## VALUE ADDED COURSES

Date: 16<sup>TH</sup> TO 18<sup>TH</sup> MARCH, 2026

The **Department of Science and Humanities, Jeppiaar Institute of Technology**, successfully organized a series of **Value Added Courses** for first-year students, including **Unreal Engine, AR/VR, Communication Skills, Cyber Security, Artificial Intelligence (AI), DBMS, and Design Thinking**. The program was conducted from **12th to 14th March 2026 and on 16th & 18th March 2026**, between **1:15 PM and 3:15 PM**, at the **First Year Block**, spanning a total duration of five days. These courses provided students with valuable exposure to **emerging technologies and essential soft skills**. The program was successfully coordinated by **Dr. L. Rajyashree, Course Coordinator**, Department of Science and Humanities.

WORKSHOP ON INTRODUCTION TO DRONE  
TECHNOLOGY  
17, FEB 2026

The Department of Science and Humanities, Jeppiaar Institute of Technology, organized a workshop on “Introduction to Drone Technology” on 12th March 2026 at LH-45 from 10:00 AM to 12:00 PM. The session was delivered by **Dr. K. Gokulkannan**, Assistant Professor from **Saveetha Engineering College**, who served as the resource person. He provided valuable insights into the fundamentals of drone technology, its working principles, components, and real-world applications across various industries. The workshop aimed to create awareness among students about emerging technologies and to enhance their technical knowledge in the field of unmanned aerial systems. The session was highly interactive, enabling students to gain a clear understanding of drone operations and future opportunities in this domain. Overall, the workshop was informative and beneficial, inspiring students to explore innovative technologies and advancements in the field of engineering.

## PROJECT EXPO -2026

Date: 17<sup>TH</sup> MARCH, 2026

Jeppiaar Institute of Technology successfully organized **Project Expo – 2026** on **17th March 2026** from **9:30 AM to 11:30 AM**. The event provided a dynamic platform for students to showcase their innovative projects across various domains such as **Artificial Intelligence, Cyber Security, Data Science, Full Stack Development, Quantum Computing, AR/VR, Robotics & Automation, 3D Printing, Embedded Systems & IoT, and E-Vehicle Technology**. Students participated in teams and presented their projects, demonstrating creativity, technical expertise, and problem-solving skills. Each team was given an opportunity to explain their concepts and working models within the stipulated time.

## *STUDENTS ACHIEVEMENT*

### DEPARTMENT CONFERENCE

Our team actively participated in various intercollegiate events and achieved notable success. The team comprising **Srimathi, Sahana, and Bharath** secured **2nd Place** in the competition held at **St. Joseph's College on 5th March 2026**, showcasing their strong teamwork and technical skills. Further, a team of **Sahana, Srimathi, Bharath, and Vigneshwaran** participated in a **Paper Presentation** event at **Saveetha Engineering College on 13th March 2026**, where they presented their ideas effectively and gained valuable academic exposure. These achievements reflect the students' dedication, collaboration, and commitment to academic excellence and innovation.
