTE OF TECHNOLOGY
Jeppiaar Nagar, Kunnam
Sriperumbudur Taluk,
Kanchipuram District - 631 604.

1.2 Possibility, motivation and scope for learning-beyond-syllabus, Generation of self-learning facilities, and availability of materials for learning beyond syllabus.

1.3 Entrepreneurship initiatives, product designs, innovations. Activities that result in joint efforts in the publication of books/technical papers, pursuing R & D/consultancy work and/or development of semester-long course/teaching modules.

1.4 If enough laboratory/design/experimentation components are not included in the curriculum provided, then to bridge curriculum gaps across the courses should make efforts to impart such knowledge by covering such aspects through "contents beyond syllabi".

1.5 Students will be trained and certified in the latest Technologies based on the availability.

1.6 Internship training would be provided for students.

COMMENCEMENT AND DURATION

1 This MOU shall commence on the date of its signing and shall remain in effect for a period of 6 (six) years subject to an annual review, at which both Parties shall by mutual agreement determine the terms and conditions of any extensions or duration of this MOU.

2 This MOU may be terminated prior to the expiry date by mutual agreement between both Parties, subject to at least 6 (six) month's prior written notice.

3 Any dispute arising out of the interpretation or implementation of this MOU shall be settled amicably by consultation between both Parties in good faith.

NOW THEREFORE THE PARTIES HEREBY ACKNOWLEDGE AND AGREE AS FOLLOWS:

1. This MOU is for collaboration between both parties, for mutual benefit, to enhance the quality of the educational experience of students of the Partner and for the specific purposes detailed in Annexure I of this MOU

2. Infosys shall be responsible for providing the requisite course material, publicity material such as handouts, information brochures and posters and conducting faculty enablement programmes as agreed between the parties.

3. The Partner shall be responsible for providing the requisite infrastructure, network and internet access and any other facility required for the education and training.

4. It is agreed that the terms and conditions of any agreed cooperative project (s) as outlined in Annexure 1 of this MOU shall be the subject matter of separate definitive agreements to be negotiated and agreed upon by the Parties and/or any third parties, wherever applicable, provided always the decision whether to initiate and/or implement any proposed cooperative projects shall be subject to the availability of funds and human resources on the part of each Party.

5. The parties, their representatives, and/or assignees, following the execution of this MOU, desire to maintain close contacts with each other to achieve the goals and objectives of, and to develop the ideas acknowledged in this MOU.

6. Both parties hereby agree to designate a representative from its side who will be the primary point of contact on behalf of that party.

7. Any expenses incurred by the parties for the purpose of this MOU shall be agreed upon and shall be borne as per the mutual agreement.

8. Notwithstanding any other provision of this MOU, neither party shall have any right to use any trademarks or trade name of the other party, nor to refer to this MOU or the obligations performed hereunder directly or indirectly, in connection with any product, promotion, or publication without the prior written approval of the other party

9. All information which has been disclosed to or obtained by either party at any time during the implementation of this MOU, is confidential information. For this purpose the parties agree to sign the binding non-disclosure agreement in Annexure II.

10. The terms and conditions mentioned herein shall commence on the execution of this MOU and shall continue for a period of two (2) years from the date thereof or for such period as may be determined or extended by the parties from time to time by written notice, unless terminated by either party in accordance with this MOU. Either party may terminate this MOU at any time by providingthree (3) months written notice to the other party.

11. Any notice required to be given hereunder shall be in writing and shall be deemed to be sufficiently served on the party if sent by hand or by registered post to the addresses of the party as stated in this MOU. Notices shall be deemed received:-

(i) If sent by registered mail, three (3) days after posting;
(ii) If by hand, on the day of delivery; and
(iii) If sent by telex or facsimile to the correct number or designated address within seventy-two (72) working hours.

12. Both parties agree to take all reasonable steps to ensure the successful completion of the collaboration, and co-operate with each other in duly carrying out the obligation agreed upon.

13. The expiration and termination of this MOU will not affect the terms of those activities, which are in progress at the time of notification of expiry or termination of the MOU.

14. On the termination or expiry of this MOU or when requested by Infosys, the Partner undertakes to return all materials to Infosys without any delay.

15. Each party shall ensure that they do not actively solicit the faculty of the other party who is involved in the implementation of this MOU during the period of such faculty's involvement with the program and for six (6) months thereafter.

16. Both the parties agree that Infosys is not obliged on account of this MOU to recruit any fixed number of students from the Partner.

17. This MOU is an indication of good faith and intent on the part of both parties and does not create any legal obligations between them. In the event of any differences or disputes arising from the implementation of the provisions of this MOU, the parties shall as far as possible settle such differences or disputes in good faith by consultation or negotiation between the parties.

18. Save and except for Clause 6, Clause 7 and Clause 8, this MOU is not a legally binding contract and under no circumstances does this MOU subject either of the parties to liability for breach, whether material or minor, of contract or any other liability under international law or the laws of the country of the respective parties or any other applicable law.

19. The parties hereby agree that they are not bound exclusively by this MOU and are at liberty to enter into any separate agreements or arrangements with any third party without reference to the other party.

In written whereof both parties put their hard seal on the day, month and year herein mentioned.

ANNEXURE I

PURPOSE / SCOPE OF THE COLLABORATION:

Infosys shall facilitate and share inputs with University / College for imparting technical and soft skills training to the students. The content of the training programs and the Faculty Enablement will be done by Infosys. The details shown in Annexure I are only indicative guidelines, and Infosys may change the following at short notice at its discretion.

There will not be any cash incentive for the faculty members involved in the training programs (Technical / Soft Skills) at the institution. However, value-added offerings will be there to motivate the faculty members.

Student / Education
1. Create a project bank for final year students
2. Publish Infosys courseware On the Web and provide access
3. Conducting special lectures for students at campuses
4. Participate in Conferences at the national/international level in the college / Seminars/ Contests
5. Increase employability by providing technical and soft skills training
6. Encouraging the students to visit Infosys Campuses

Faculty
1. Sharing Industry oriented-courseware and Technology
2. Faculty Enablement Program
3. Sabbaticals at Infosys
4. Interaction with subject matter experts

University / College
1. Share best-in-class standards (a) College-college (b) Industry-college
2. Books / CDs / DVDs etcfor the library
3. Strengthen relationship with Universities / Colleges
4. Work with education bodies / universities to align the industry requirements into the college curriculum

Sriperumbudur Taluk,
Kanchipuram District - 631 604.

ANNEXURE II

MUTUAL NON-DISCLOSURE AND CONFIDENTIALITY AGREEMENT

This is an **agreement** ("Agreement" hereafter) between:

- INFOSYS LIMITED, with its registered office at Electronics City, Hosur Road, Bangalore 560 100 ("Infosys") including its successors; and **Jeppiaar Institute Of Technology** operating out, **(A CHRISTIAN MINORITY INSTITUTION)JEPPIAAR REMIBAI EDUCATIONAL TRUSTKUNNAM,SRIPERUMBUDUR,CHENNAI-631604** ("Partner") including the Partner's employees, affiliates and successors at the time of the entering the agreement and during the tenure of the engagement, that is effective 18 - JAN - 2018

The parties possesses competitively valuable Confidential Information (as hereinafter defined) regarding their past, current and future services and products, research and development, customers, business plans, software, listings, holdings, alliances, investments, transactions, intellectual property and rights associated thereto and general business operations. The parties wish to enter into a mutually beneficial relationship, and as such, wish to share their Confidential Information with the other party, including its authorized employees and agents. For the purposes of this Agreement, the party that discloses Confidential Information to the other party shall be referred to as the "Disclosing Party", and the party that receives such Confidential Information from the other party shall be referred to as the "Recipient".

The Recipient may be given access to the Disclosing Party's Confidential Information or to create new Confidential Information for the Disclosing Party.

In view of the above, the parties agree as follows:

1. Confidential Information

"*Confidential Information*" includes any information:

- specifically indicated by the Disclosing Party, either verbally or in writing, as confidential;
- under the circumstances of the disclosure, that are to be treated as confidential; or
- the Recipient creates or produces while performing its obligations under this Agreement,

regardless of the media that contains the information.

Confidential Information does not include information, which:

- is generally available to the public at the time of its disclosure to the Recipient;

PRINCIPAL
JEPPIAAR INSTITUTE OF TECHNOLOGY
Jeppiaar Nagar, Kunnam
Sriperumbudur Taluk,
Kanchipuram District - 631 604.

- becomes known to the public through no fault/action of the Recipient in violation of the terms herein;
- is legally known to the Recipient at the time of disclosure by the Disclosing Party;
- is furnished by the Disclosing Party to third parties without restriction; or
- is furnished to the Recipient by a third party who to the Recipient's knowledge legally obtained said information and the right to its disclosure.
- is developed independently by Recipient without use of or reference to the Disclosing Party's information.

2. Restrictions on Use

(a) The Recipient will not disclose any Confidential Information to third parties for any purpose without the prior written consent of the Disclosing Party. However, where the Recipient is required to disclose Confidential Information in accordance with judicial or other governmental action, the Recipient will give the Disclosing Party reasonable prior notice unless such notice is prohibited by applicable law.

(b) The Recipient will not use any Confidential Information for any purposes except those expressly contemplated or authorized by the Disclosing Party.

(c) The Recipient will take the same reasonable security precautions as it takes to safeguard its own confidential information, but in no case less than reasonable care.

(d) The Recipient undertakes to impose the confidentially obligations on all directors, officers and employees or other persons who work for the Recipient or under its direction and control, and who will have access to the Confidential Information.

(e) The Recipient will return all originals, copies, reproductions and summaries of Confidential Information in its control, or confirm its destruction as requested by the Disclosing Party.

3. Action on Breach

(a) The Recipient will notify the Disclosing Party immediately upon discovery of any breach of this Agreement by the Recipient, and will cooperate in every reasonable way to help the Disclosing Party regain possession of the Confidential Information and prevent further breach.

(b) The Disclosing Party will be entitled, without waiving any other rights or remedies, to seek such injunctive or equitable relief as may be deemed proper by a court of competent jurisdiction.

PRINCIPAL
JEPPIAAR INSTITUTE OF TECHNOLOGY
Jeppiaar Nagar, Kunnam
Sriperumbudur Taluk,
Kanchipuram District - 631 604.

4. Ownership and Warranties

(a) All Confidential Information, including the inherent intellectual properties, remains the sole and exclusive property of the Disclosing Party and the Recipient shall no right, title or interest in the same. Similarly, the Disclosing Party does not own any of the intellectual property of the Recipient, including any proprietary methodologies, tools or practices, unless otherwise agreed.

(b) The Disclosing Party, unless expressly confirmed, makes no warranty regarding the accuracy or reliability of Confidential Information.

5. Applicability of Provisions

(a) The provisions of this Agreement are jointly and severally applicable and will not be considered waived by any act or acquiescence, except by a specific prior written confirmation. Accordingly, both parties will expressly agree in writing to any changes in the Agreement.

(b) If any provision of this Agreement is held illegal, invalid or unenforceable by law, the remaining provisions will remain in effect. Moreover, should any of the obligations of this Agreement be found illegal or unenforceable for any reasons, such obligations will be deemed to be reduced to the maximum duration, scope or subject matter allowed by law.

(c) If any action at law or in equity is necessary to enforce or interpret the rights arising out of or relating to this Agreement, the prevailing party shall be entitled to recover reasonable attorney's fees, costs and necessary disbursements in addition to any other relief to which it may be entitled.

6. Jurisdiction

This Agreement will be governed by the laws of India on all substantive aspects, and both parties consent to the jurisdiction of the courts in Bangalore.

7. Tenure and Survival

All obligations created by this Agreement shall survive change or termination of the parties' business relationship for a period of two years from the date of the disclosure of the Confidential Information or the change in/termination of the business relationship of the parties whichever is later.

Subject: Infosys Campus Connect Foundation Program 4.0 Certificates

Dear Sir,

Congratulations!! Your college has successfully completed the Infosys Campus Connect Foundation Program 4.0.

We appreciate your leadership and commitment in rolling out the Infosys Campus Connect Program (Generic courses) 3.1 to the students of your college. This is a major milestone in the journey of partnership, and we are sure this program will help the students to be "industry-ready".
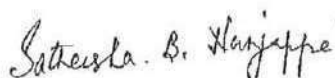

In this regard, we are pleased to share with you some highlights:

1. Number of students who underwent the program: 70 (Batches -1)

2. Number of students who are eligible for issue of certificates: 60

3. A detailed set of guidelines is also attached for preparation and issuing of certificates

4. The prizes (books) for the top 3 students of each batch of the training program.

We request you to make arrangement for the distribution of certificates and the prizes to the eligible students in a suitable event.

We are sure we will continue to achieve many more strategic milestones in our Campus Connect journey and look forward to your active participation. We are sure this experience is beneficial to you and your college too

With regards,

Satheesha B. Nanjappa

CAMPUS CONNECT
PROGRAM OVERVIEW

Infosys® | Campus Connect

Contents

d.Mahd

PRINCIPAL
JEPPIAAR INSTITUTE OF TECHNOLOGY
Jeppiaar Nagar, Kunnam
Sriperumbudur Taluk,
Kanchipuram District - 631 604.

Connect program offering, MoU review, college specific action planning and familiarization with Campus Connect portal resources.

5.   Action plan presentations by work group leads

6.   Socializing and networking events

7.   Campaign management approach to event

8.   Formal communication of MoU, Point-of-contacts, core team and interfacing DC

Campus Connect Road Shows

The purpose of the road show is to communicate the value and benefits of the Campus Connect program to the partner college faculty and students.

The expected outcome of the road show is student and faculty signing up to portal and various programs offered in the college.

Highlights

1.   Road show is initiated jointly by college and Infosys

2.   Half day program held at college premises

3.   Display of Campus Connect posters and banners

4.   Campus Connect presentations to faculty and students

5.   Address by college management

6.   Plan announcement

7.   Presence of college alumni / Infoscions

8.   Campus Connect portal demo

9.   Socializing and networking events

10. Campaign management approach to event

Faculty Enablement Program (FEP)

The Campus Connect team periodically conducts Faculty Enablement Programs (FEP) to train the partner college faculty on Foundation Program course delivery and industry oriented courses (e.g. Business Intelligence, Building Enterprise Applications, Mainframe systems, etc.). The faculty experiences the training system, courseware and methodology as used at Infosys and hence is equipped to roll out the training program at their college.

The purpose of the Faculty Enablement Program (FEP) is to bring together multiple engineering college faculty under one roof to discuss the coverage of Foundation Program (FP), to get an exposure to industry-oriented focus areas and

PRINCIPAL
JEPPIAAR INSTITUTE OF TECHNOLOGY
Jeppiaar Nagar, Kunnam
Sriperumbudur Taluk,
Kanchipuram District - 631 604.

3. Student and faculty kits

4. Projects can be modified for implementation

5. Covers a wide variety of subjects including e-business, IT Infrastructure and industry applications

6. Involves usage of concepts from various FP modules to provide integrated learning

7. Project evaluation sheet for faculty

8. Integrates quality and project management concepts

9. Authored by Infosys project analysts/leads

10. No commitment needed to use the projects

Industrial Visits - Spark

The purpose of industrial visit is to demystify the image that students would have on the working of an IT business enterprise.

The Infosys Spark program is one day exploratory program for students from different age groups and segments from high school to degree and engineering colleges of urban and rural areas. Spark is an extraordinary program that aims to raise the aspirations of students.

A group of students along with members of faculty visit the nearest Infosys DC and spend the day observing the IT services delivery environment. The well planned event exposes them to corporate work culture, learning environment, Infosys background, services offered to global customers and enables them to learn about leading edge technologies through short lectures.

Highlights

1. Typically one day event at Infosys DC campus for students and accompanying faculty members from Schools, Degree colleges and Engineering Colleges

2. Participation by Invitation only.

3. Event agenda customized to target audience.

4. Event designed and conducted by Infosys volunteers.

5. Special batches for women, rural institutes and Government-run institutes.

Foundation Program (FP) Roll-out

The core of the Campus Connect program is the Foundation Program roll out at the college premises. This FP courseware represents the Intellectual Property and experience of Infosys in training thousands of entry level engineers from heterogeneous backgrounds and disciplines to deliver world-class projects to global customers. The

CC Program Announcement Version 5.1 - Oct. 2013

7

13. Colleges will provide facilities

14. Typical batch size of 60-75

15. Project Assessment framework

Faculty Sabbaticals

The purpose of faculty sabbaticals is to leverage the leading-edge technology knowledge of specialist faculty members to develop state-of-the-art industry solutions. The expected outcome of the sabbatical is an IT solution or approach that has a significant cost savings or performance improvement or significantly enhances solution attractiveness.
The sabbaticals are sponsored by Infosys. Faculty member will work out of Infosys Development Centre (DC) for a term ranging from 2-3 months.

Highlights

1. Associated with nearest Infosys DC, full-time

2. Not specific to Infosys HQ

3. Currently applicable for India based partnering colleges

4. Two-three month long program

5. Infosys will host faculty for the project duration including travel and stay

6. Has definite Statement Of Work and Deliverables

7. Does not involve any training by Infosys

8. Limited to one member of faculty per annum per college

9. The member of faculty will be compensated for effort

10. The member of faculty needs to complete project, report and obtain sign-off

11. NDA needed, confidential and proprietary to Infosys

12. Preference is given to "advanced" partner colleges who are already practicing Campus Connect Program

Industry Electives

In keeping with its long term goal of aligning engineering education with the needs of the industry, Campus Connect collaborates with universities to design industry oriented electives. Outcome based learning approach is implemented for the industry electives which are credit / non credit based courses in the curriculum. These customized programs, which are based on "learn and apply" models, enable students to learn about latest trends in the industry and understand and cope with future workplace demands. They also facilitate faculty to create learning channels with the industry.

PRINCIPAL
JEPPIAAR INSTITUTE OF TECHNOLOGY
Jeppiaar Nagar, Kunnam
Sriperumbudur Taluk,
Kanchipuram District - 631 604.

7. Facility to publicize on Campus Connect portal and update news

8. Regional DCs decide on number of events based on local capacity

9. For Webinars, college should have requisite infrastructure such as lecture hall with audio, internet connection, speaker phone etc.

Sponsorships for Research Paper Presentation

Infosys sponsors research papers written by faculty and/or students to encourage them to enhance their learning in the field of Computer Science and Information technology. Faculty and/or students whose research paper is selected for presentation in reputed peer reviewed conferences or industry forums will be provided financial assistance. The expected outcome of the sponsorship is the commitment of faculty, students and college to continue applied research and utilize them in solving business problems.

Highlights

1. College Management to notify Infosys Campus Connect team

2. Paper must be in the field of Computer Science/IT

3. Complete details of conference/forums needs to be communicated to Campus Connect team

4. Infosys will perform credential checks before acceptance

5. Sponsorship subject to internal evaluation of benefits

6. Infosys will partly support the conference, typically with registration related fees

7. Early planning and prior approval is essential

8. News published on Campus Connect portal

9. College must acknowledge the sponsorship

Soft Skills Program

The purpose of the Soft Skills program is to ensure that the engineering students of today are equipped to become global professionals with the versatile skills needed to be productive in the knowledge workspace. This requires them to have a strong competency in Business English, the inter personal skills needed for effective teamwork as well as a broader appreciation of Industry and domain knowledge.

Infosys has designed a comprehensive behavioural competency development program - The STAR program for enabling entry level engineering graduates to become global professionals. The STAR program has offerings in two parts, one for the partner college and the other for the training of graduate engineers who join Infosys as employees.

Benefits and Incentives

College

First and foremost, the college has been able to enhance the 'employability' of the students. Next, the students will have better exposure to industry requirements and practices. The college management is able to attract better students and faculty to the college because of its association with industry.

Faculty

The college will pass on the benefits received from Infosys to the involved persons including faculty as per the college norms.

The faculty involved will be provided with industry oriented artefacts for the respective courseware that they would be offering. This includes case-studies, prototype projects and similar teaching aids. In addition to this, faculty may be sponsored for sabbaticals at Infosys, for duration of two-three months in one of the Infosys' centres in mutually agreed areas. Faculty could also benefit through sponsorships for research papers.
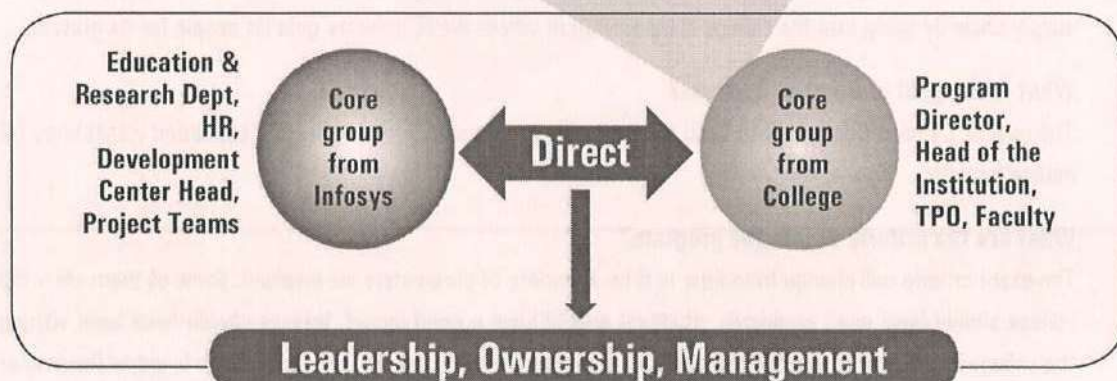

Students

The main benefit to the student is enhancing employability and increasing the industry readiness for the IT industry. Outstanding performance in the Infosys screening examination will also make such students eligible for early association with real-life projects, if applicable, and other special opportunities.

IT Industry

First and foremost is the alignment of the IT services needs with the college curriculum. In addition, Industry partners directly benefit from this partnership with the availability of well-rounded engineering graduates who understand and are exposed to the software development process and collaborative work environment. The IT enterprises may benefit from reduced training time resulting from industry aligned curriculum and soft skills training.

Program Governance

Campus Connect is supported by strategic initiative governance model with well defined roles, responsibilities, core processes and budgets. The following diagram illustrates the program team organization.

Education & Research Dept, HR, Development Center Head, Project Teams — Core group from Infosys ← **Direct** → Core group from College — Program Director, Head of the Institution, TPO, Faculty

Leadership, Ownership, Management

4. **What are some of the activities that Campus Connect initiates?**

A variety of programs are being implemented under the Campus Connect program.

a) Seminars and faculty workshops for colleges: This will give an industry perspective to the faculty.

b) Aligning the college curriculum with industry requirements and working with educational bodies for effective implementation.

c) Publishing Infosys courseware on the web: This will give students and faculty access to courseware designed by Infosys. The courseware adds to the existing college courseware and highlights the integrated, systems way of looking at hitherto discrete topics. This is the courseware we use to prepare our new recruits for global "industry ready" standards.

d) Sabbatical for Professors: Professors can pursue areas of research interest with Infosys,

5. **How is Infosys making this exclusive for the participating colleges?**

a. Training the faculty in order to introduce industry oriented courses

b. Sabbaticals for the faculty

c. Sponsorship of events in the colleges

d. Technical seminars by expert Infoscions in their campuses

e. Facilitating industry visits by students of the college to Infosys campuses

6. **What kind of sabbatical projects are provided to the professors?**

Projects that require expert inputs and have some element in conceptualizing, defining and prototyping the solution are offered. The outcome may be a paper, a prototype, or an analysis that has mutual value.

7. **What are the components of a student project in the project bank?**

There are three documents for a student project. One is the project description document, giving details about the functional components, milestones, hardware/software requirements, references etc. Second is a student kit consisting of the templates to be used for the project (requirements specification, database description, test-plan etc). Finally, there is a faculty kit which is visible only for the faculty logins. This contains some points on the evaluation strategy at each milestone of the project.

8. **What kind of help will be provided by Infosys for these projects?**

The idea is to make the project descriptions and kits detailed enough for the students to carry on the project with guidance from faculty. In general, Infosys will not be involved in these projects in the way of assistance, monitoring, evaluation etc. However, if some Infoscions volunteer Infoscion to help the students, they can do so either through mails or through the discussion forum in the portal or over calls.

9. **What is the Campus Connect portal for?**

The portal is an important element of this program. It is used to host Infosys courseware, guest articles by Infoscions, student projects and news on sabbatical projects and events; fostering discussion among the faculty/students/Infoscions through a discussion forum, and provides planning and batch tracking facilities to the college as well as Infosys teams.
