SCIENCE AND ENGINEERING***

***NEWS LETTER & MAGAZINE***

***NOVEMBER -2025***

*The Department of Computer Science and Engineering organized a virtual seminar on “Innovative Visualization Tools for Creating Graphical Abstracts and Research Figures”. The event aimed to equip participants with modern research-supportive digital tools and enhance their ability to perform pre-submission checks using AI-driven platforms. Students, research scholars, and faculty members actively participated in the session. The session was delivered by Mr. P. SANKAR. M.C.A, M.E, Ph.D. Assistant Professor in CSE at Saveetha Engineering College with over a decade of experience in Research and Publication.*

**Objective of the Workshop:**

- *To introduce participants to advanced visualization tools used for preparing research figures and graphical abstracts.*
  - *To improve the quality of research papers through enhanced grammar, consistency, plagiarism detection, and writing refinement using academic AI tools.*
- To familiarize participants with LaTeX and collaborative writing platforms for efficient manuscript preparation.*
